[57] **CLAIM**

The ornamental design for a suction instrument for laparoscopic surgery, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a suction instrument for laparoscopic surgery, the instrument being depicted in assembled condition;
 FIG. 2 is a top view of the design;
 FIGS. 3 and 4 are front and rear views, respectively;
 FIGS. 5 and 6 are elevational views of opposite sides of the design;
 FIG. 7 is a bottom view; and,
 FIG. 8 is a perspective view similar to FIG. 1 but showing the two components of the instrument in disassembled relation.
