[57] CLAIM

The ornamental design for a topsides and superstructure portion of a boat, as shown and described.

DESCRIPTION

FIG. 1 is a top and front perspective view of a topsides and superstructure portion of a boat showing my new design;

FIG. 2 is a side elevational view thereof, the opposite side elevational view being a mirror image of that shown;

FIG. 3 is a top plan view thereof;

FIG. 4 is a front elevational view thereof;

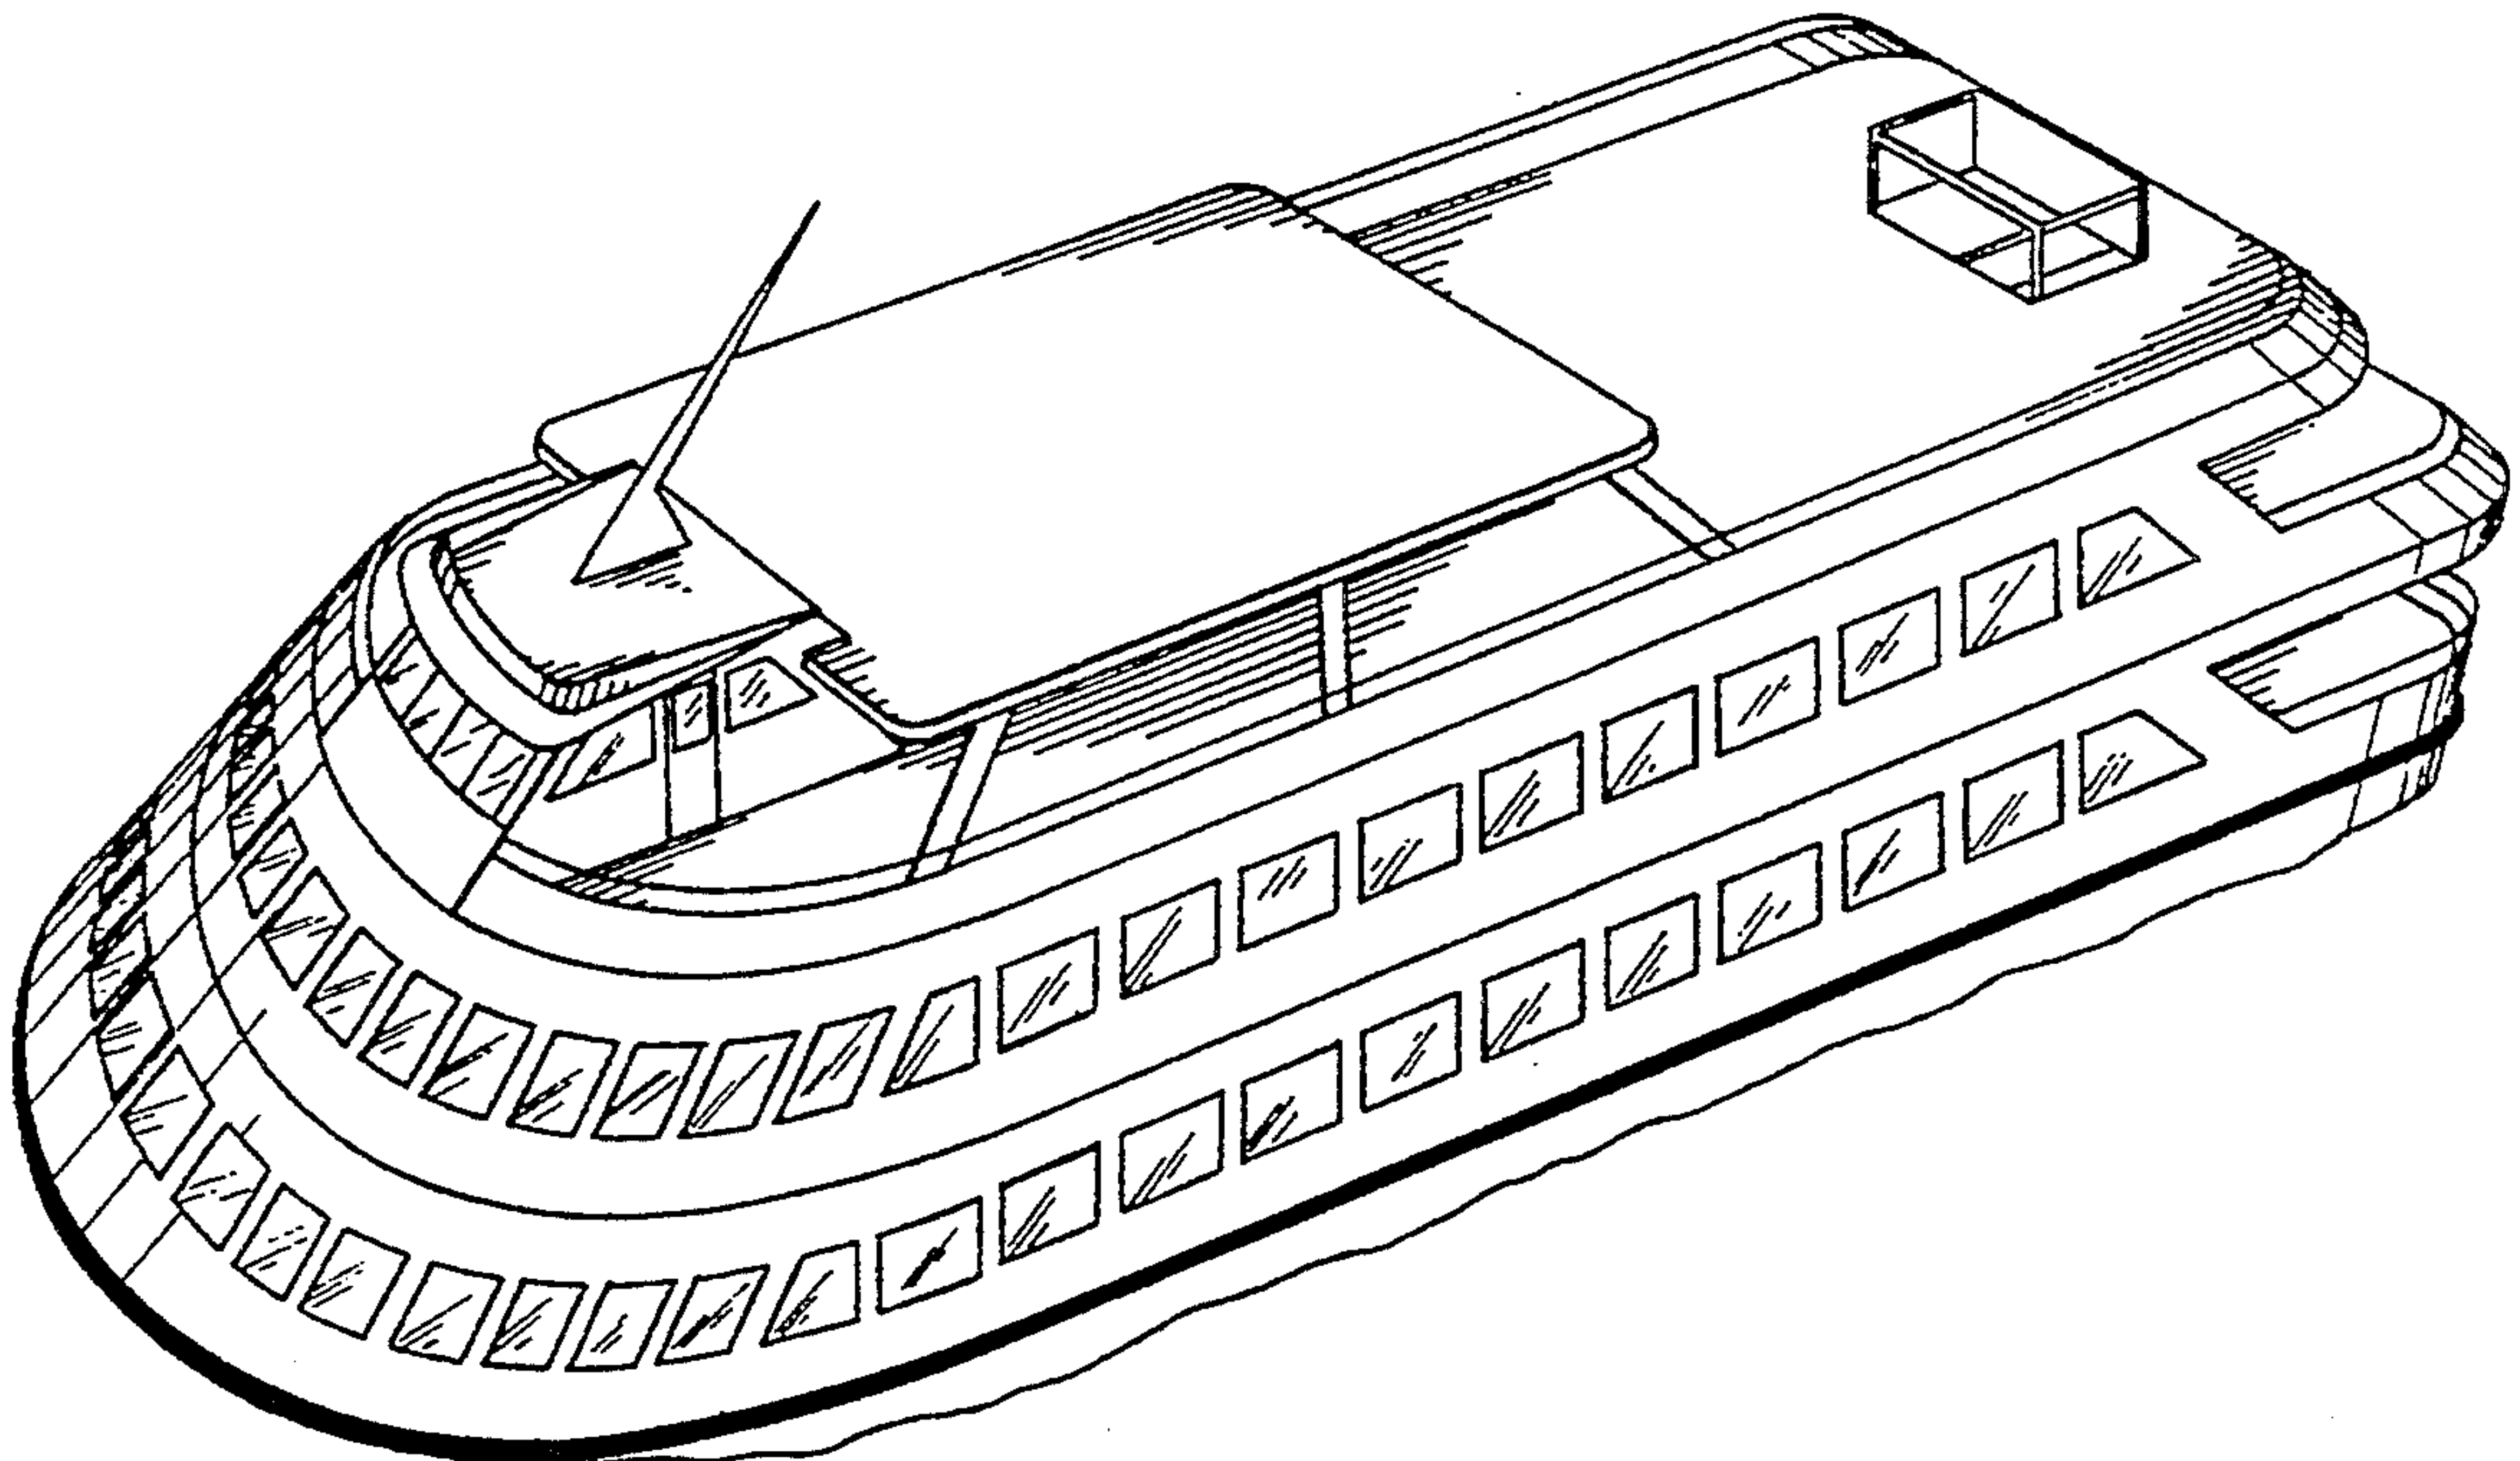

FIG. 5 is a rear elevational view thereof;

FIG. 6 is a side elevational view of a second embodiment of the topsides and superstructure portion of a boat, the opposite side elevational view being a mirror image of that shown;

FIG. 7 is a top plan view of FIG. 6;

FIG. 8 is a front and top perspective view of a third embodiment of the topsides and superstructure portion of a boat; and,

FIG. 9 is a side elevational view of FIG. 8, the opposite side elevational view being a mirror image of that shown.
