[57] CLAIM

The ornamental design for an outboard marine engine lower unit and propeller lock, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an outboard marine engine lower unit and propeller lock showing our new design, the broken line disclosure of a marine engine being for illustrative purposes only and forming no part of the claimed design;

FIG. 2 is a left side elevational view thereof;

FIG. 3 is a right side elevational view thereof;

FIG. 4 is an enlarged scale top view thereof;

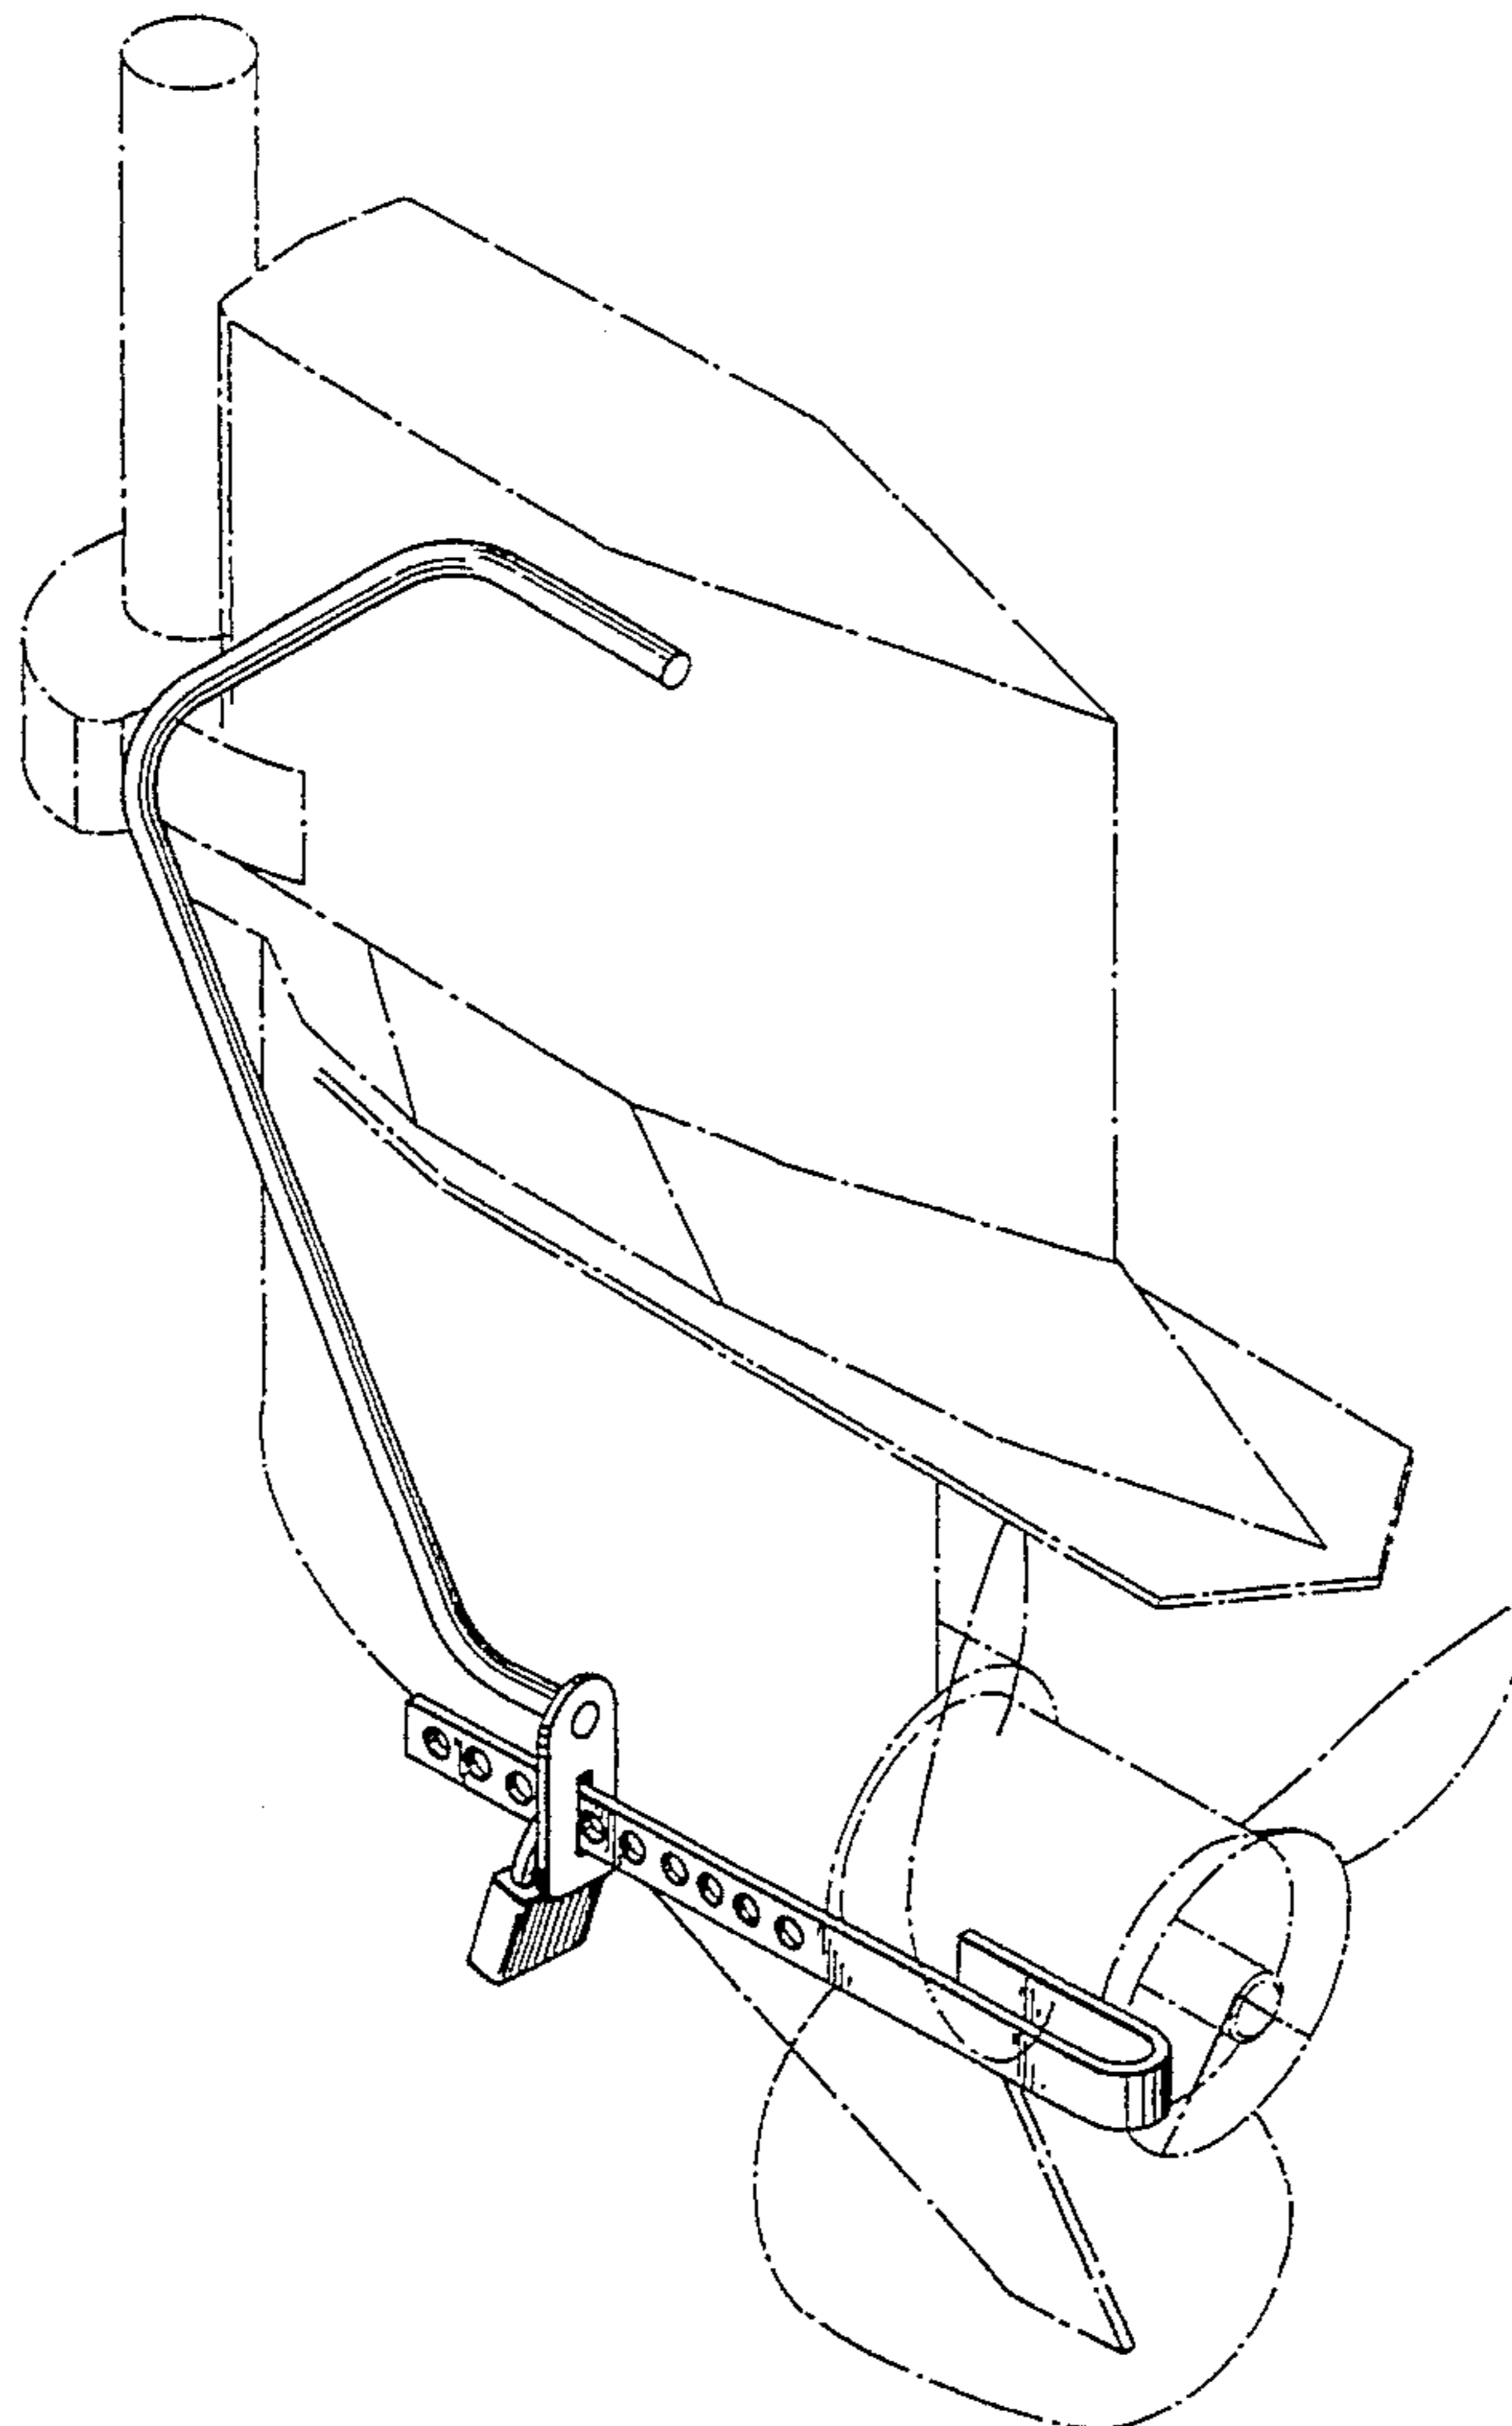

FIG. 5 is an enlarged scale bottom view thereof;

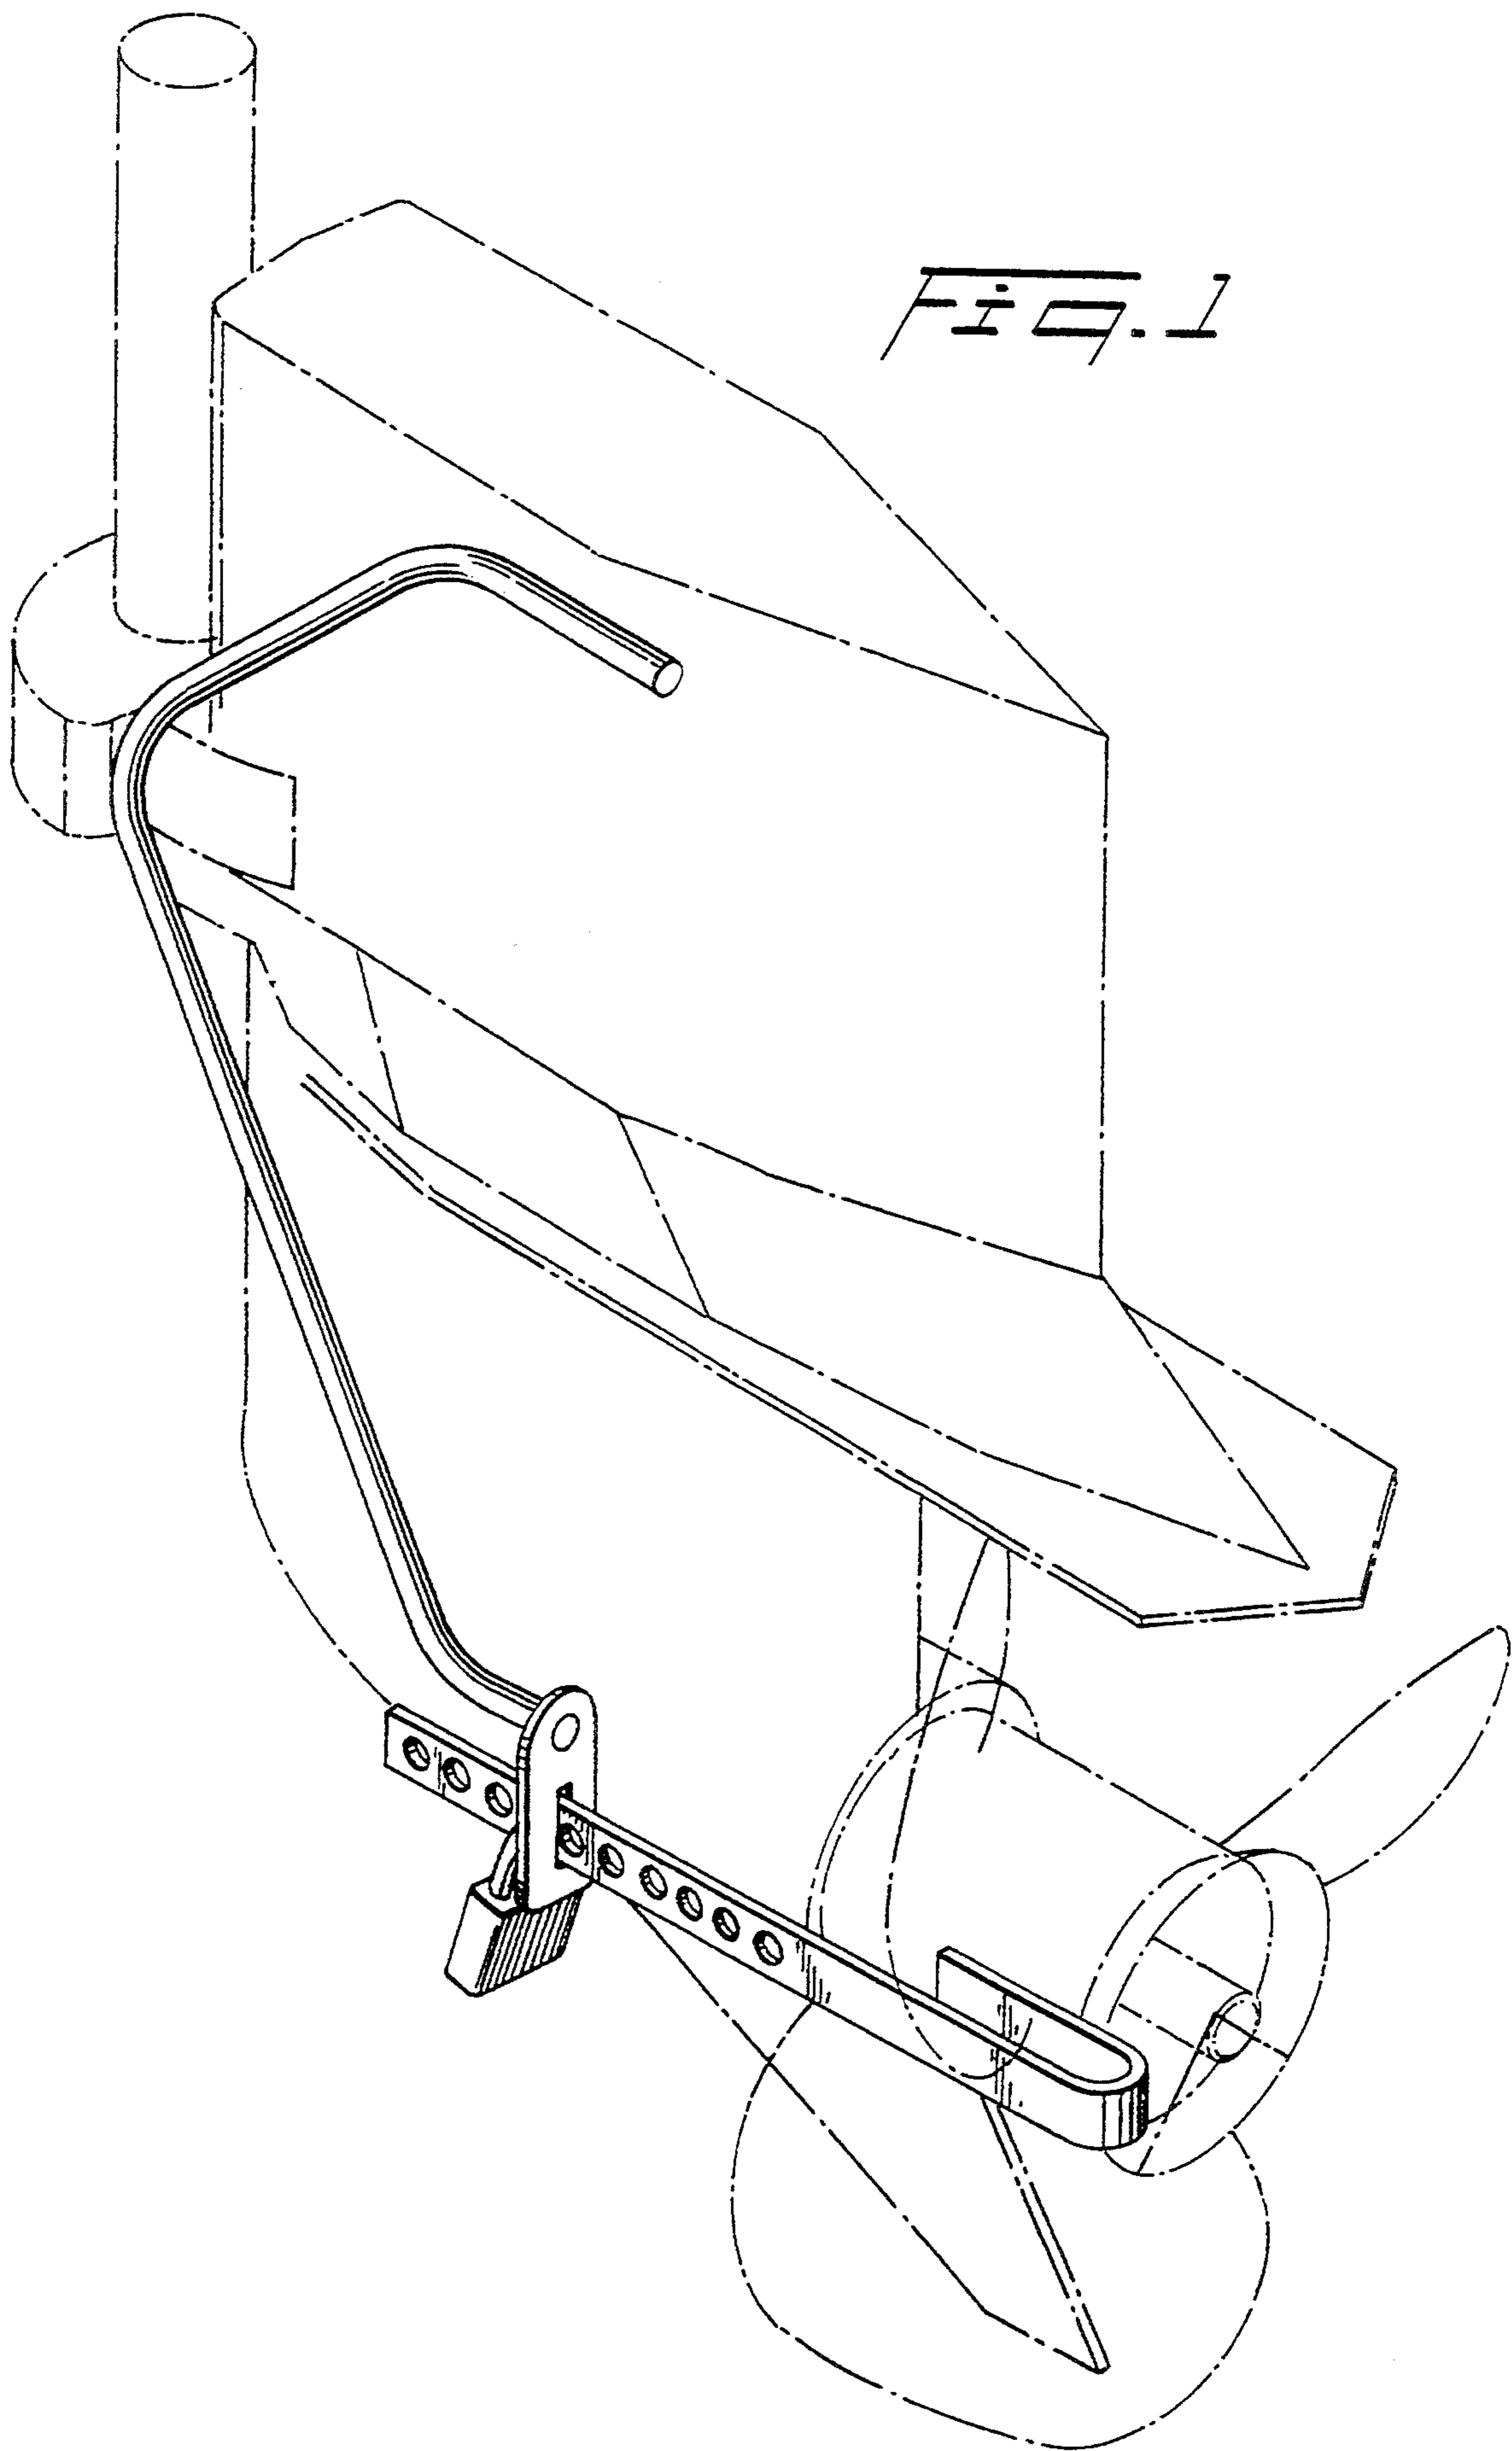

FIG. 6 is an enlarged scale rear elevational view thereof;

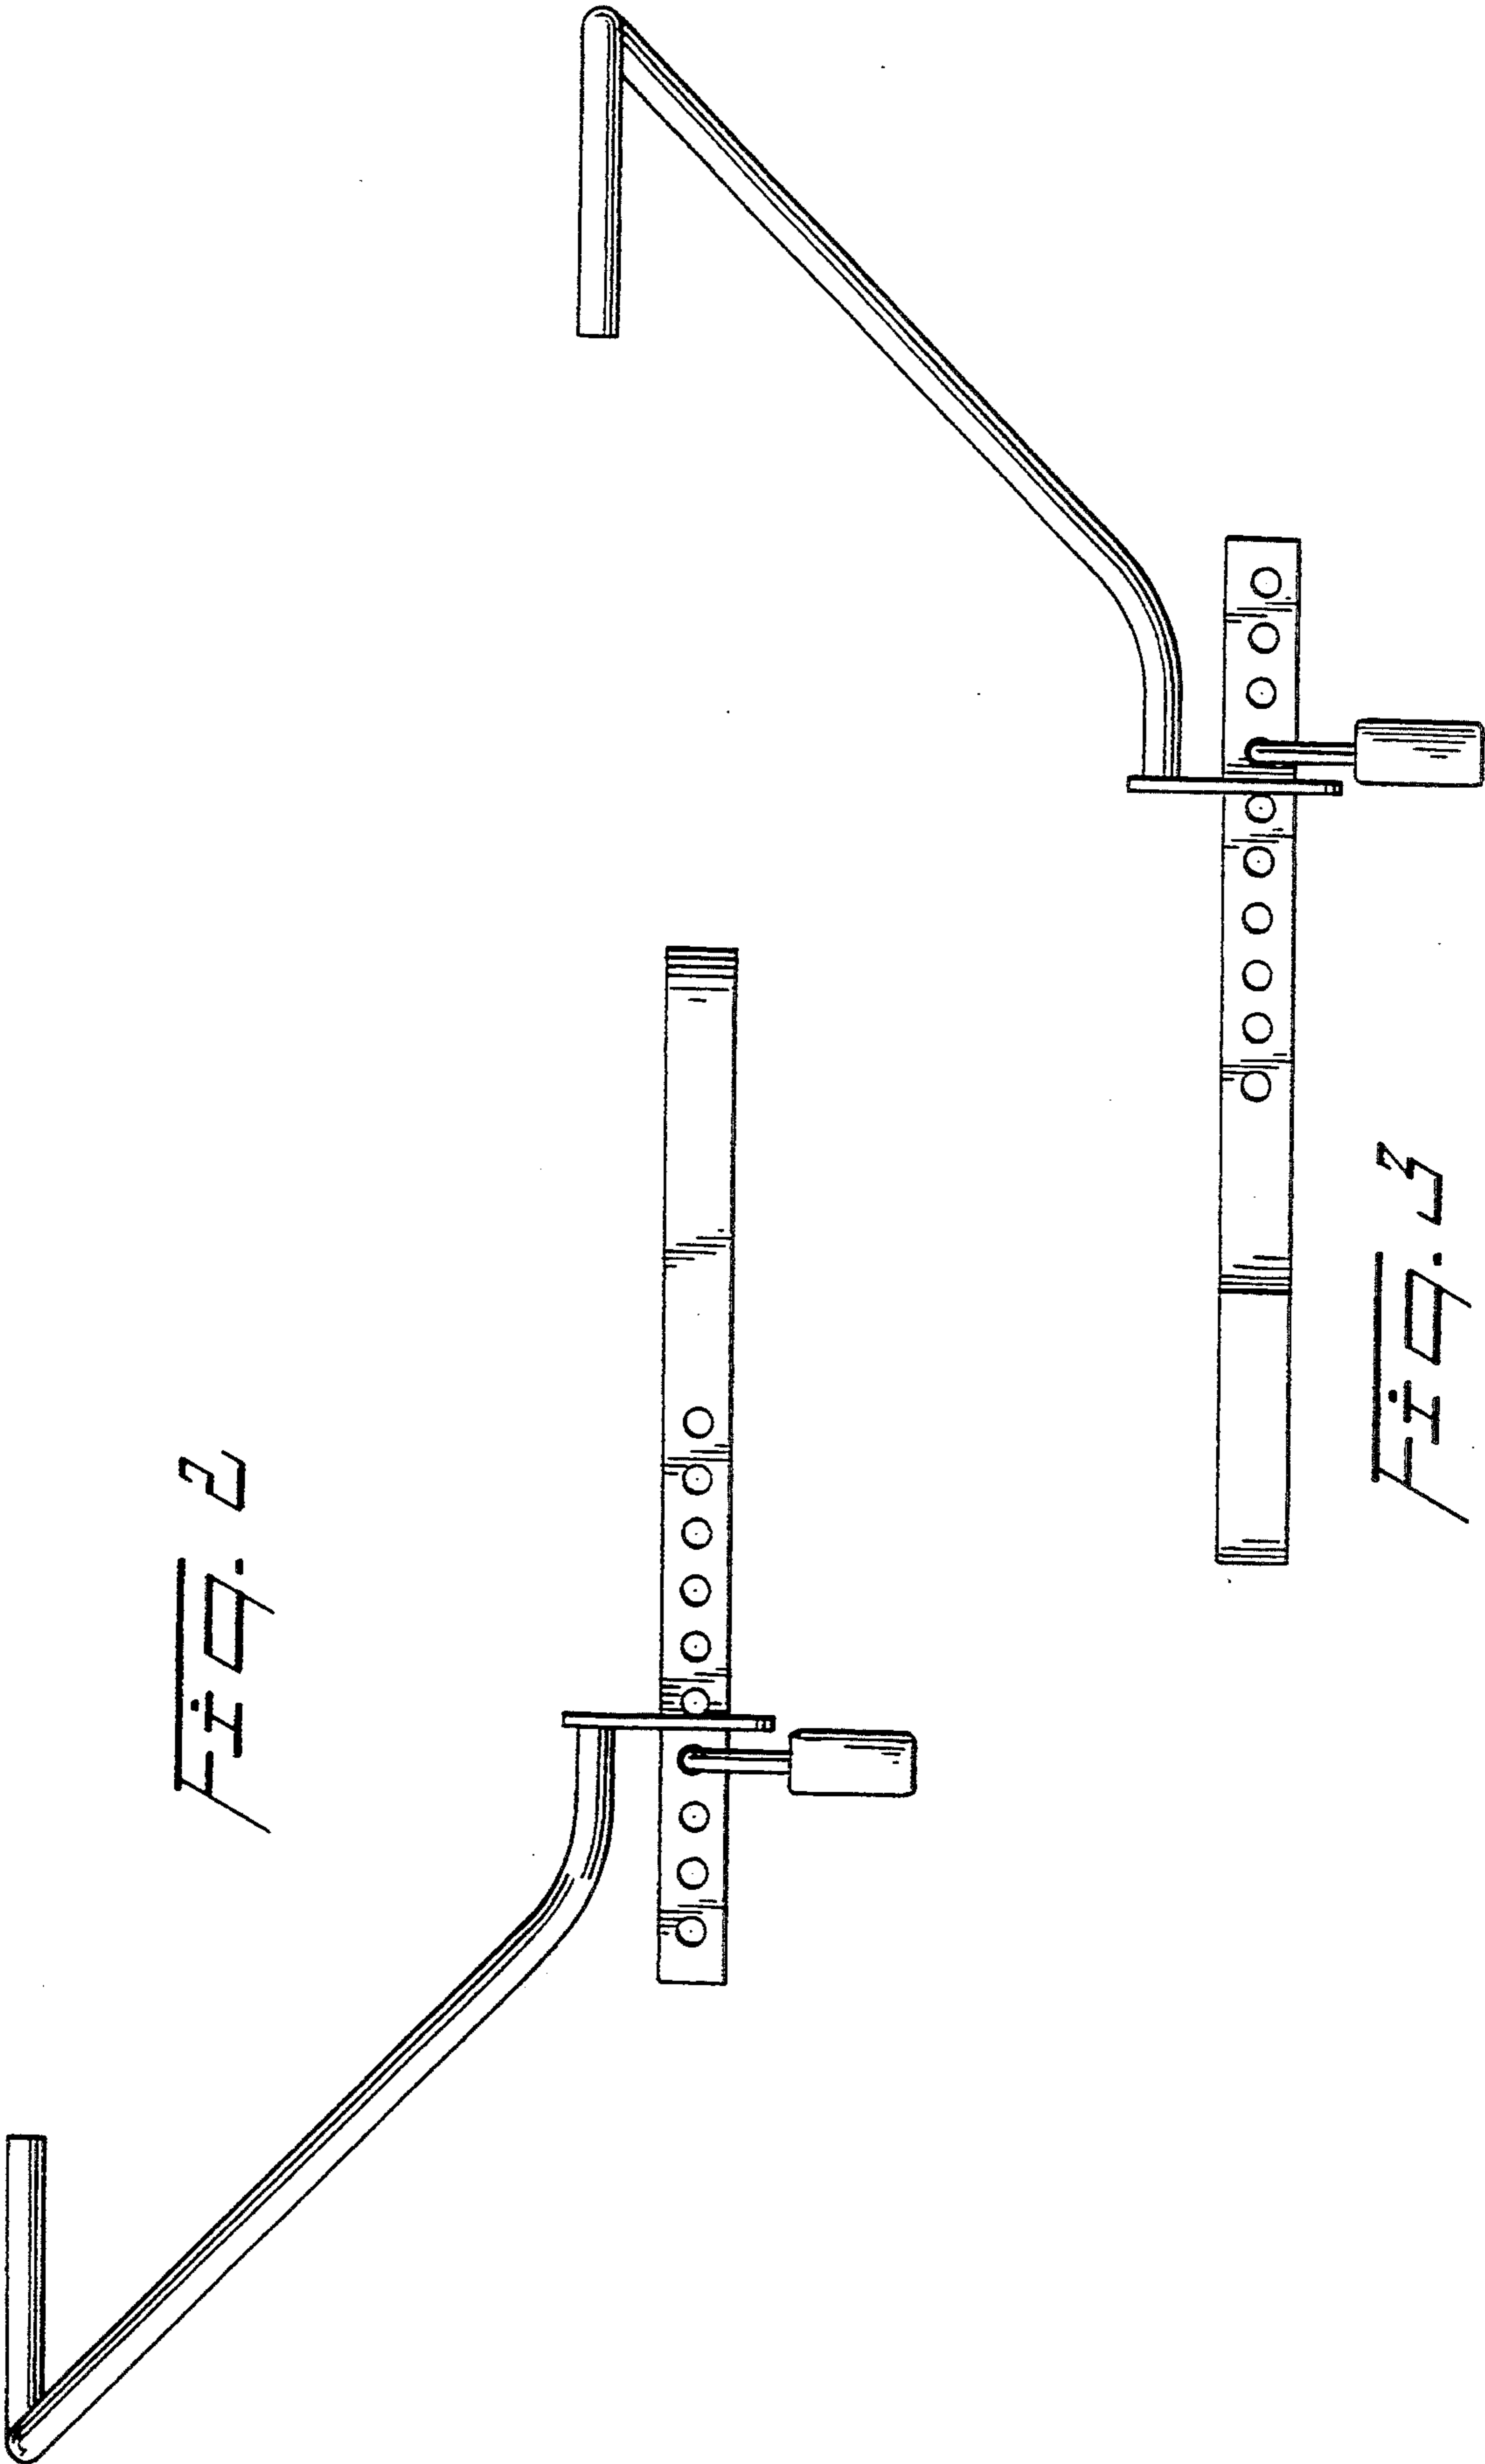

FIG. 7 is an enlarged scale front elevational view thereof; and,

FIG. 8 is a perspective view of a second lower unit and propeller lock which is a mirror image of FIG. 1.

Characteristic features of the outboard marine engine lower unit and propeller lock are the two piece adjustable lock arrangement.

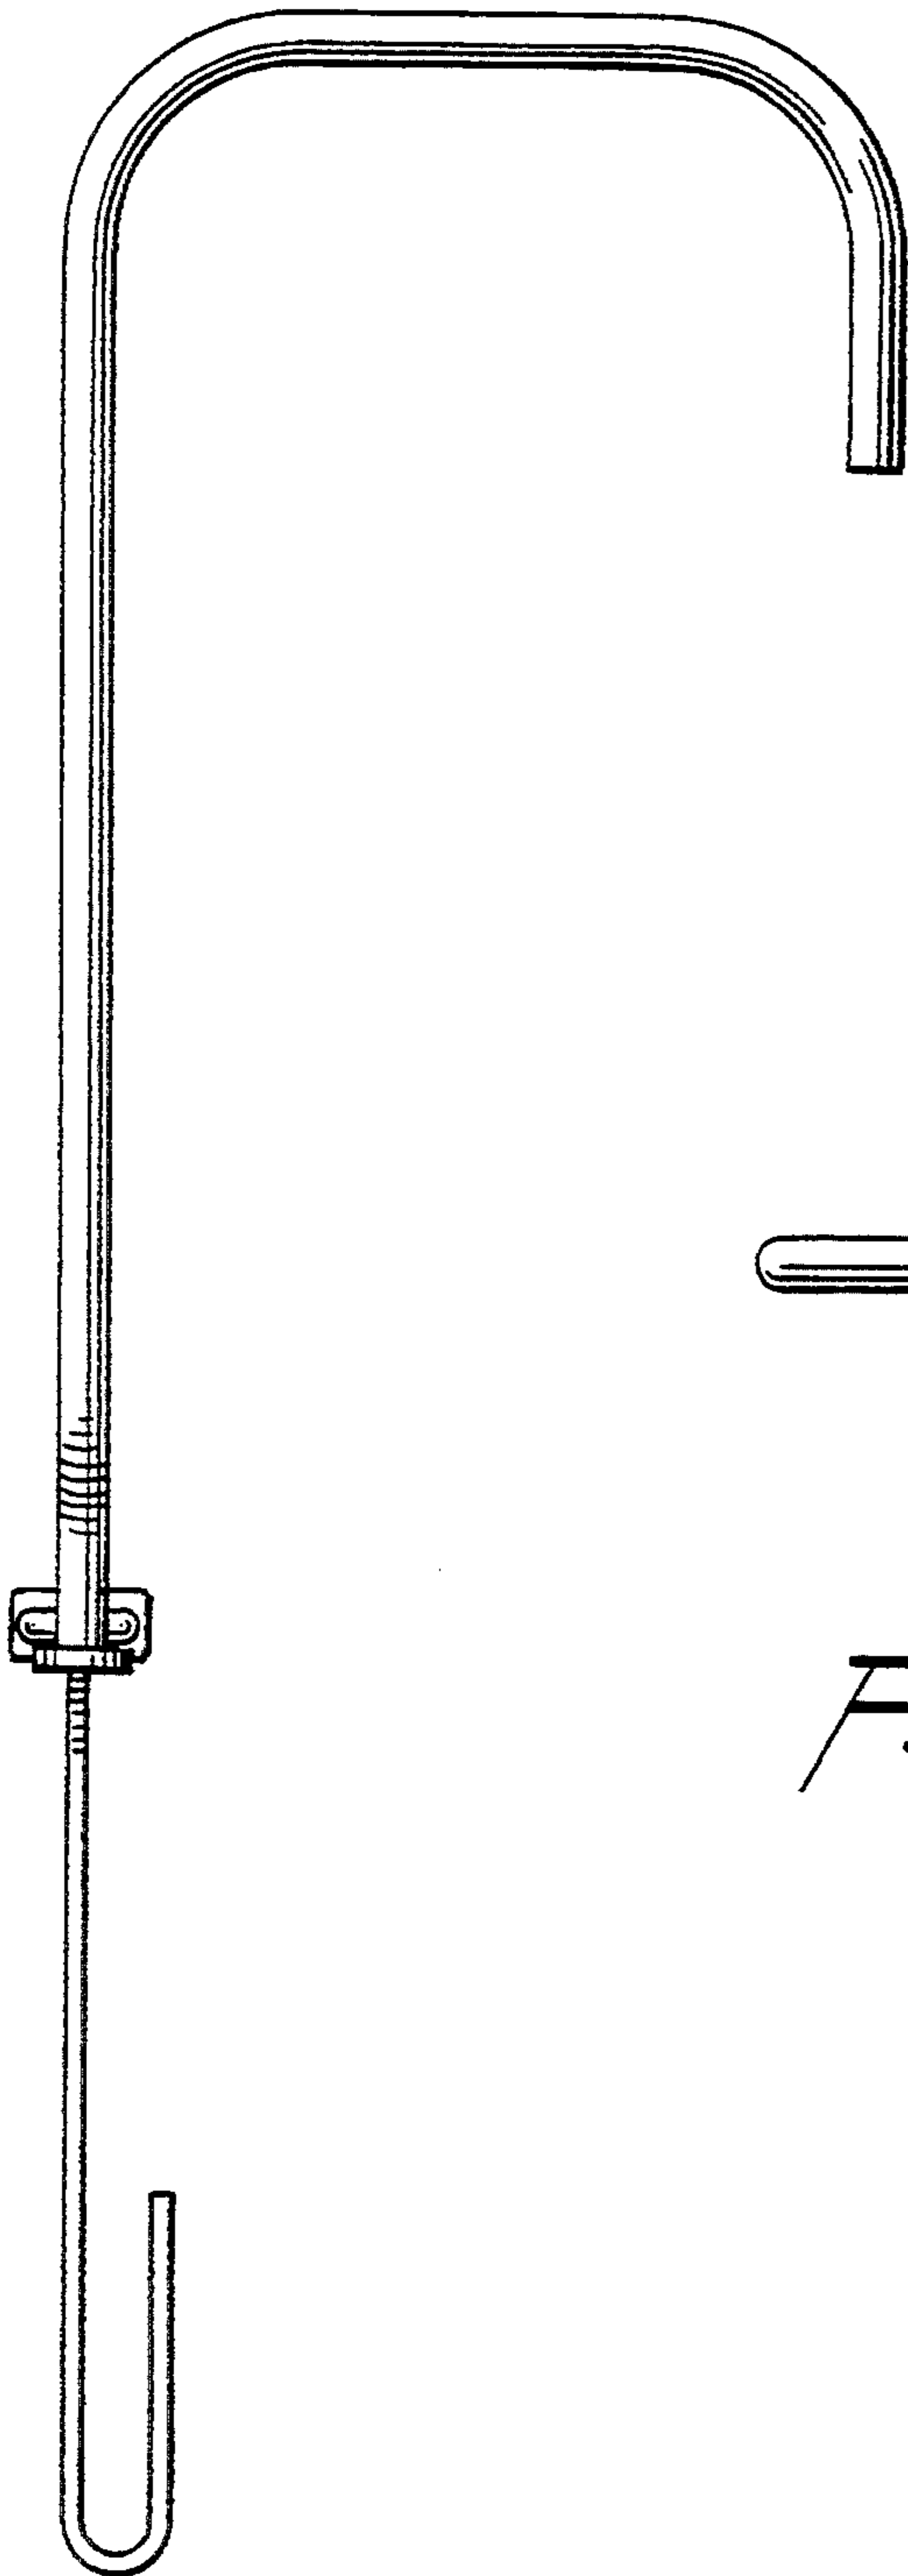

FIG. 4

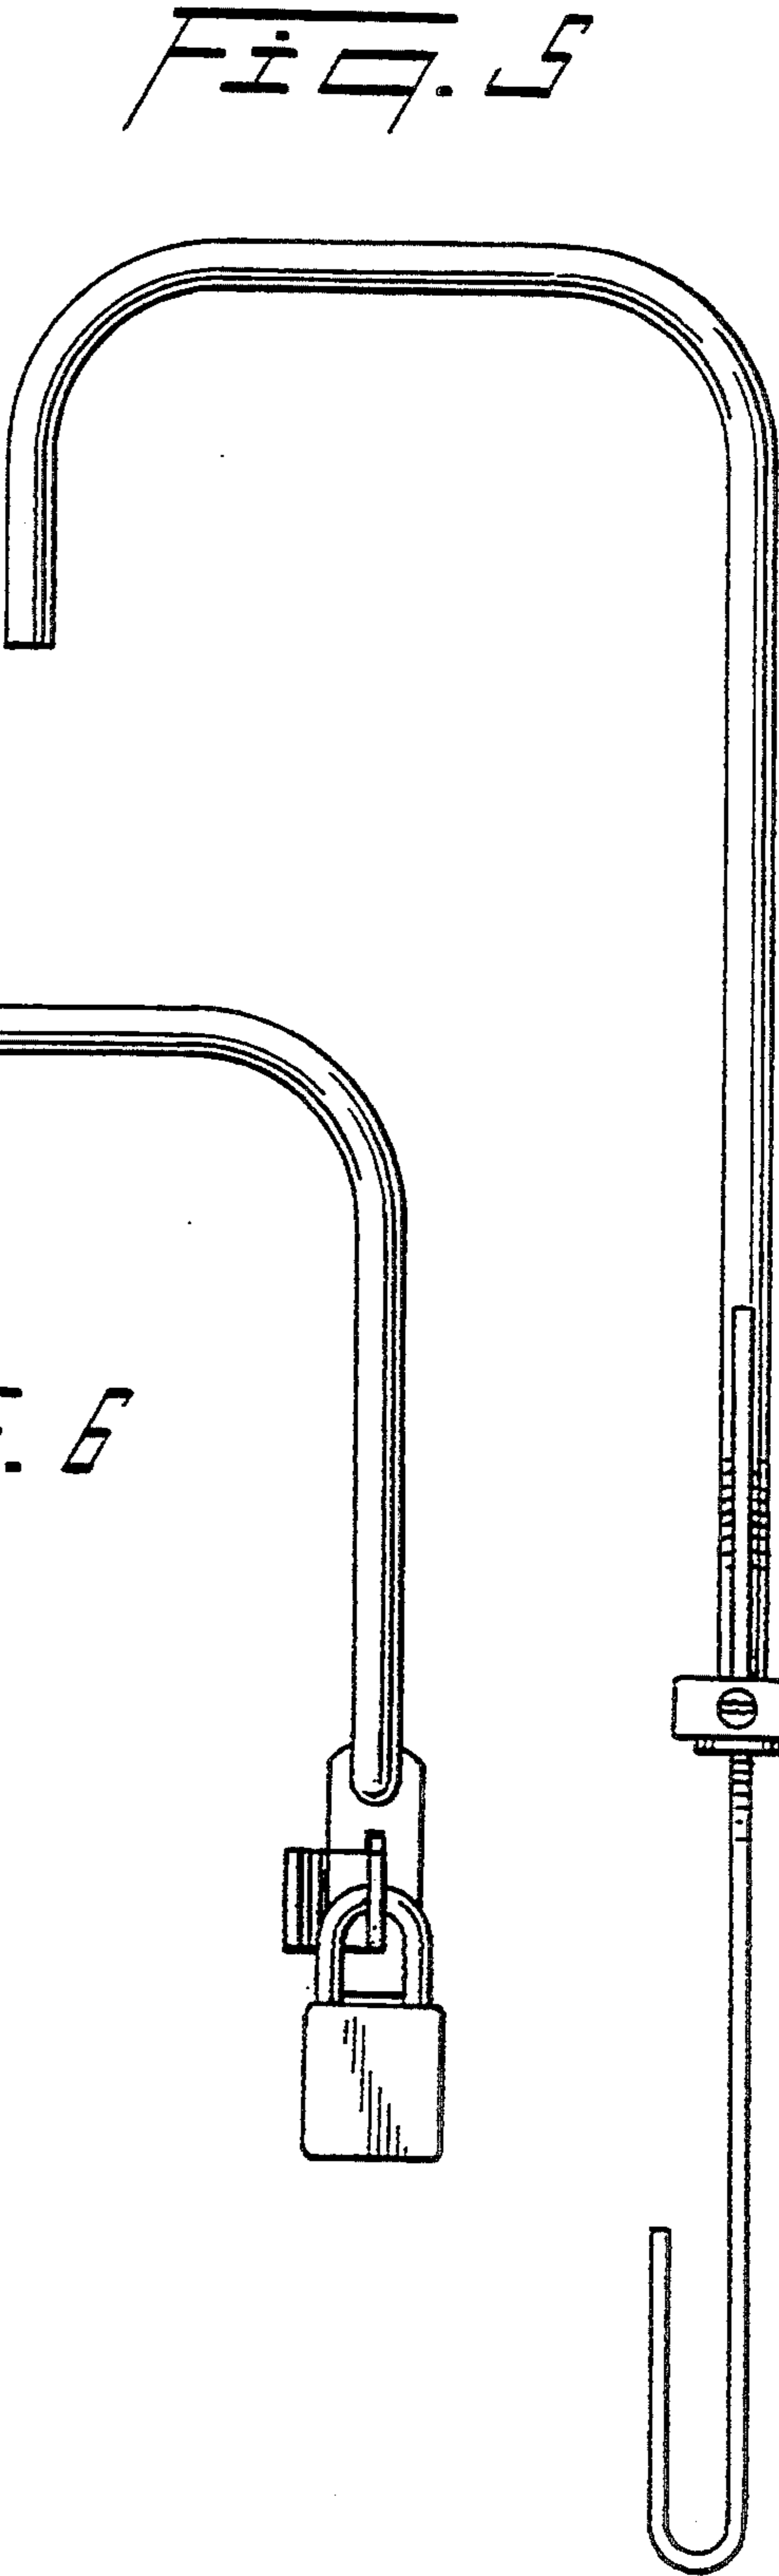

FIG. 5

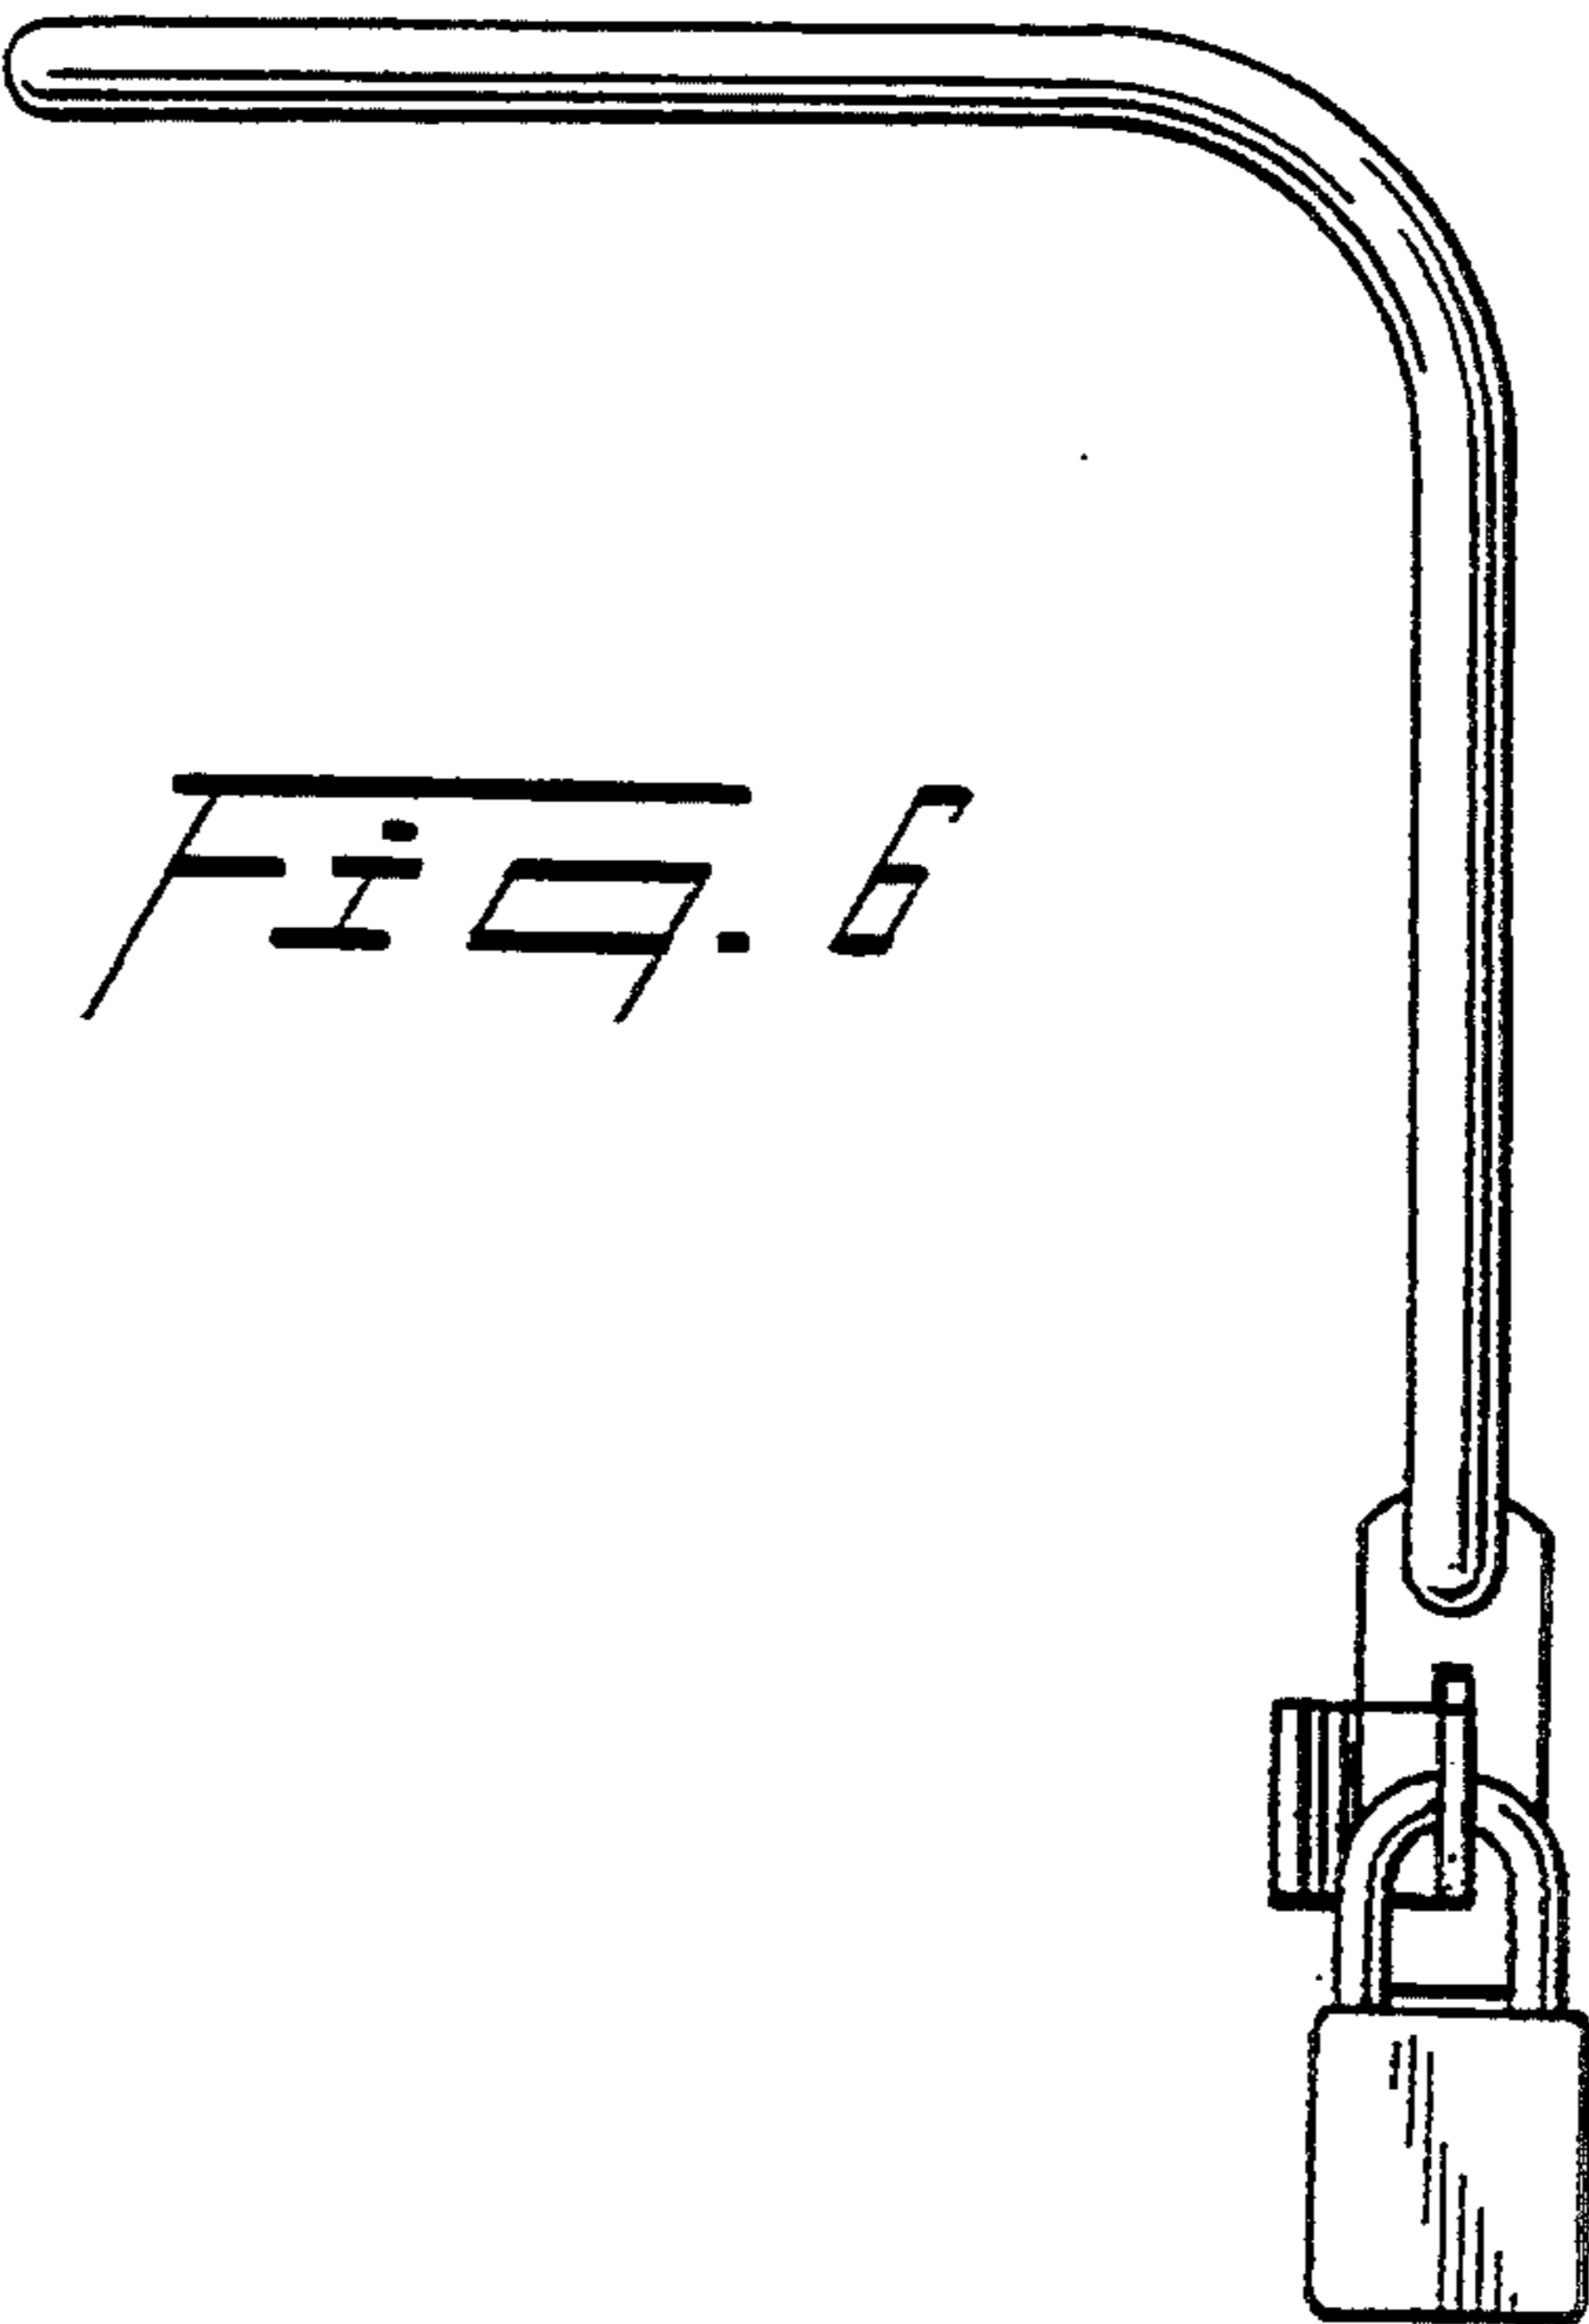

FIG. 6

Fig. 1

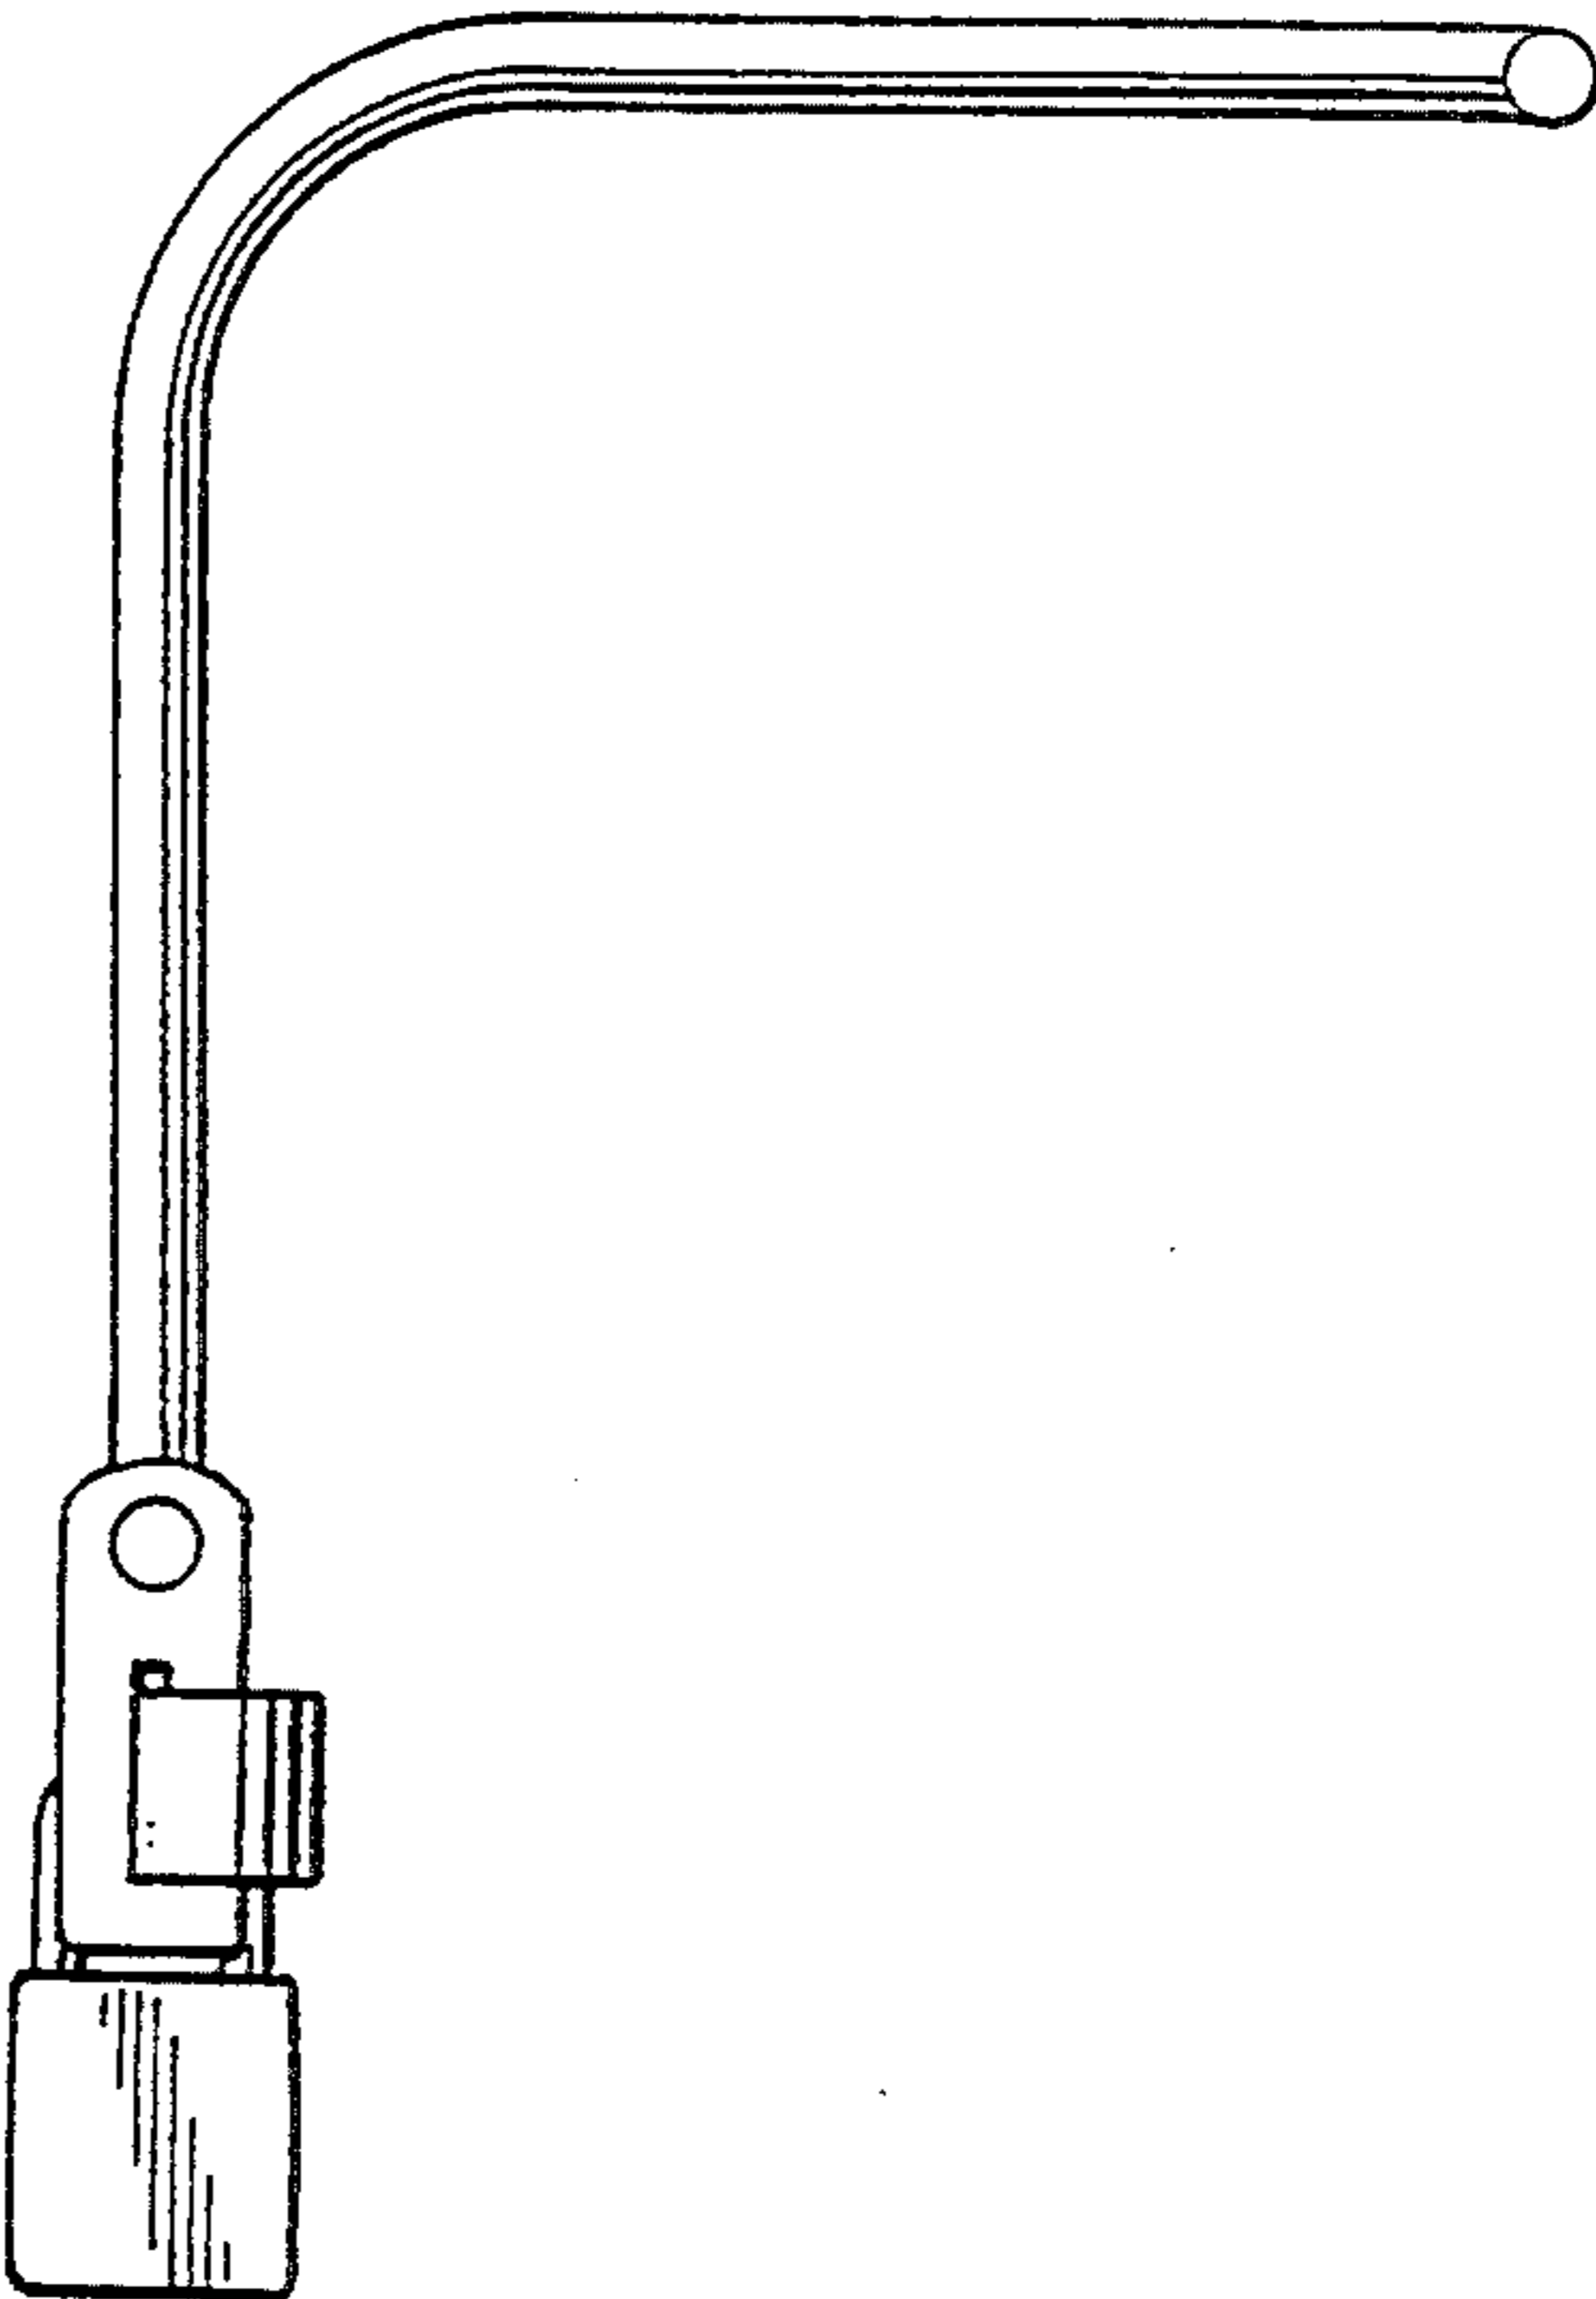

Fig. 2
