[57] **CLAIM**

The ornamental design for a telecommunications line noise measurement device, as shown and described.

DESCRIPTION

FIG. **1** is a top perspective view of a telecommunications line noise measurement device showing my design;
FIG. **2** is a top plan view thereof;
FIG. **3** is a side elevational view, the opposite side elevational view being a mirror image thereof;
FIG. **4** is a bottom plan view thereof;
FIG. **5** is a front elevational view thereof; and,
FIG. **6** is a back elevational view thereof.
