[57] CLAIM

The ornamental design for a portable sun and glare shield, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a portable sun and glare shield showing my new design on a reduced scale; the broken line drawing representing a partial view of an automotive interior is for purposes of illustration only and forms no part of my design; FIG. 2 is a truncated right-side elevational view; FIG. 3 is a truncated top plan view; FIG. 4 is a truncated left-side elevational view; FIG. 5 is a rear elevational view; FIG. 6 is a truncated bottom plan view; and, FIG. 7 is a front elevational view. The portable sun and glare shield has been broken away in the middle in FIGS. 1, 2, 3, 4 and 6 of the drawings for convenience of illustration.
