[57] CLAIM

The ornamental design for safety paper, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of safety paper showing our new design, the undisclosed rear being plain and unornamented;
 FIG. 2 is front elevational view of a second embodiment of FIG. 1, the undisclosed rear being plain and unornamented;
 FIG. 3 is a front elevational view of a third embodiment of FIG. 1, the undisclosed rear being plain and unornamented; and,
 FIG. 4 is a front elevational view of a fourth embodiment of FIG. 1, the undisclosed rear being plain and unornamented.
 It is understood that the claimed article is of conventional thickness.

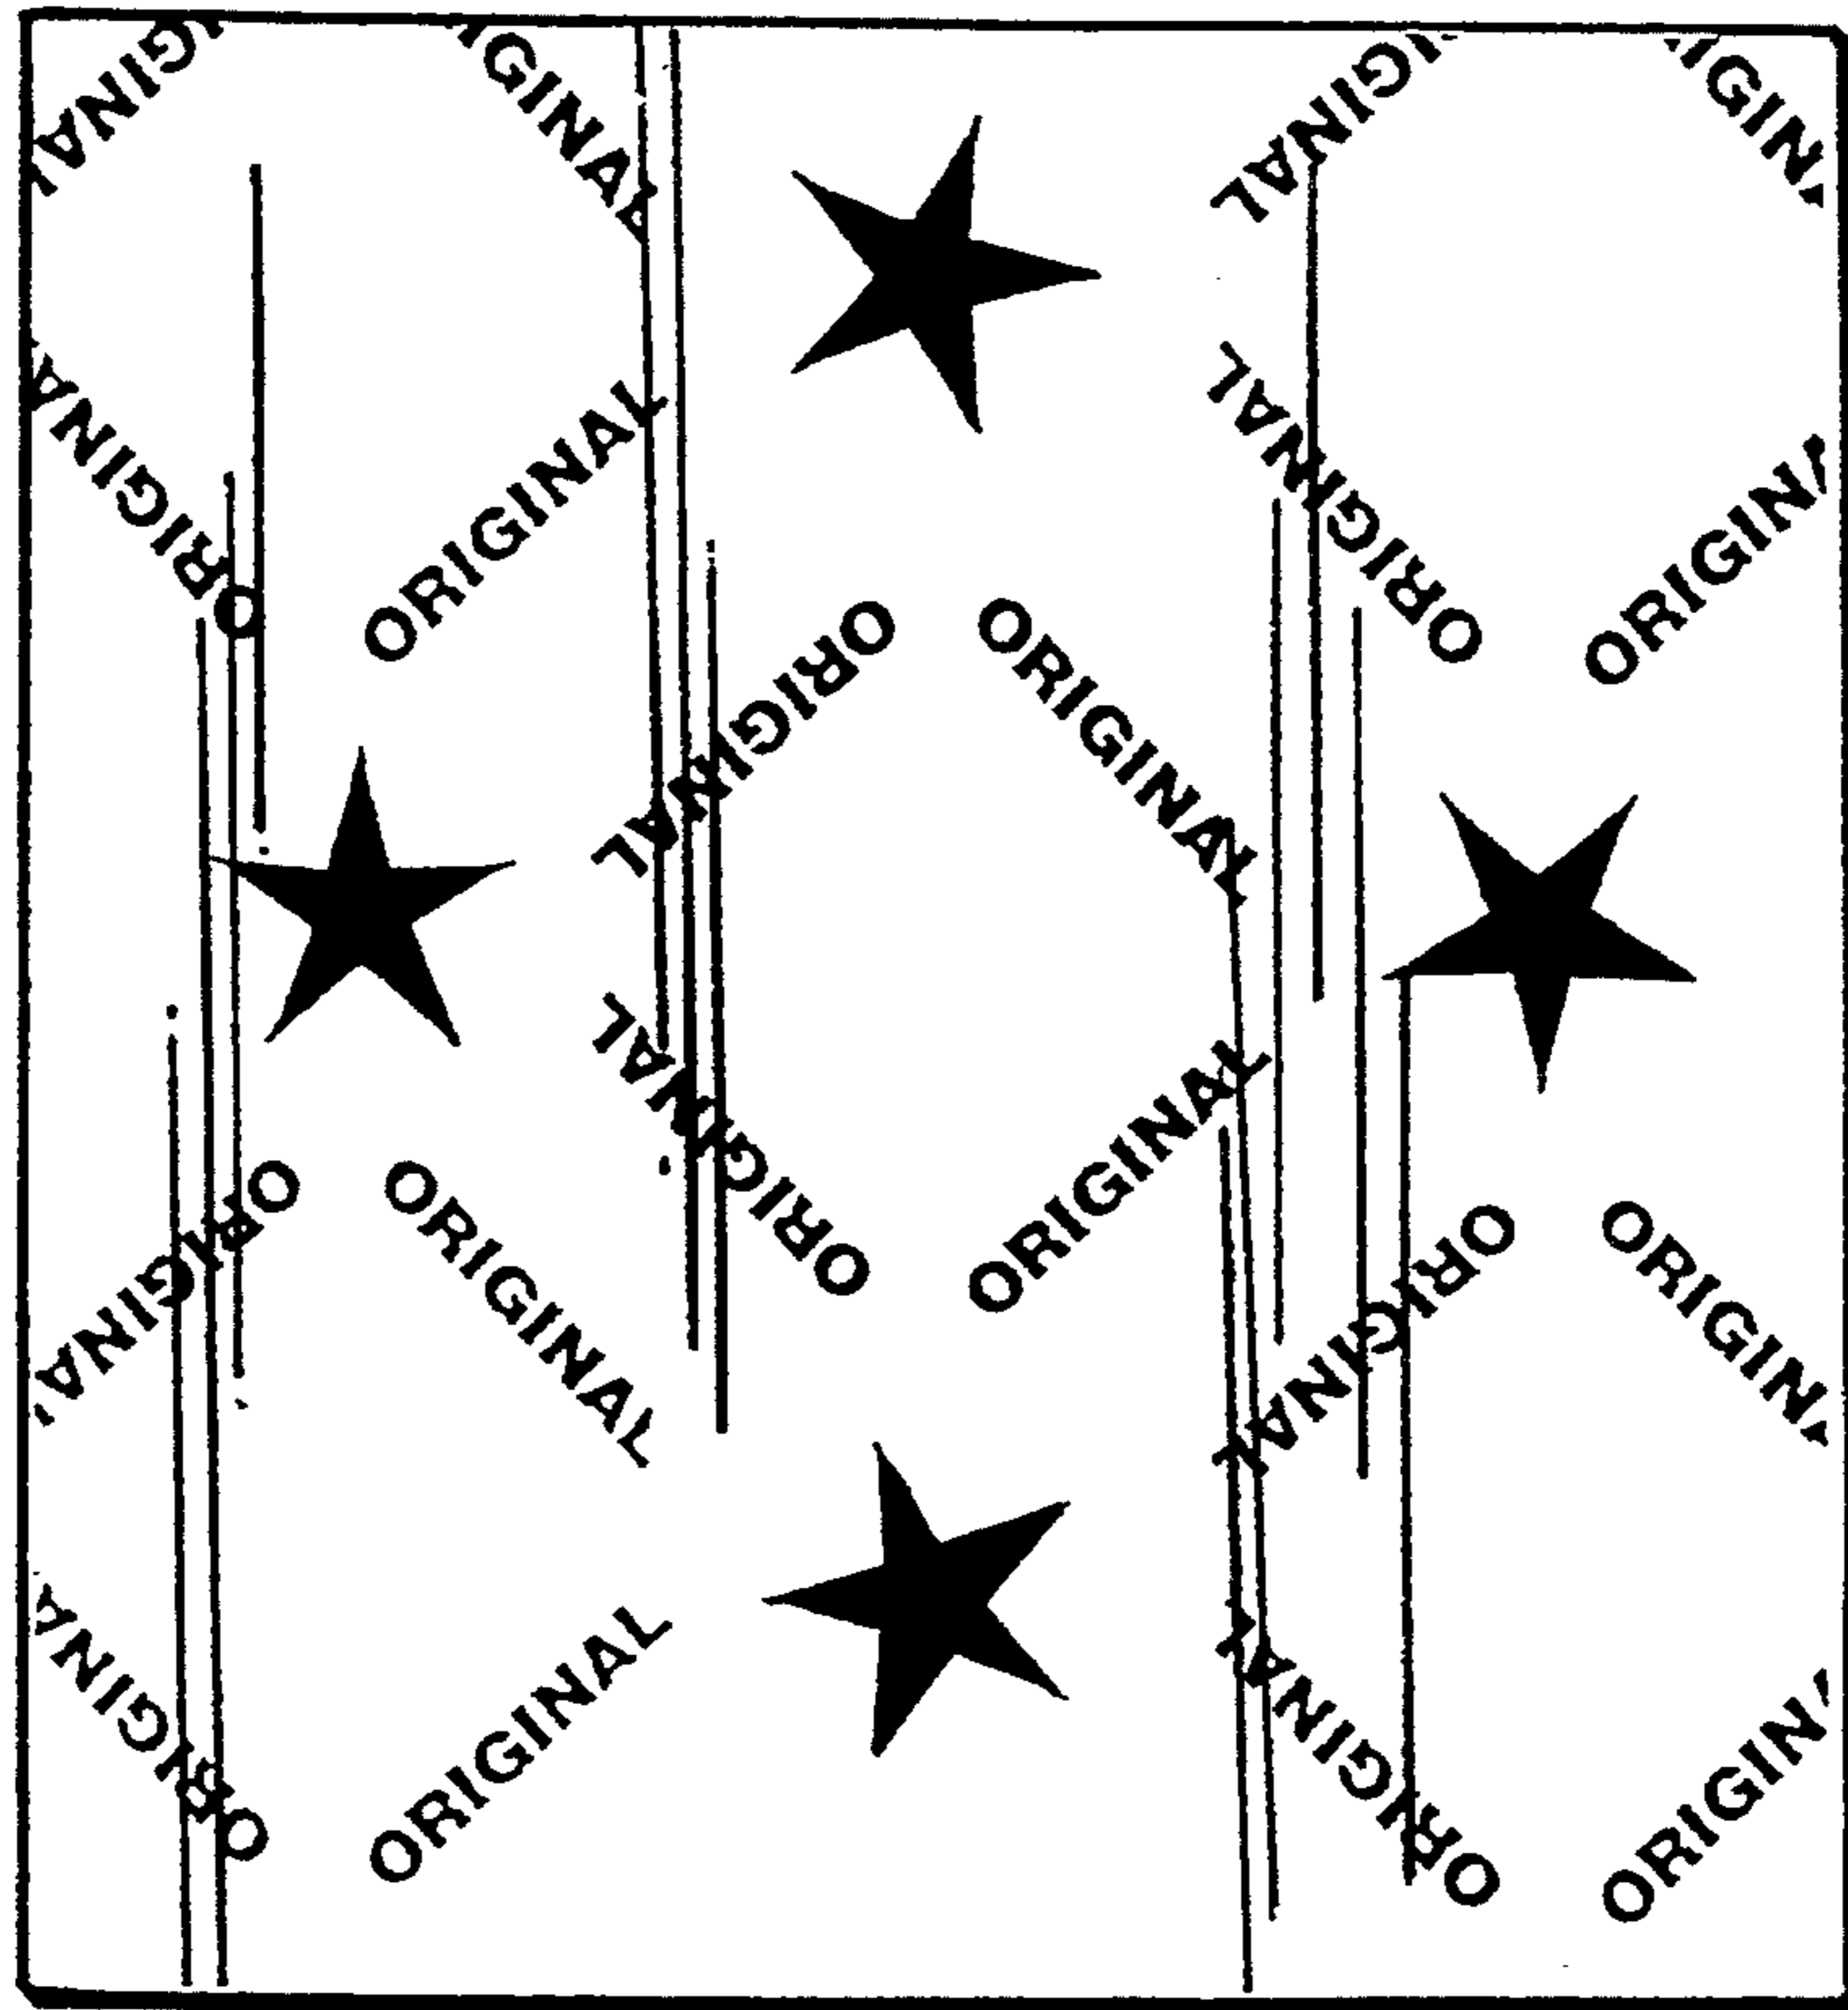

FIG. 1

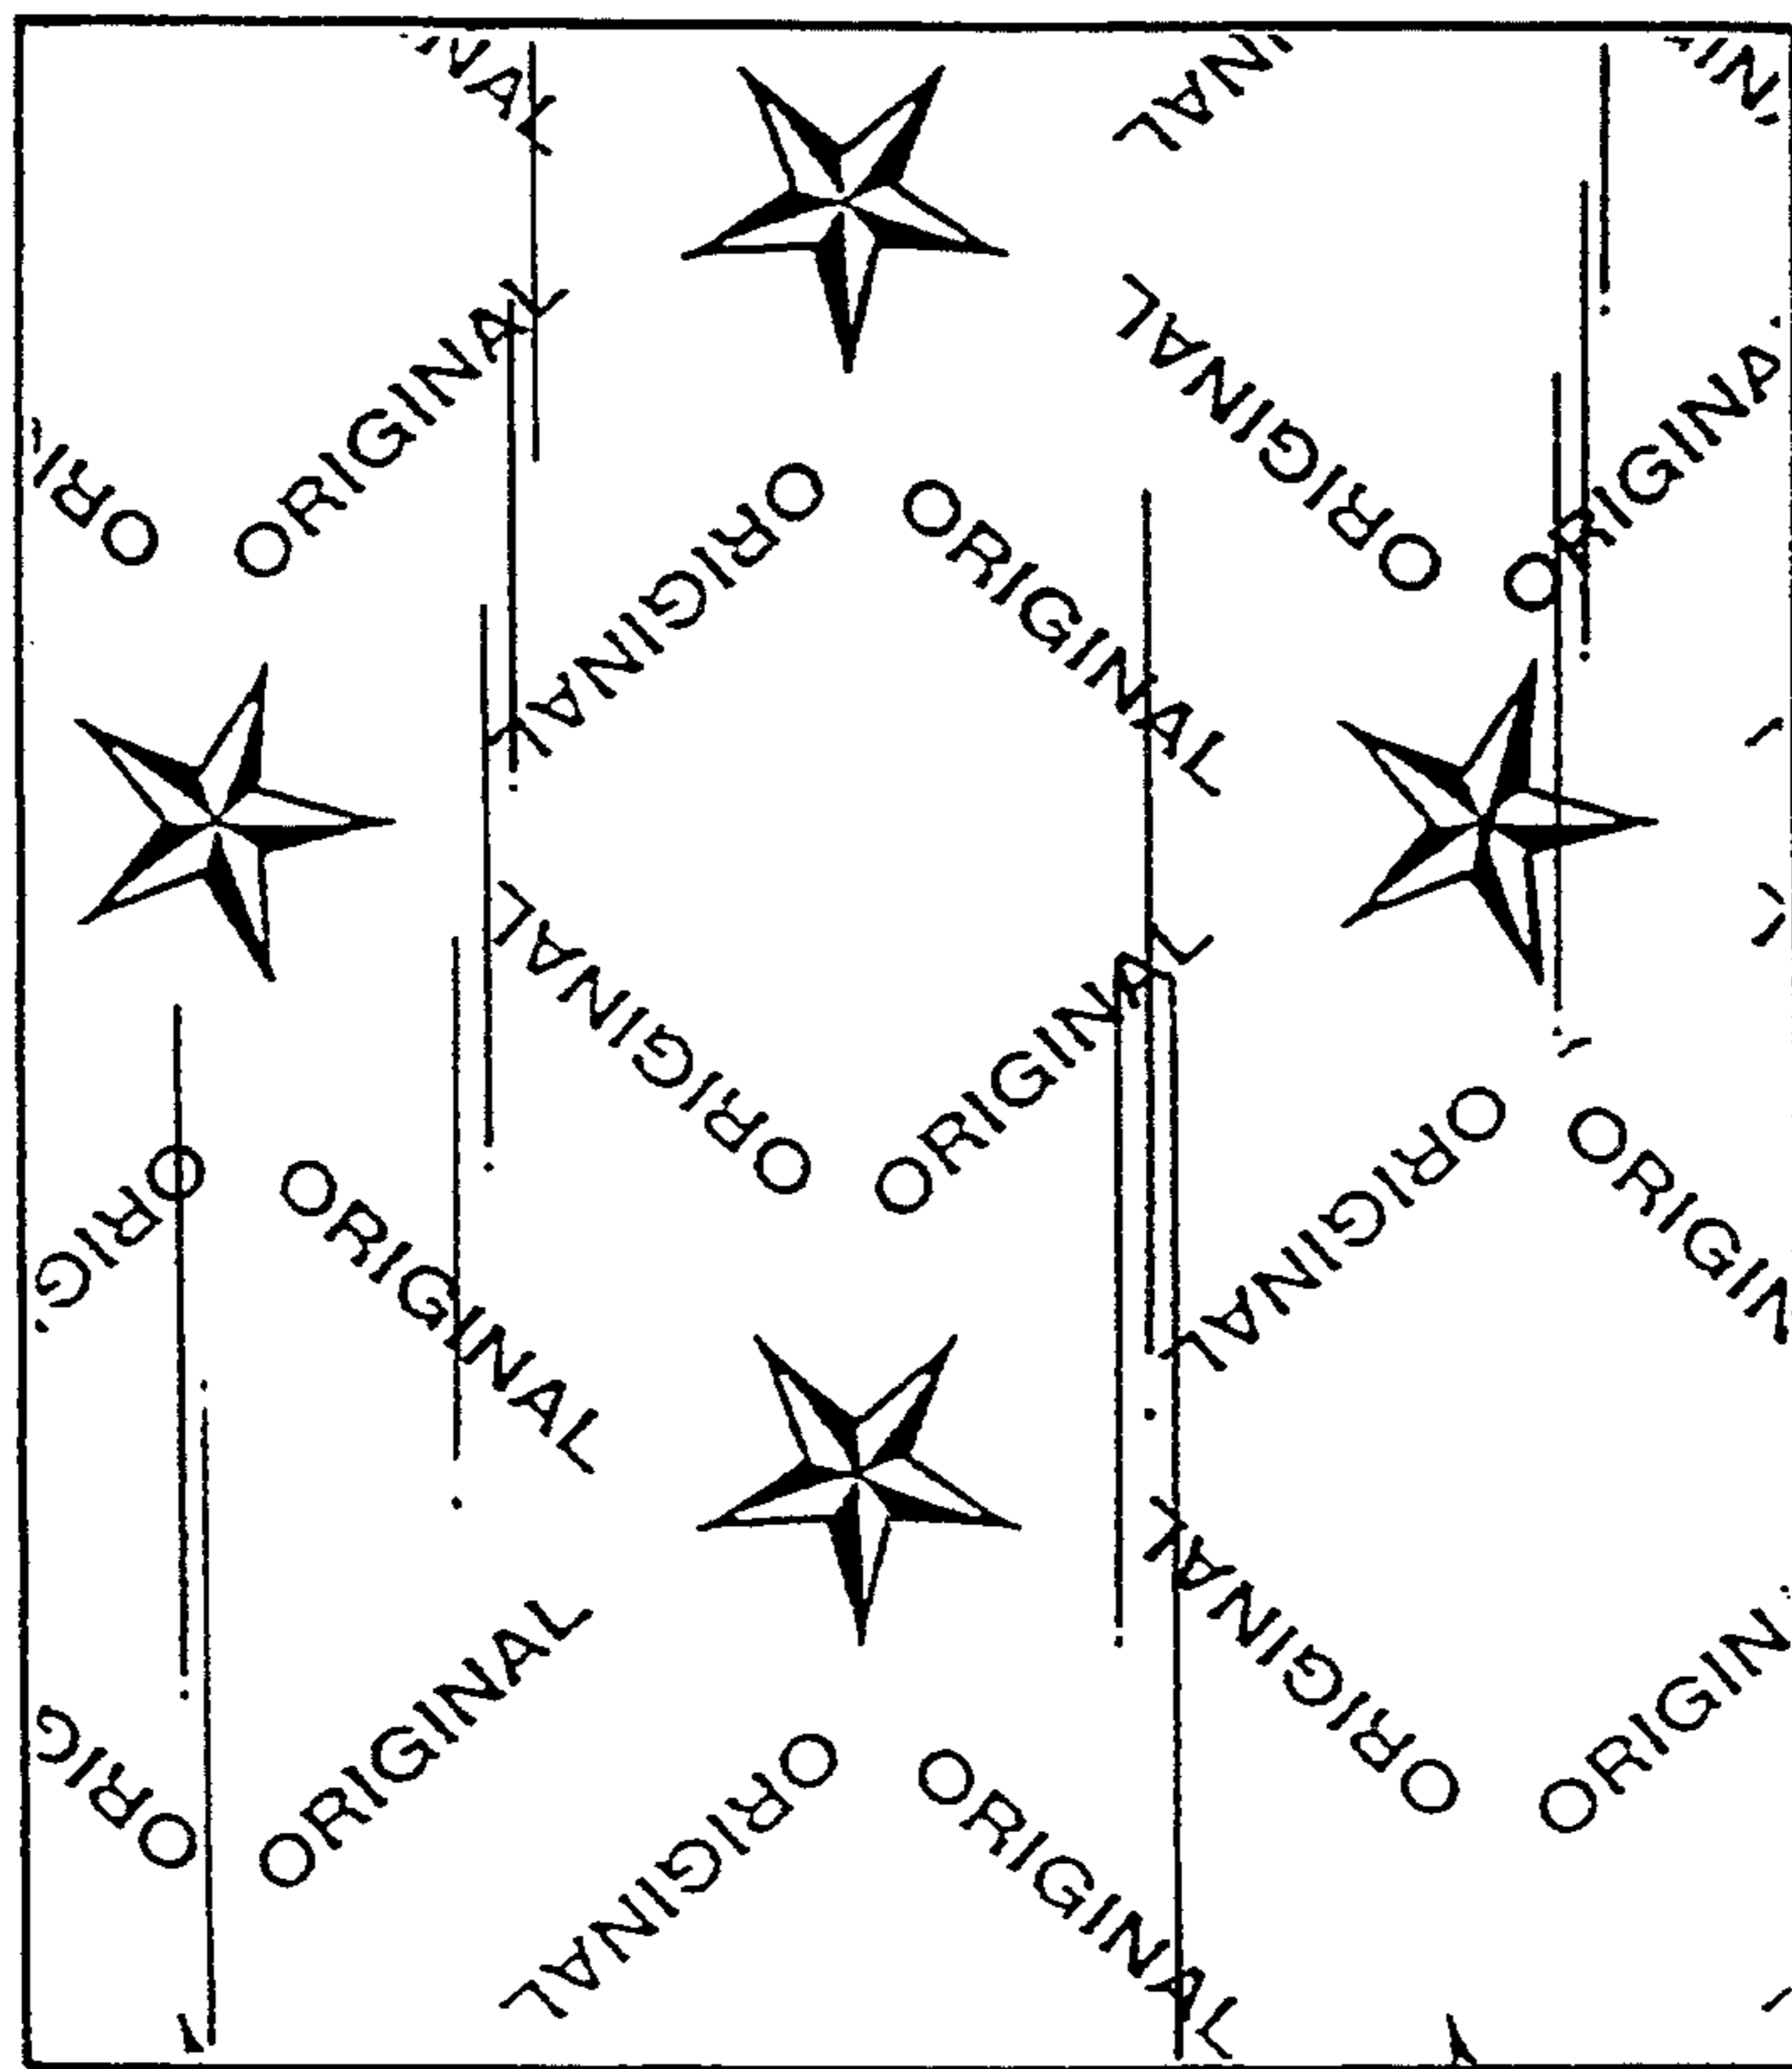

FIG. 2

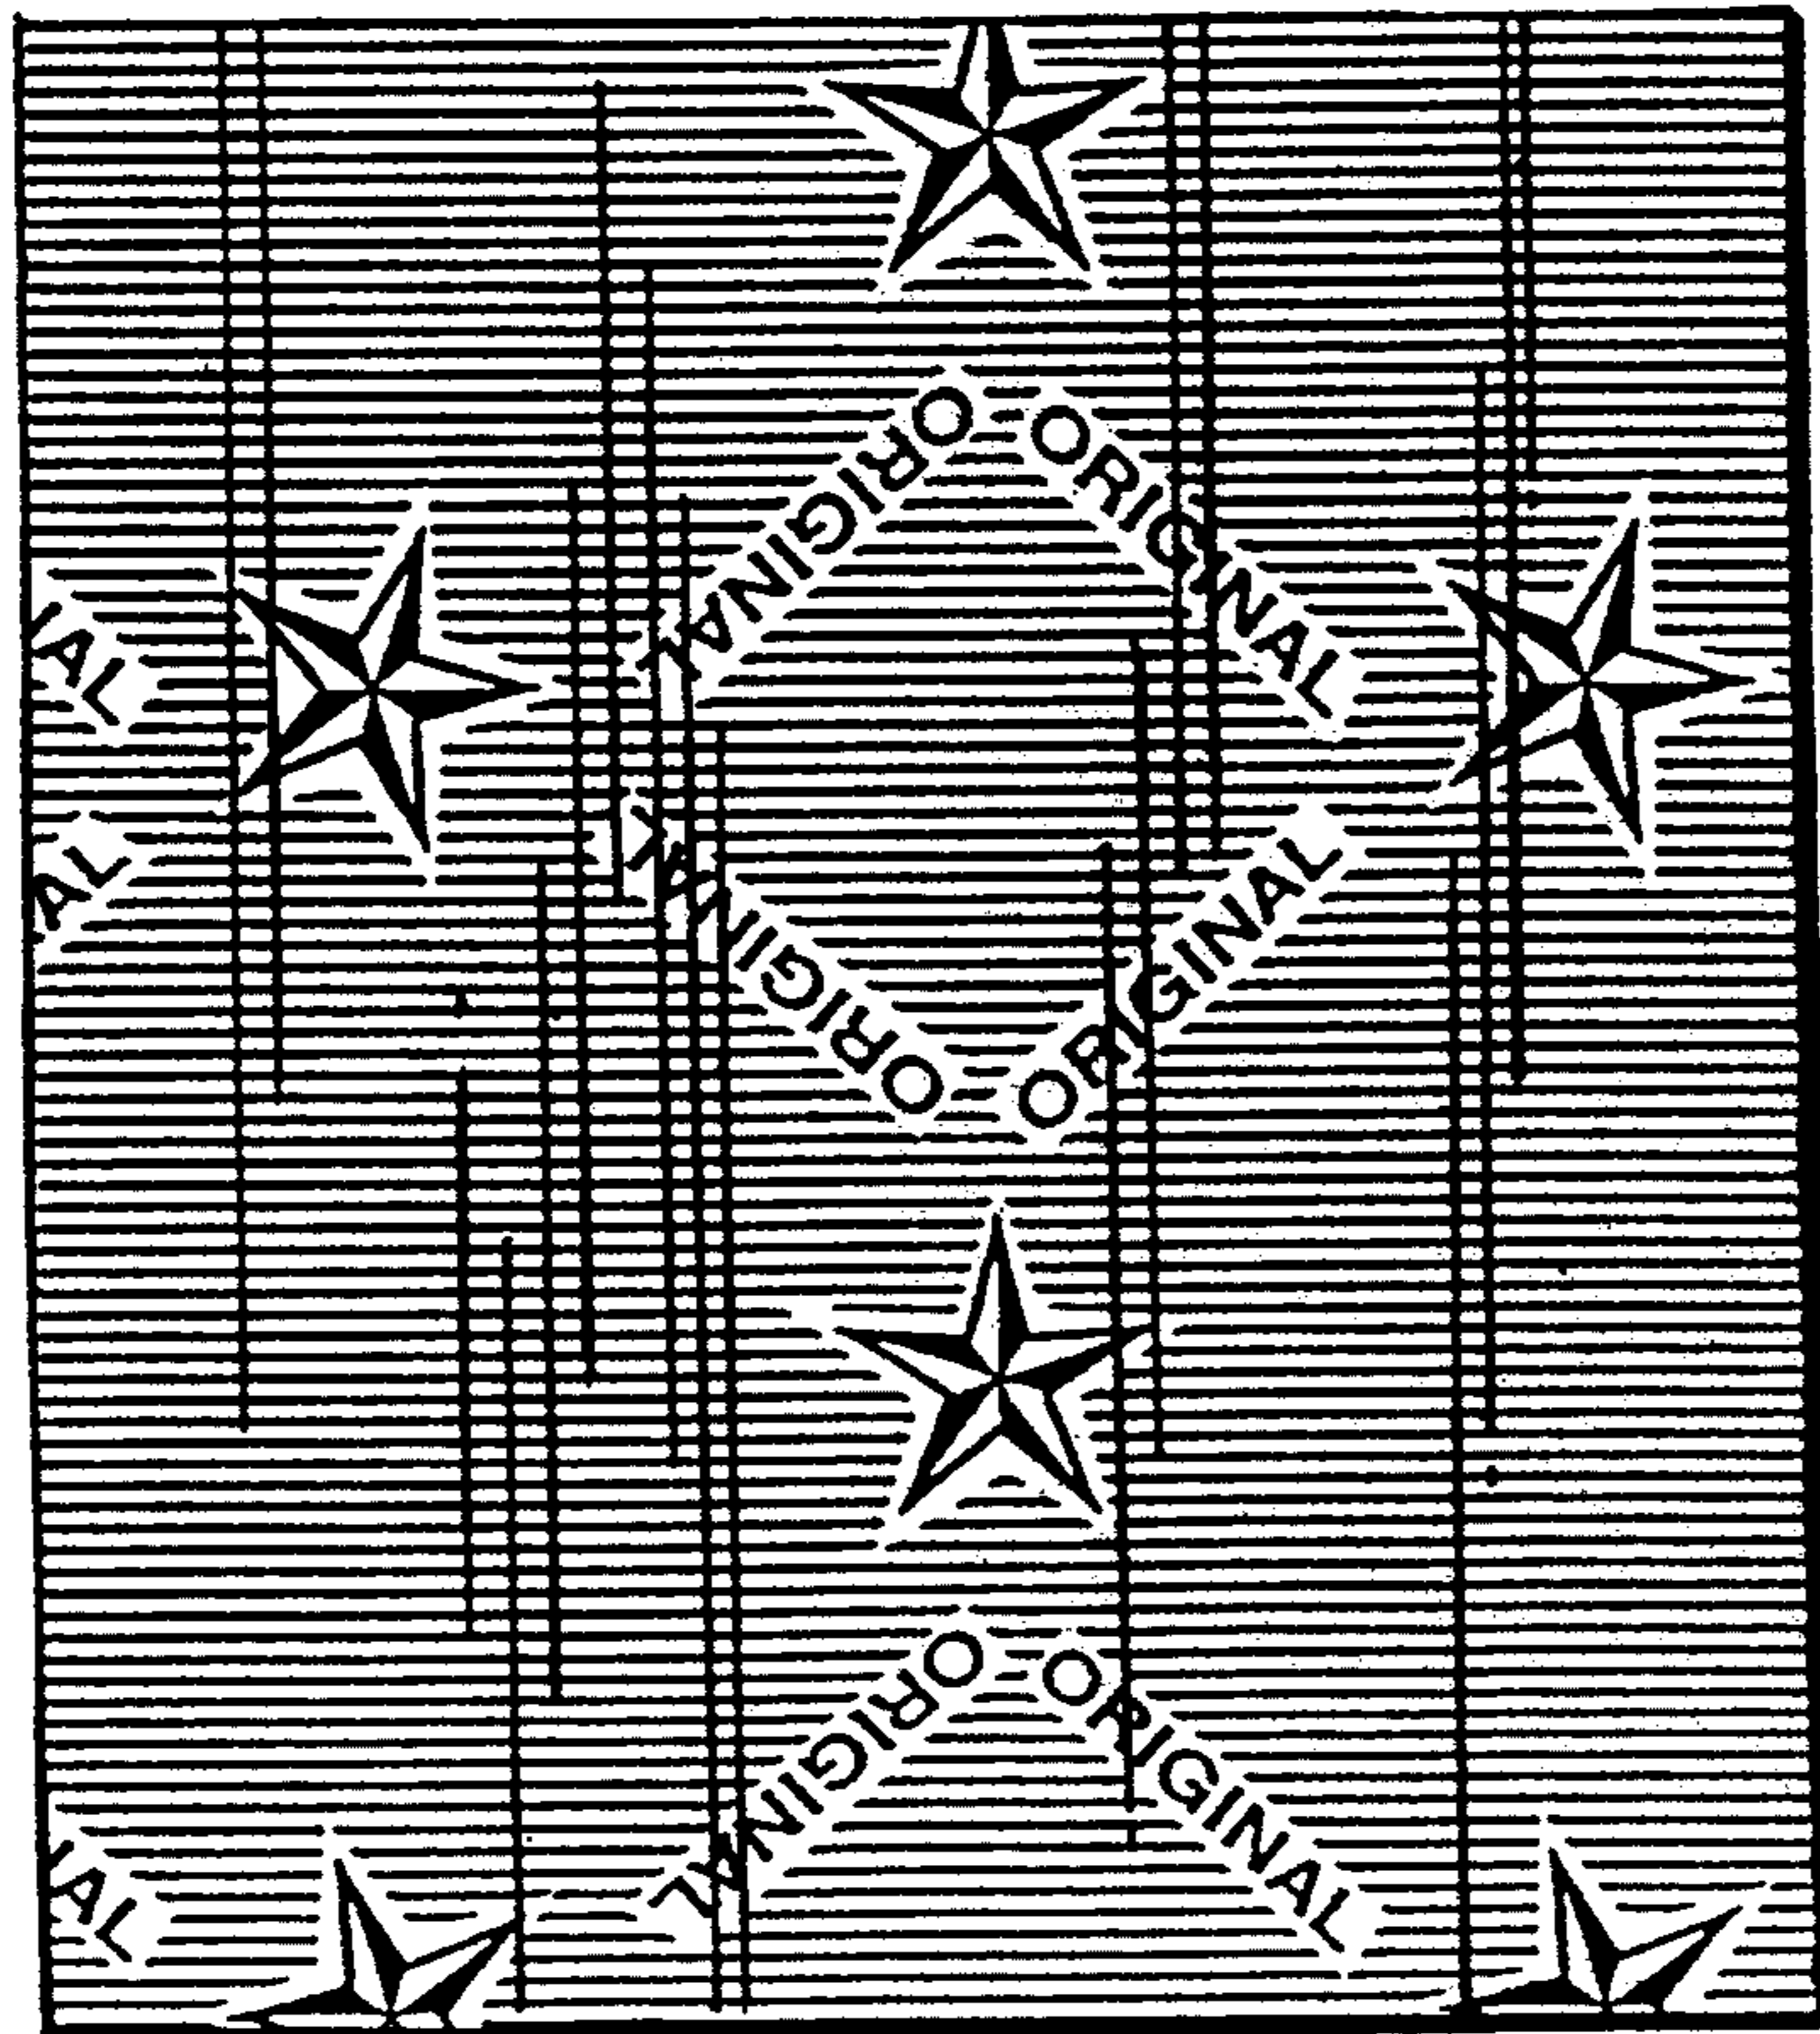

FIG. 3

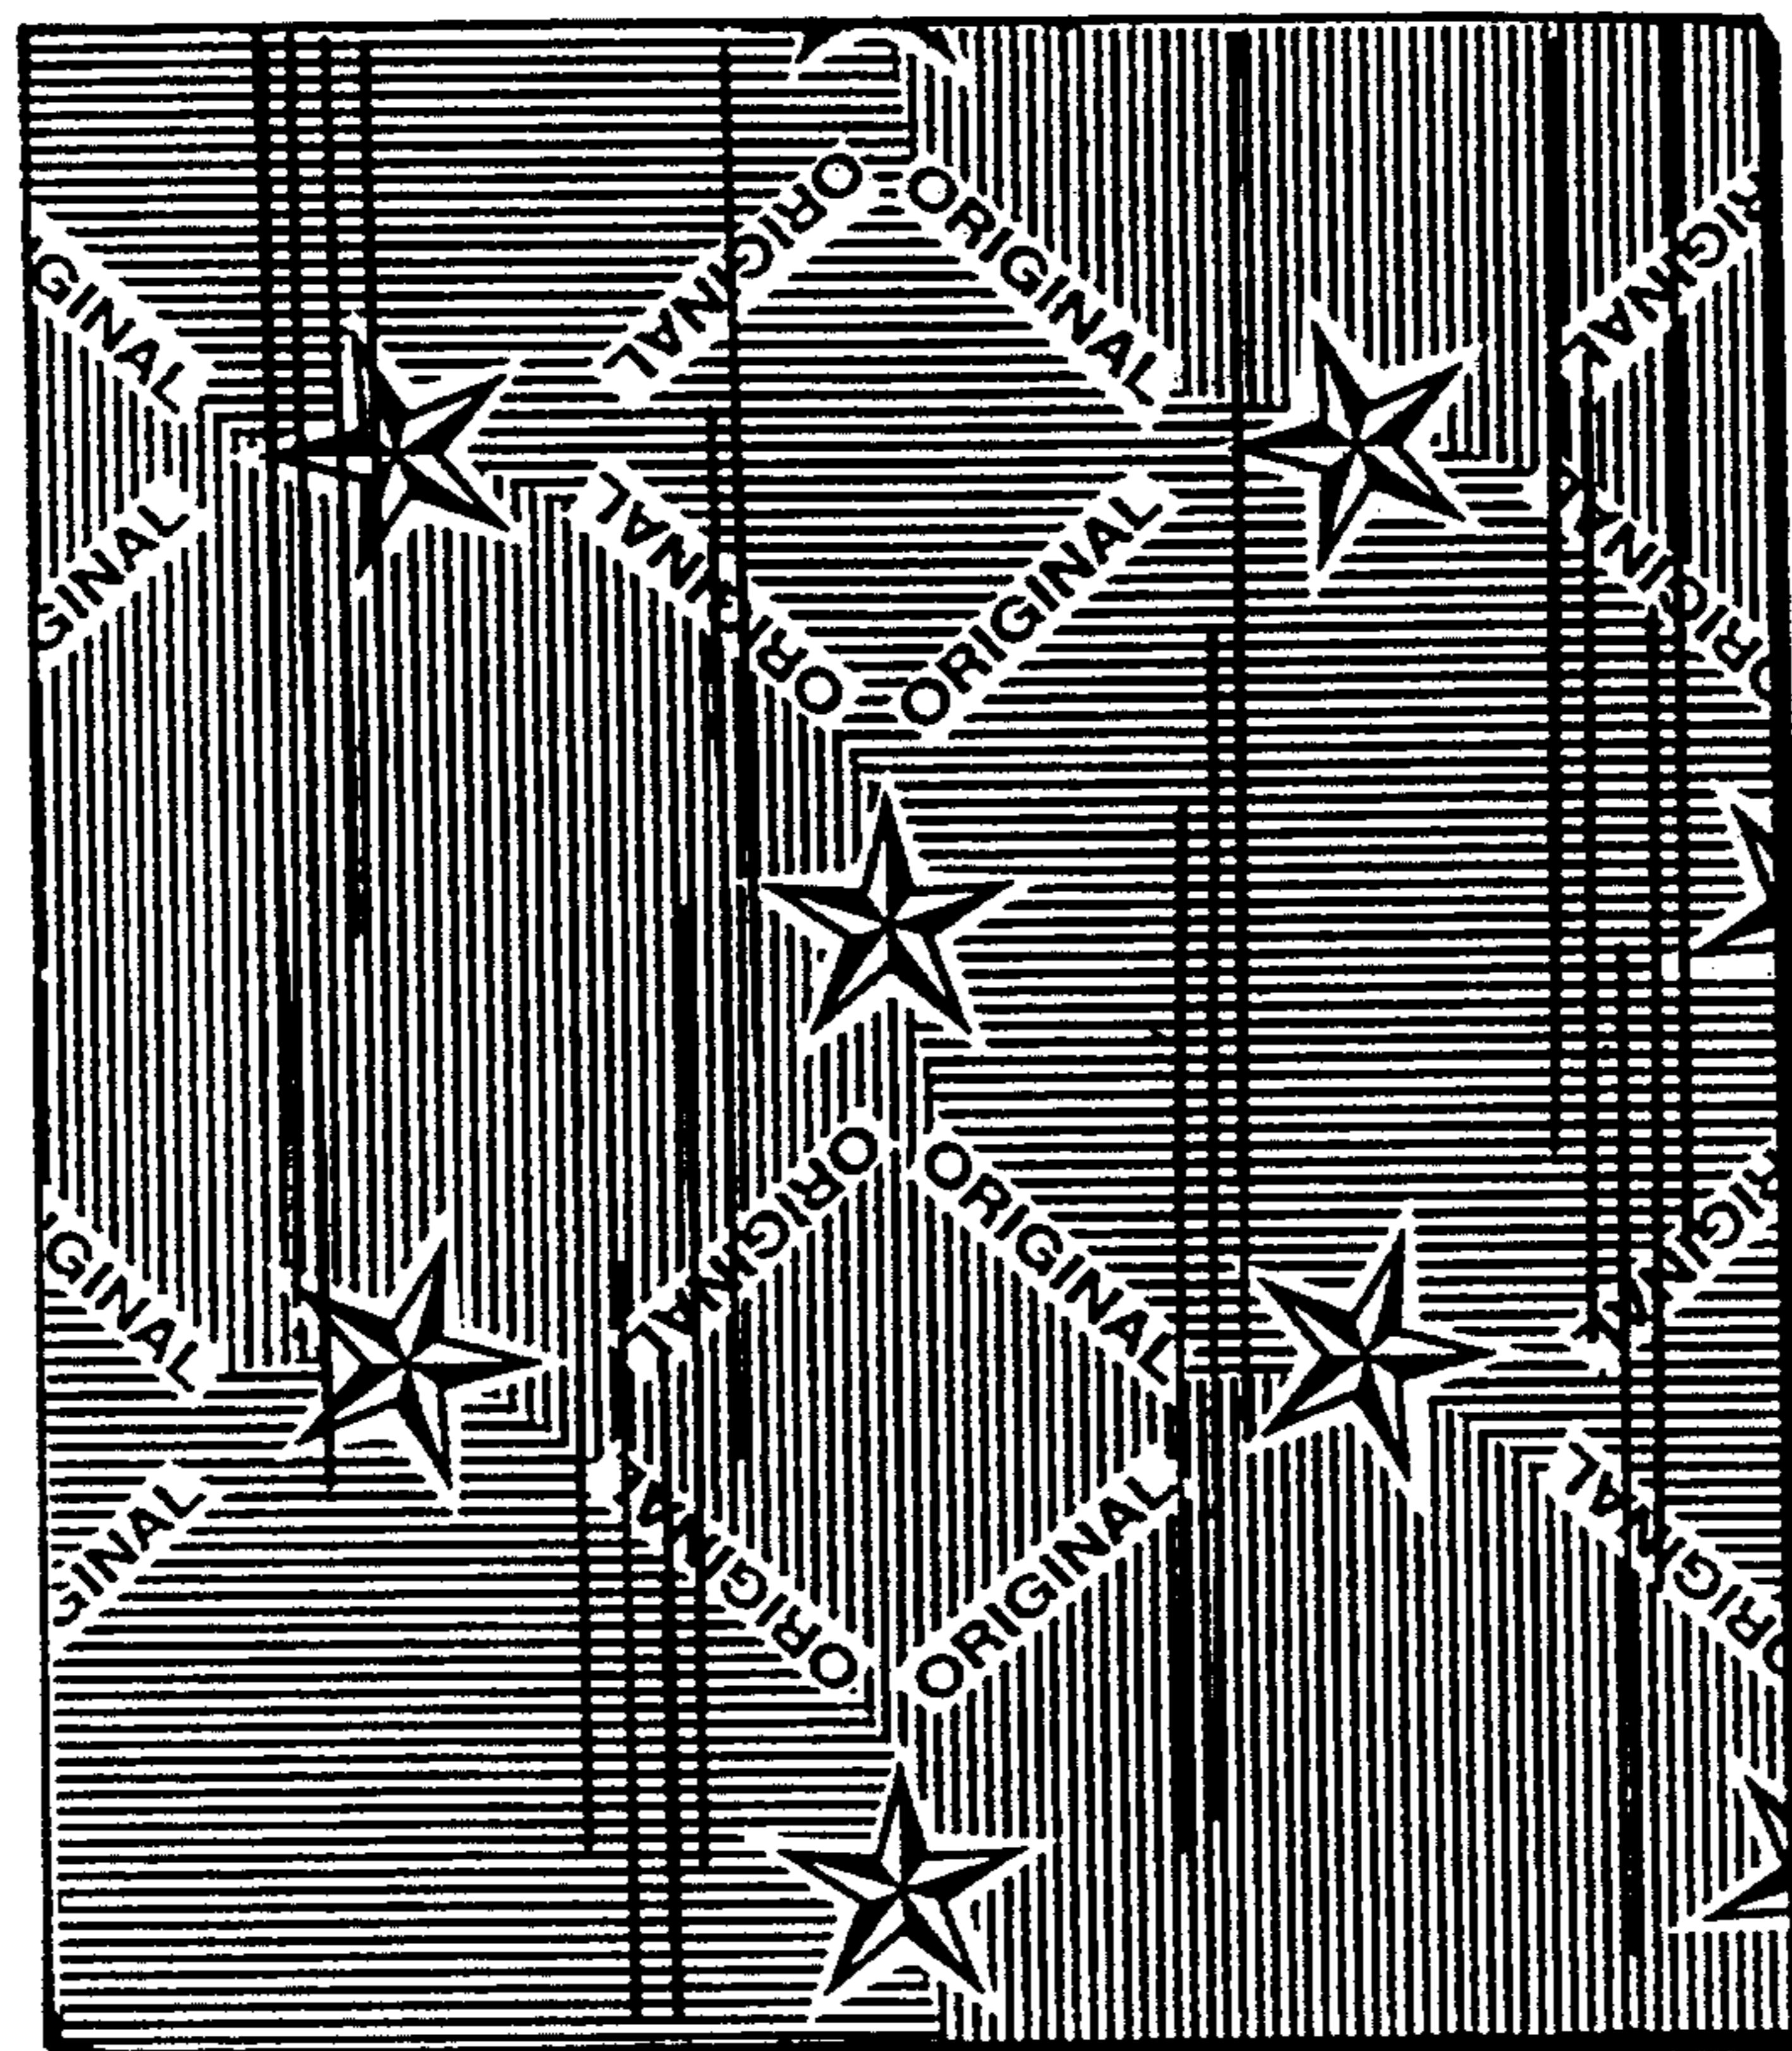

FIG. 4
