[57] **CLAIM**

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a tire showing our new design it being understood that the tread pattern is repeated throughout the circumference thereof; FIG. 2 is a right side perspective view thereof; FIG. 3 is a side elevational view of the right side thereof, the opposite side being a mirror image thereof; and, FIG. 4 is an enlarged fragmentary perspective view of the circled portion identified as FIG. 4 in FIG. 2 showing a segment of the shoulder region of the tire in greater detail.

FIG. 1

FIG. 2

FIG. 3

FIG. 4
