[57] CLAIM

The ornamental design for a combined protective apron for the rear end of an automobile and article cover for the trunk thereof, as shown and described

DESCRIPTION

FIG. 1 is a perspective view of a combined protective apron for the rear end of an automobile and article cover for the trunk thereof showing my new design, with the apron in horizontal, extended condition; FIG. 2 is a bottom plan view, rotated 180° relative to the longitudinal plane of FIG. 1, showing the apron in horizontal, extended condition; FIG. 3 is a top plan view of FIG. 2; FIG. 4 is a side elevational view of FIG. 3; FIG. 5 is a side elevational view opposite to that shown in FIG. 3 on a reduced scale in position of use as an article cover in the trunk of an automobile; and, FIG. 6 is another side elevational view opposite to that shown in FIG. 3 on a reduced scale in position of use as a protective apron for the rear end of an automobile. The broken line showing of a portion of an automobile in FIGS. 5 and 6 of the drawing is for illustrative purposes only and forms no part of the claimed design.
