Primary Examiner—Stella Reid

[57] CLAIM

The ornamental design of a body aligner, as shown and described.

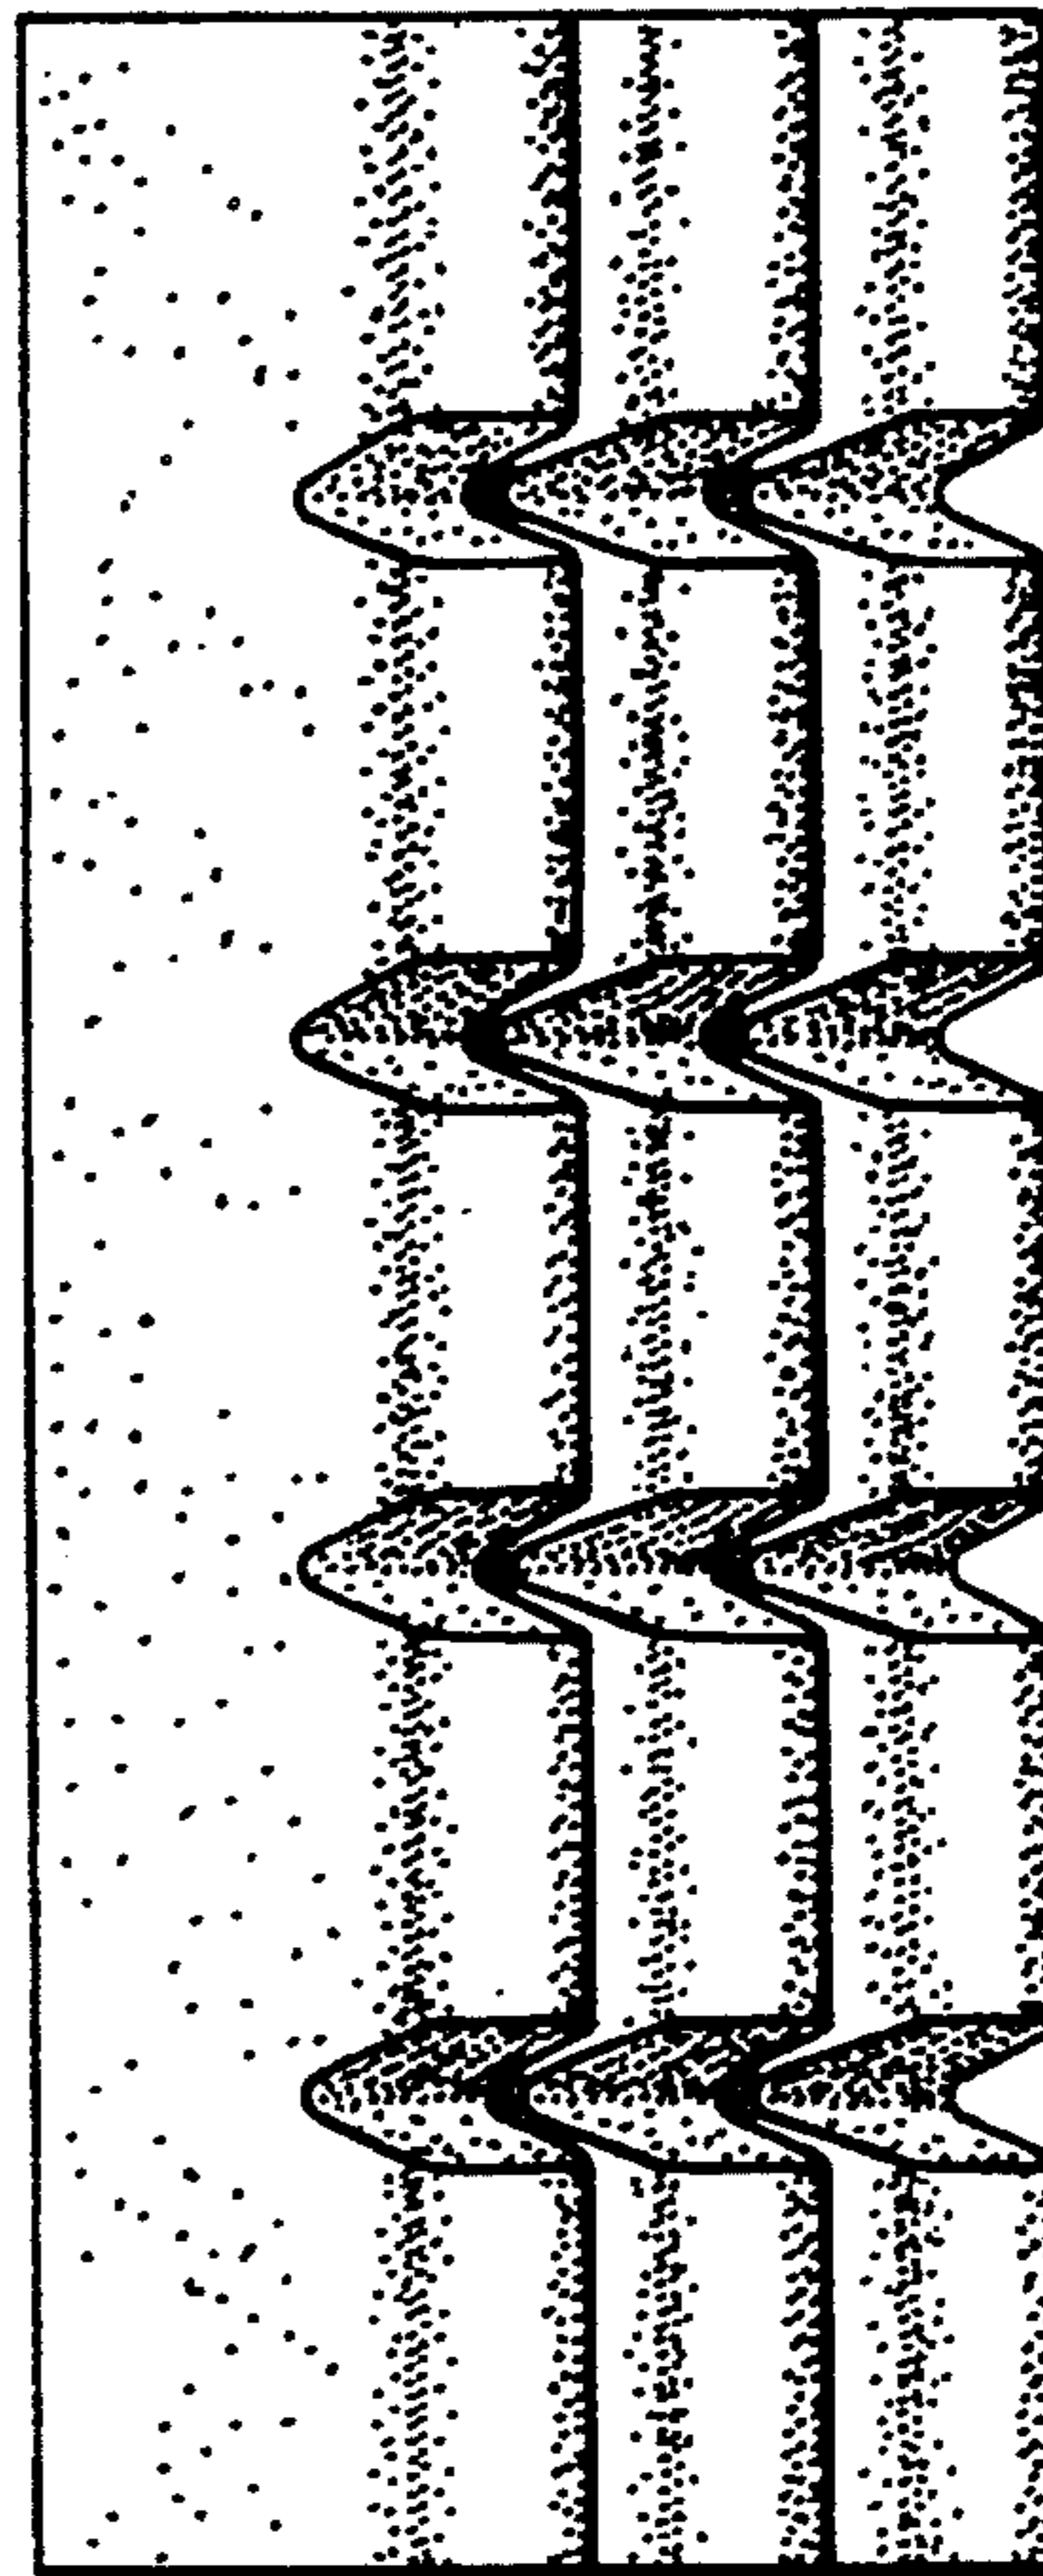

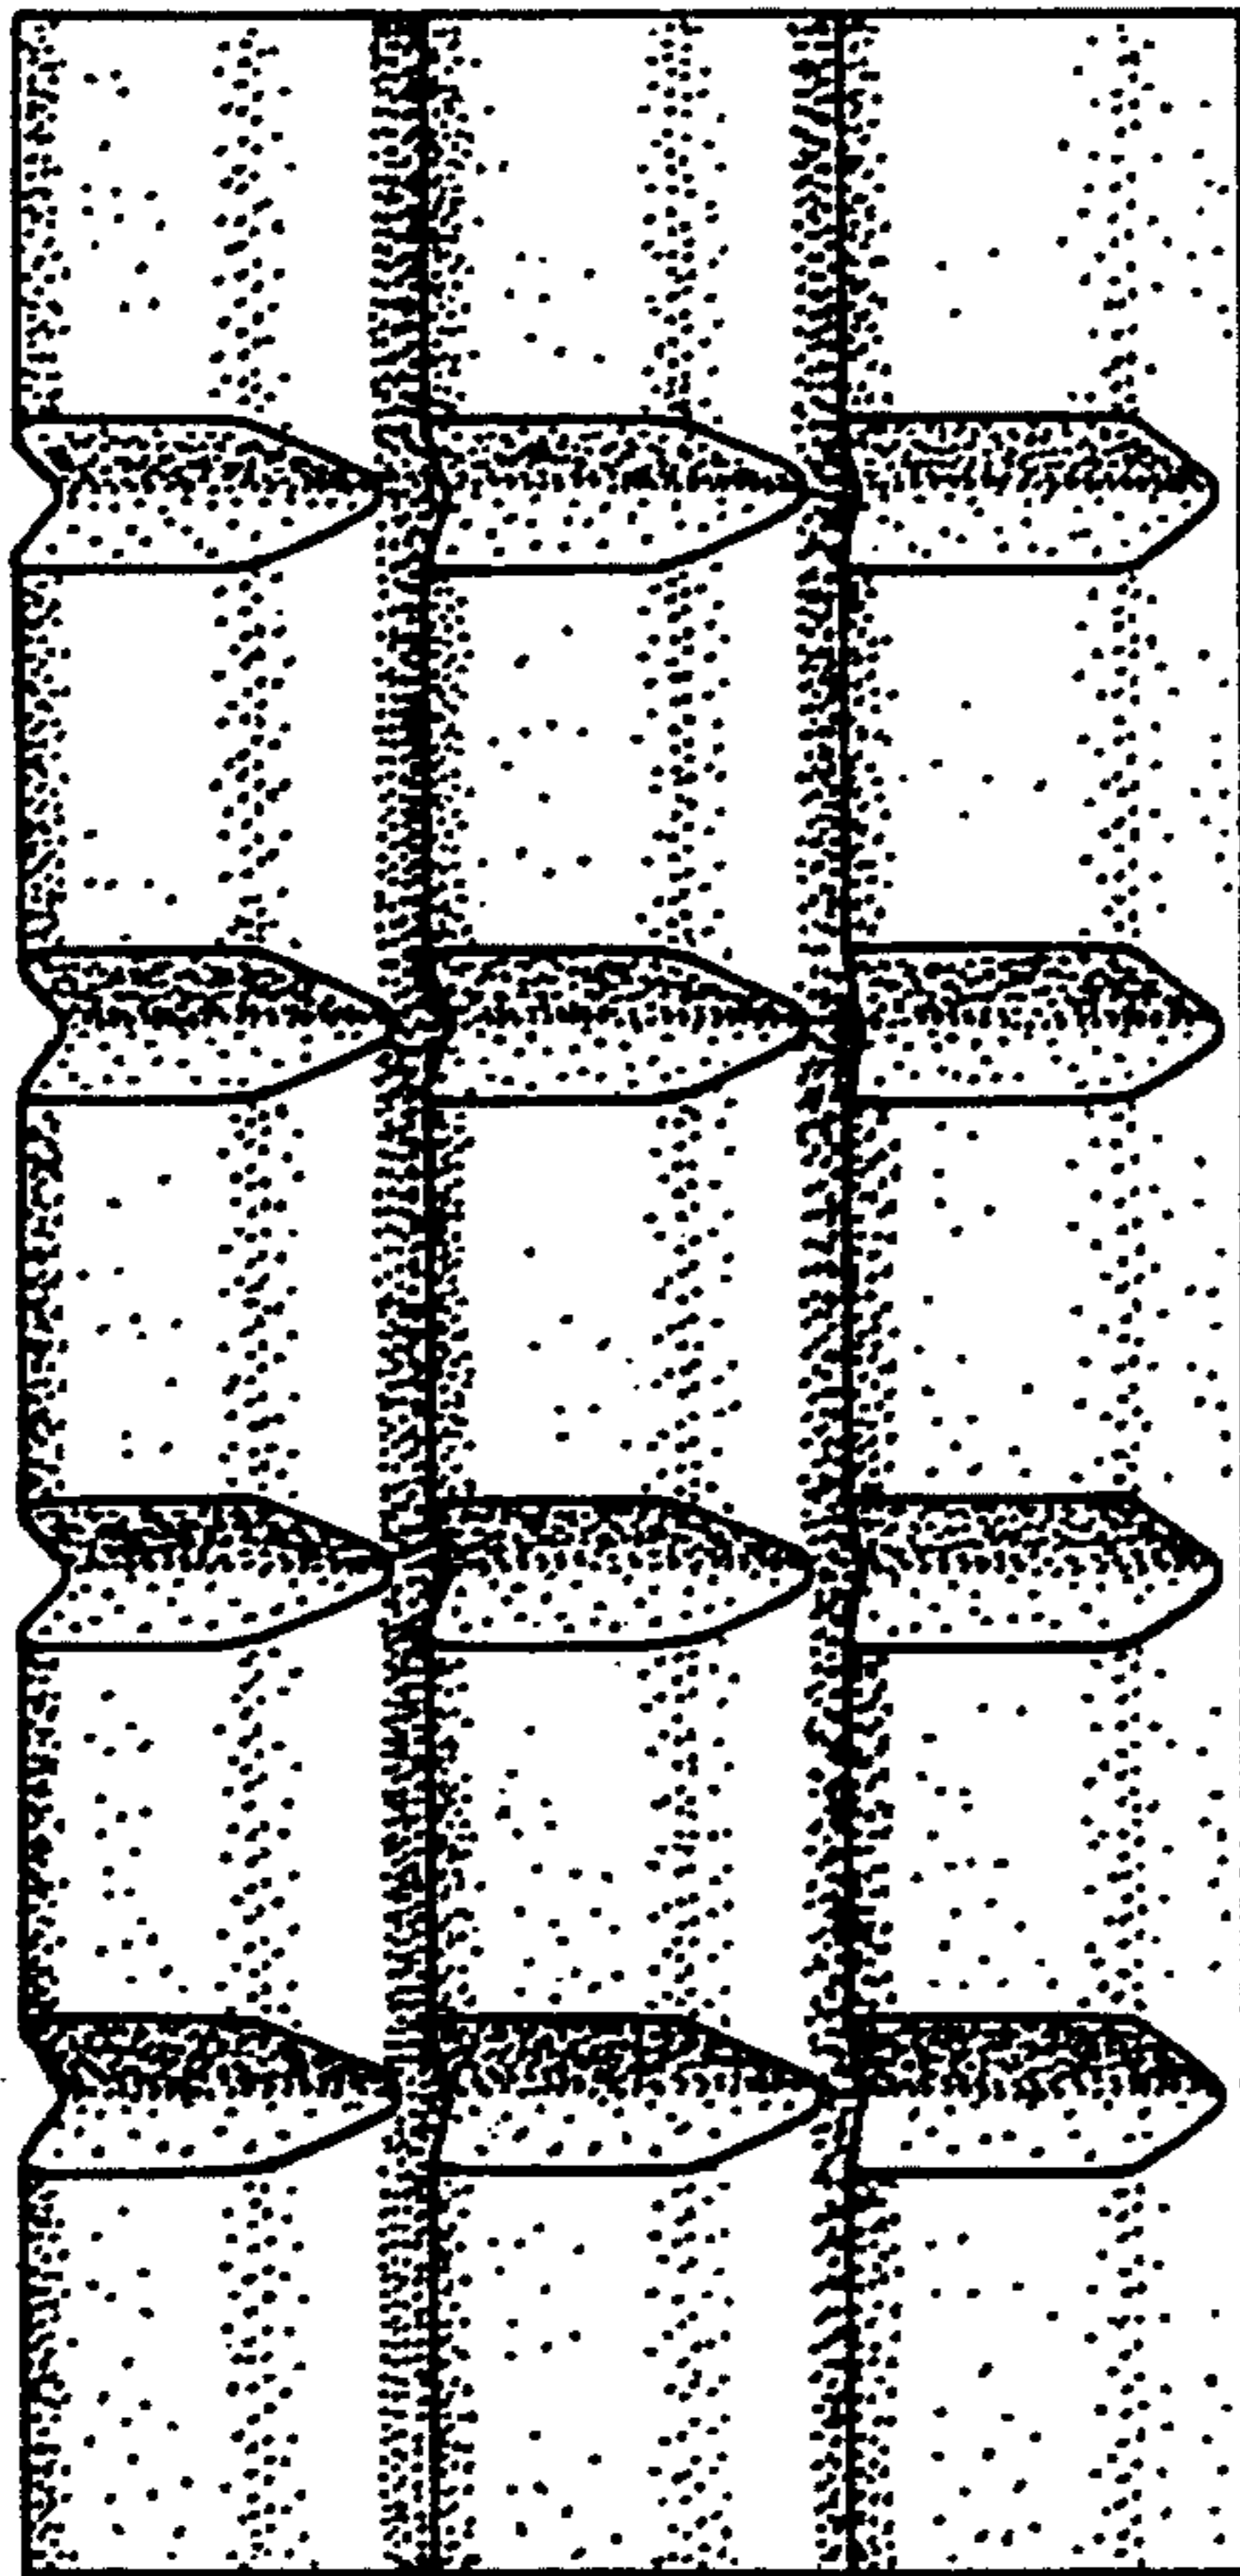

DESCRIPTION

FIG. 1 is a front elevational view of a body aligner embodying the design of the present invention; FIG. 2 is a right side elevational view thereof; FIG. 3 is a bottom end elevational view thereof, which is identical in appearance to the reverse of the top elevational view thereof; FIG. 4 is a back elevational view thereof; and, FIG. 5 is a left side elevational view thereof.
