DESCRIPTION

FIG. 1 is a perspective view of a martial arts board support stand, embodying my new design, showing the arm receiving notches;

FIG. 2 is a front elevational view thereof, in which the front notches as well as the rear arm receiving notches are visible;

FIG. 3 is a left side elevational view thereof, in which the front arm receiving notches are visible; and,

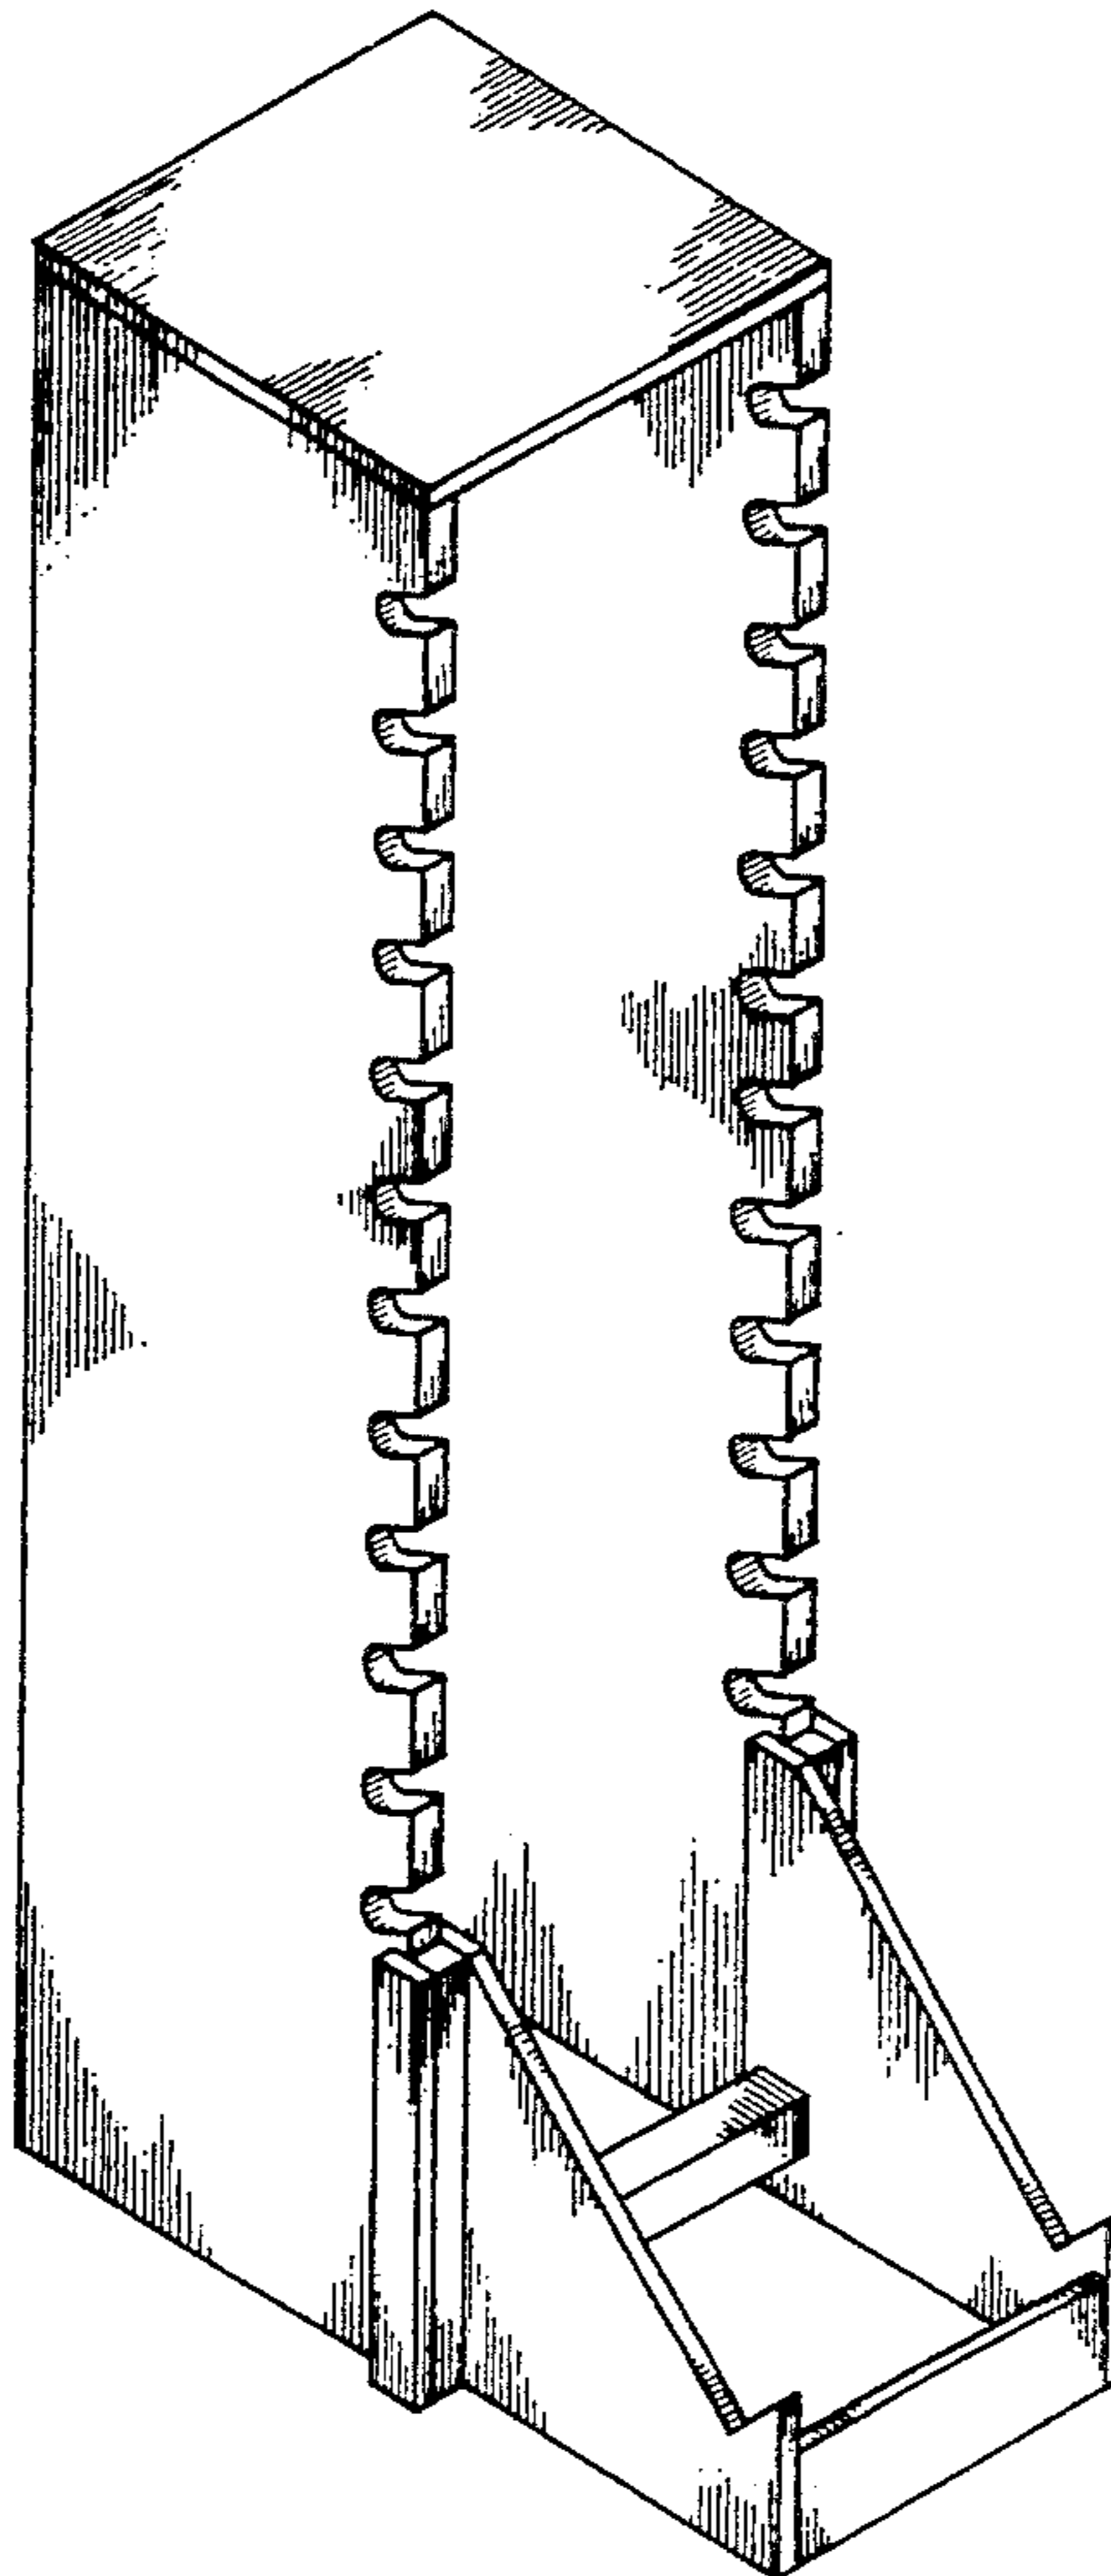

FIG. 4 is a top plan view thereof.

The right side of the support stand is understood to be a mirror image of what is depicted in FIG. 3. The rear side as well as the bottom of the support stand are plain and unadorned, and the appearance of these portions is not significant.
