[57] CLAIM

The ornamental design for a pair of jaws for a welding clamp, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view showing a pair of jaws for a welding clamp according to our new design with their environment shown in phantom;

FIG. 2 is a top plan view thereof;

FIG. 3 is an elevational view showing one side thereof; an elevational view showing the other side is a mirror image of the view of FIG. 3;

FIG. 4 is a right end elevational view thereof;

FIG. 5 is a left end elevational view thereof;

FIG. 6 is a bottom plan view thereof;

FIG. 7 is an elevational view according to section line 7—7 of FIG. 3;

FIG. 8 is an elevational view according to section line 8—8 of FIG. 3;

FIG. 9 is a top plan view showing another embodiment of a pair of jaws for welding clamp according to our new design;

FIG. 10 is an elevational view showing one side thereof; an elevational view showing the other side is a mirror image of the view shown in FIG. 10;

FIG. 11 is a right end view thereof;

FIG. 12 is a left end view thereof;

FIG. 13 is a bottom plan view thereof;

FIG. 14 is an elevational view according to section line 14—14 of FIG. 10; and,

FIG. 15 is an elevational view according to section line 15—15 of FIG. 10.

The broken line showing the bar and handle grip in FIG. 1 is for illustrative purposes only and forms no part of the claimed design.
