[57] CLAIM

The ornamental design for a top mount valve control arm for a firetruck pump valves, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the top mount valve control arm for a firetruck pump valves illustrating a shaft having a handle at one end and a gear arrangement at the other end;

FIG. 2 is a side elevation view of the top mount valve control arm for a firetruck pump valves;

FIG. 3 is a front elevation view of the top mount valve control arm for a firetruck pump valves;

FIG. 4 is a rear elevation view of the top mount valve control arm for a firetruck pump valves further illustrating the gear and handle;

FIG. 5 is a top view of the top mount valve control arm; FIG. 6 is a bottom view of the top mount valve control arm; and,

FIG. 7 is a side elevational view of the top mount valve control arm, the broken line showing is for illustrative purposes only and forms no part of the claimed design.

FIG. 1

FIG. 2

FIG. 3

FIG. 5

FIG. 6

FIG. 4

FIG. 7
