[57] **CLAIM**

The ornamental design for a pair of vehicle side rails, as shown and described.

**DESCRIPTION**

FIG. 1 is a rear elevational view of a pair of vehicle side rails showing my new design in position of use on a pickup truck which is shown in broken lines for illustrative purposes only and forms no part of the claimed design;

FIG. 2 is an exterior side elevational view of the left side rail thereof on a reduced scale;

FIG. 3 is an enlarged rear elevation view of the left side rail thereof;

FIG. 4 is an interior side elevation view of the left side rail thereof on a slightly reduced scale; and,

FIG. 5 is a top plan view of the right side rail thereof.

The exterior and interior sides of the right side rail and the top of the left side rail are mirror images of the left side rail shown in FIGS. 2 and 4 and the right side rail shown in FIG. 5 respectively, and the front of the left and right side rails is substantially the same as the rear of the left side rail shown in FIG. 3.

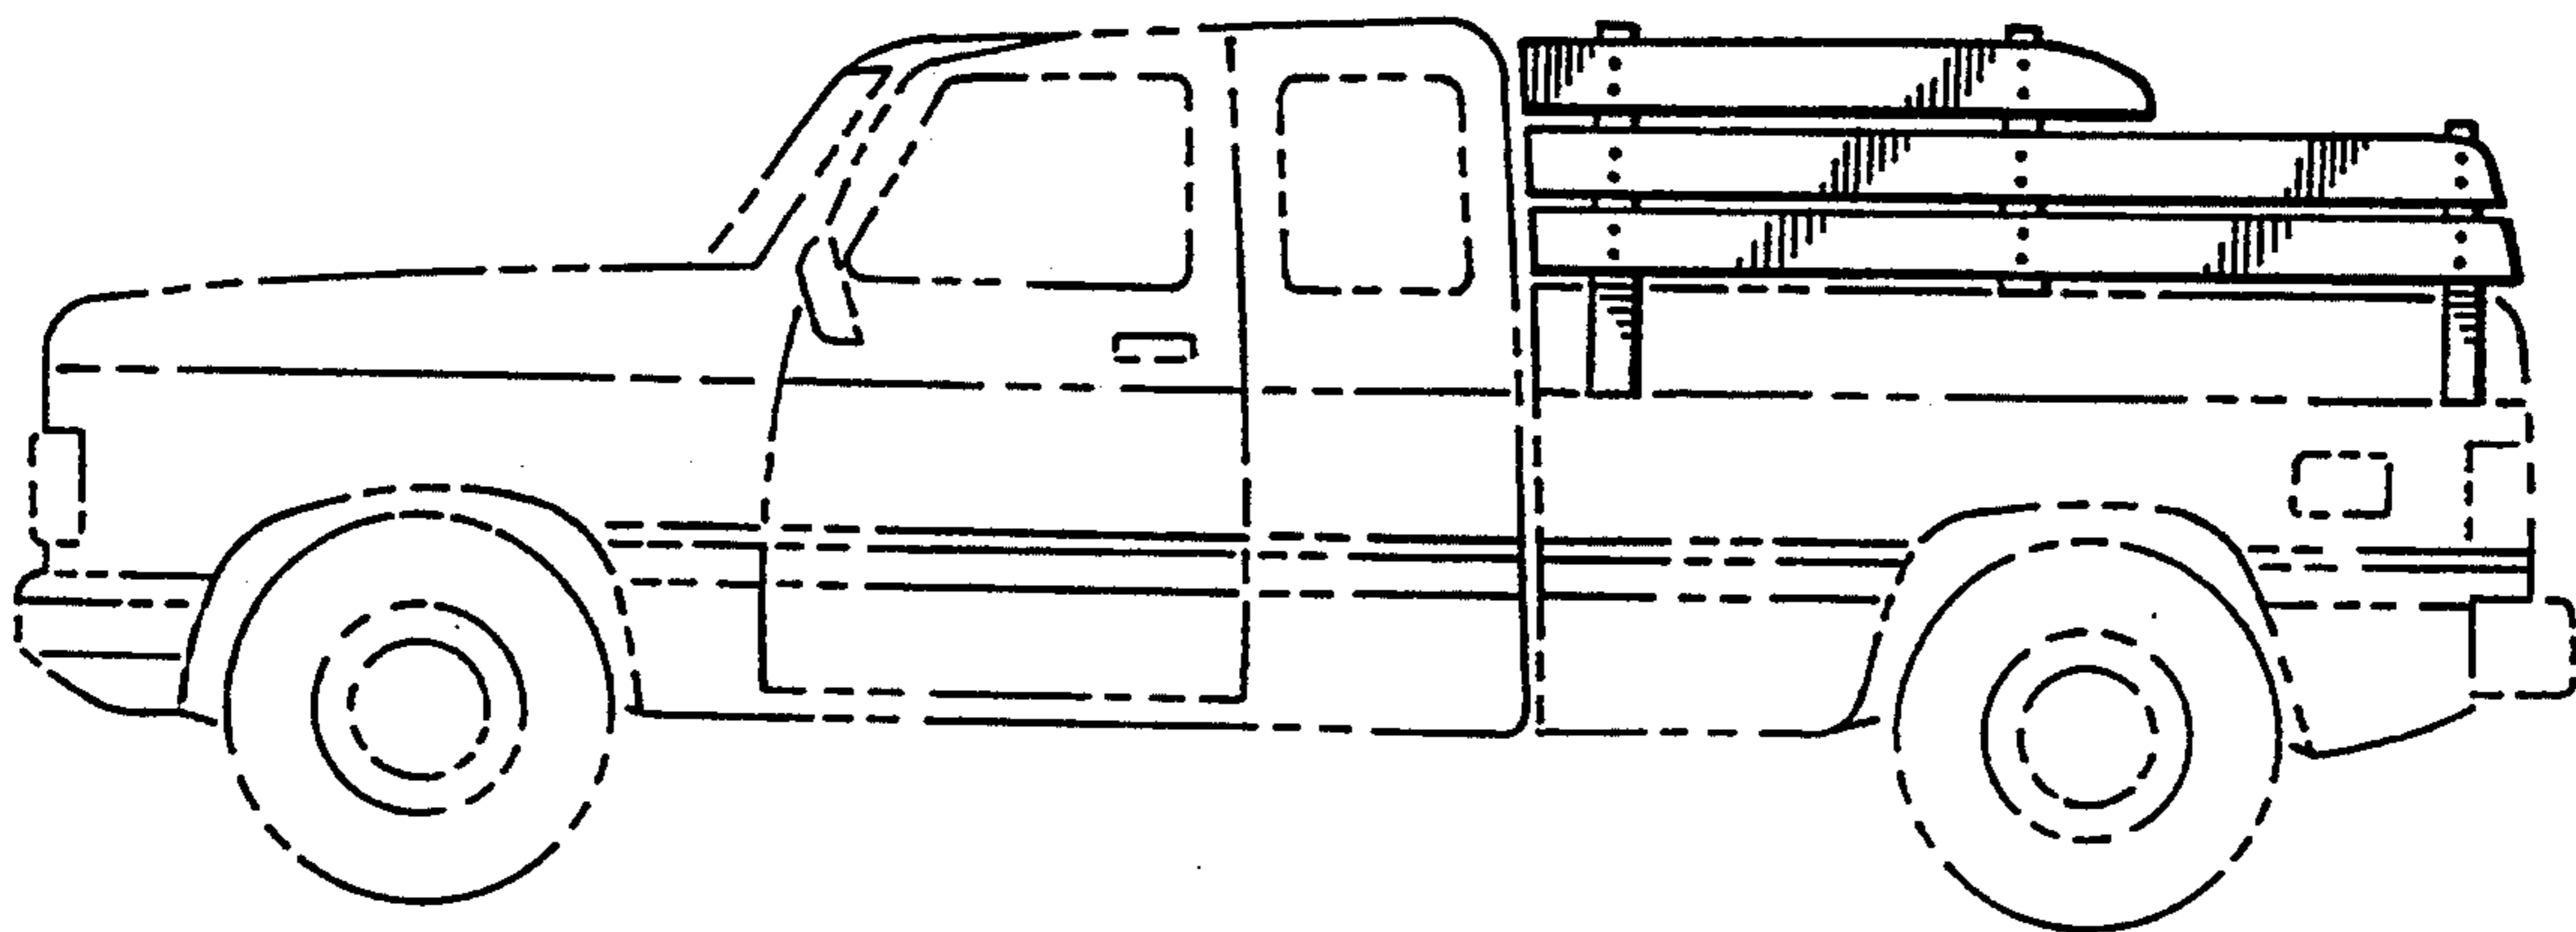

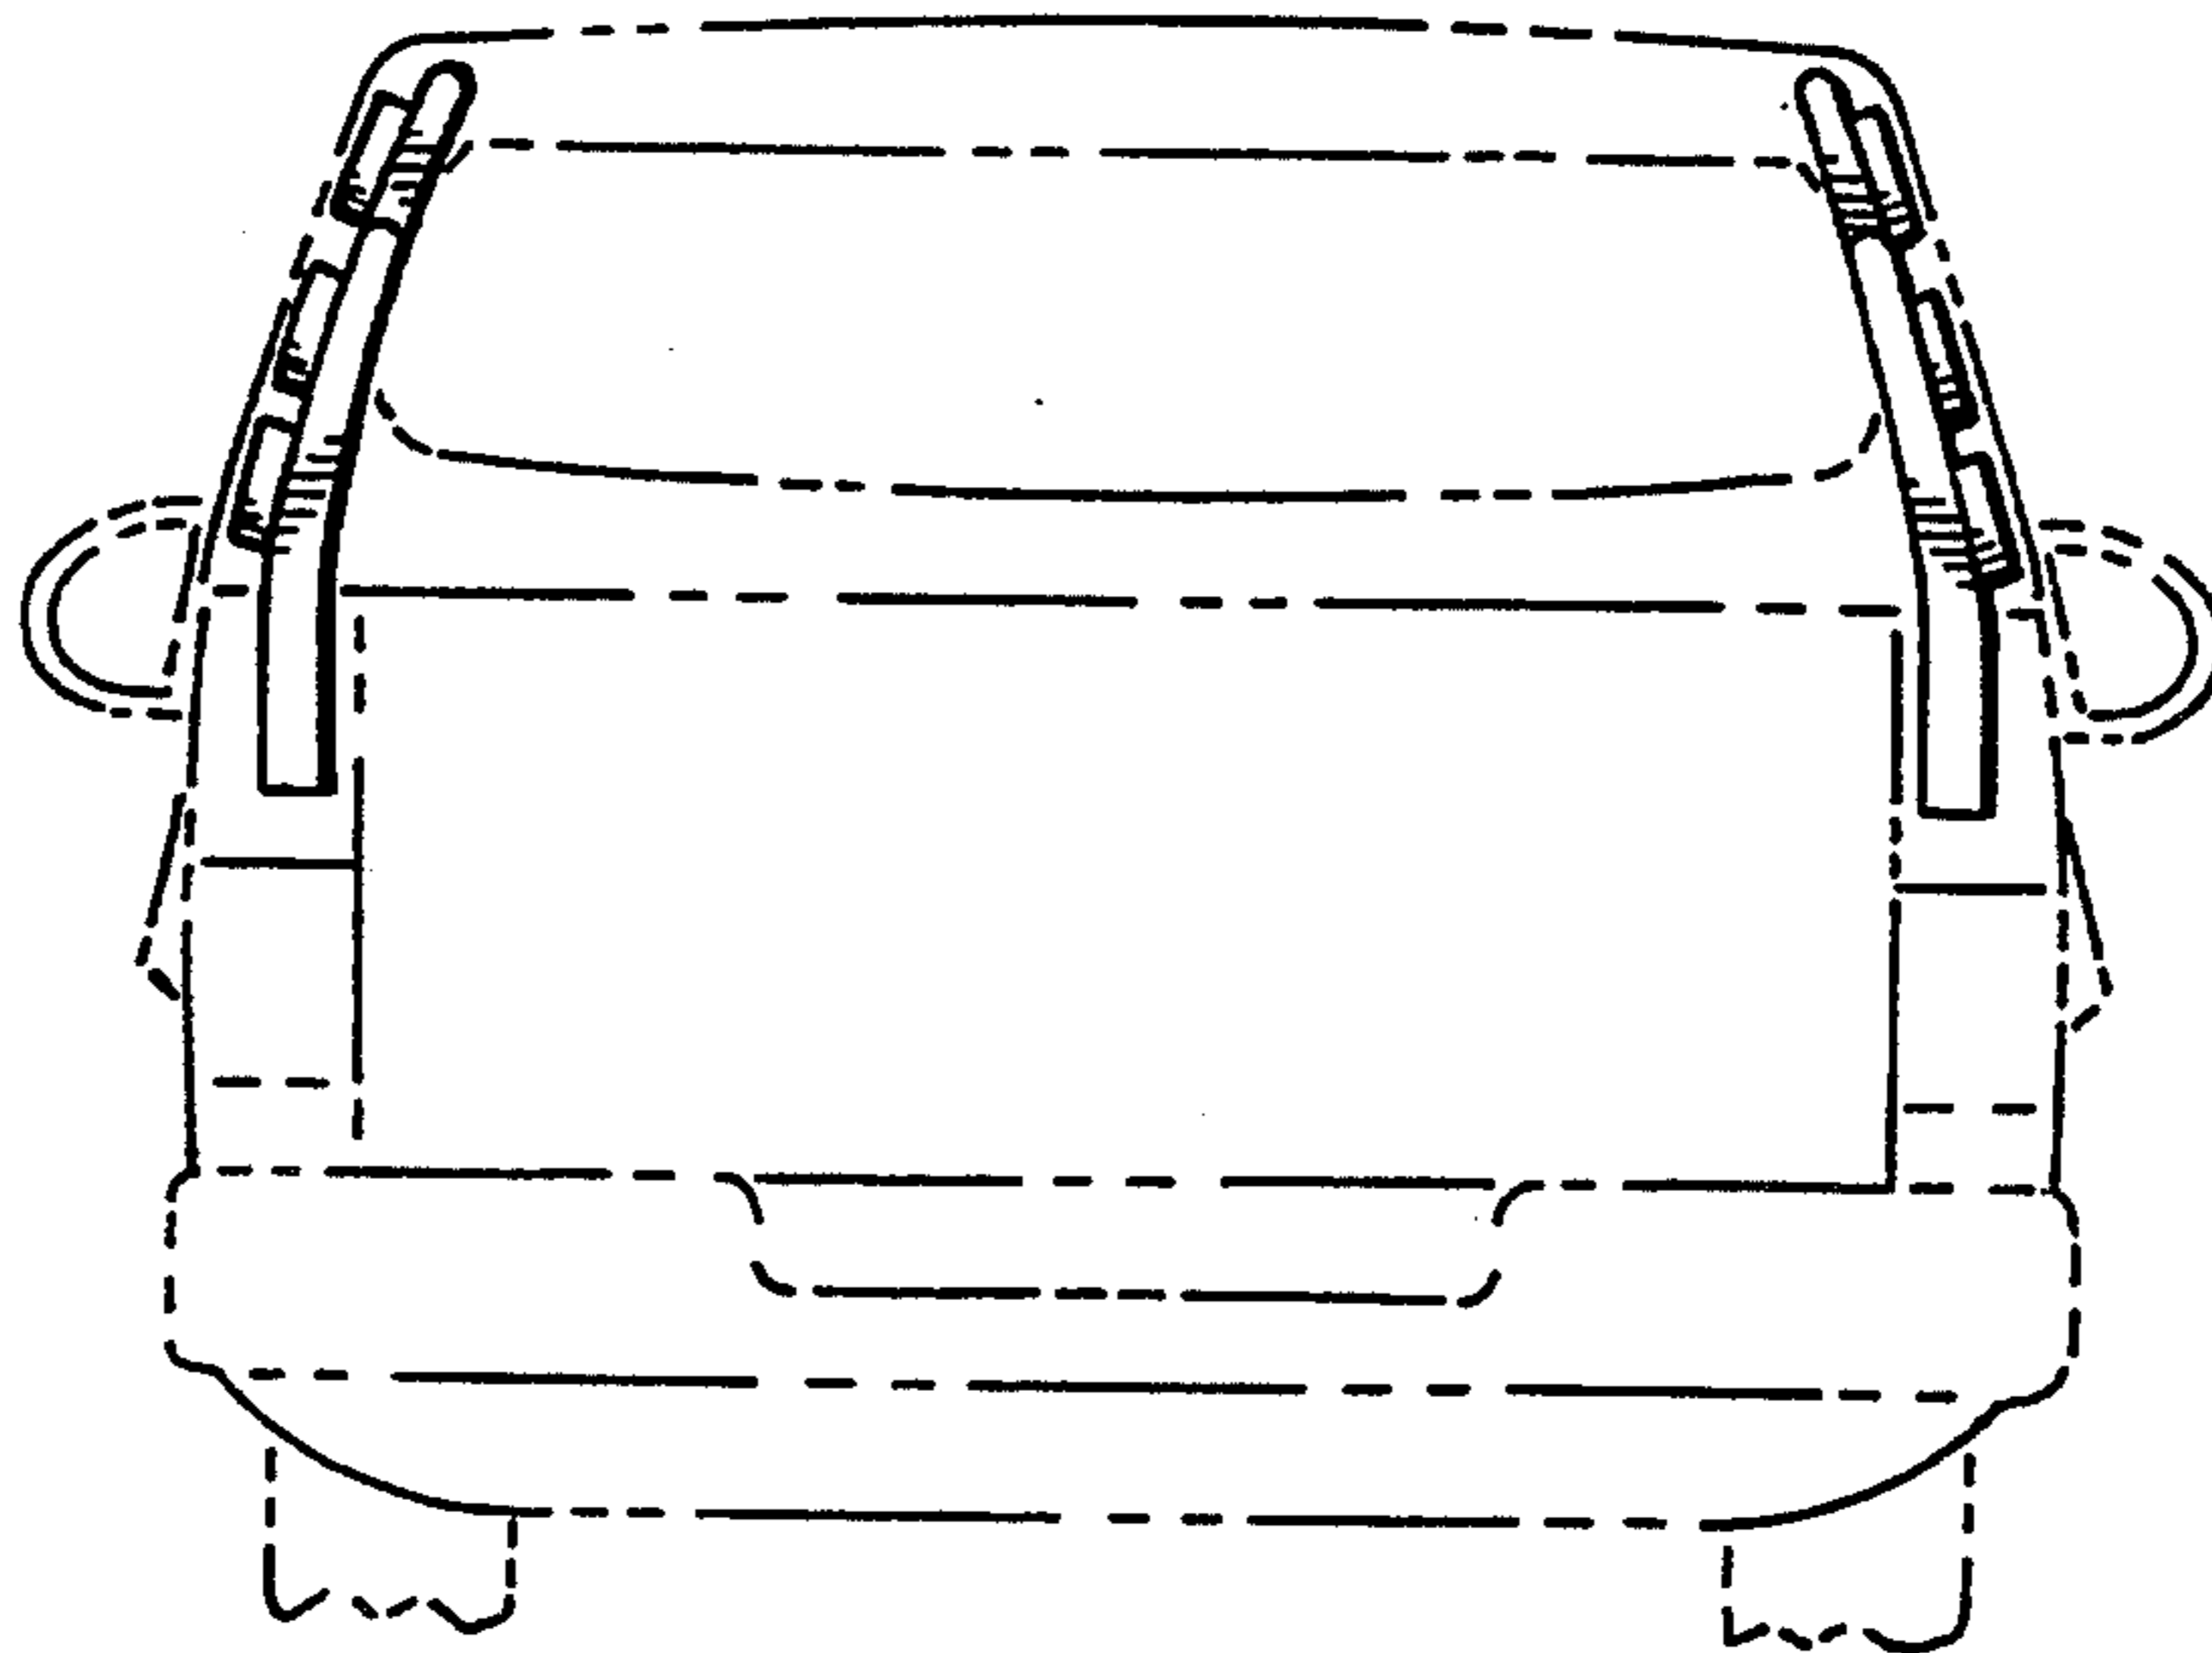

FIG. 1

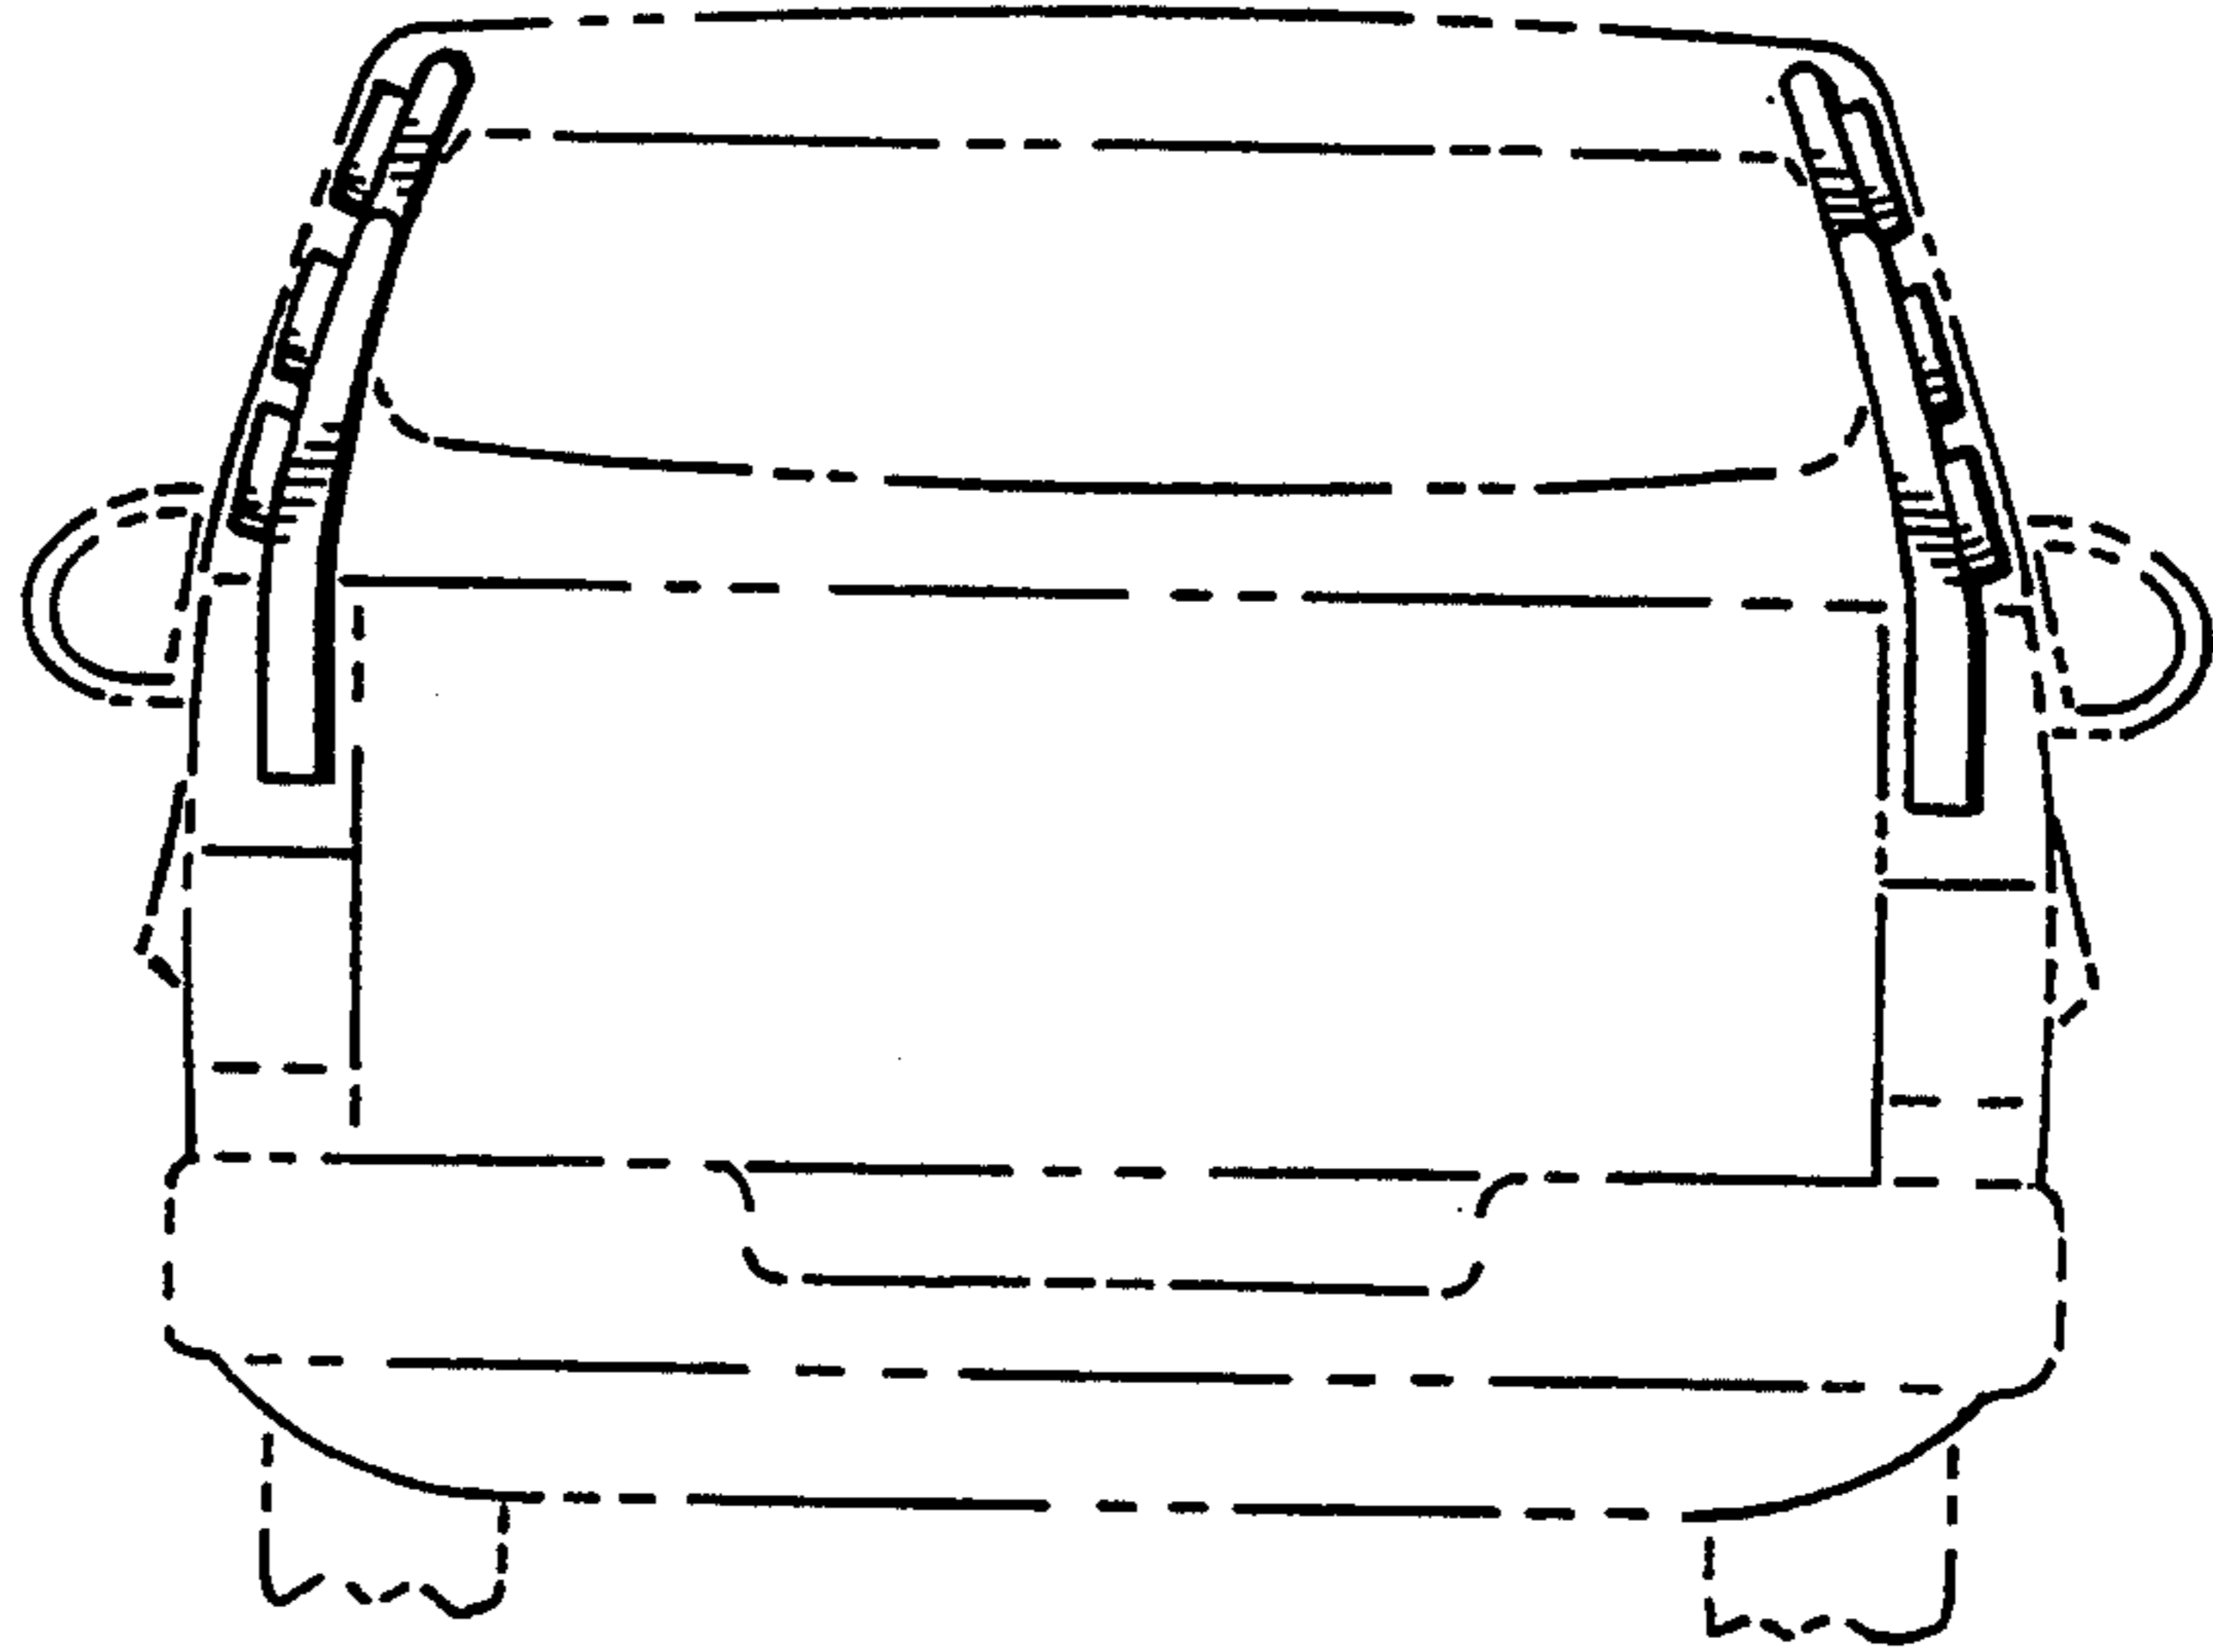

FIG. 2

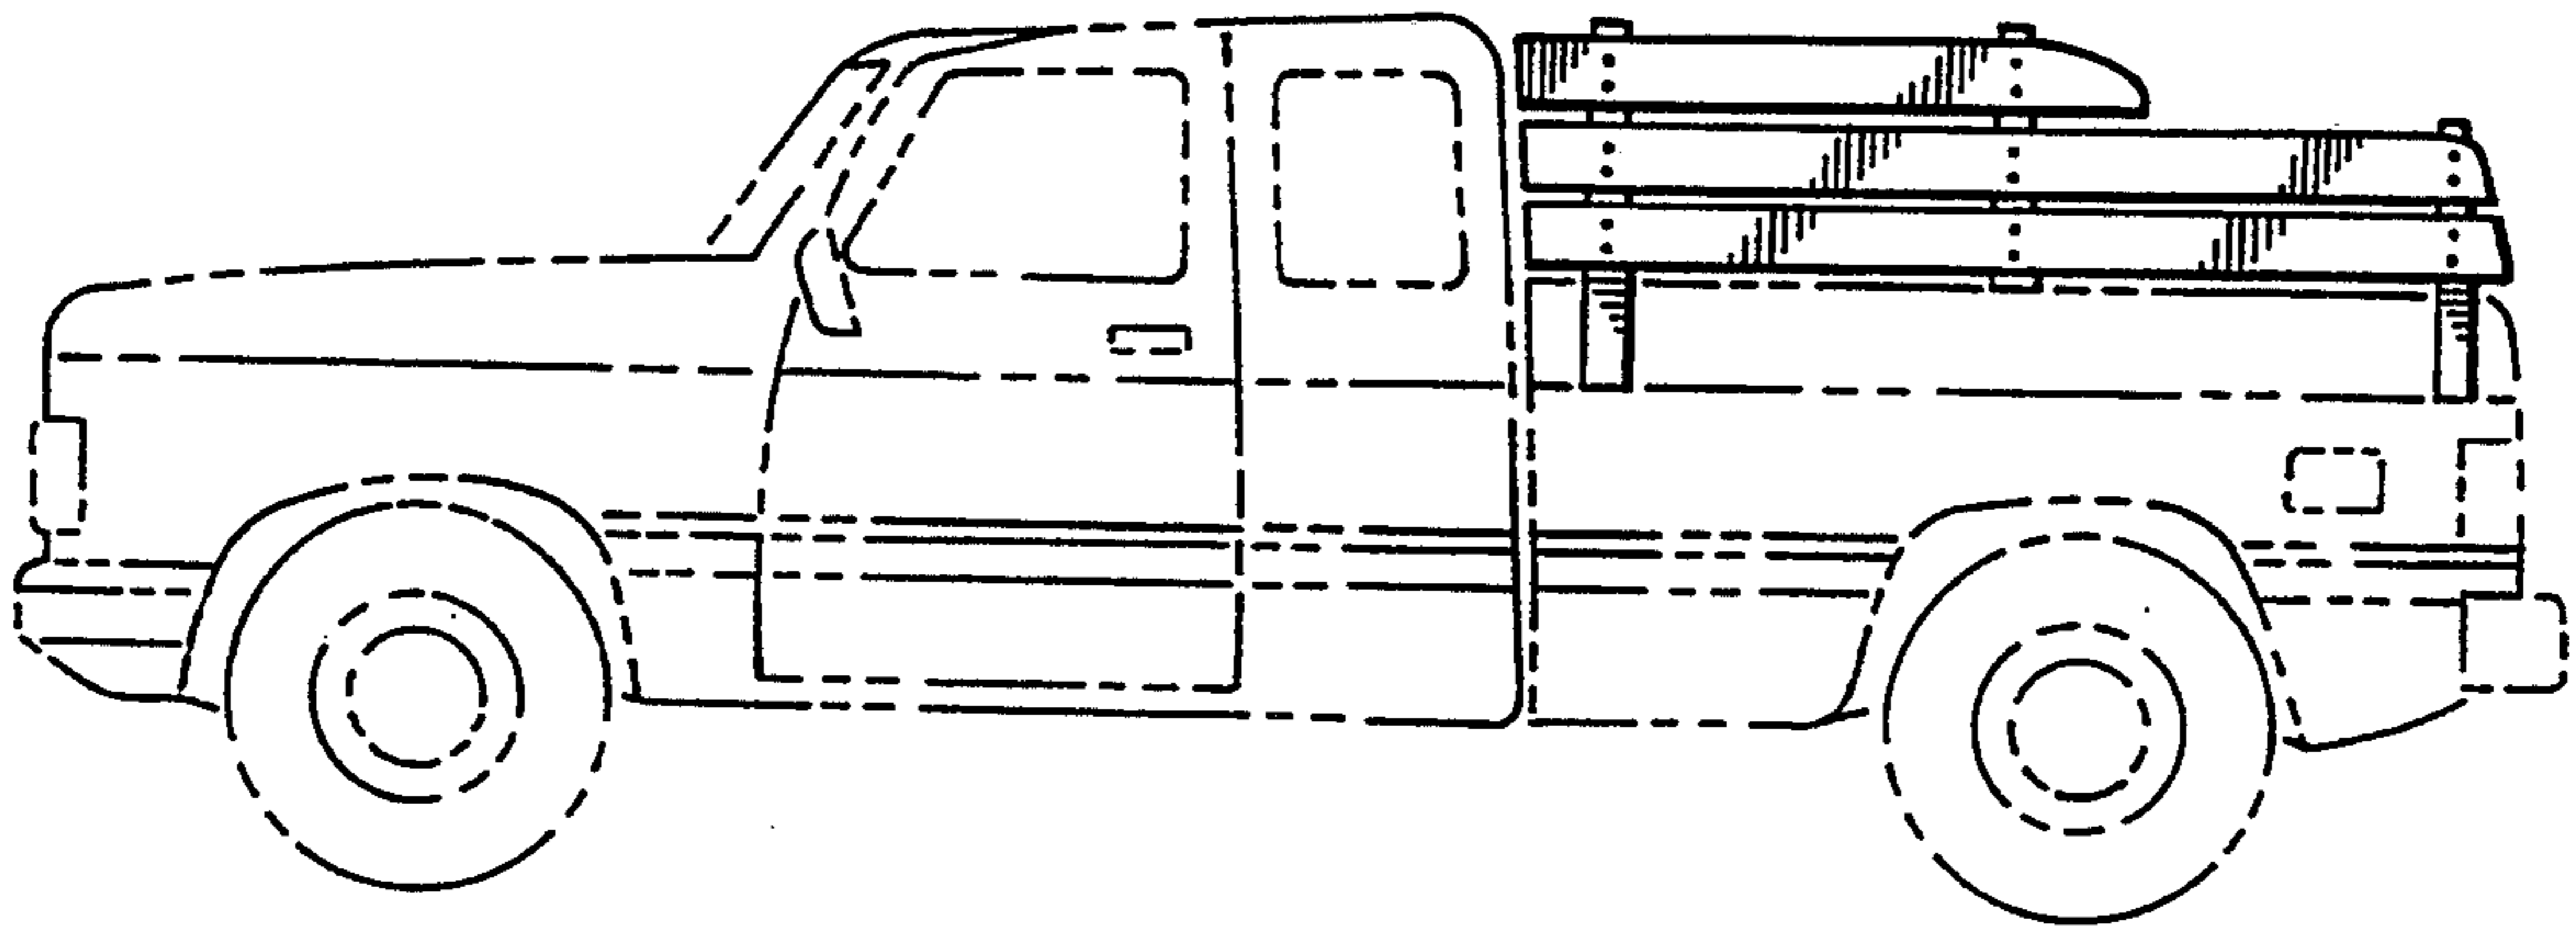

FIG. 3

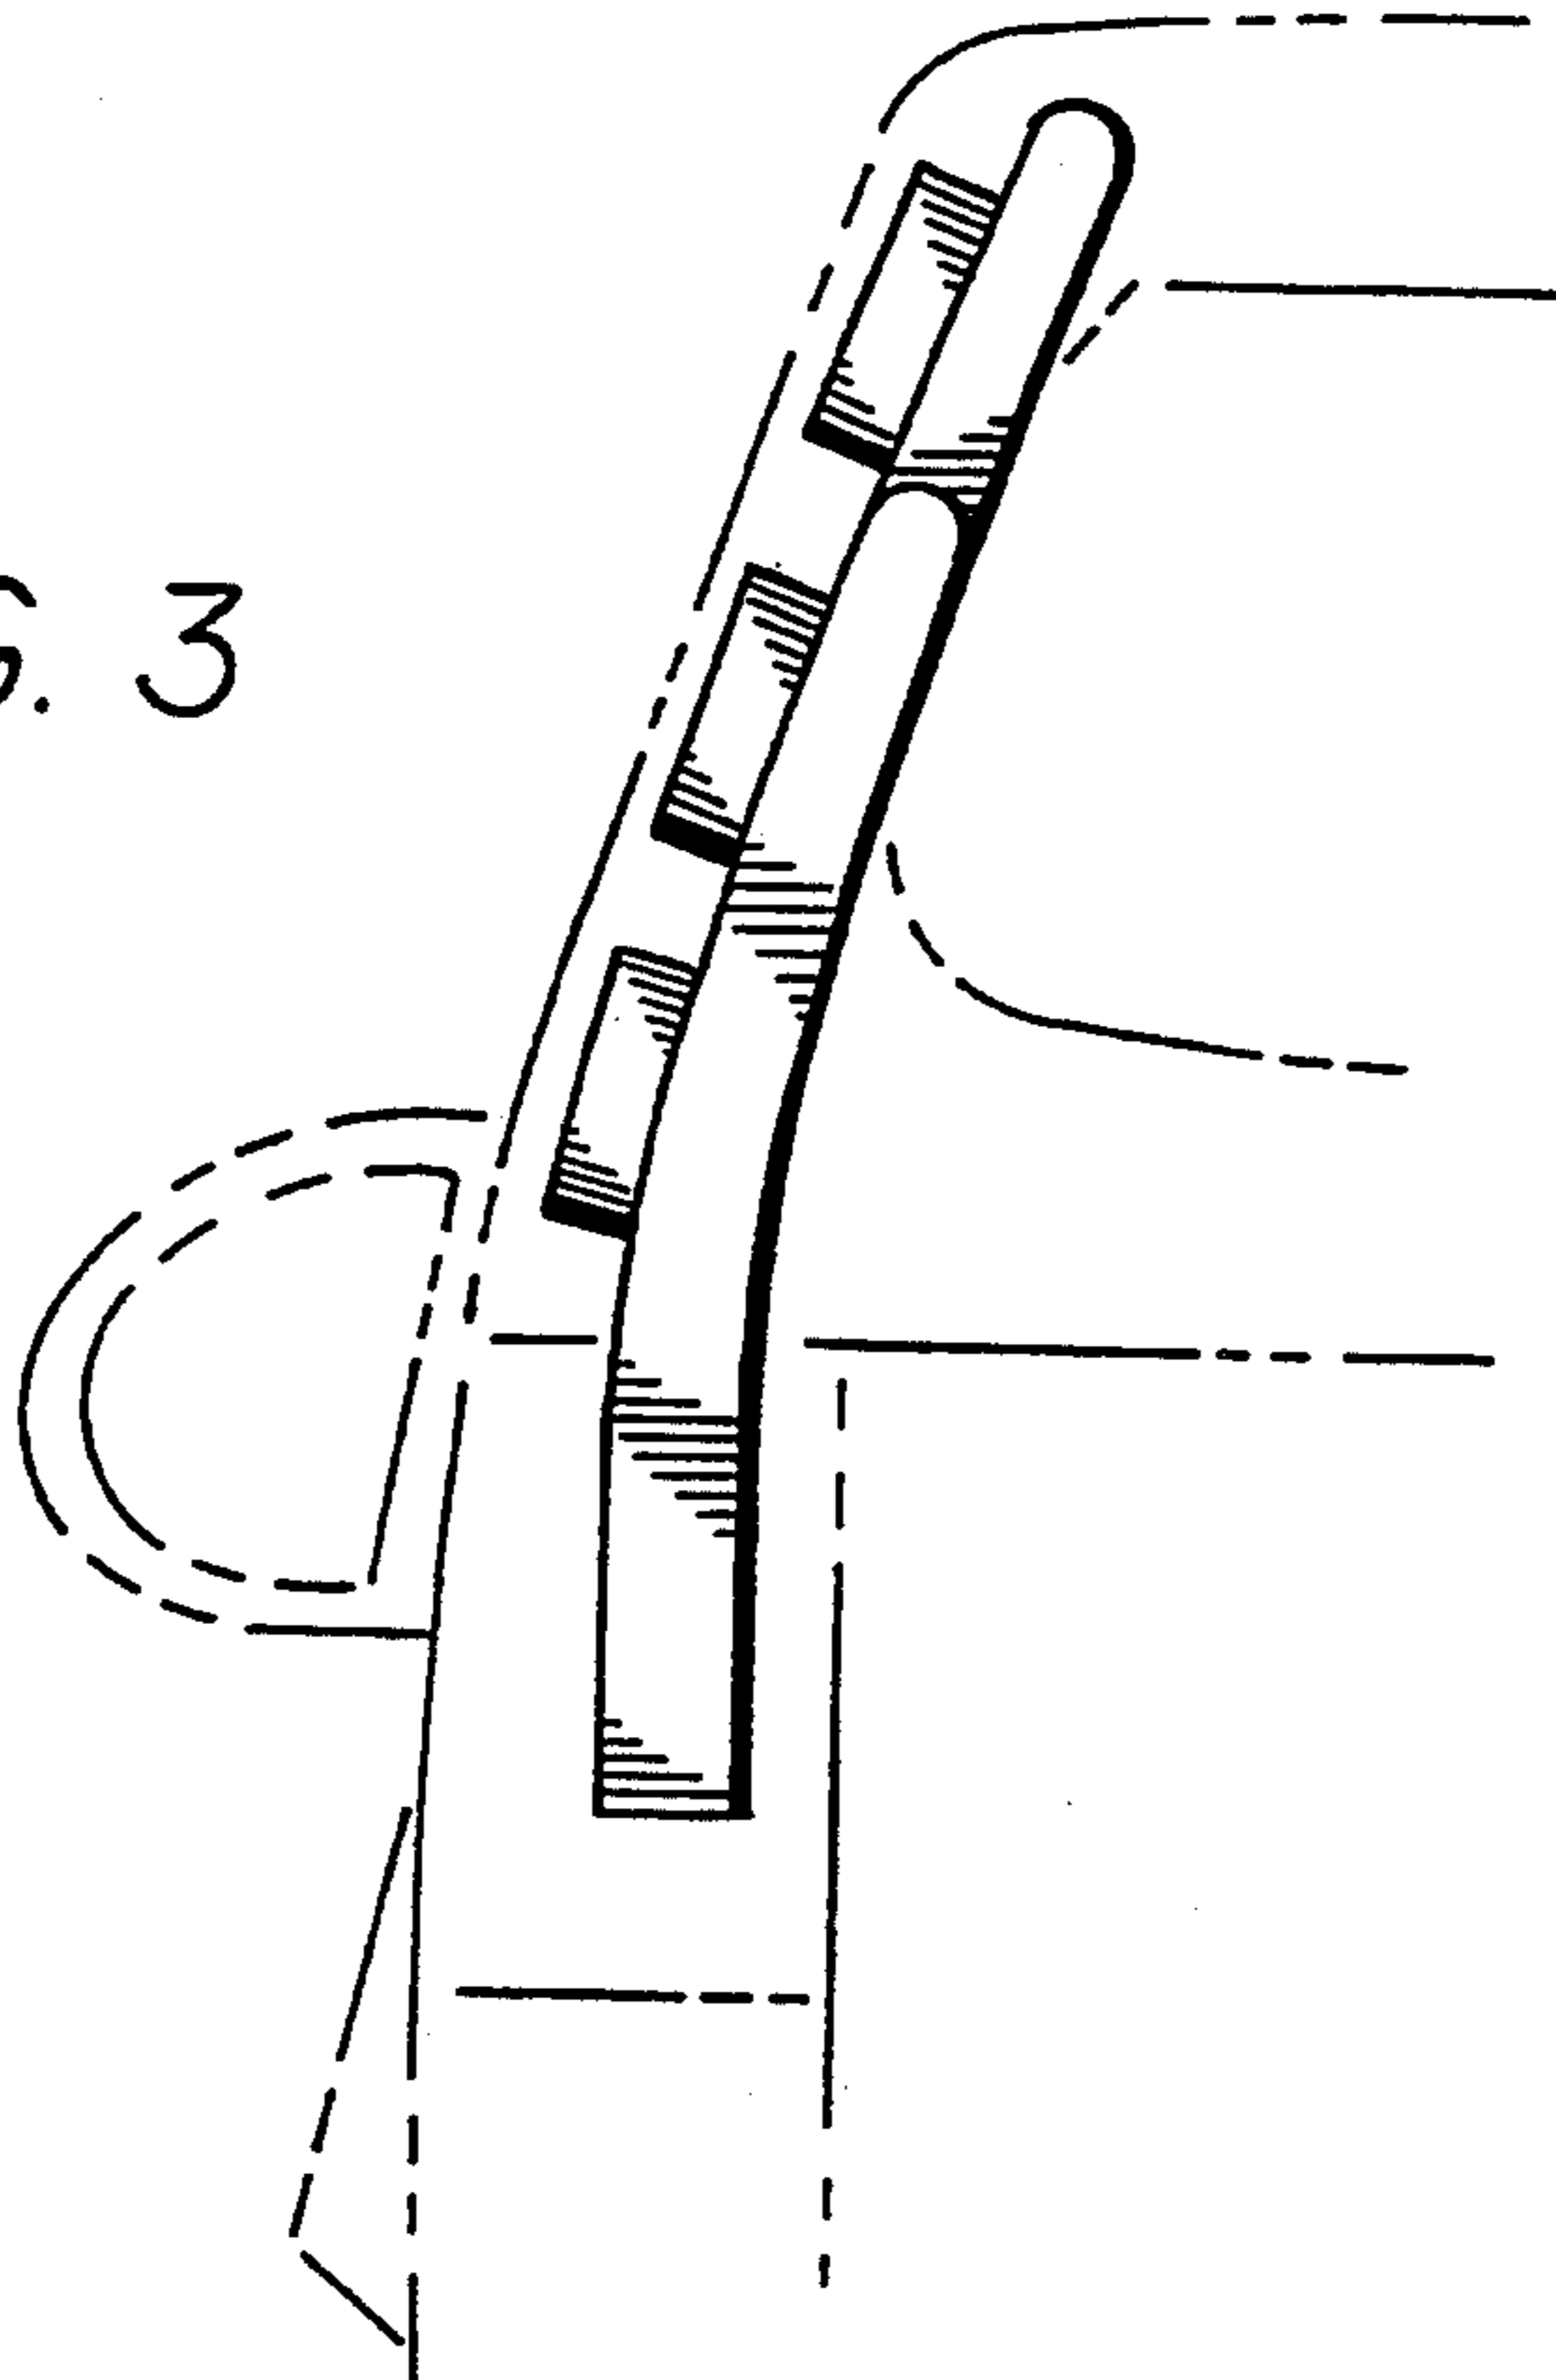

FIG. 4

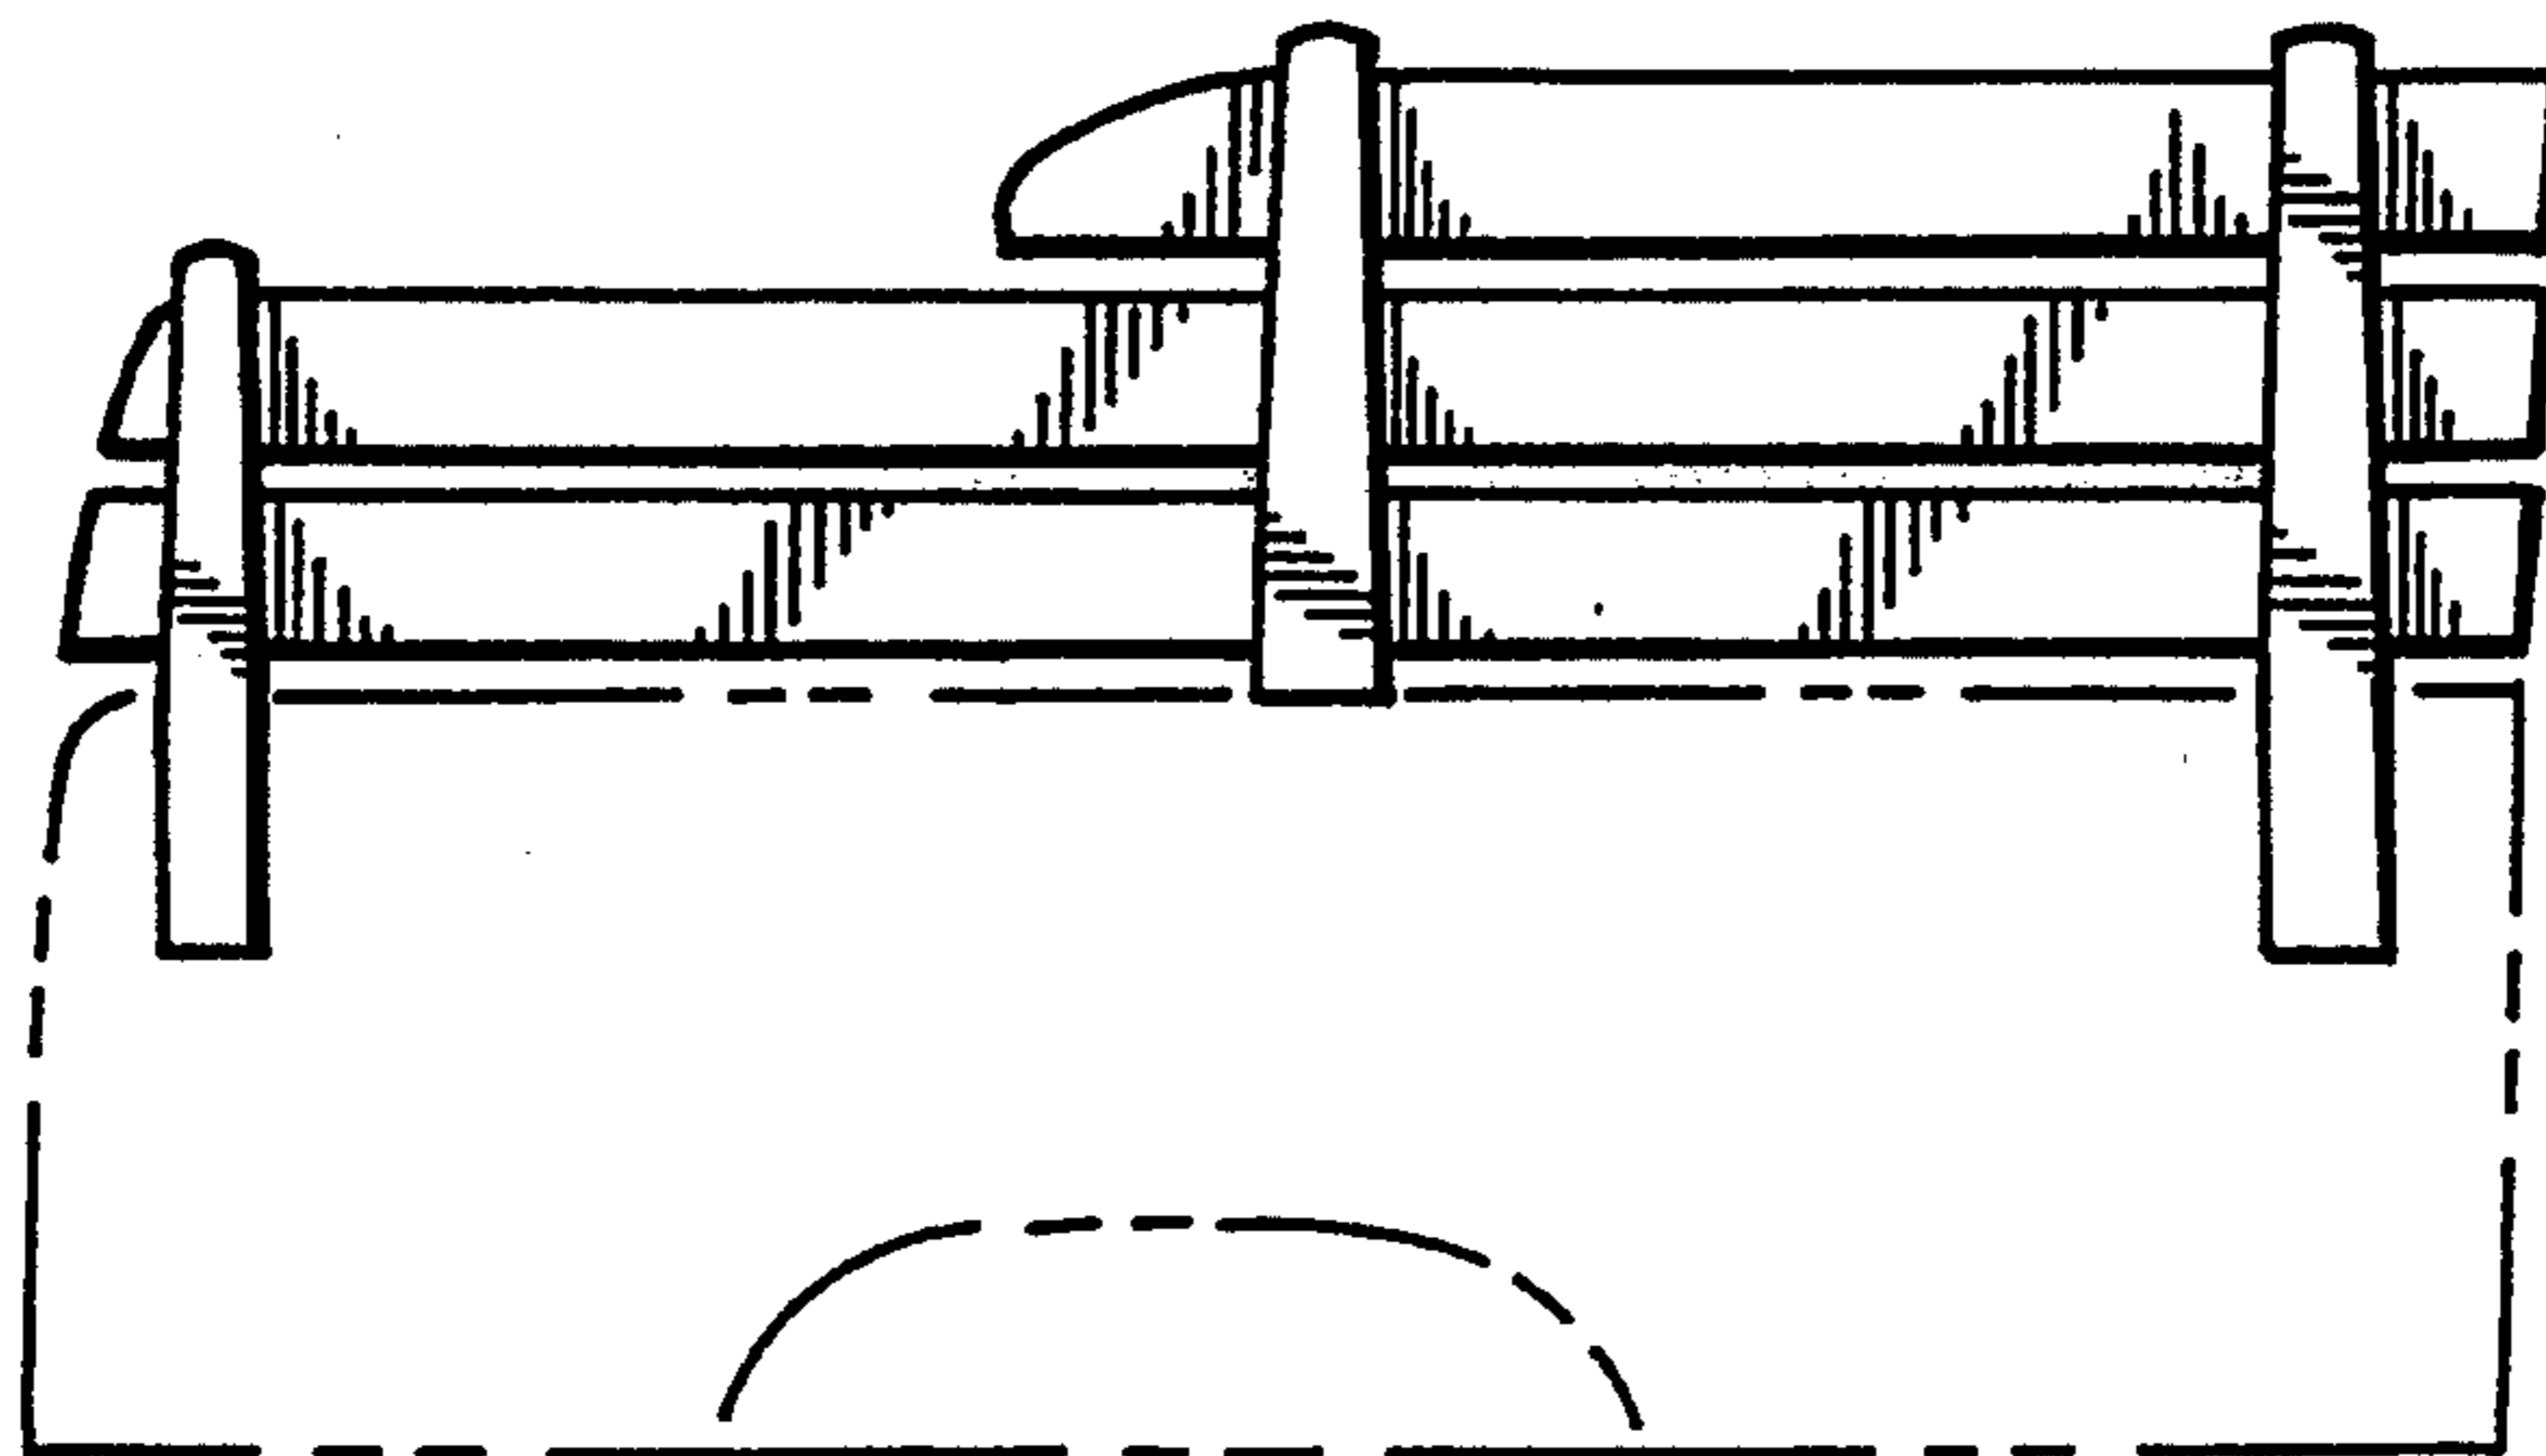

FIG. 5
