[57] CLAIM

The ornamental design for the bottle holder for suckling animals, as shown and described.

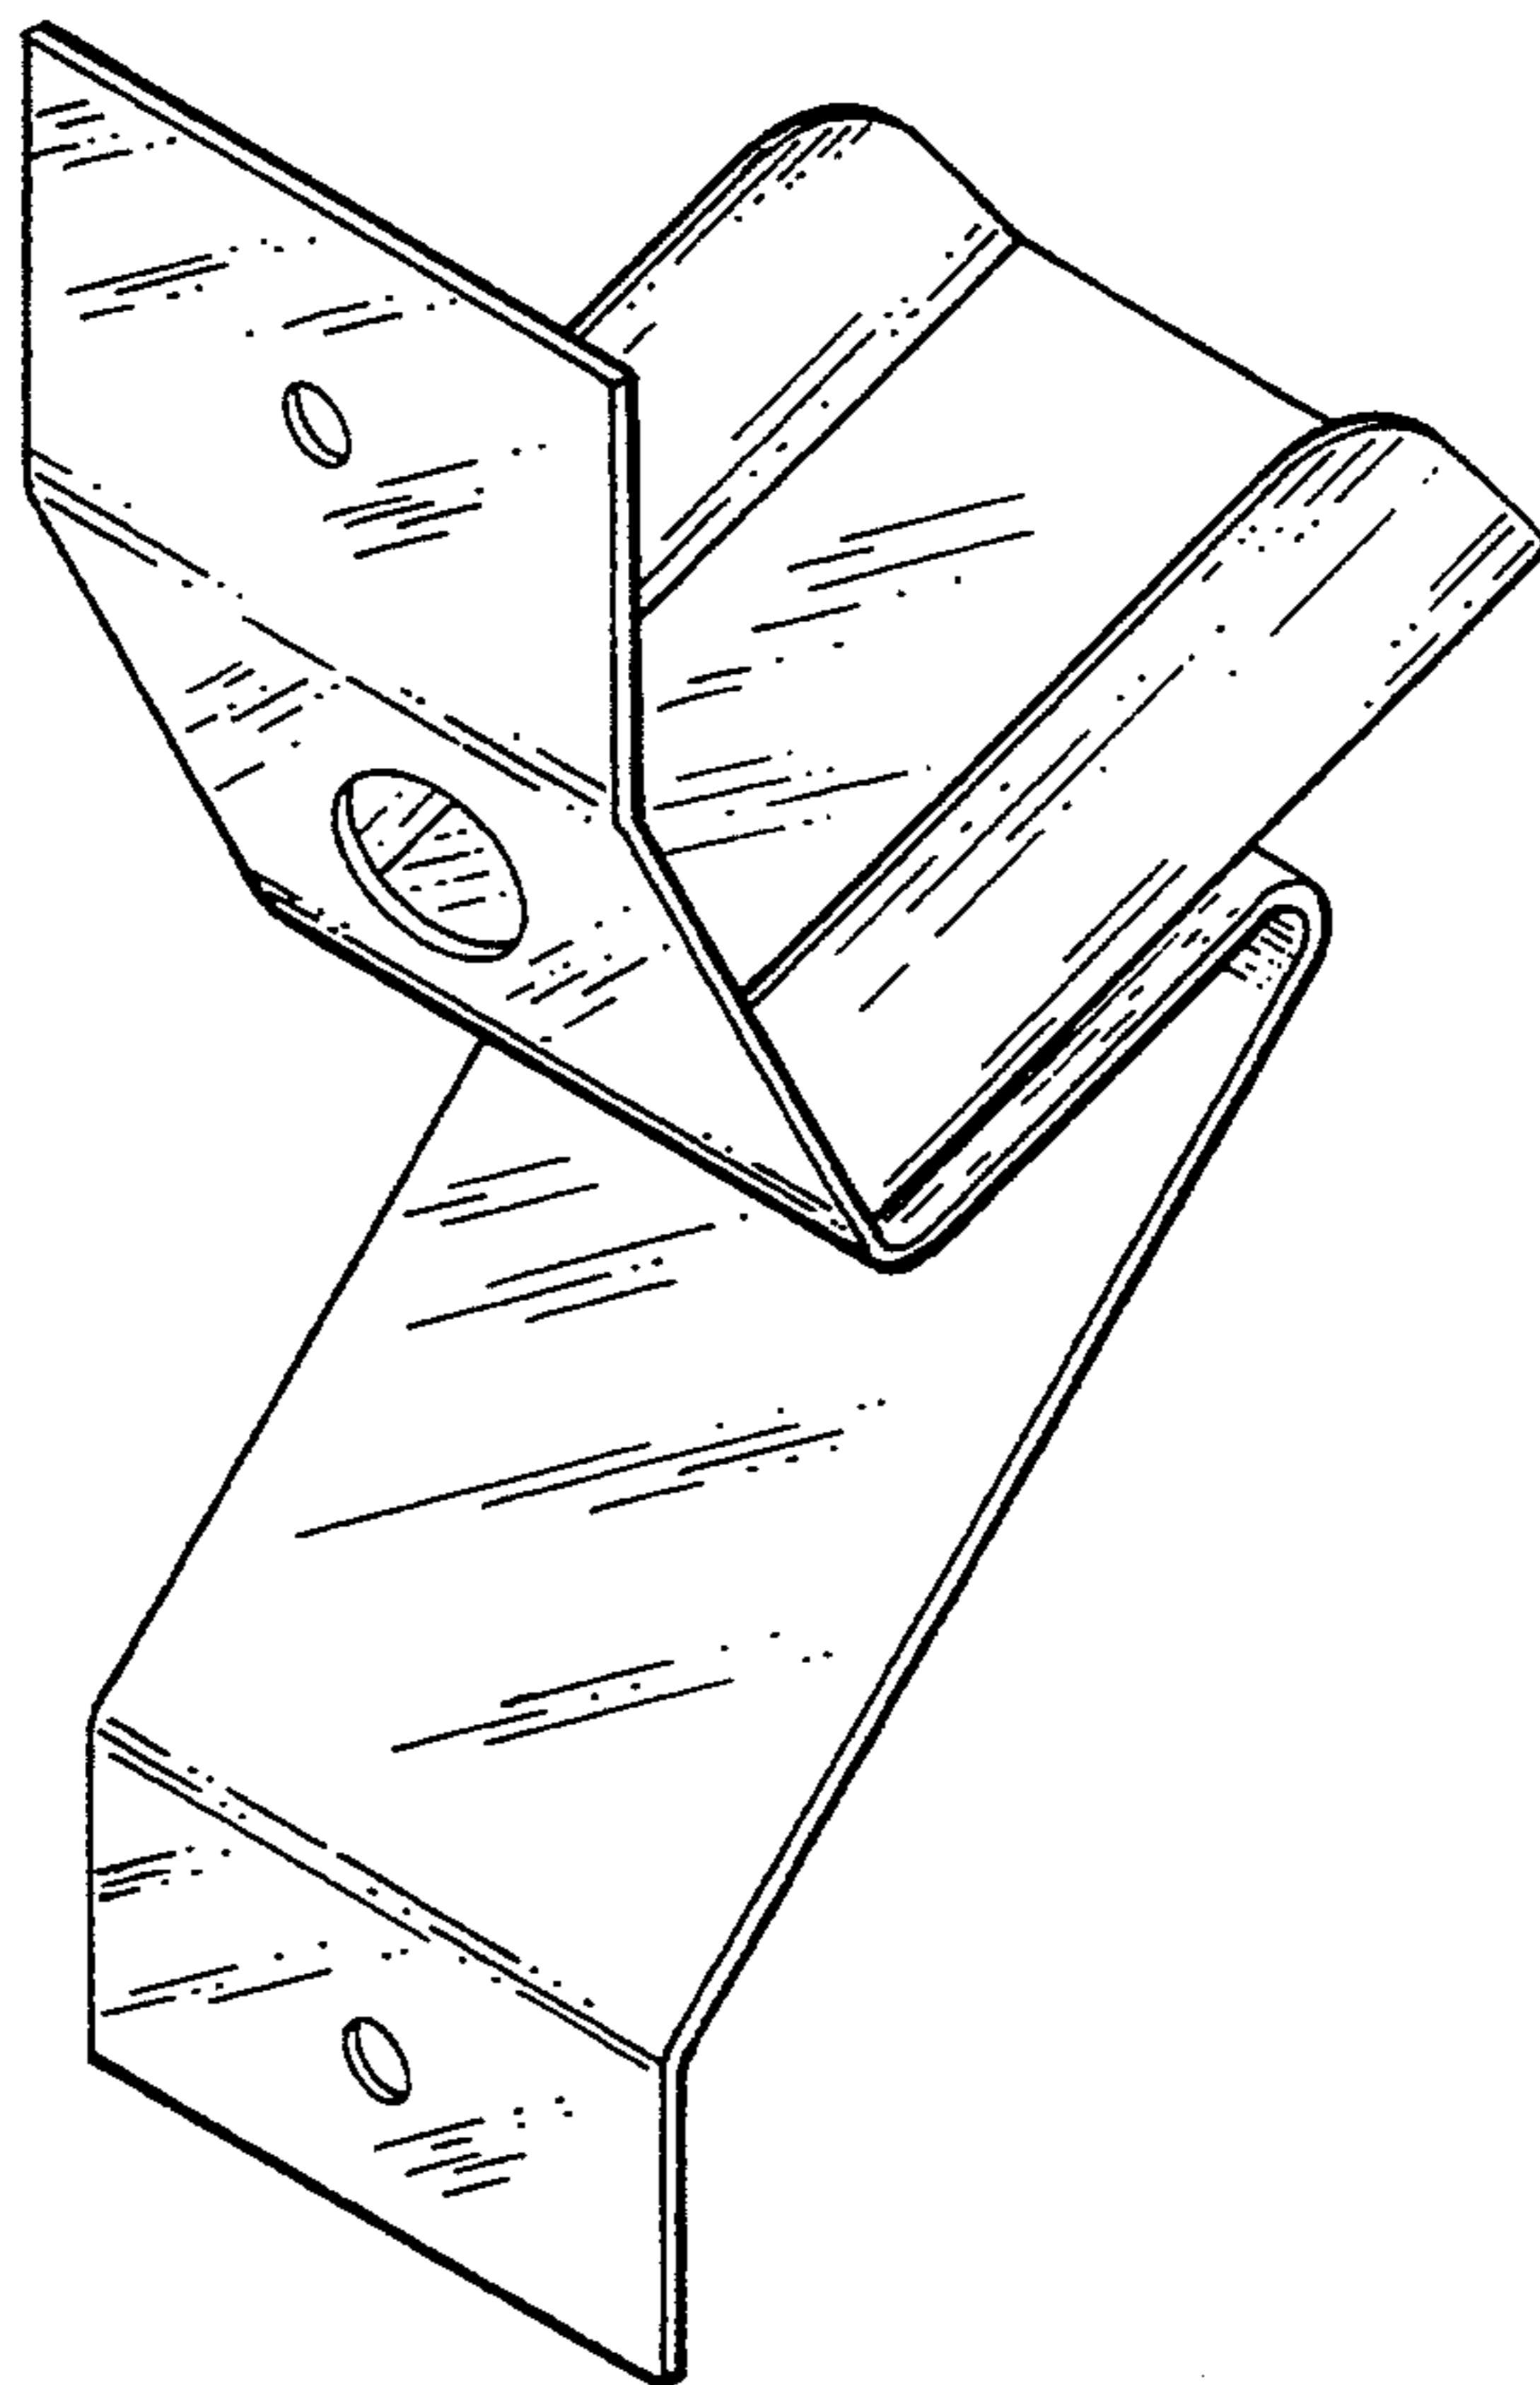

DESCRIPTION

FIG. 1 is an enlarged perspective view of the bottle holder for suckling animals, in accordance with the invention;
 FIG. 2 is a front elevation of the bottle holder of FIG. 1;
 FIG. 3 is a right side elevation of the bottle holder of FIG. 1, the left side being a mirror image of the side shown;
 FIG. 4 is an enlarged rear perspective view of the bottle holder of FIG. 1; and,
 FIG. 5 is a rear elevational view of the bottle holder of FIG. 1.
 The broken lines are for purposes of illustration only and form no part of the claimed design.
