[57] CLAIM

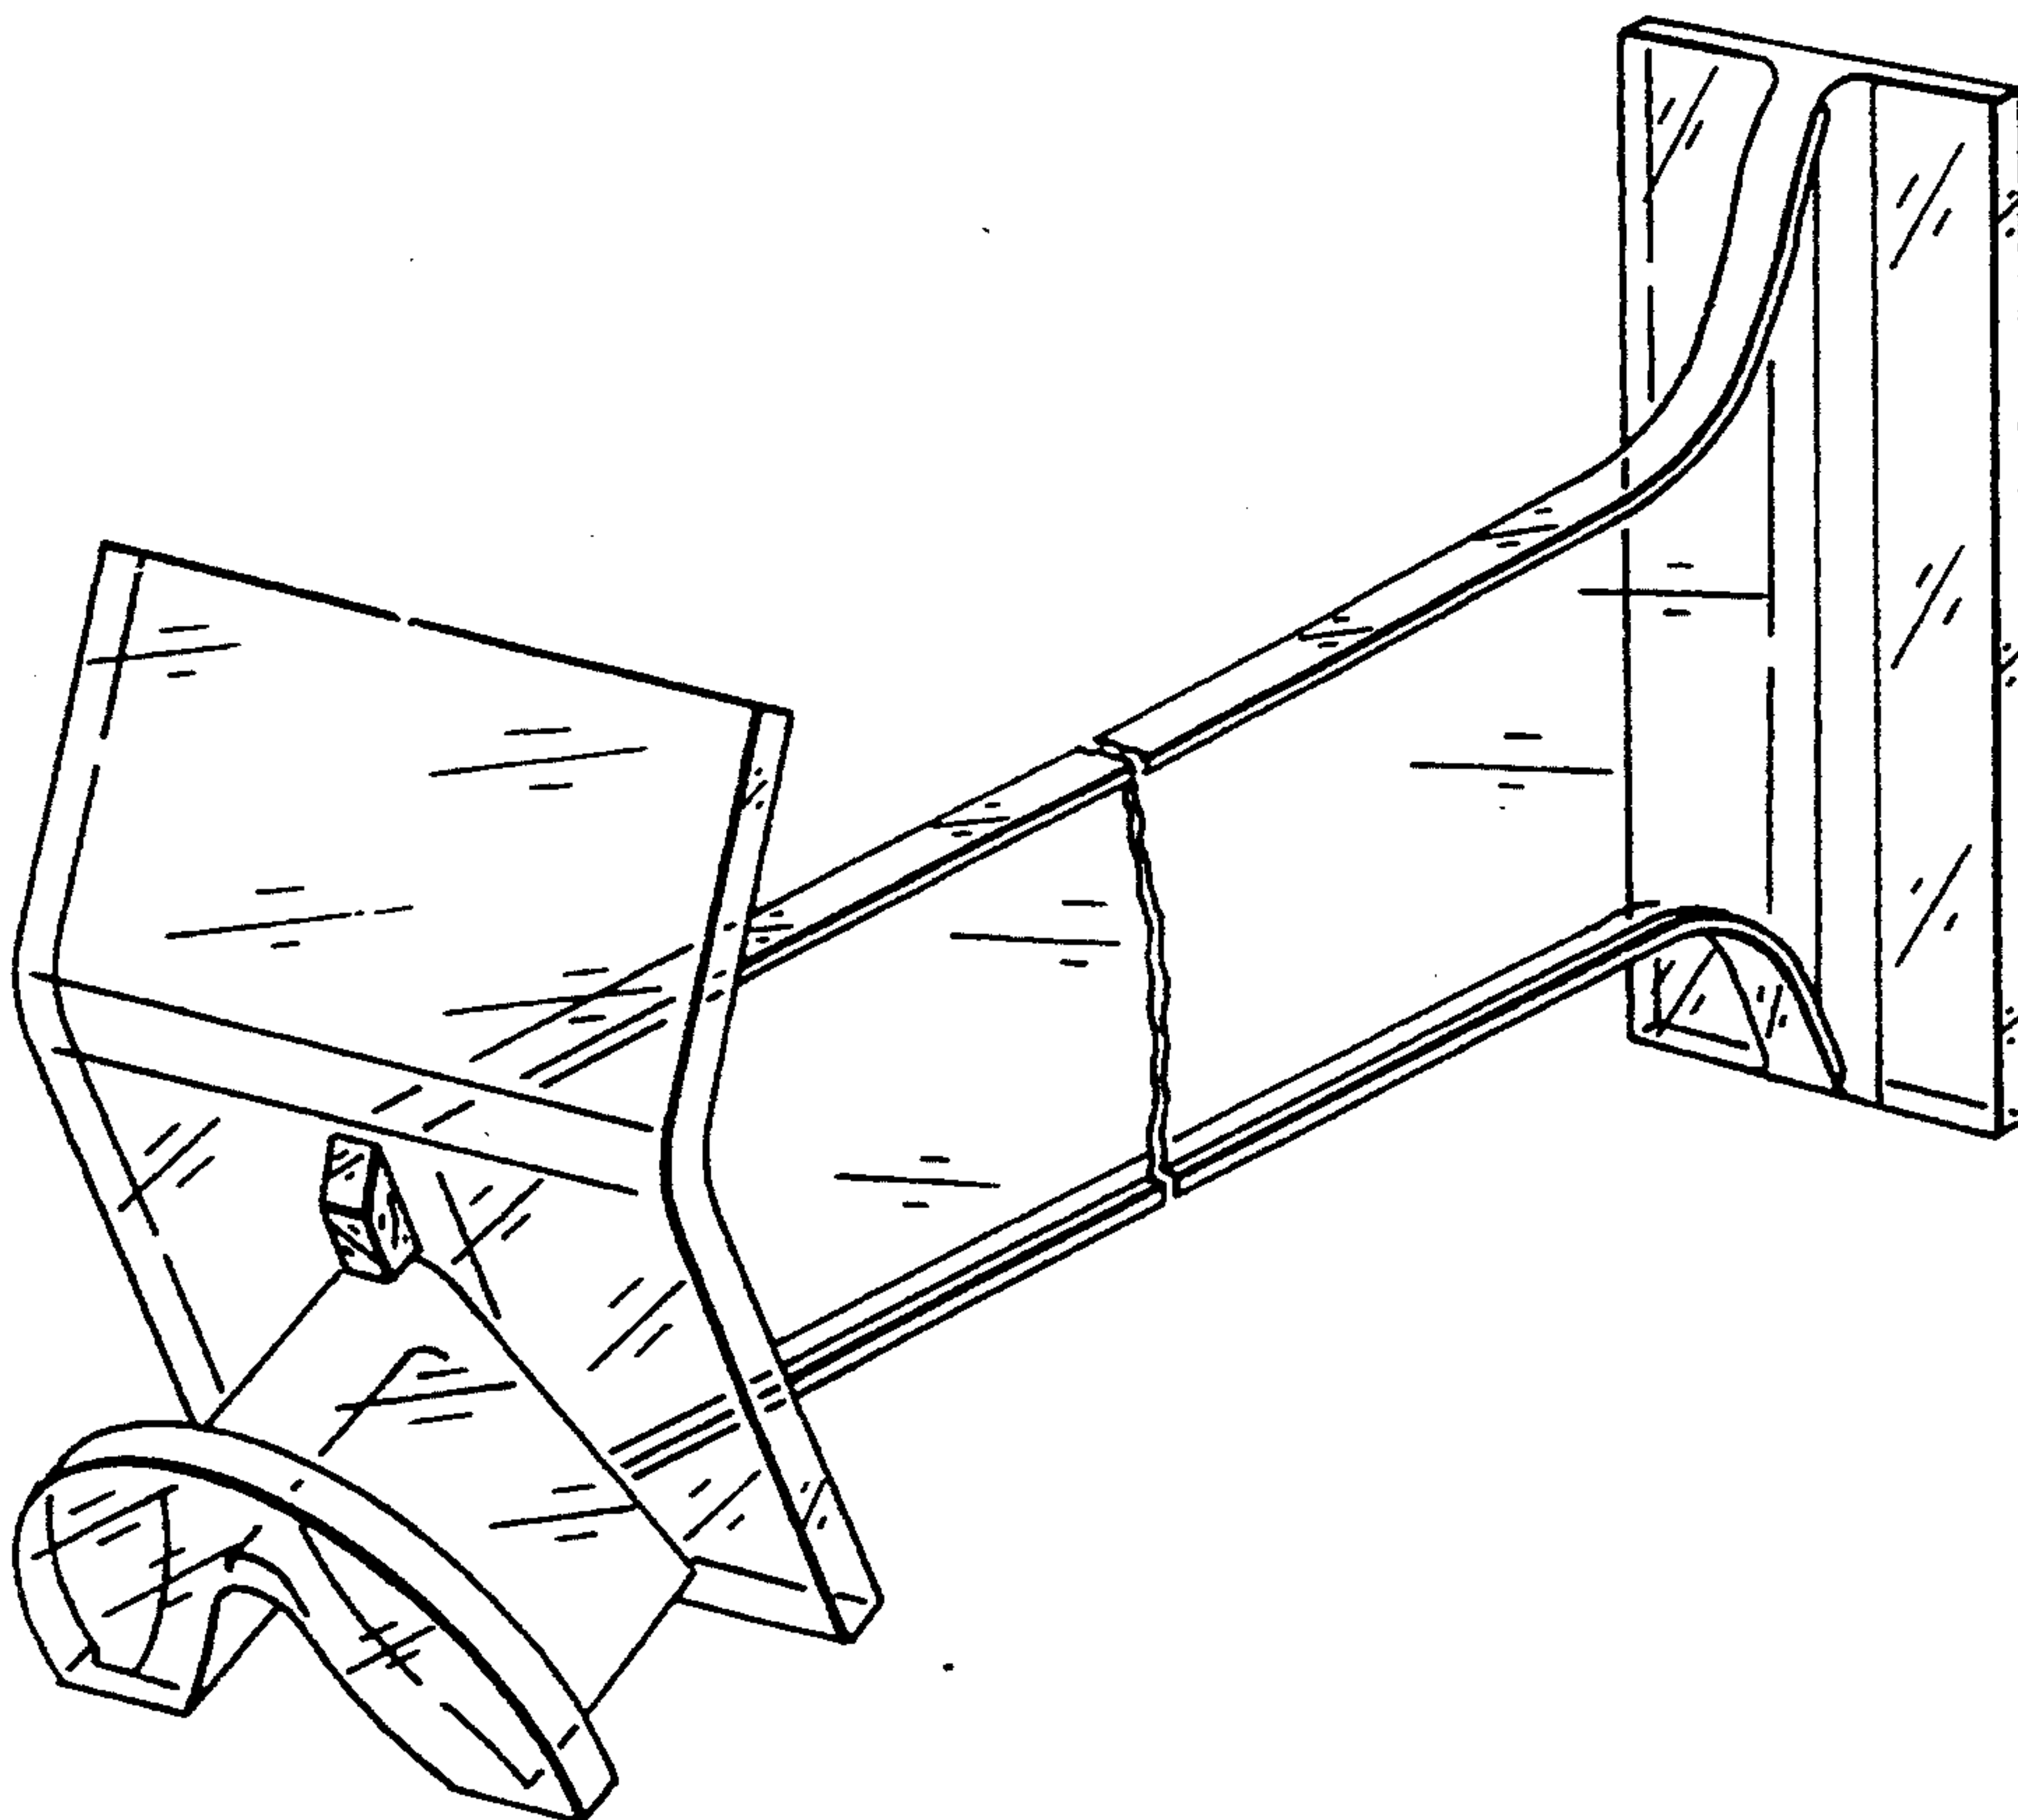

The ornamental design for a display device for eye glasses, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view from above and from one side of a display device for eye glasses according to my new design; and,

FIG. 2 is a perspective view from below and from the side opposite to that as shown in FIG. 1.

The broken away portions of the horizontal element of the claimed design are for convenience of illustration.

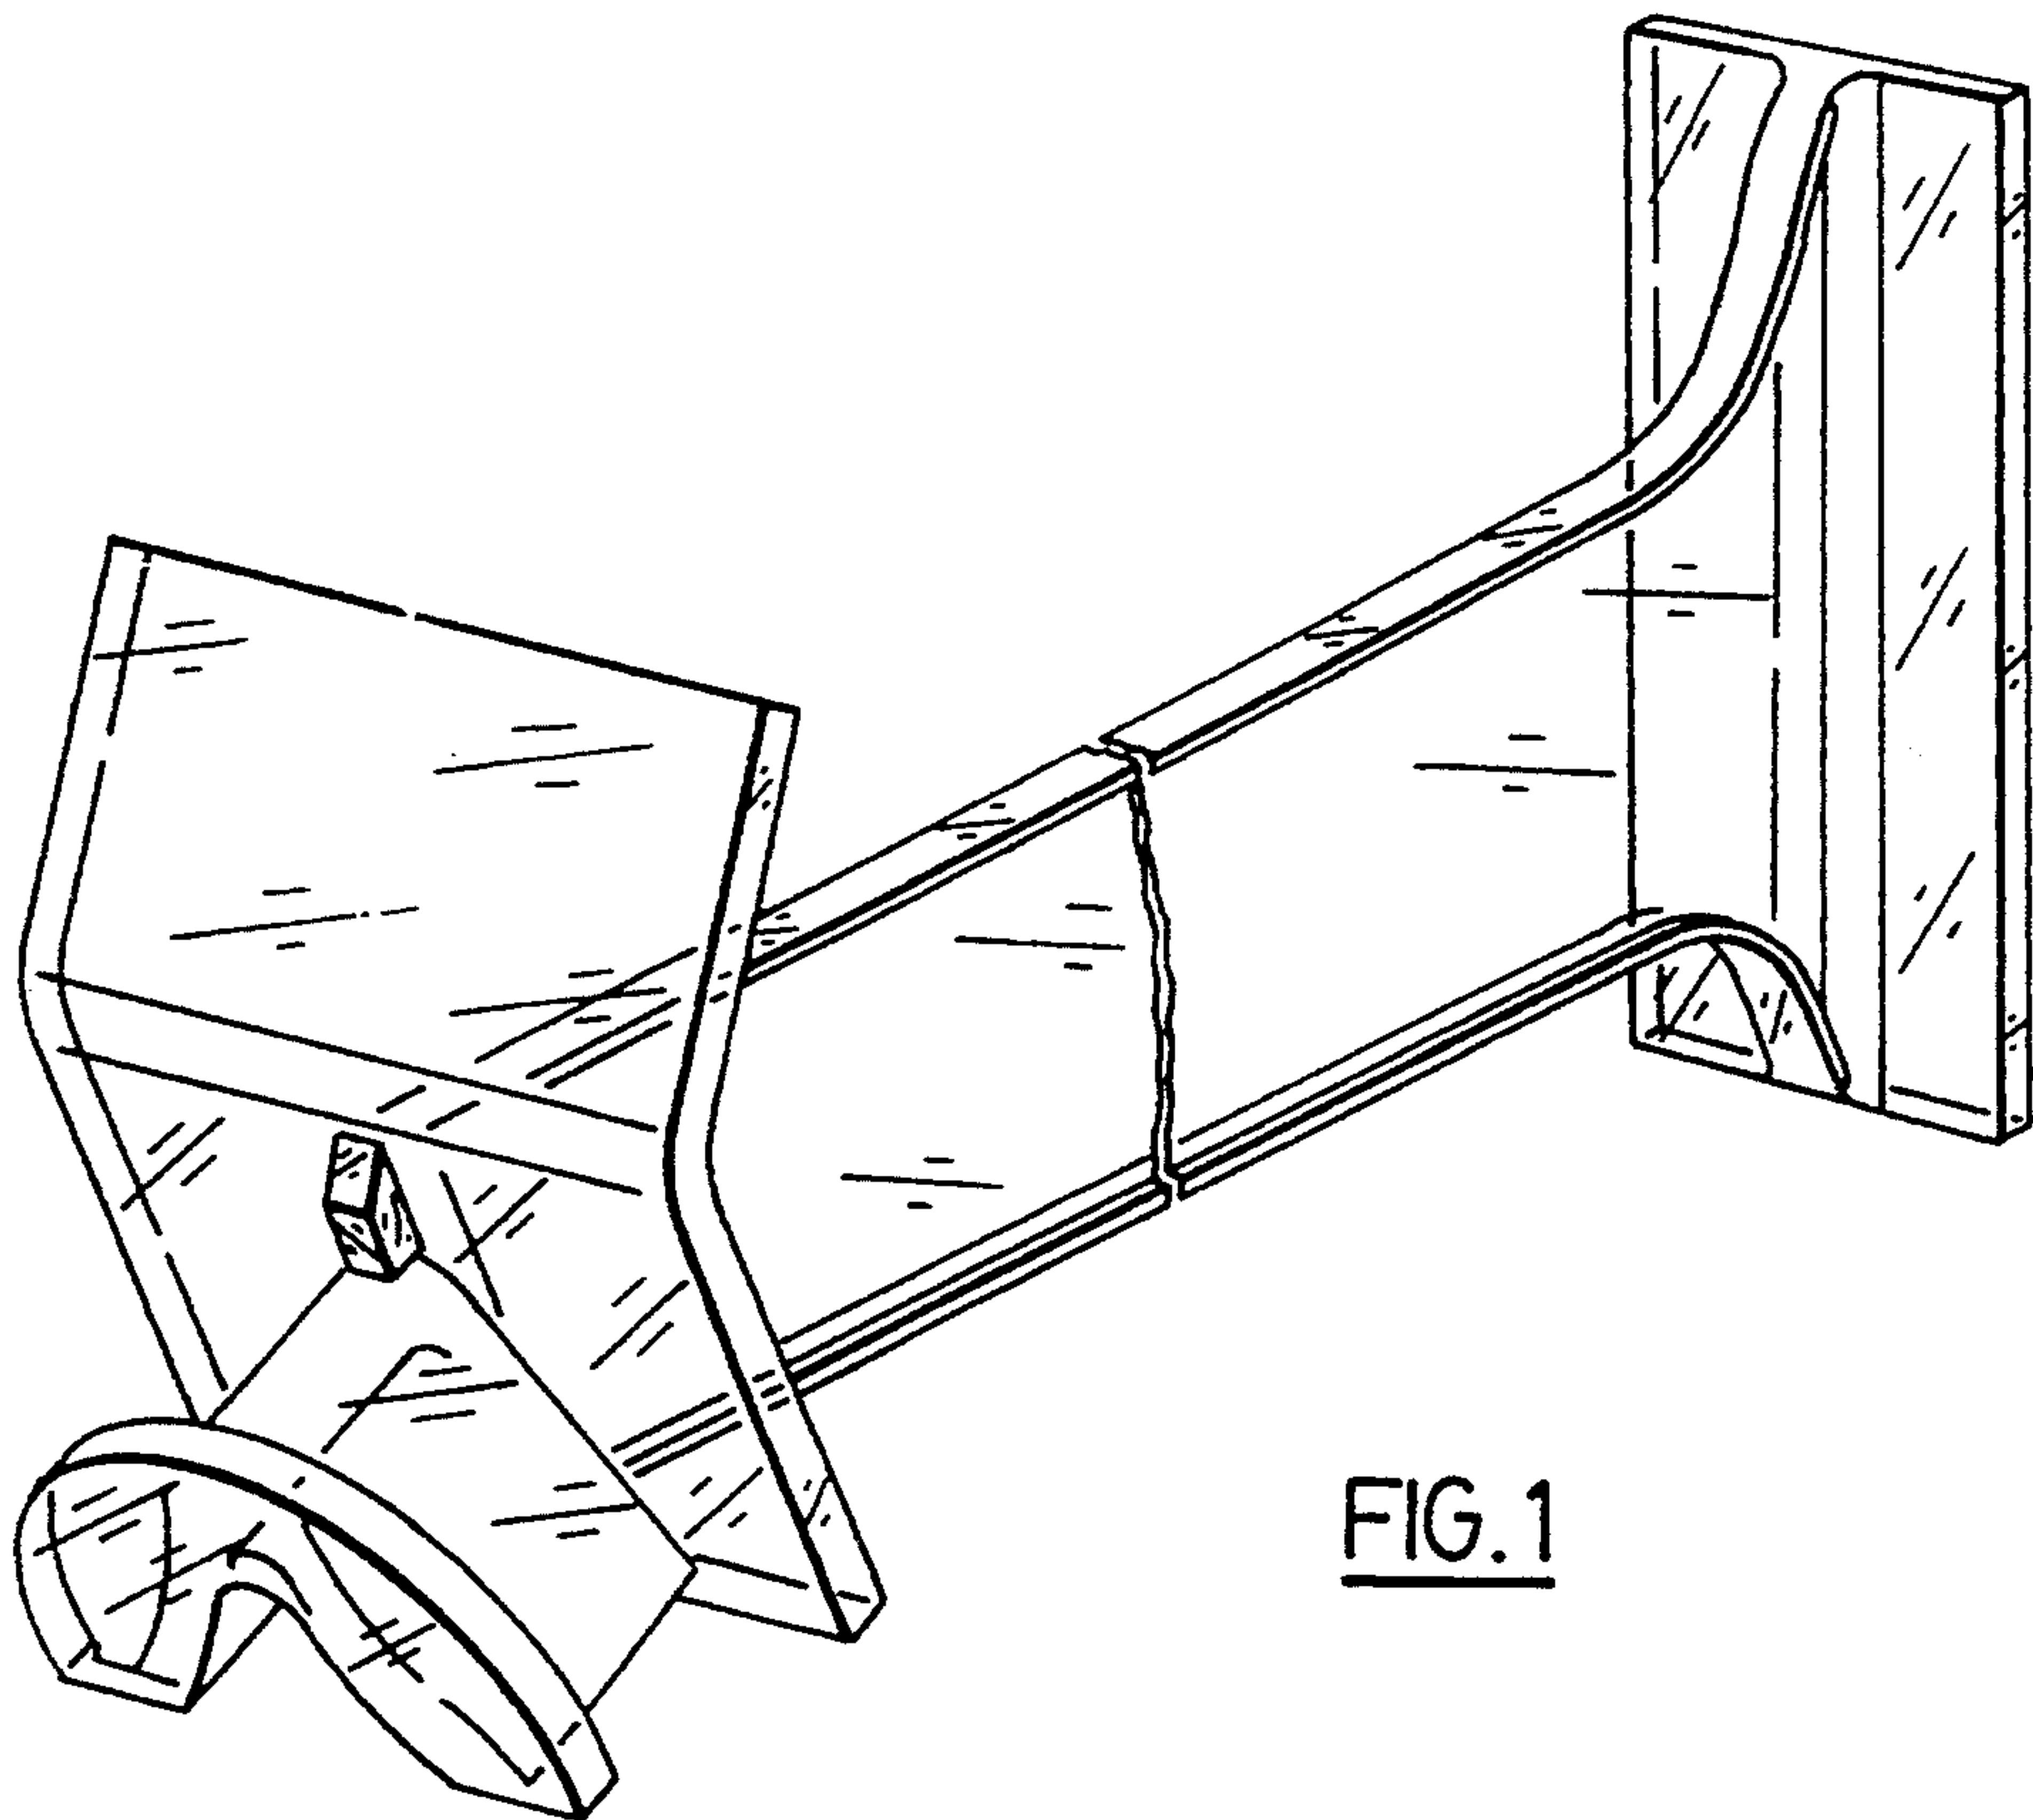

FIG. 1

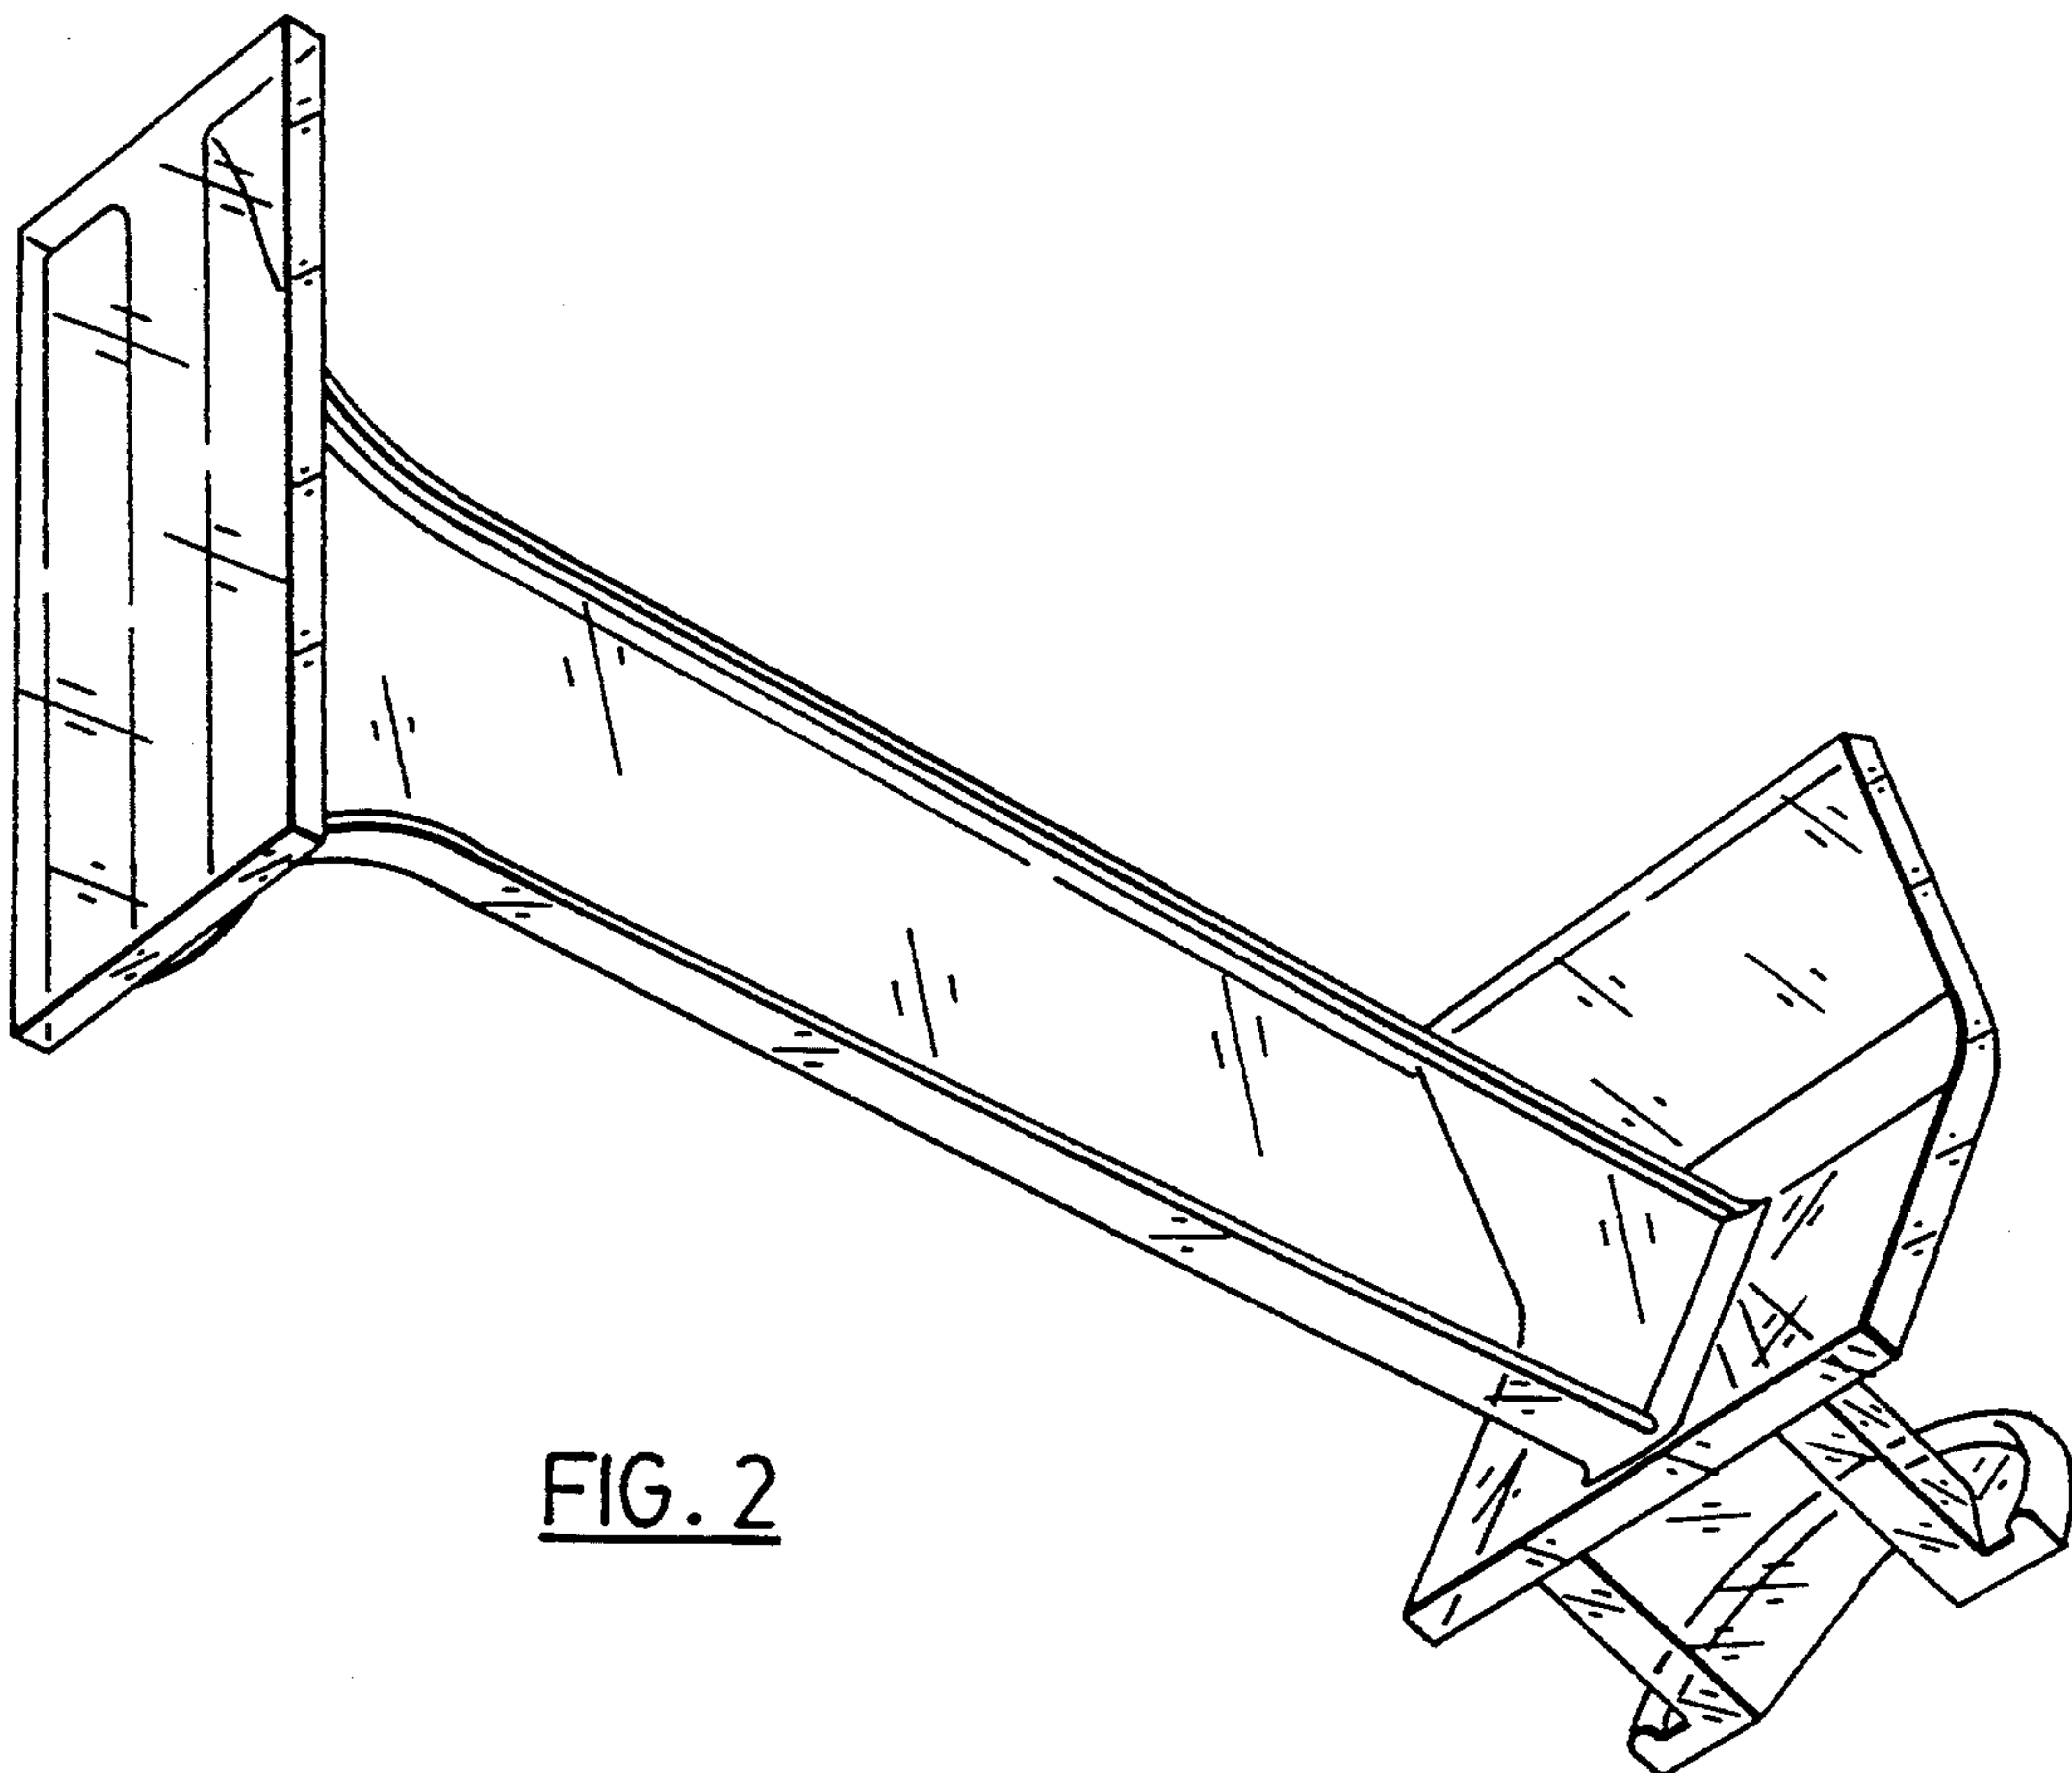

FIG. 2
