[57] CLAIM

The ornamental design for chute connection to a pulp pump, as shown and described.

## DESCRIPTION

FIG. 1 is a perspective view of the present invention; FIG. 2 is a perspective view of the present invention, seen from the opposite side; FIG. 3 is a perspective view of the elbow pipe, the base is shown removed for ease of illustration; and, FIG. 4 is an opposite side view of FIG. 3.

The invention is intended to be mounted between the chute extending down from a vessel containing pulp and the pulp pump which is supported by the horizontal plate of the invention.

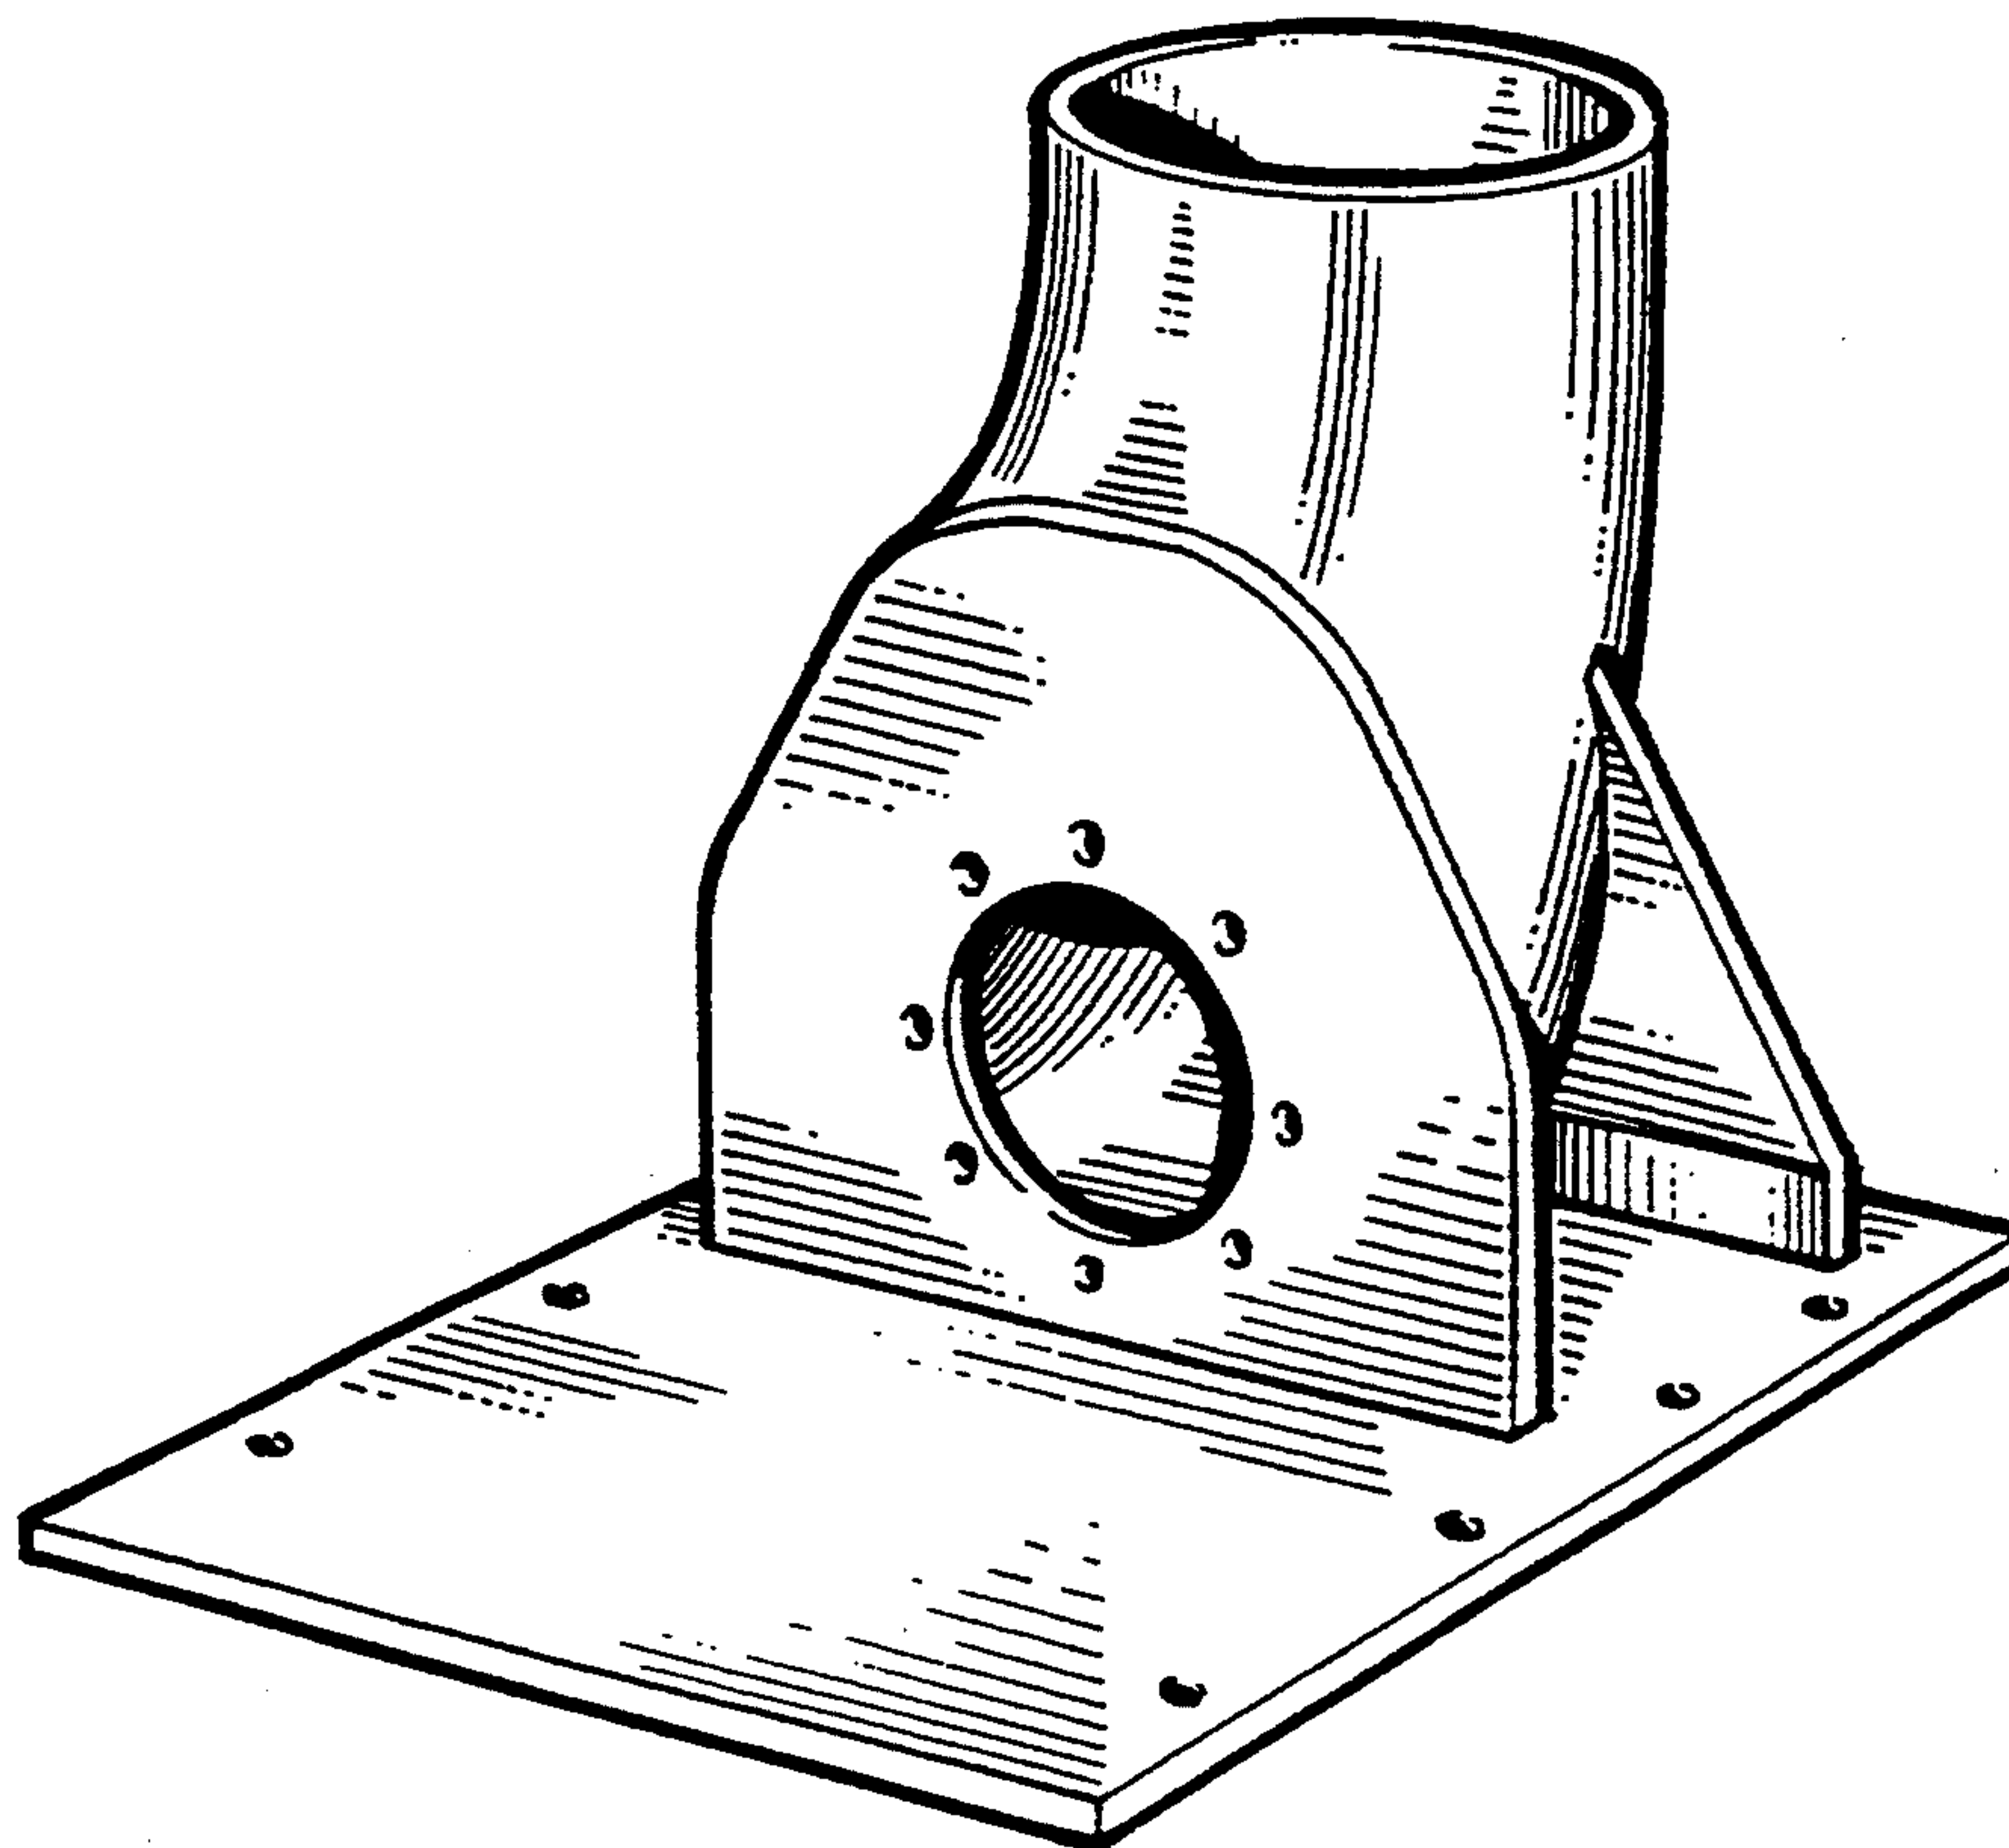

FIG. 1

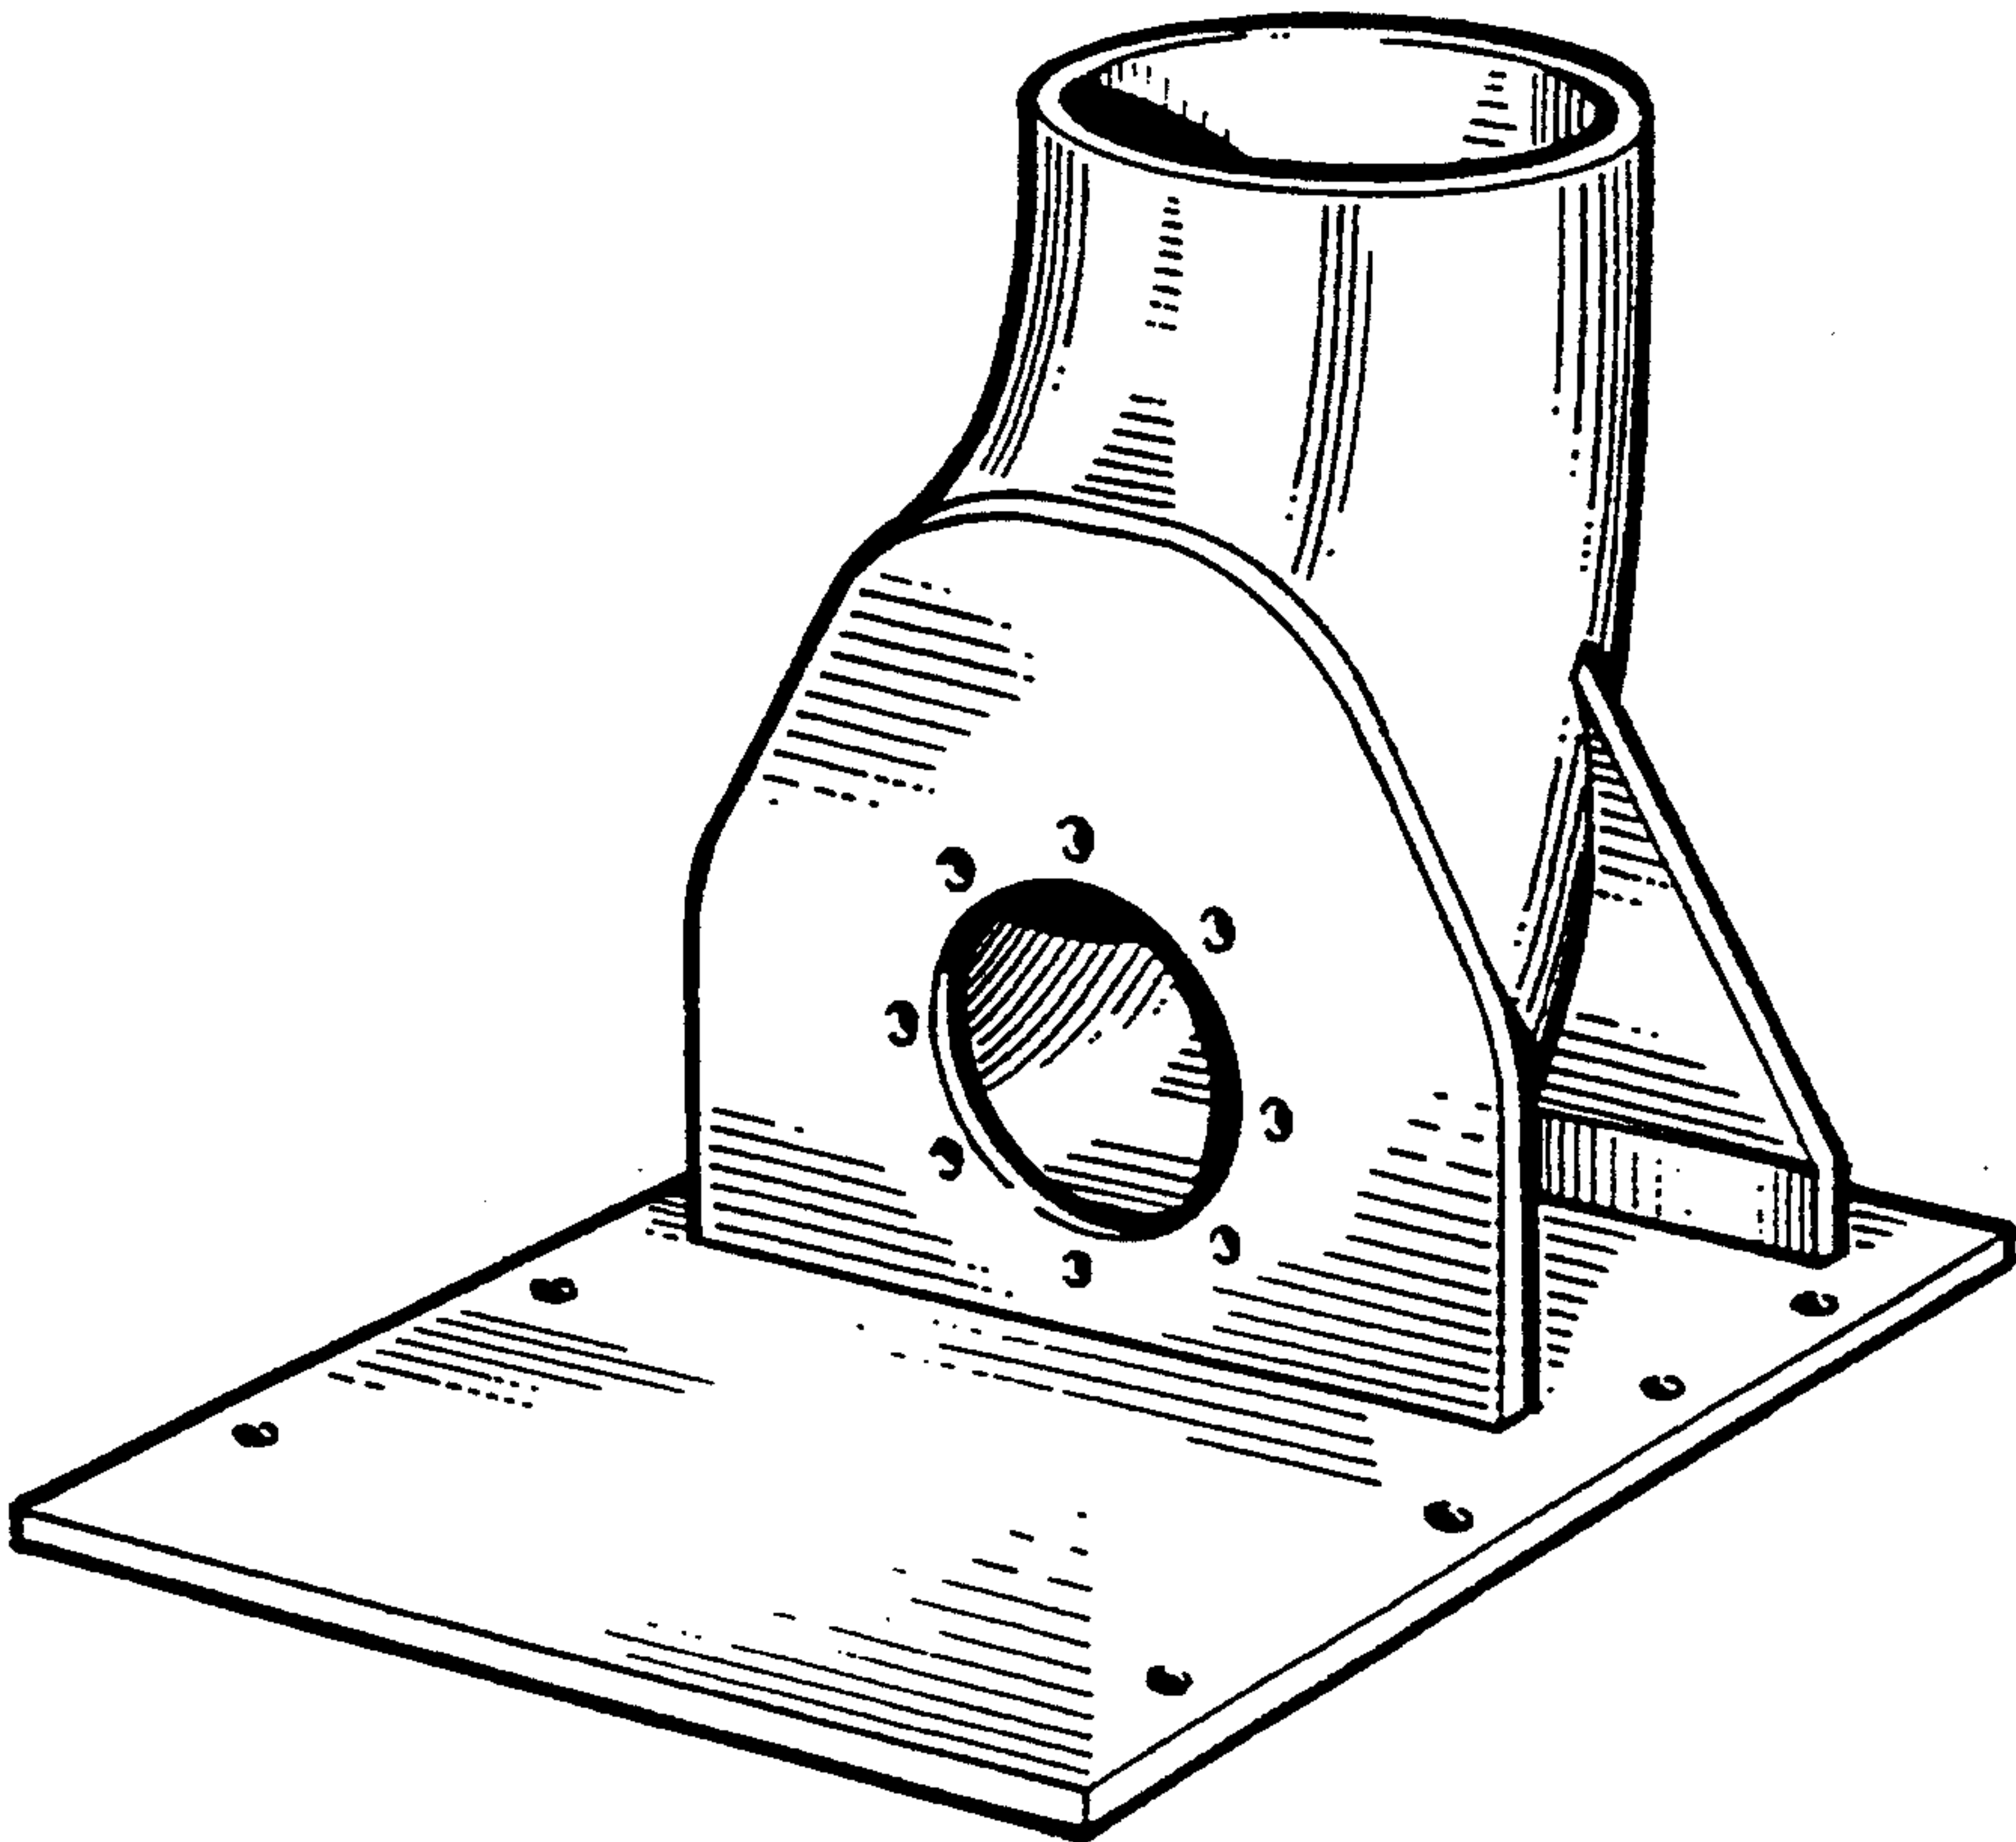

FIG. 2

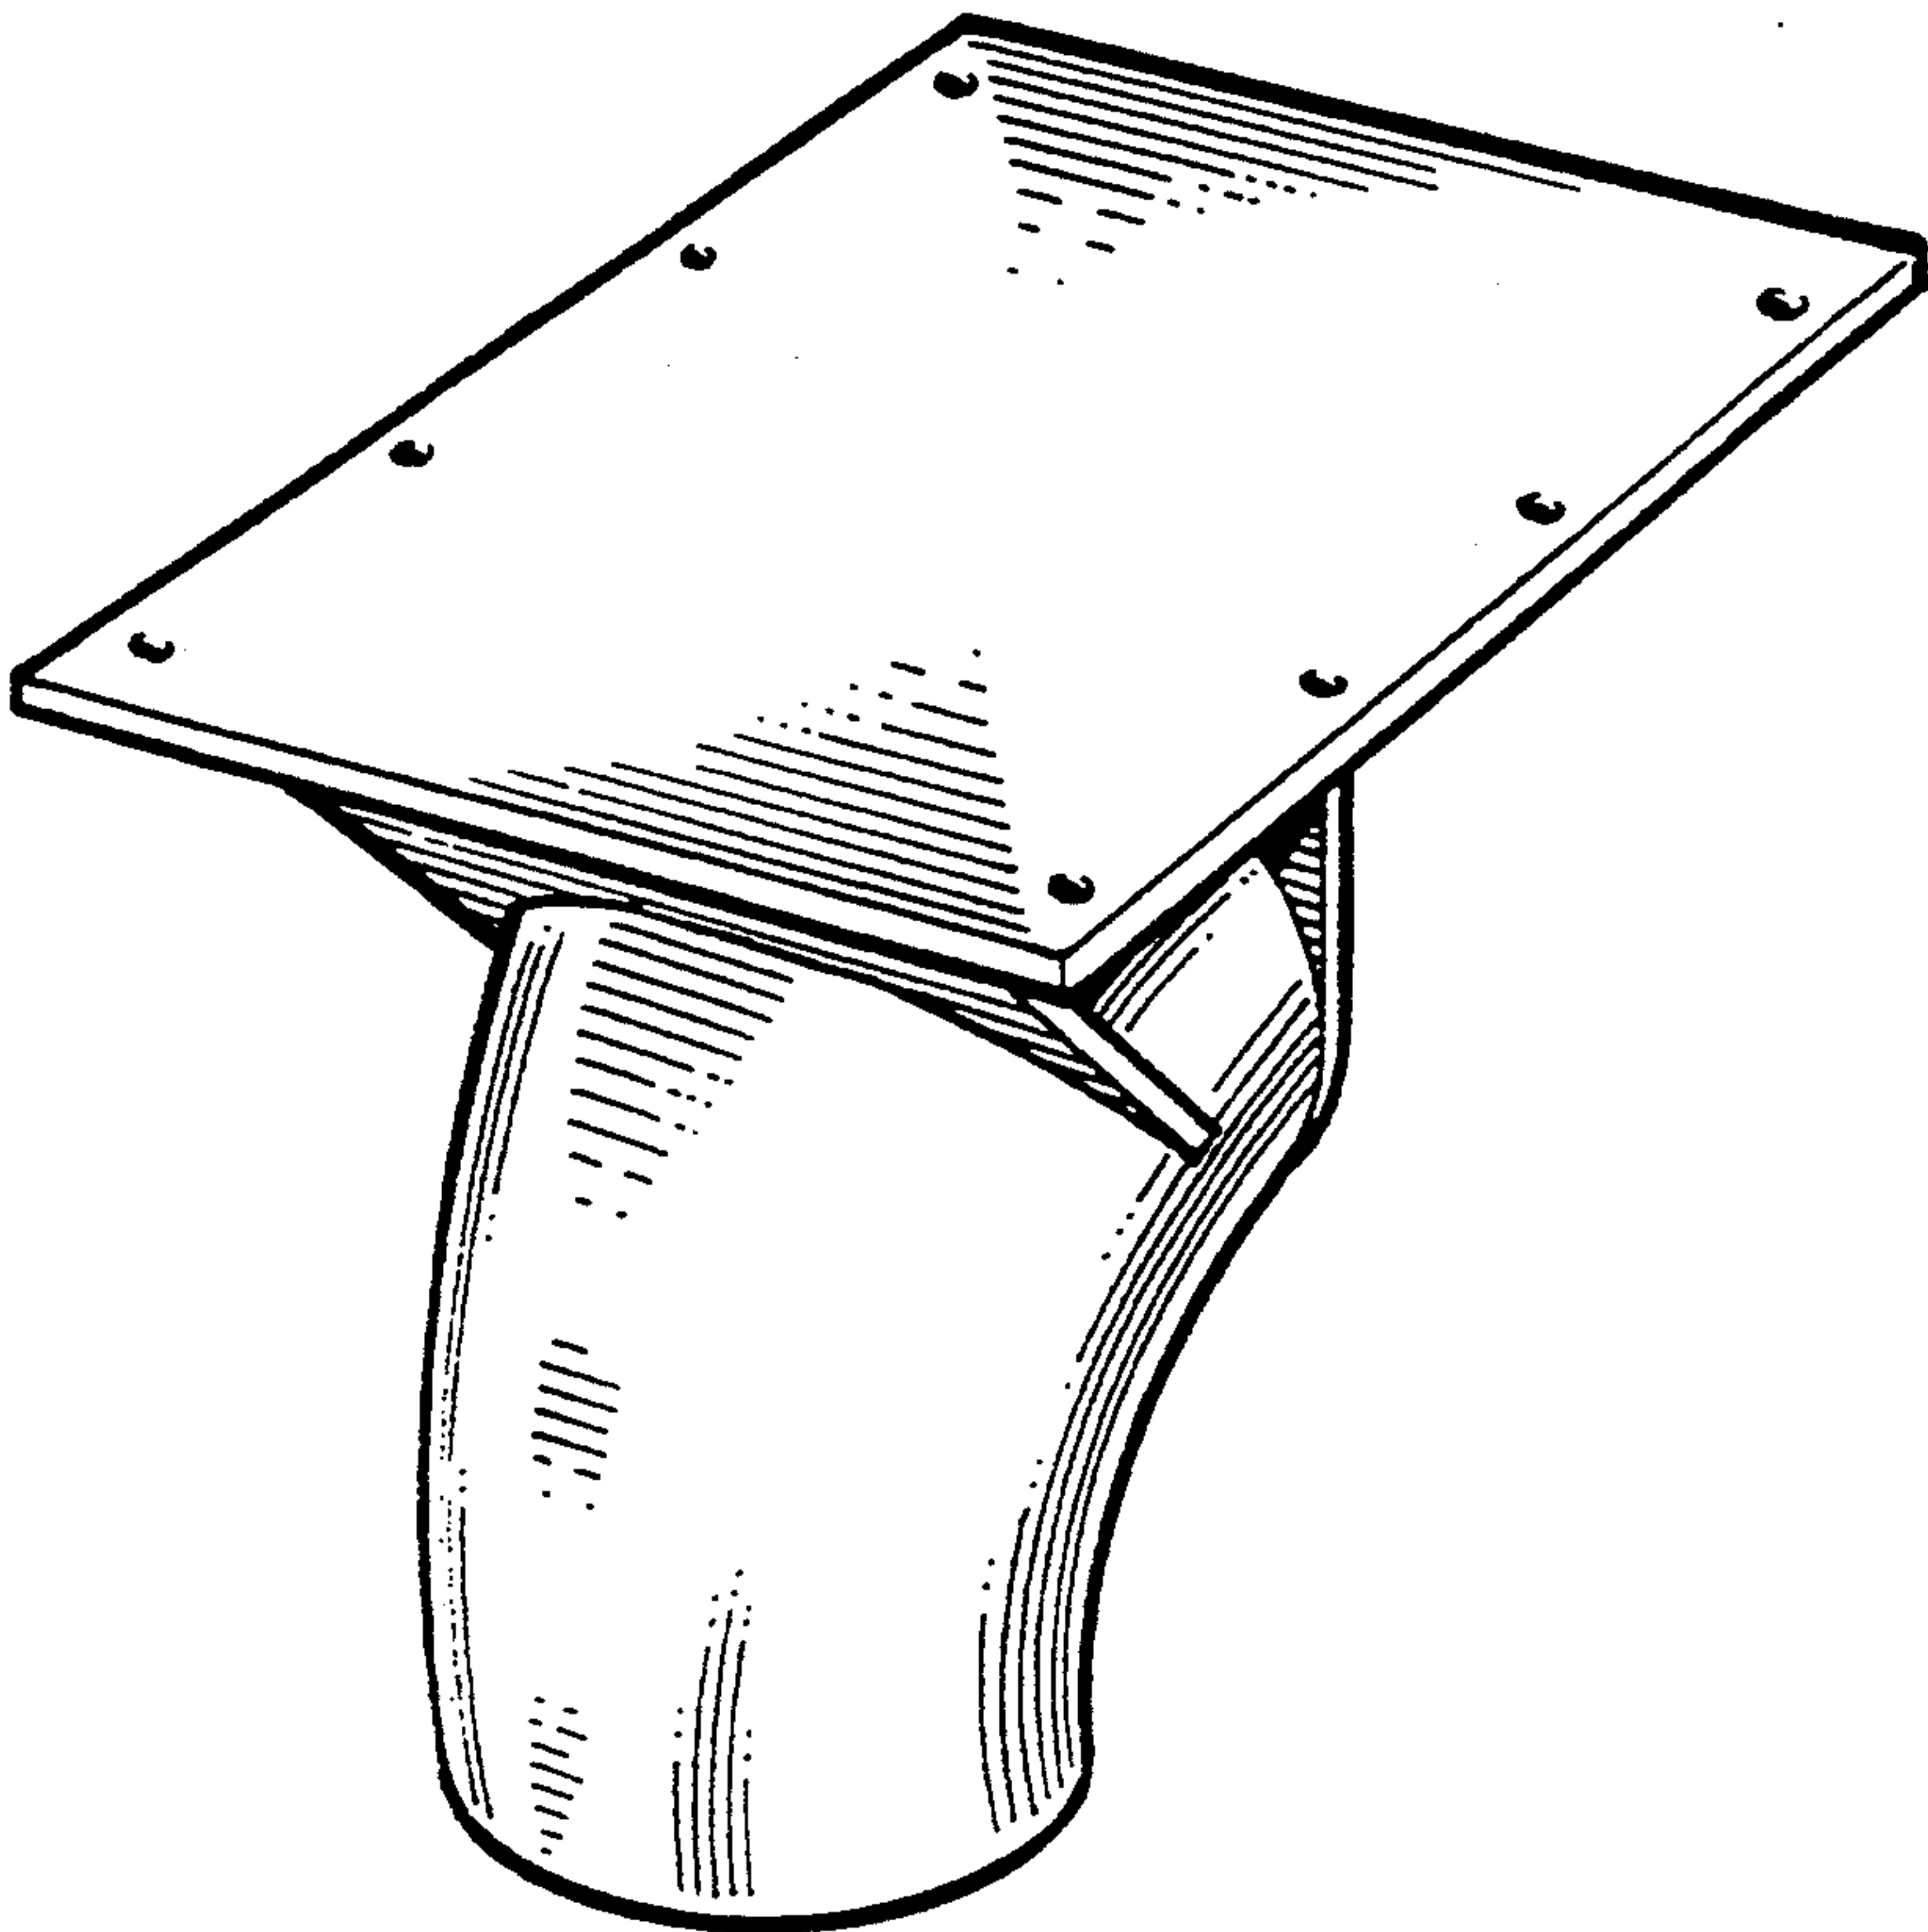

FIG. 3

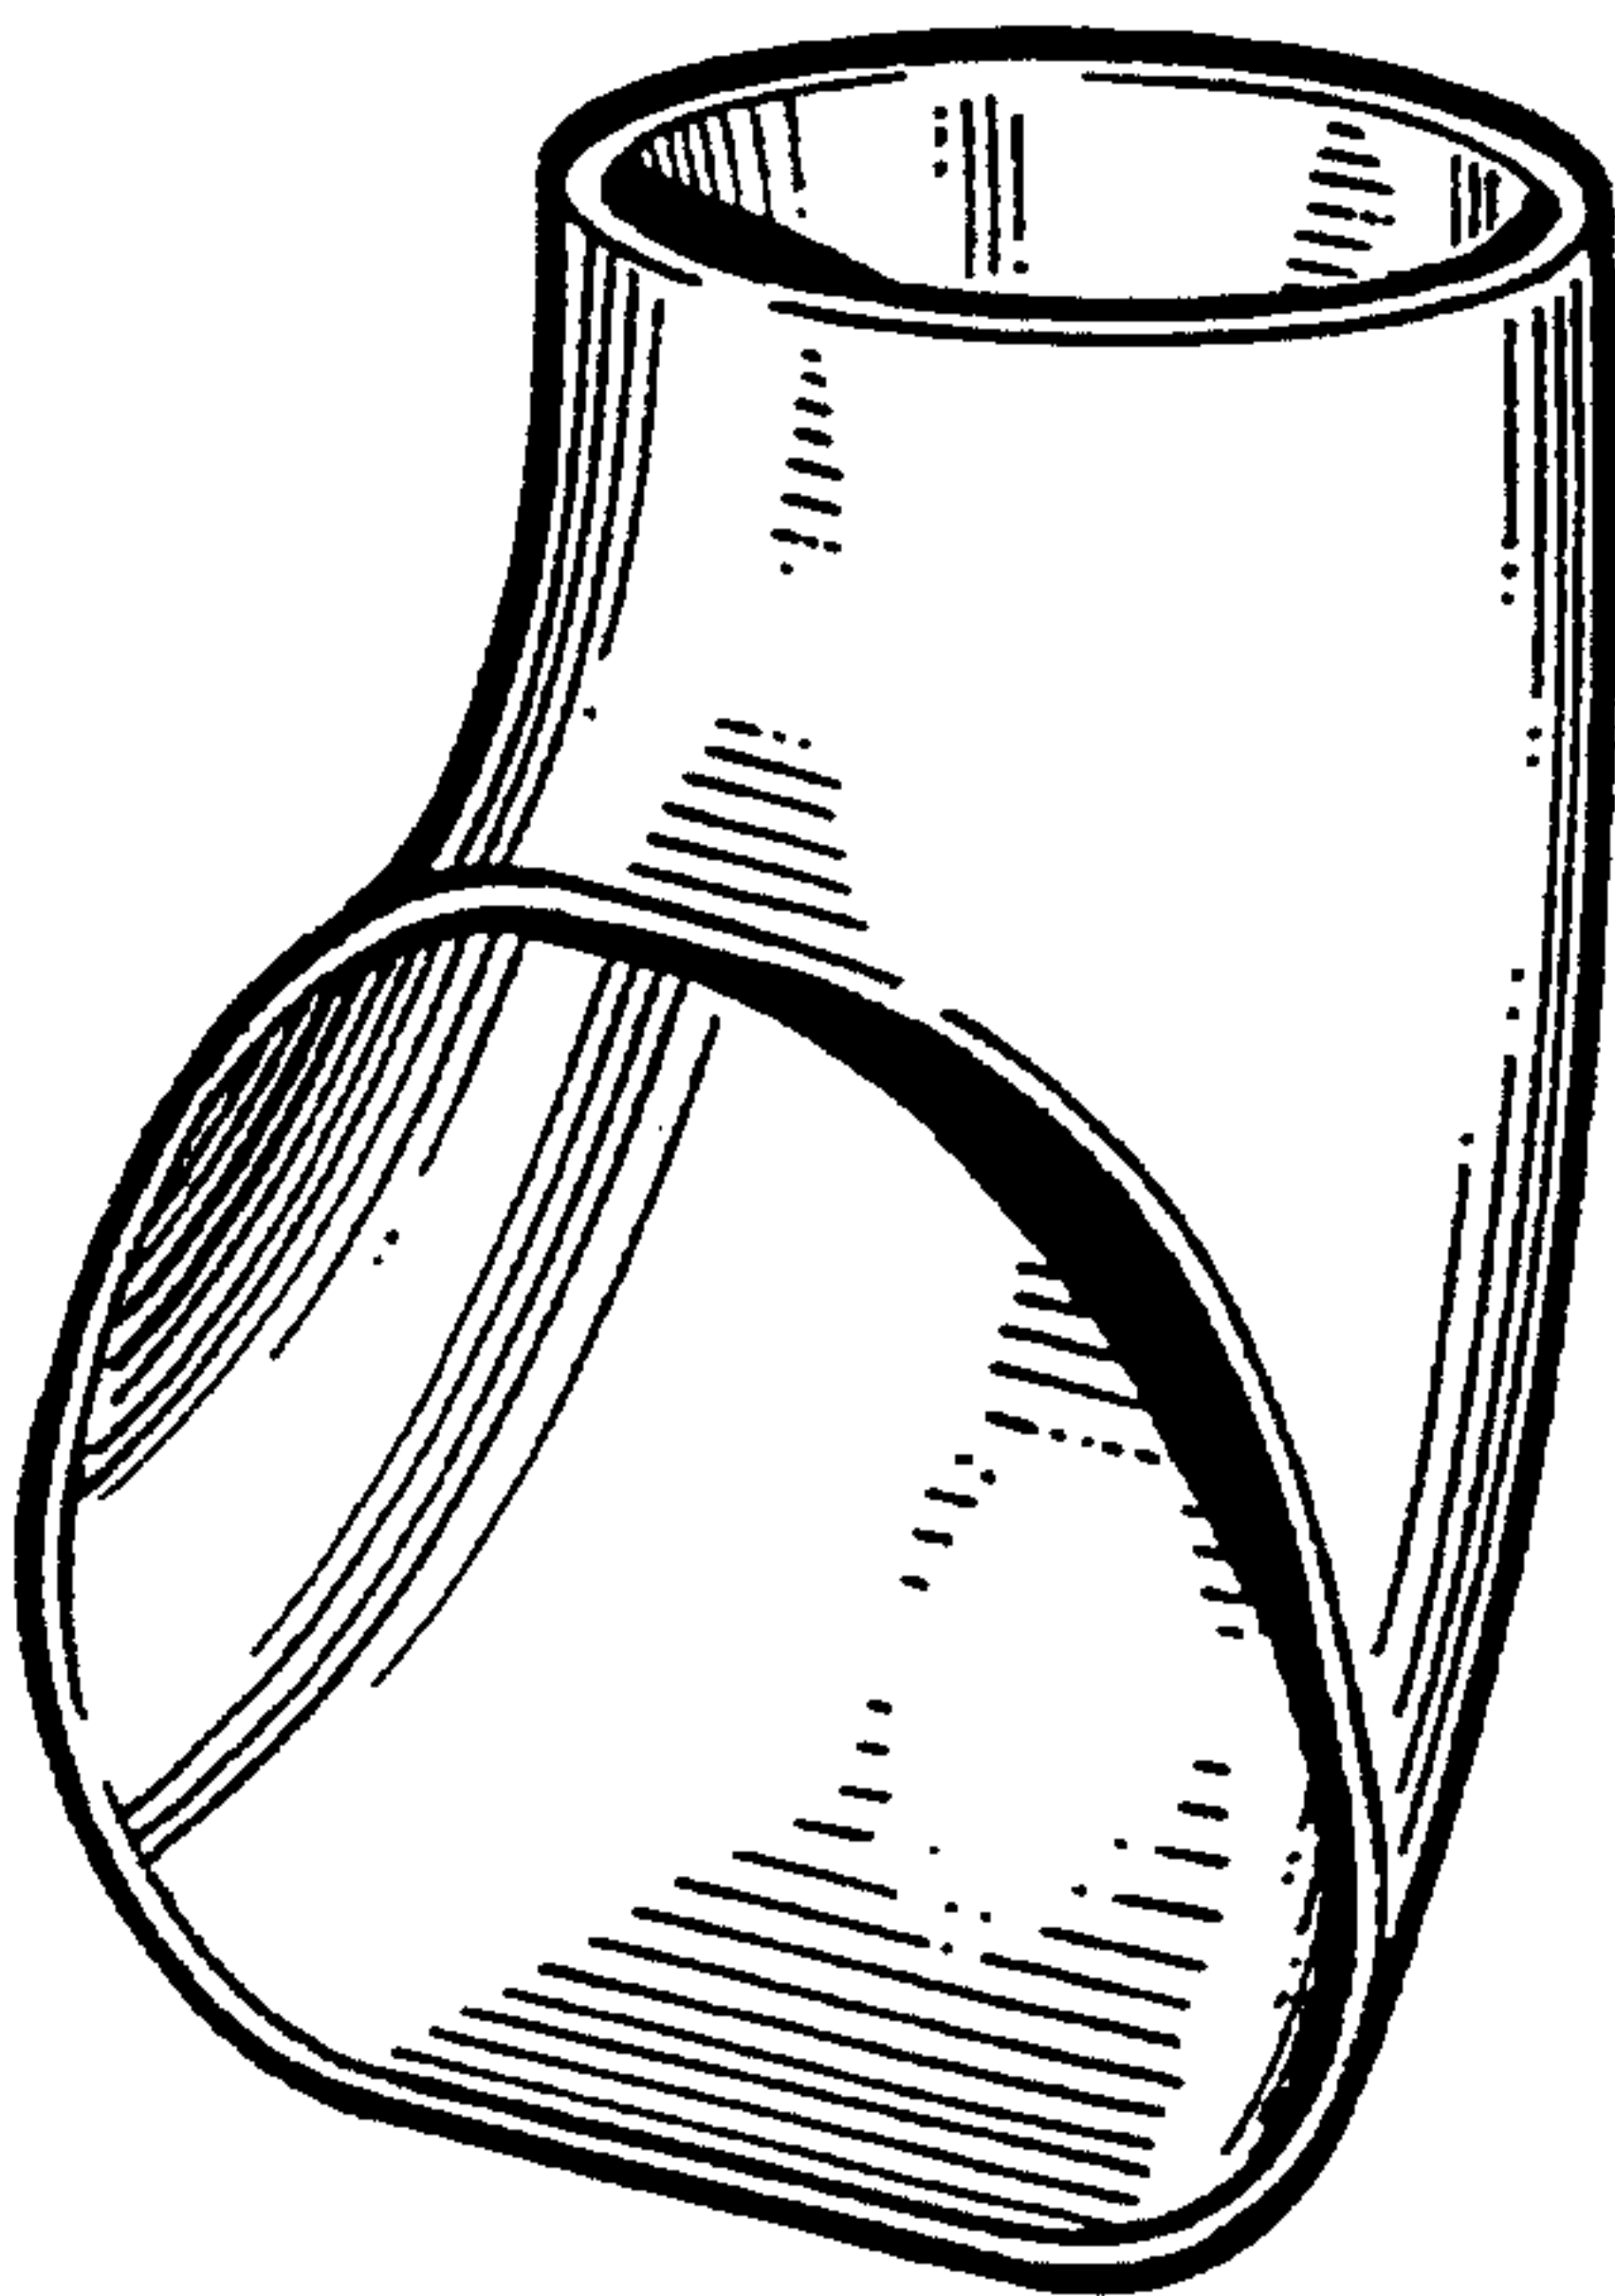

FIG. 4
