[57] CLAIM

The ornamental design for a sidewall for a can, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the sidewall for a can incorporating our new design;
 FIG. 2 is a side elevational view thereof, the other sides being the same as the side shown;
 FIG. 3 is a cross sectional view taken along the lines 3—3 of FIG. 2; and,
 FIG. 4 is a cross sectional view taken along the line 4—4 of FIG. 2.
 The interior of the sidewall for a can that is partially shown in FIG. 1 has the same surface pattern as the exterior of the can except that the elements on the surface are convex as shown in FIGS. 3 and 4.

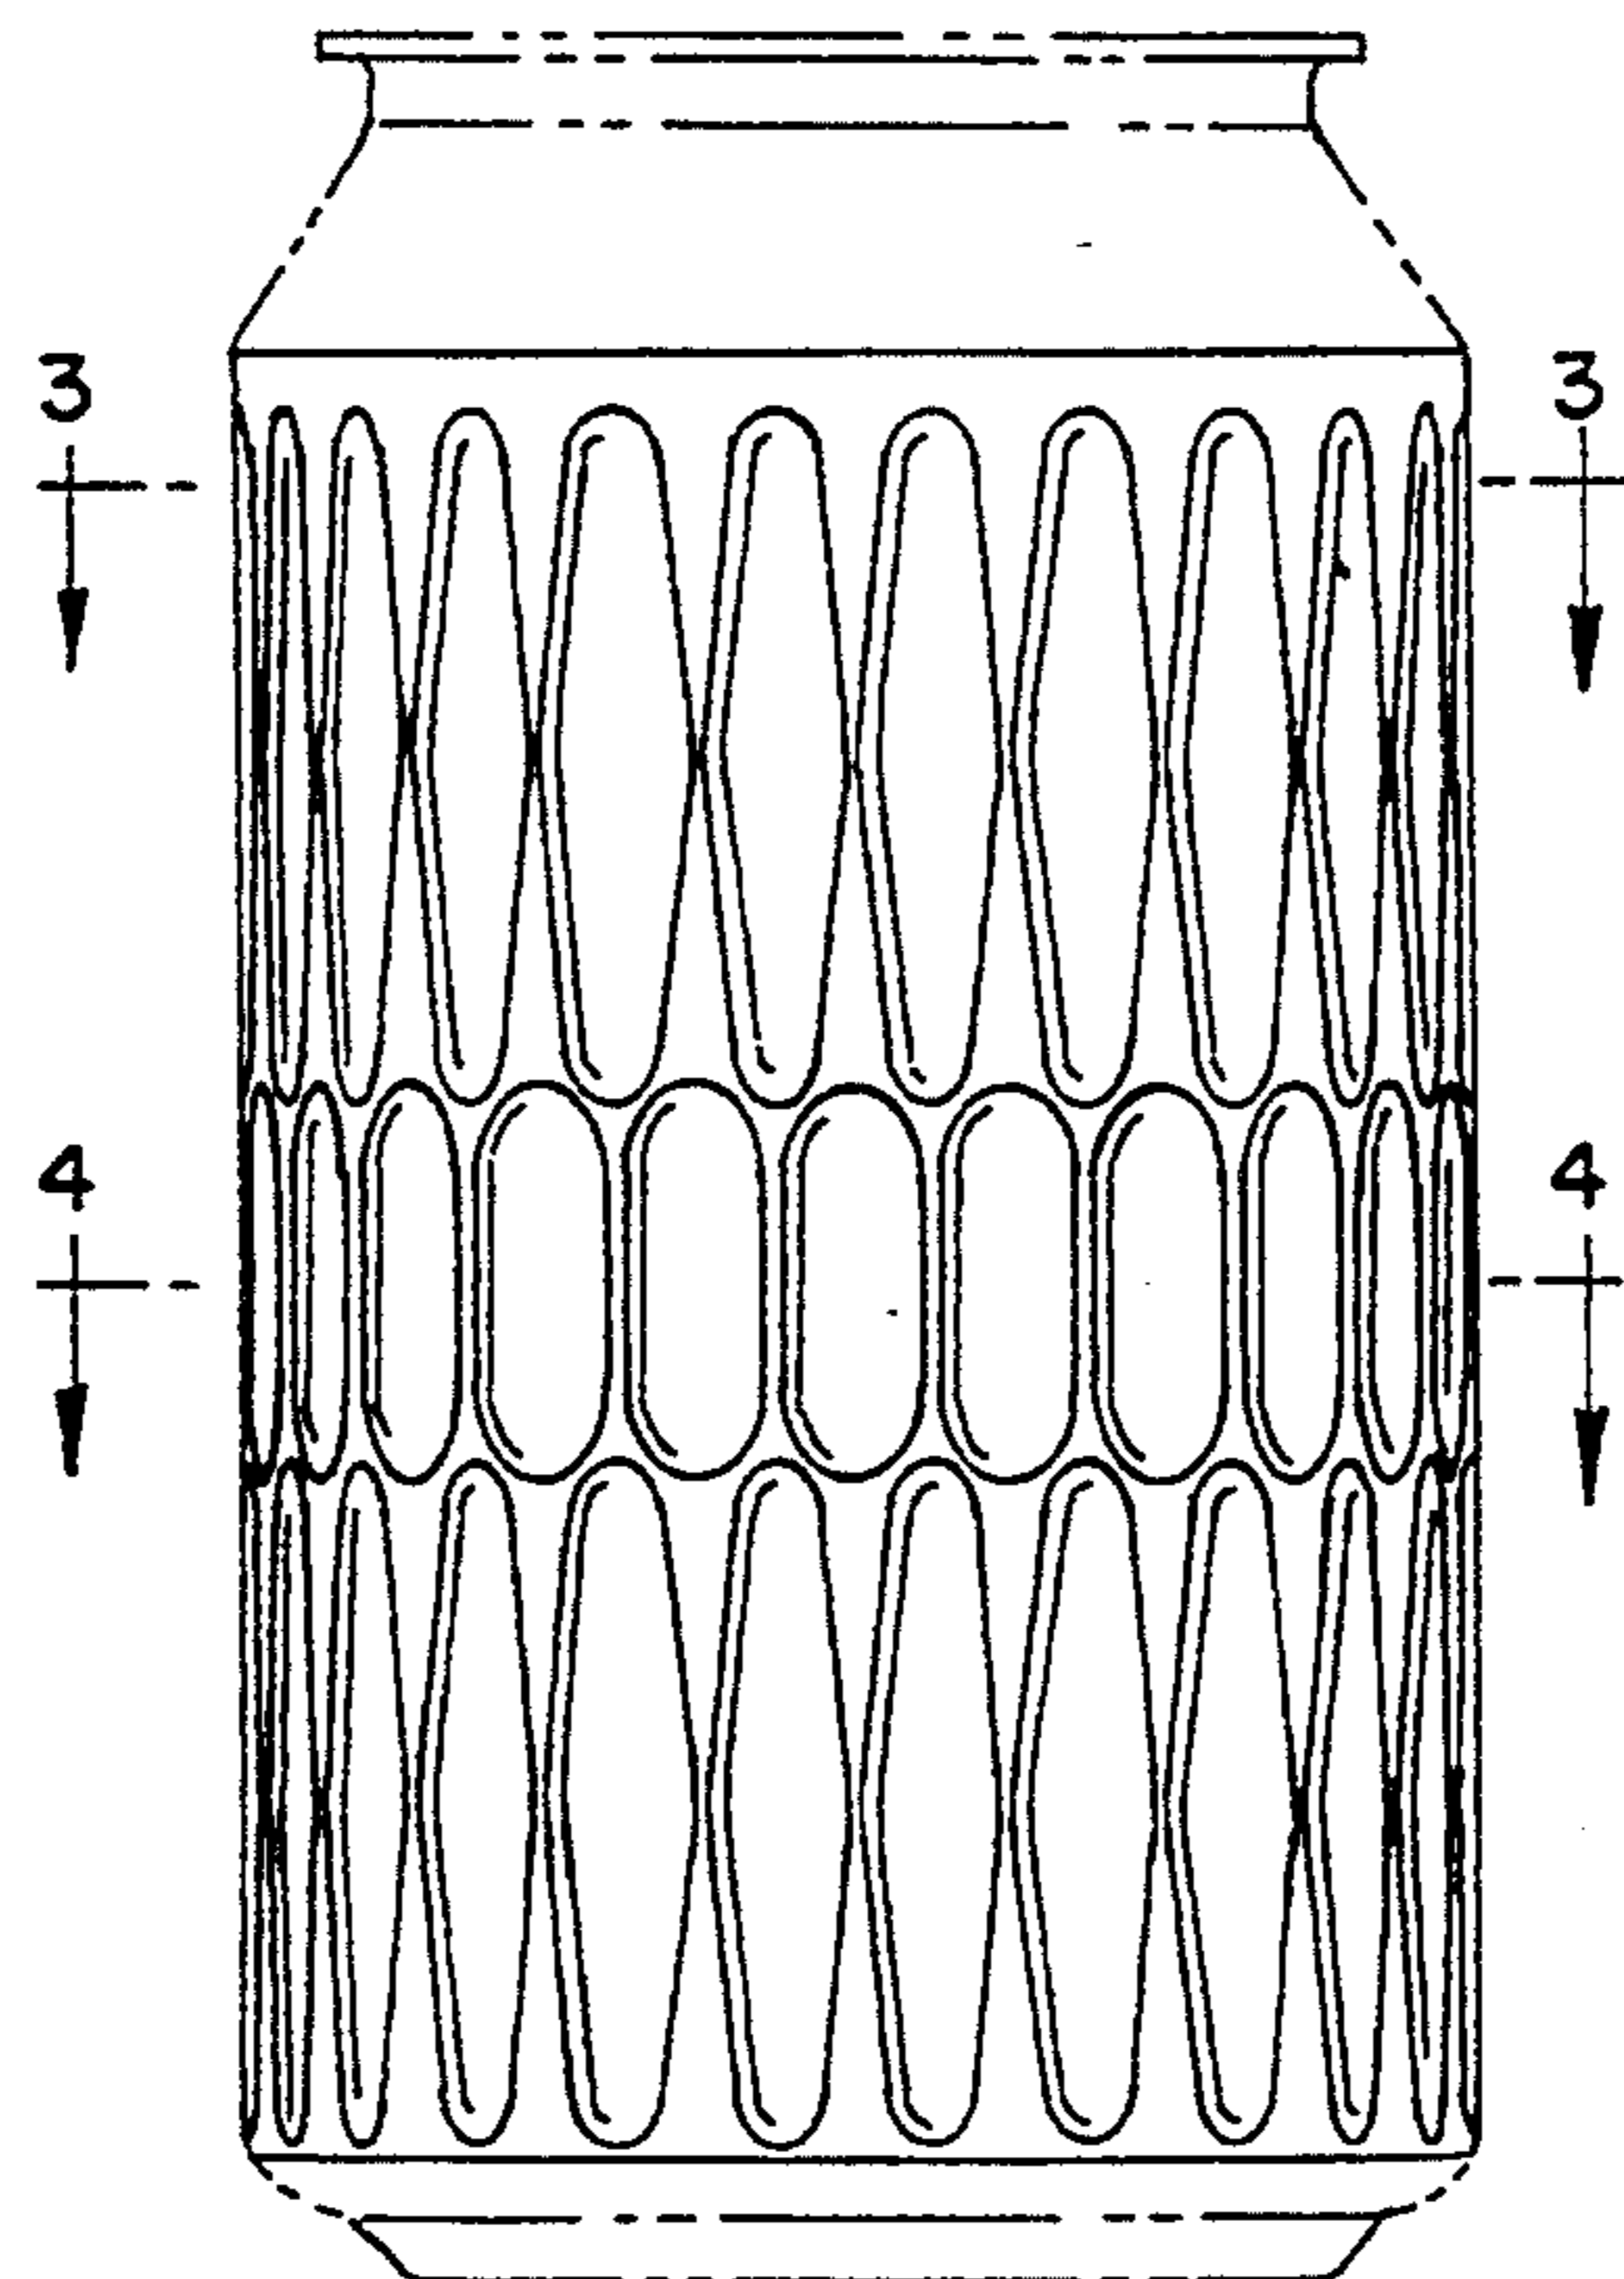

FIG.1

FIG.2

FIG.3

FIG.4
