## [57] CLAIM

The ornamental design for a combined tube container  
and closure, as shown and described.

## DESCRIPTION

FIG. 1 is a top front perspective view of a combined  
tube container and closure, showing our new design;  
FIG. 2 is a top front perspective view of a second em-  
bodiment thereof;  
FIG. 3 is a top front perspective view of a third embodi-  
ment thereof;  
FIG. 4 is a top plan view thereof;  
FIG. 5 is a bottom plan view thereof;  
FIG. 6 is a front elevational view thereof;  
FIG. 7 is a side elevational view thereof, the opposite  
side being a mirror image thereof;  
FIG. 8 is a perspective view of the design of FIG. 1  
with the closure in the closed position;  
FIG. 9 is a rear elevational view thereof with the clo-  
sure in the open position; and,  
FIG. 10 is a rear elevational thereof with the closure in  
a closed position.
