[57] **CLAIM**

The ornamental design for a telephone support device for head mounted use, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a telephone support device for head mounted use showing our new design, the opposite side thereof being a mirror image;
FIG. 2 is a plan view thereof;
FIG. 3 is a side elevational view thereof;
FIG. 4 is an opposite side elevational view thereof; and,
FIG. 5 is a bottom view thereof.

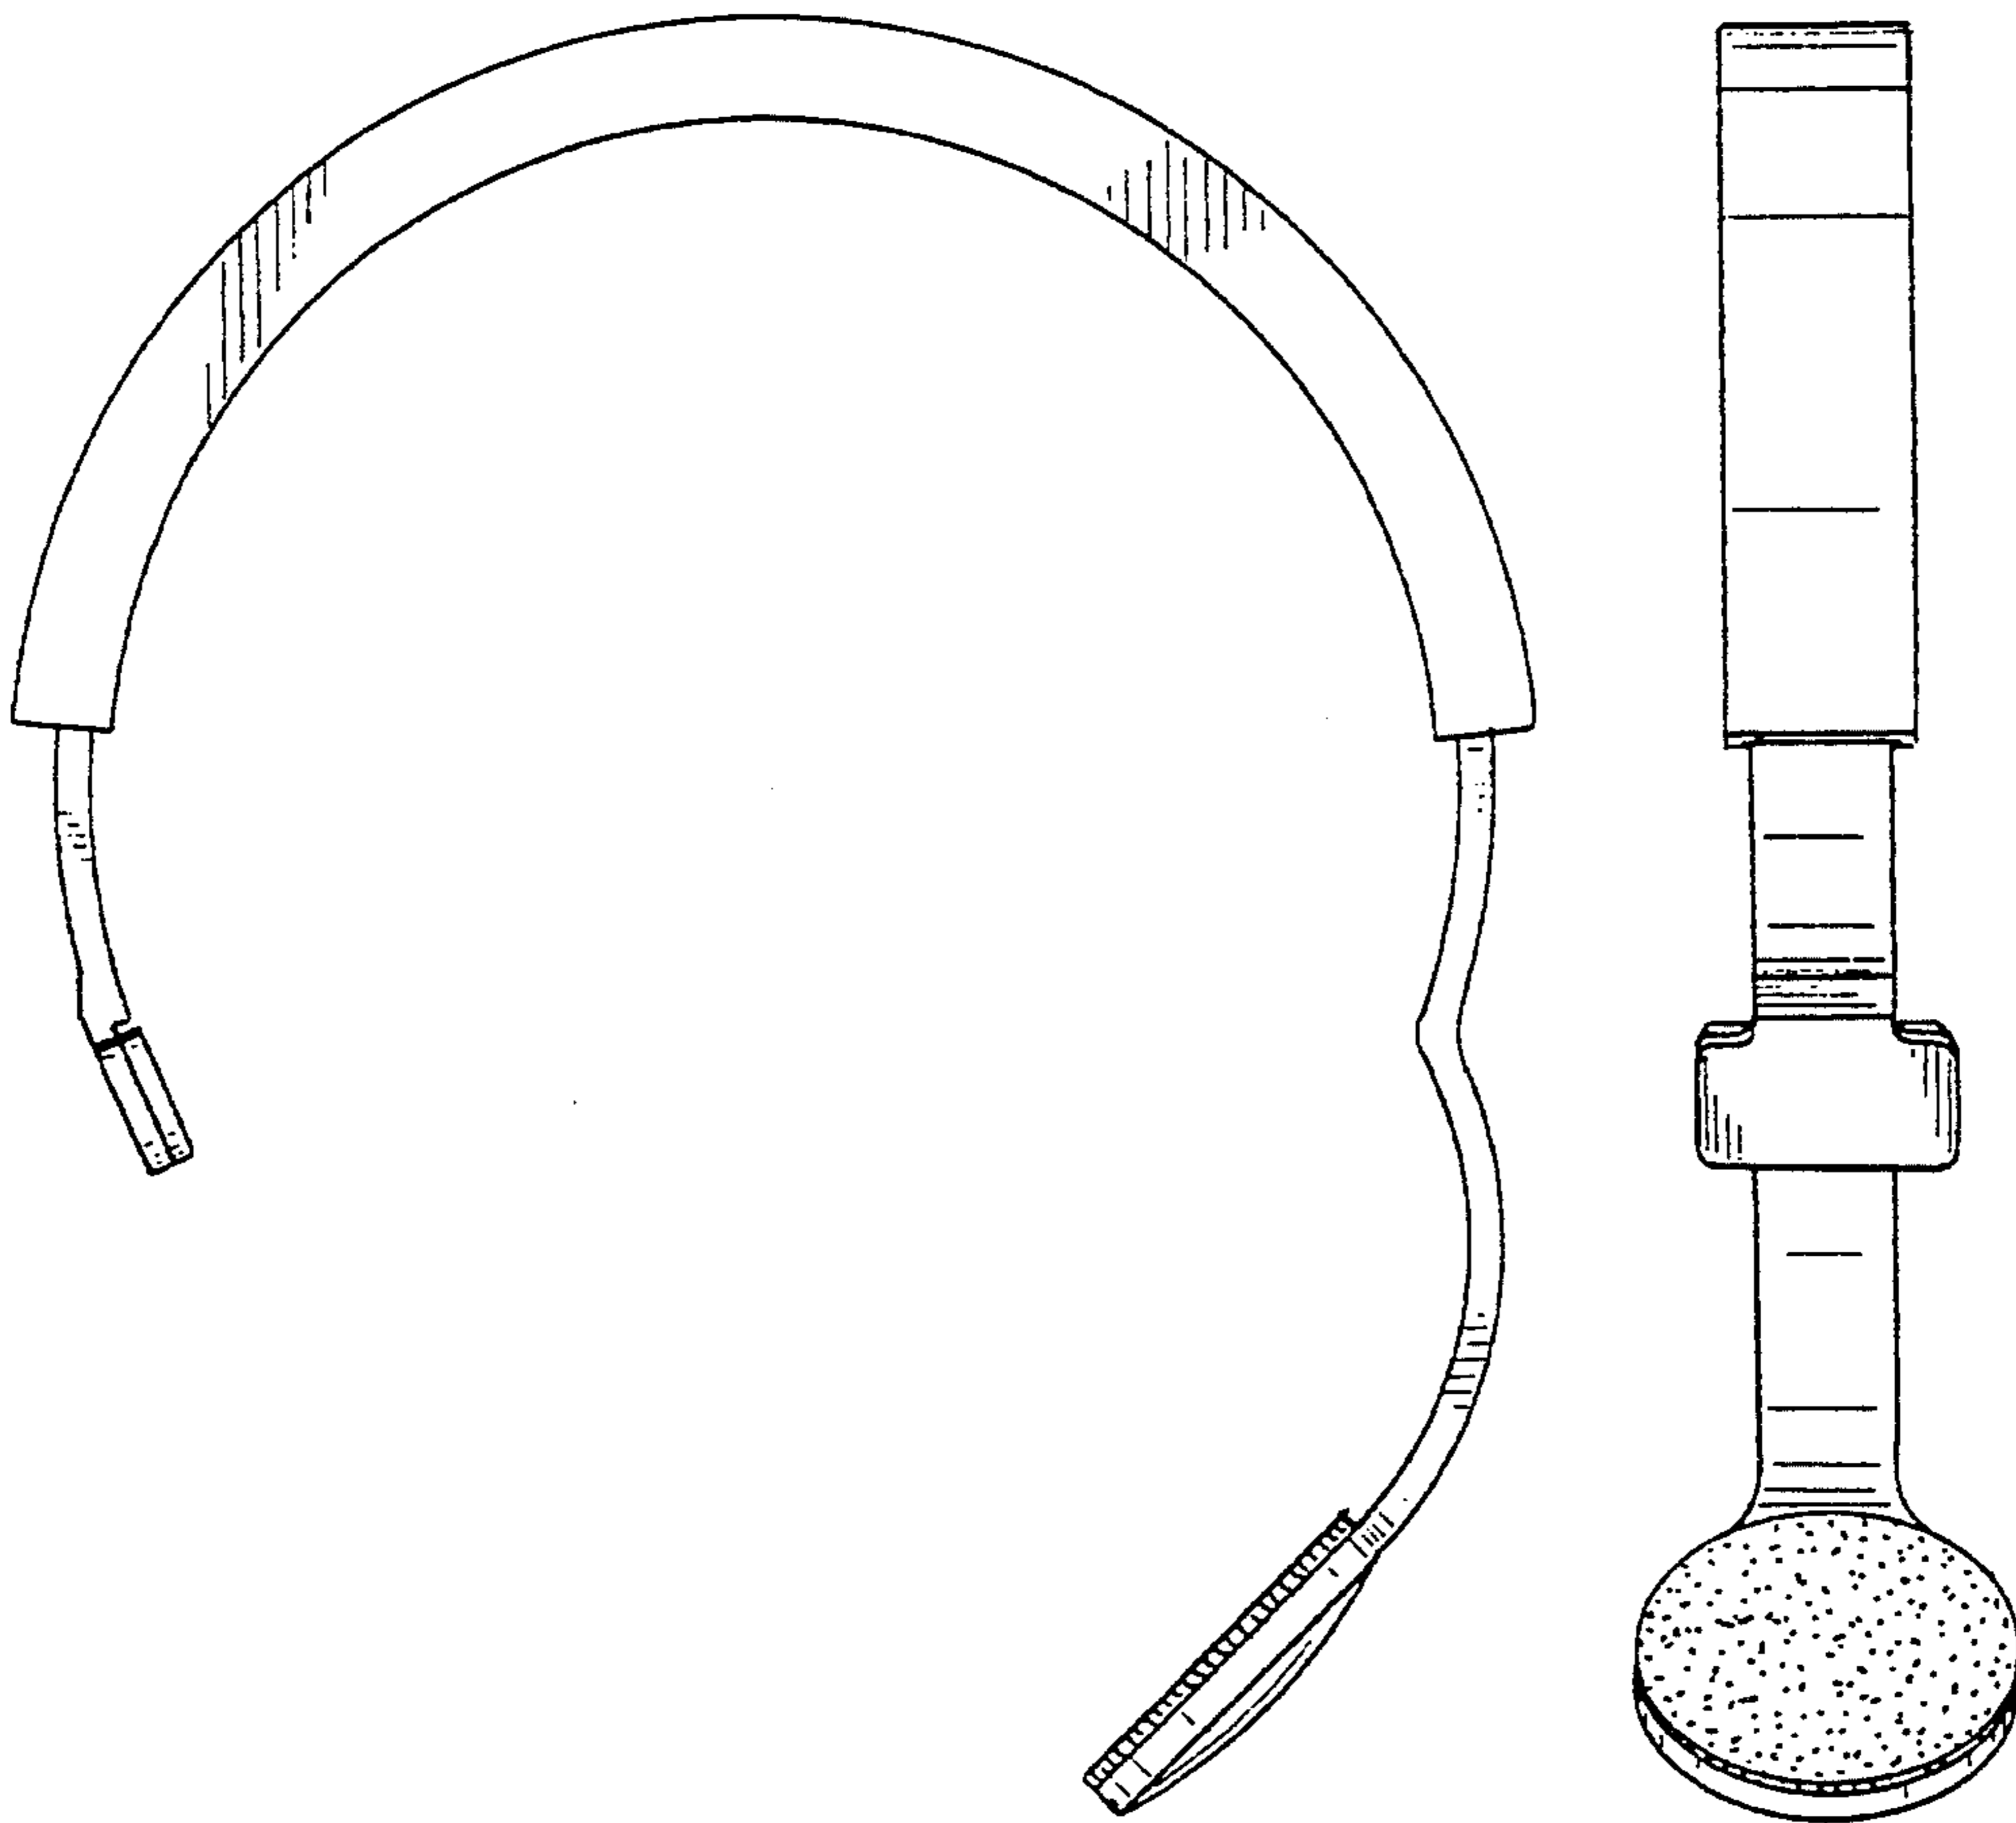

FIG. 2

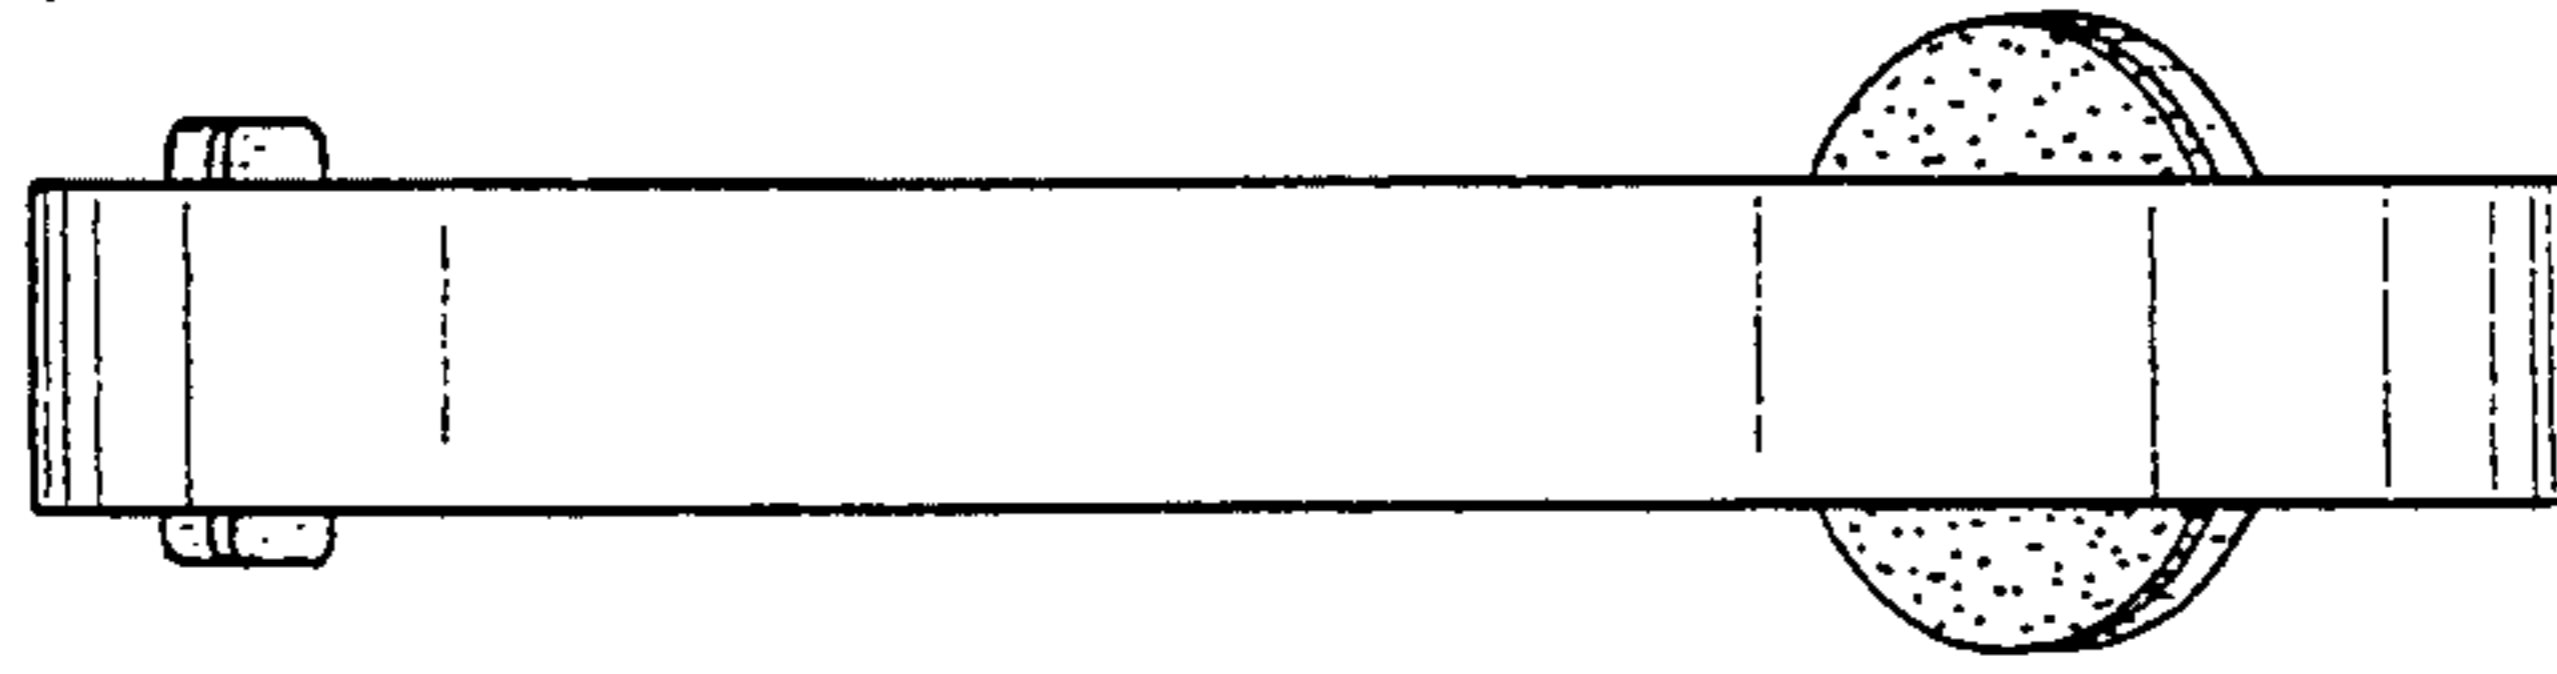

FIG. 3

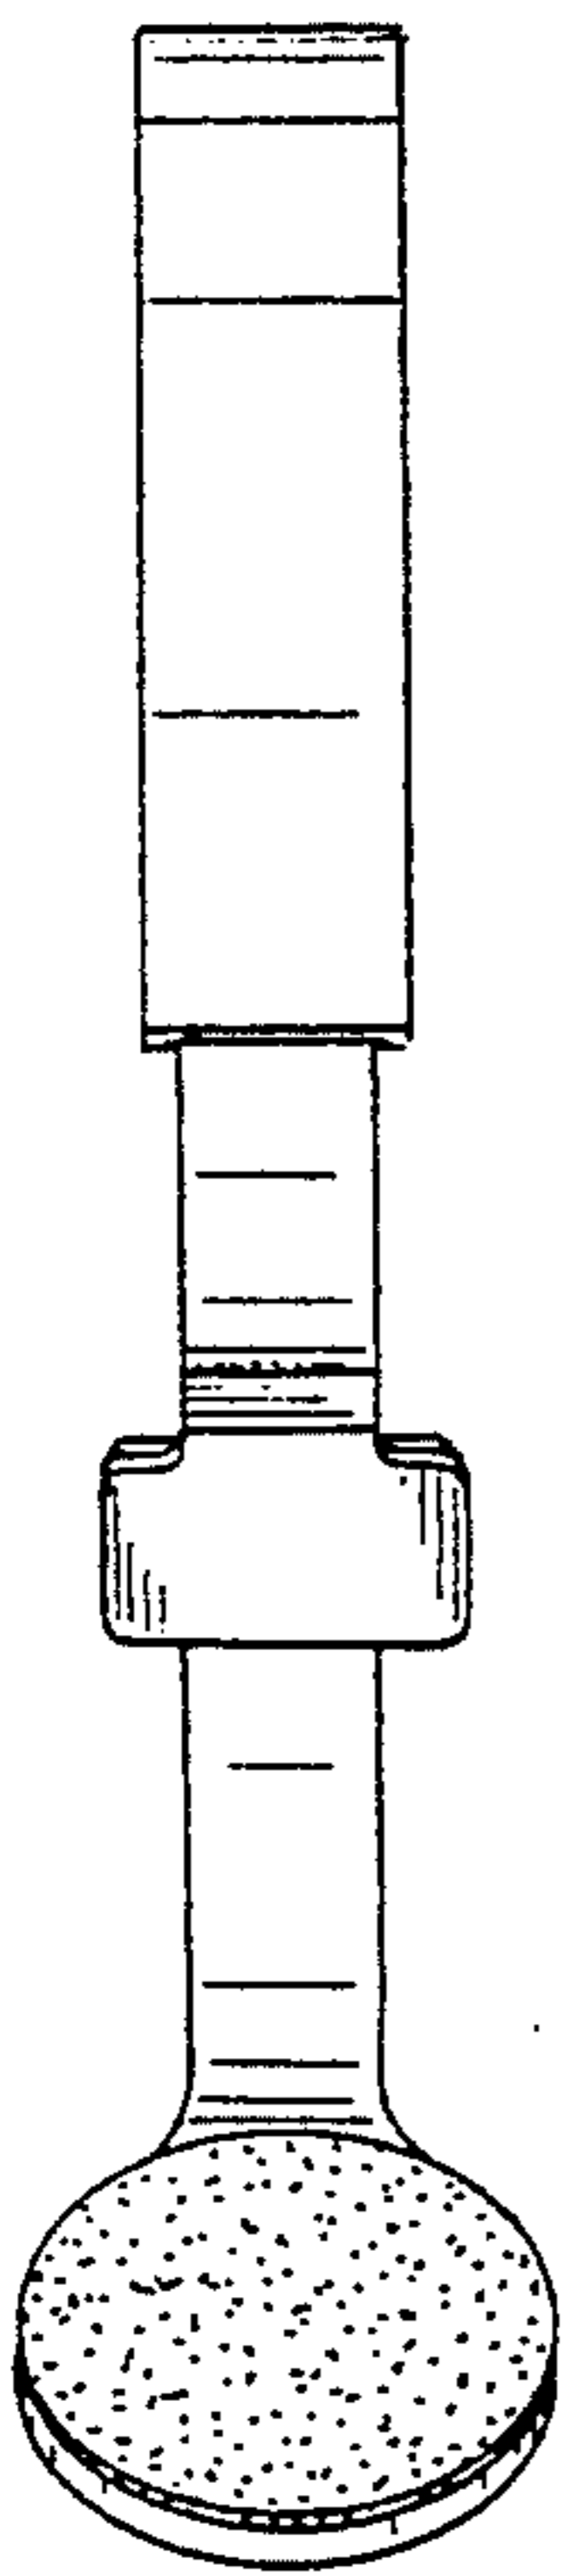

FIG. 4

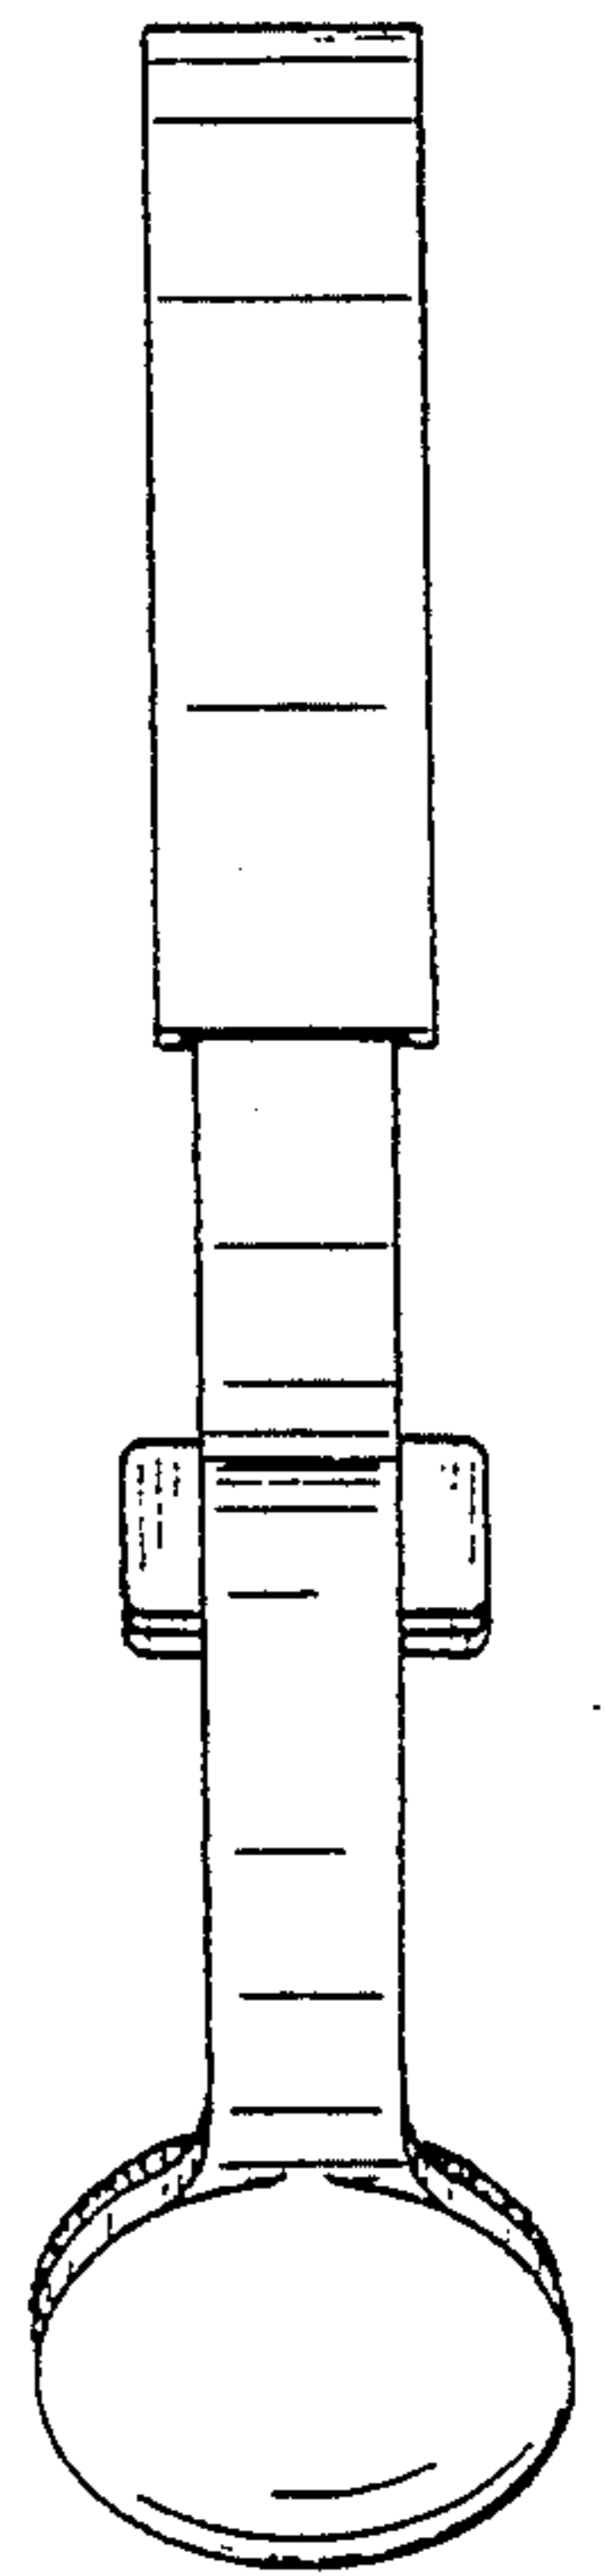

FIG. 1

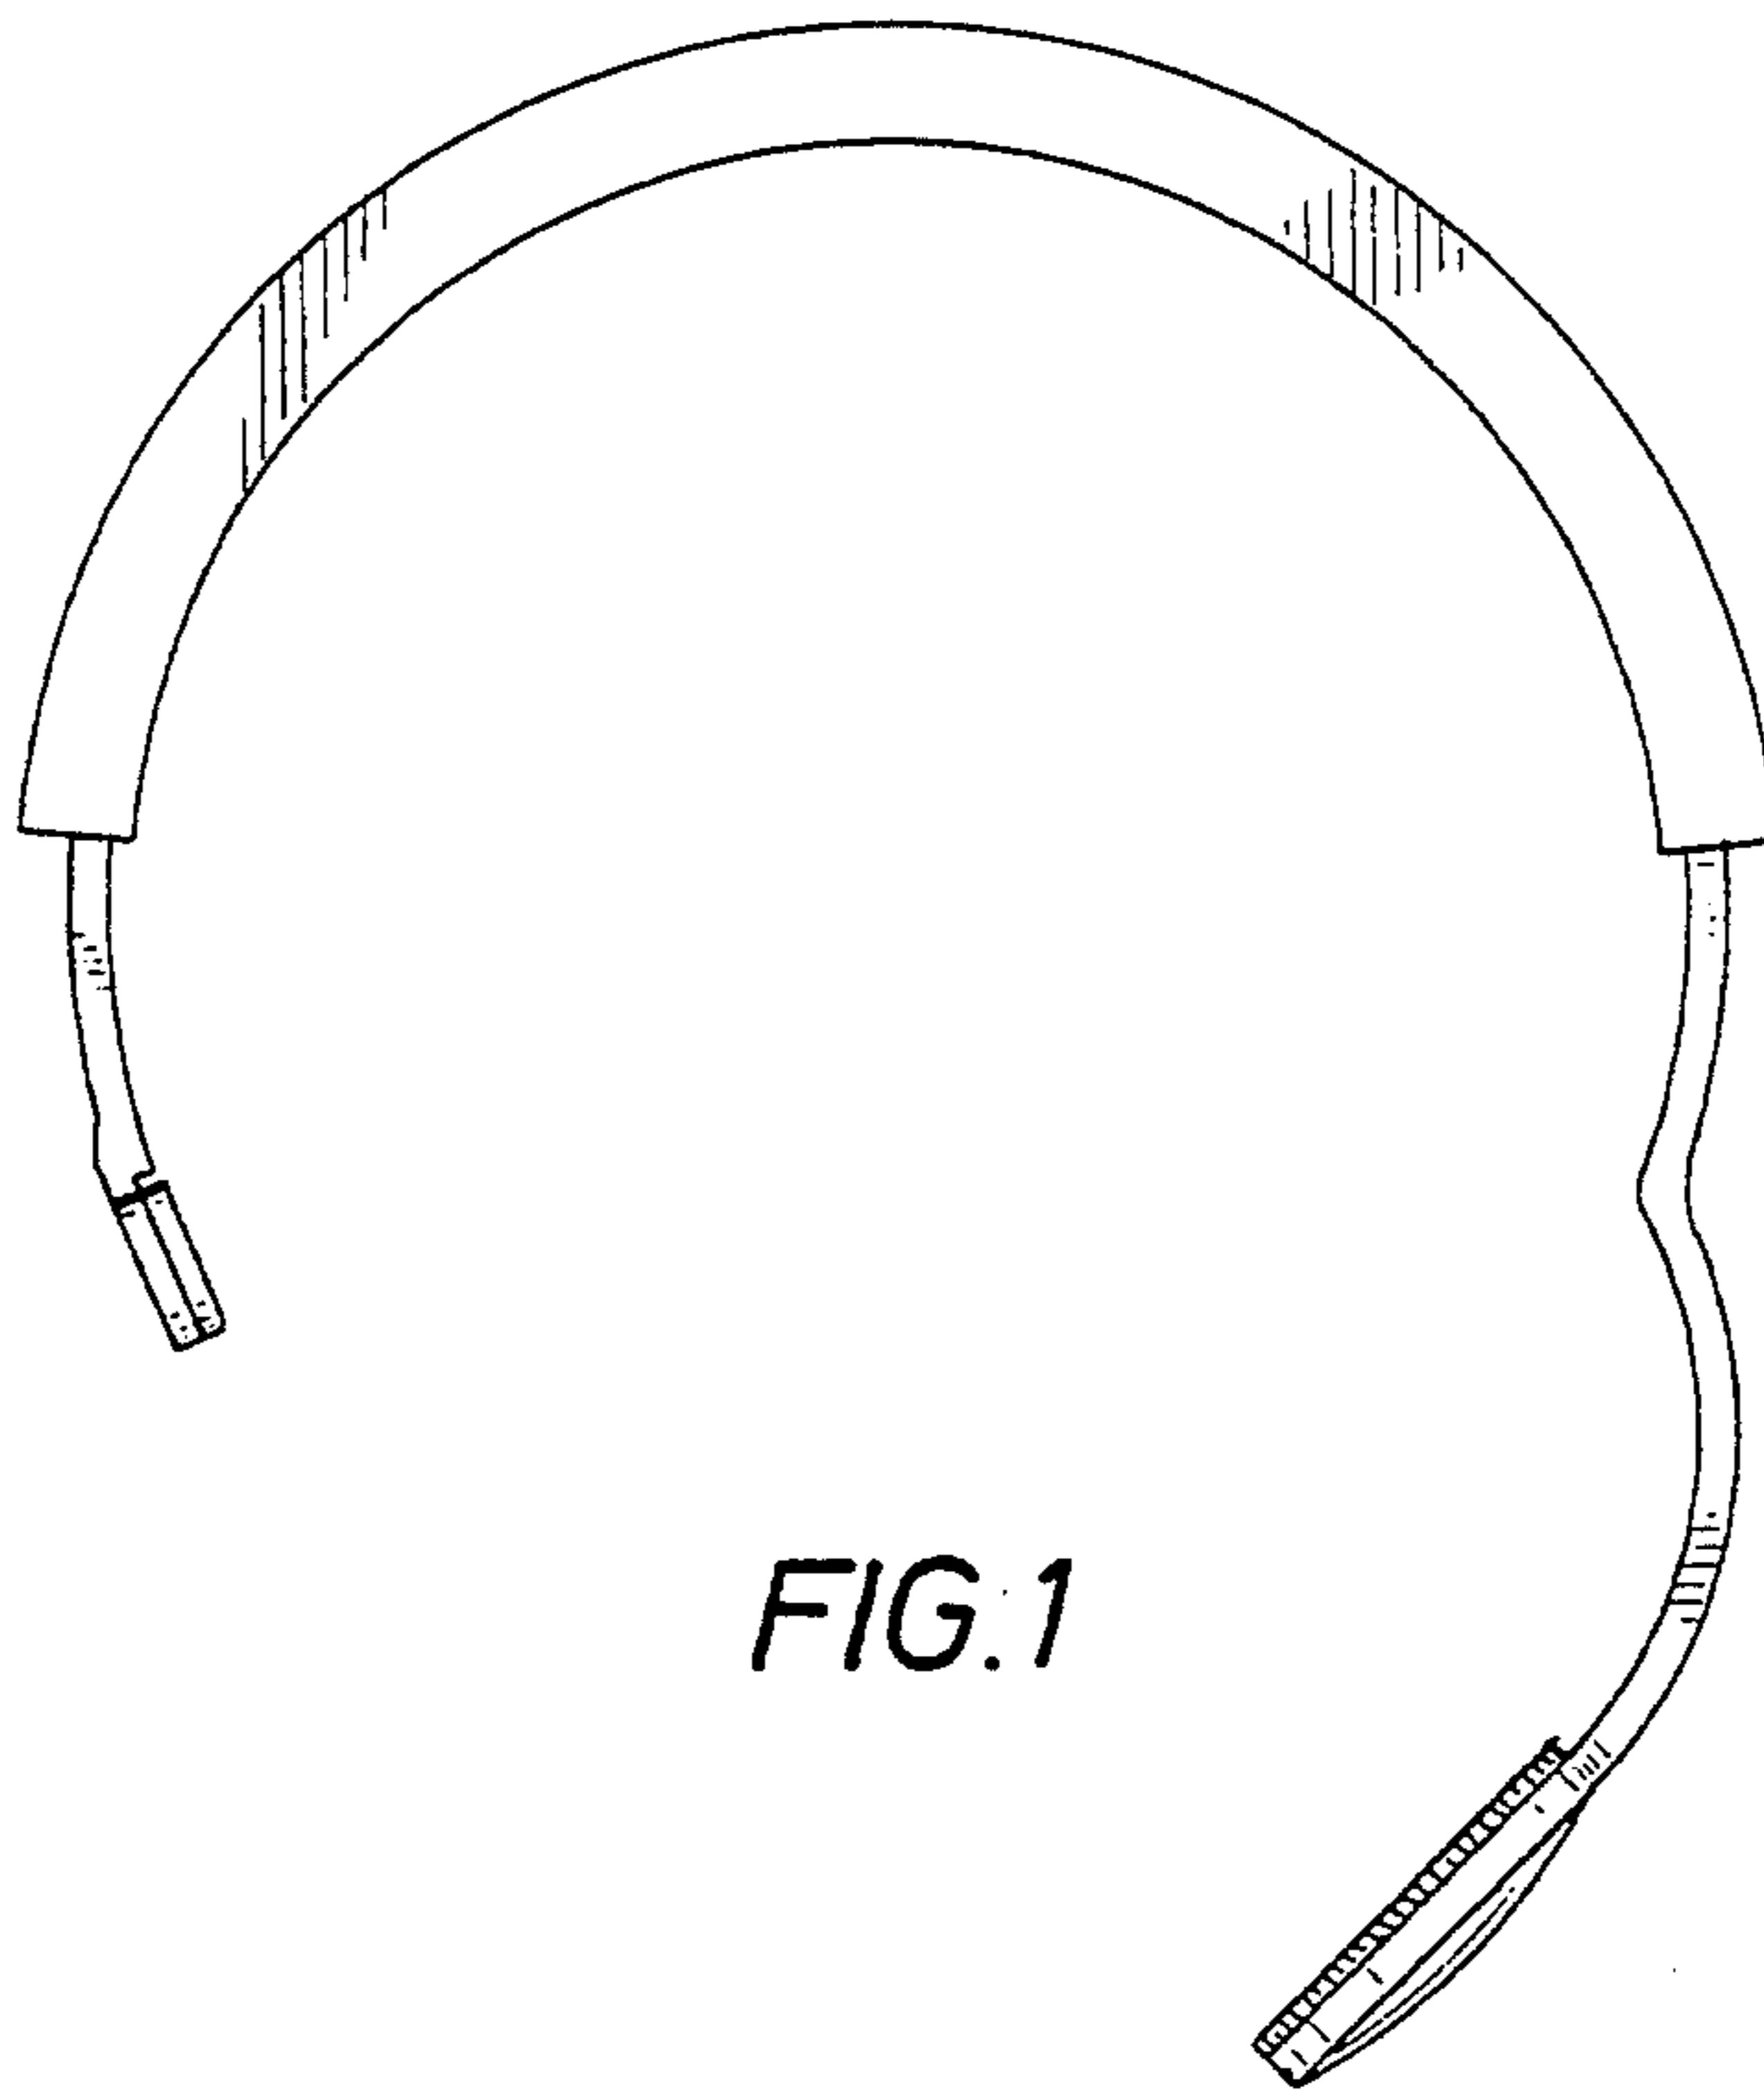

FIG. 5
