

US00D356476S

United States Patent [19]

[11] Patent Number: **Des. 356,476**

Witzky et al.

[45] Date of Patent: **** Mar. 21, 1995**

[54] **SECURITY TAG REMOVAL TOOL**

D. 333,415 2/1993 Furutsu D8/51
D. 340,850 11/1993 Tang D8/68
4,103,572 8/1978 Humble et al. 81/418

[75] Inventors: **Hans P. Witzky, Pompano; Jon D. Buzzard, Margate, both of Fla.**

[73] Assignee: **Sensormatic Electronics Corporation, Deerfield Beach, Fla.**

Primary Examiner—Prabhakar G. Deshmukh
Assistant Examiner—Philip Hyder
Attorney, Agent, or Firm—Robin, Blecker, Daley & Driscoll

[**] Term: **14 Years**

[21] Appl. No.: **8,753**

[57] **CLAIM**

[22] Filed: **May 25, 1993**

The ornamental design for a security tag removal tool, as shown and described.

[52] U.S. Cl. **D8/51**

[58] Field of Search D8/49, 50, 51, 68;
235/462; 340/551, 572; D15/199; 70/57.1, 413;
81/418; 29/268, 200 H

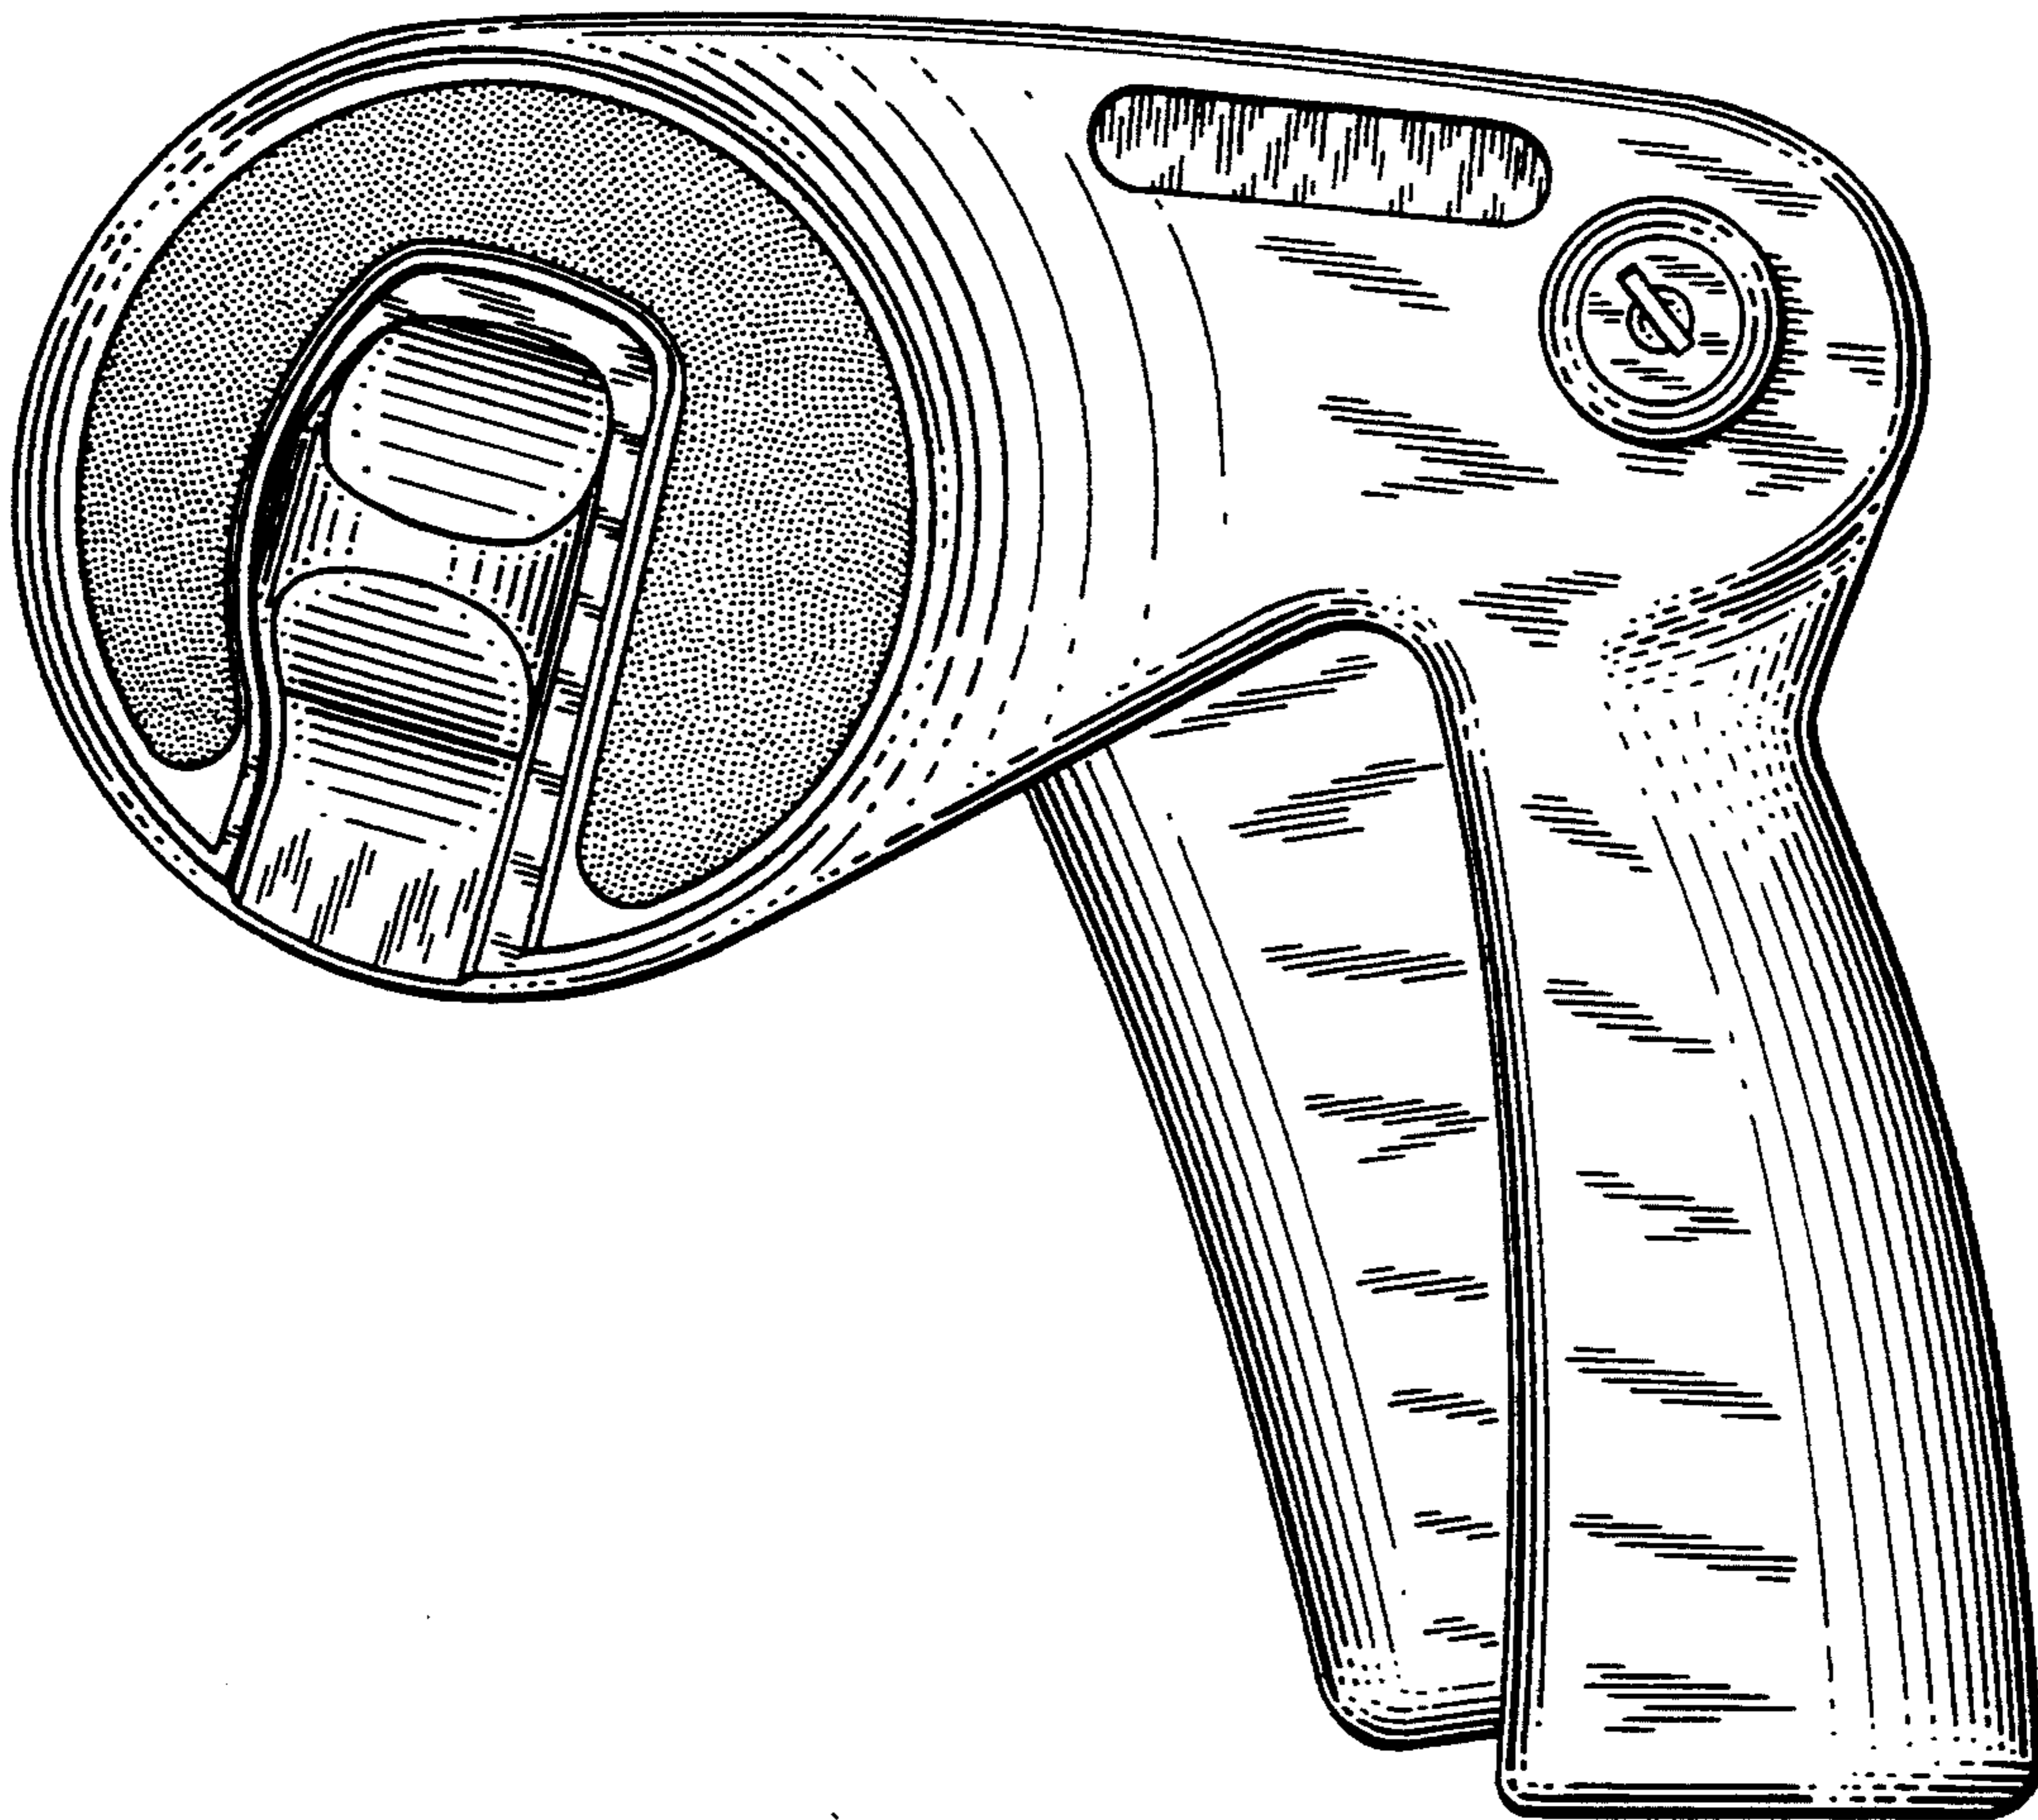

DESCRIPTION
