## [57] CLAIM

The ornamental design for an input selector switch, as shown and described.

## DESCRIPTION

FIG. 1 is a front and upper left perspective view of the input selector switch according to the present invention;

FIG. 2 is a right side view of the input selector switch of FIG. 1 shown with the installation, the opposite side being a mirror image. The broken line showing of the installation is included for the purpose of illustrating environmental structure only and forms no part of the claimed design;

FIG. 3 is a front elevational view of the input selector switch of the invention;

FIG. 4 is a top plan view of the input selector switch of the invention; and,

FIG. 5 is a bottom plan view of the input selector switch of the invention.

FIG. 1

FIG. 2

FIG. 3

FIG. 4

FIG. 5
