[57] CLAIM

The ornamental design for an activewear cap, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an activewear cap showing my new design, with a broken line showing of the human form for illustrative purposes;

FIG. 2 is a side elevational view of the activewear cap;
FIG. 3 is a front elevational view of the activewear cap;
FIG. 4 is a top plan view of the activewear cap;

FIG. 5 is a bottom plan view of the activewear cap;

FIG. 6 is a perspective view of the activewear cap as worn on the head, thereof, with an elastic band portion of the cap turned upwardly rather than extending downwardly; and,

FIG. 7 is a side elevational view of the activewar cap, with the band turned upwardly.
