[57] CLAIM

The ornamental design for a combined I.V. needle cover and protector, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the combined I.V. needle cover and protector showing our new design;
 FIG. 2 is a top view of the combined I.V. needle cover and protector showing our new design;
 FIG. 3 is bottom view of the combined I.V. needle cover and protector showing our new design;
 FIG. 4 is an elevational view from one end of the combined I.V. needle cover and protector showing our new design;
 FIG. 5 is an elevational view from the other end of the combined I.V. needle cover and protector showing our new design; and,
 FIG. 6 is a side elevational view of the combined I.V. needle cover and protector which is the mirror image of the opposite side elevational view showing our new design.

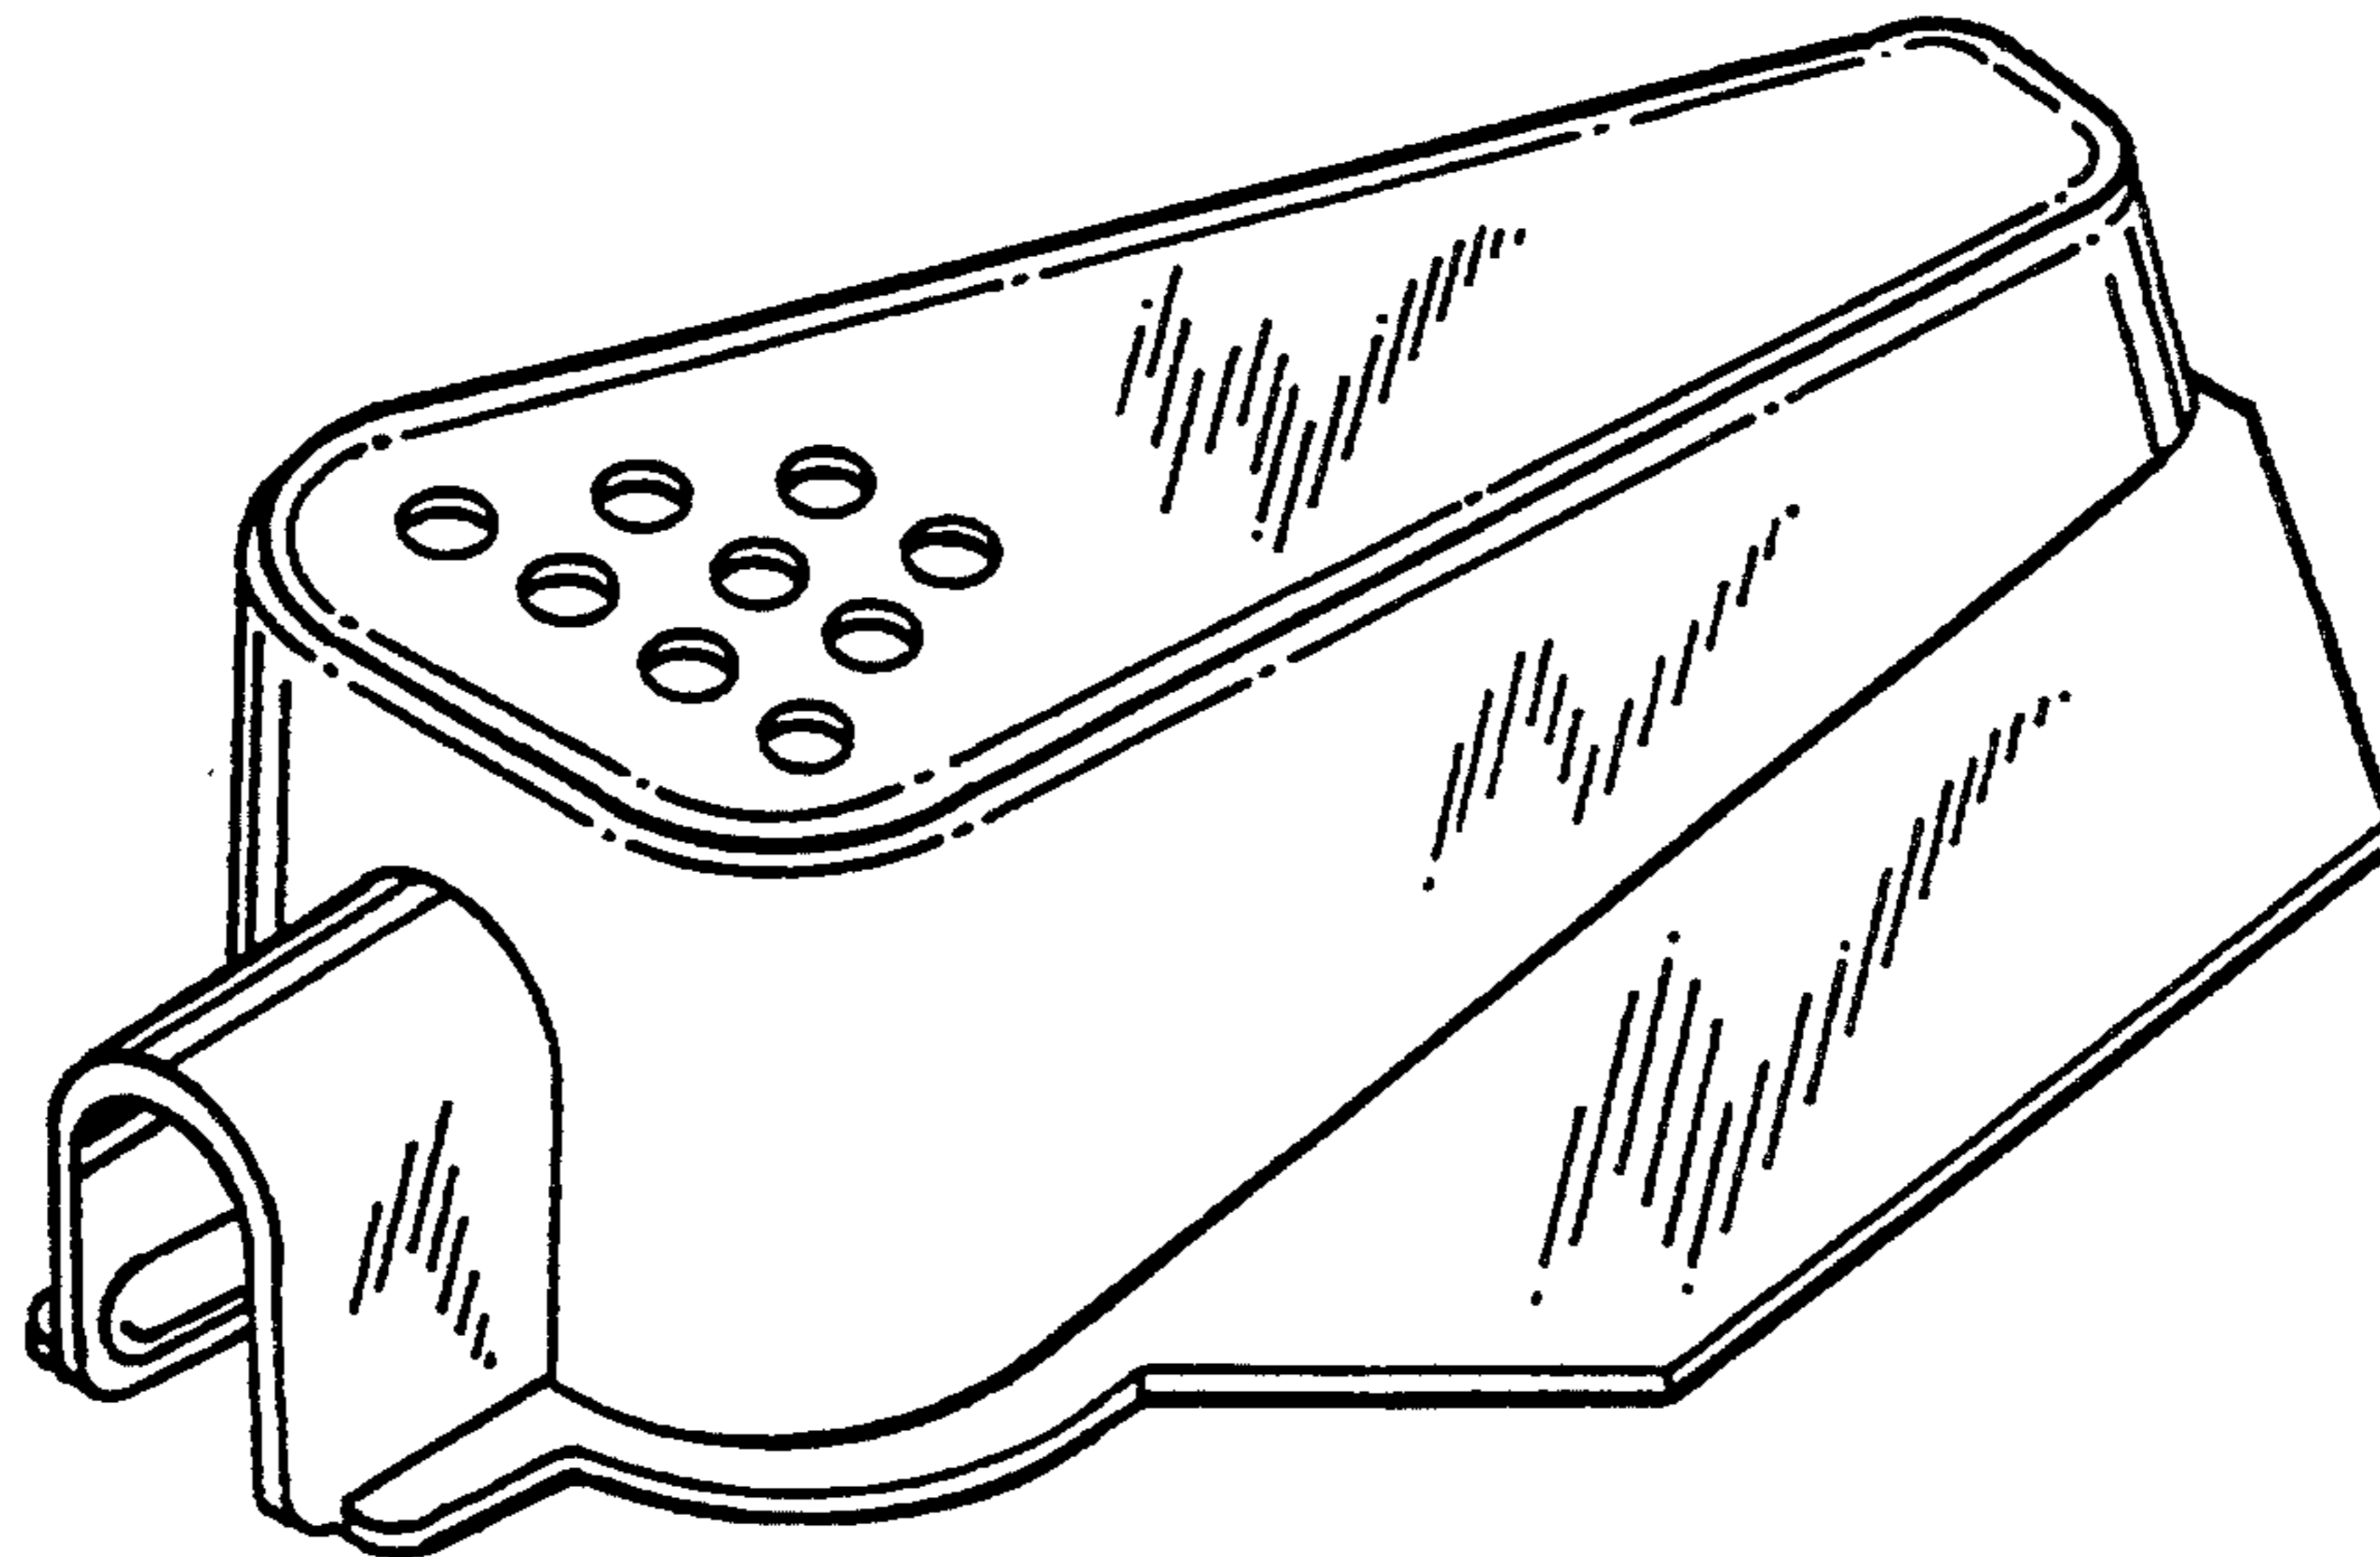

FIG. 1

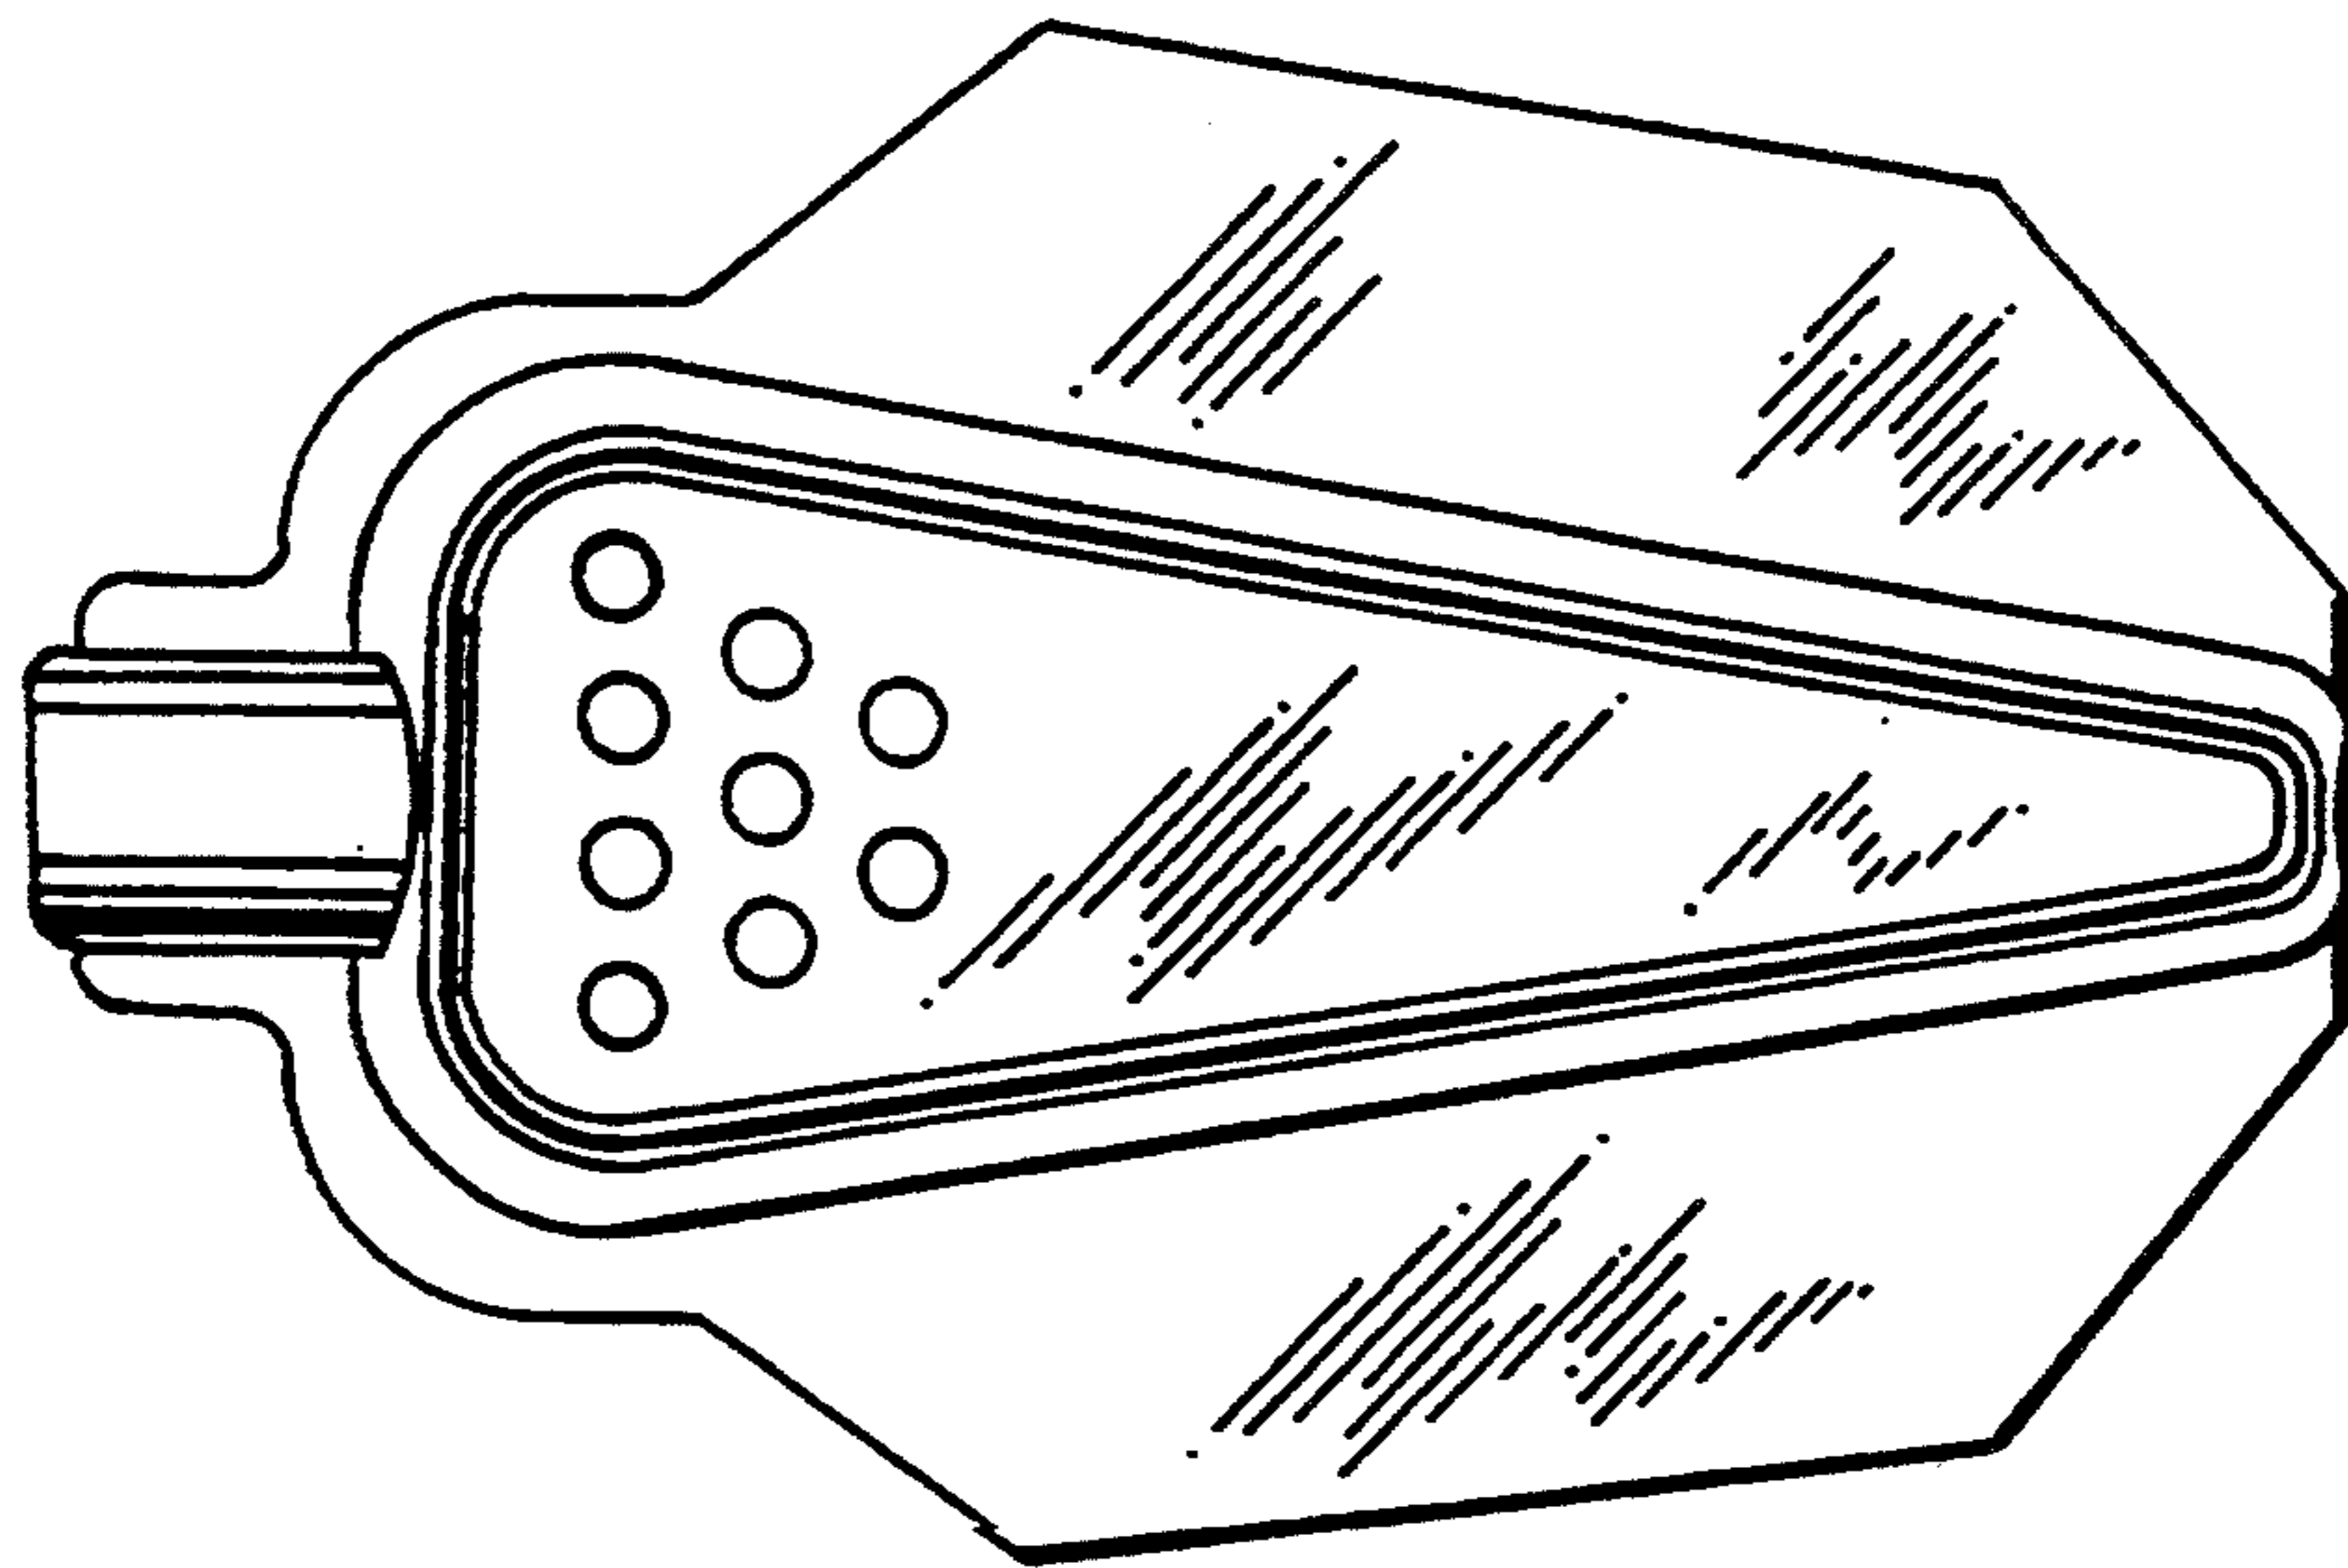

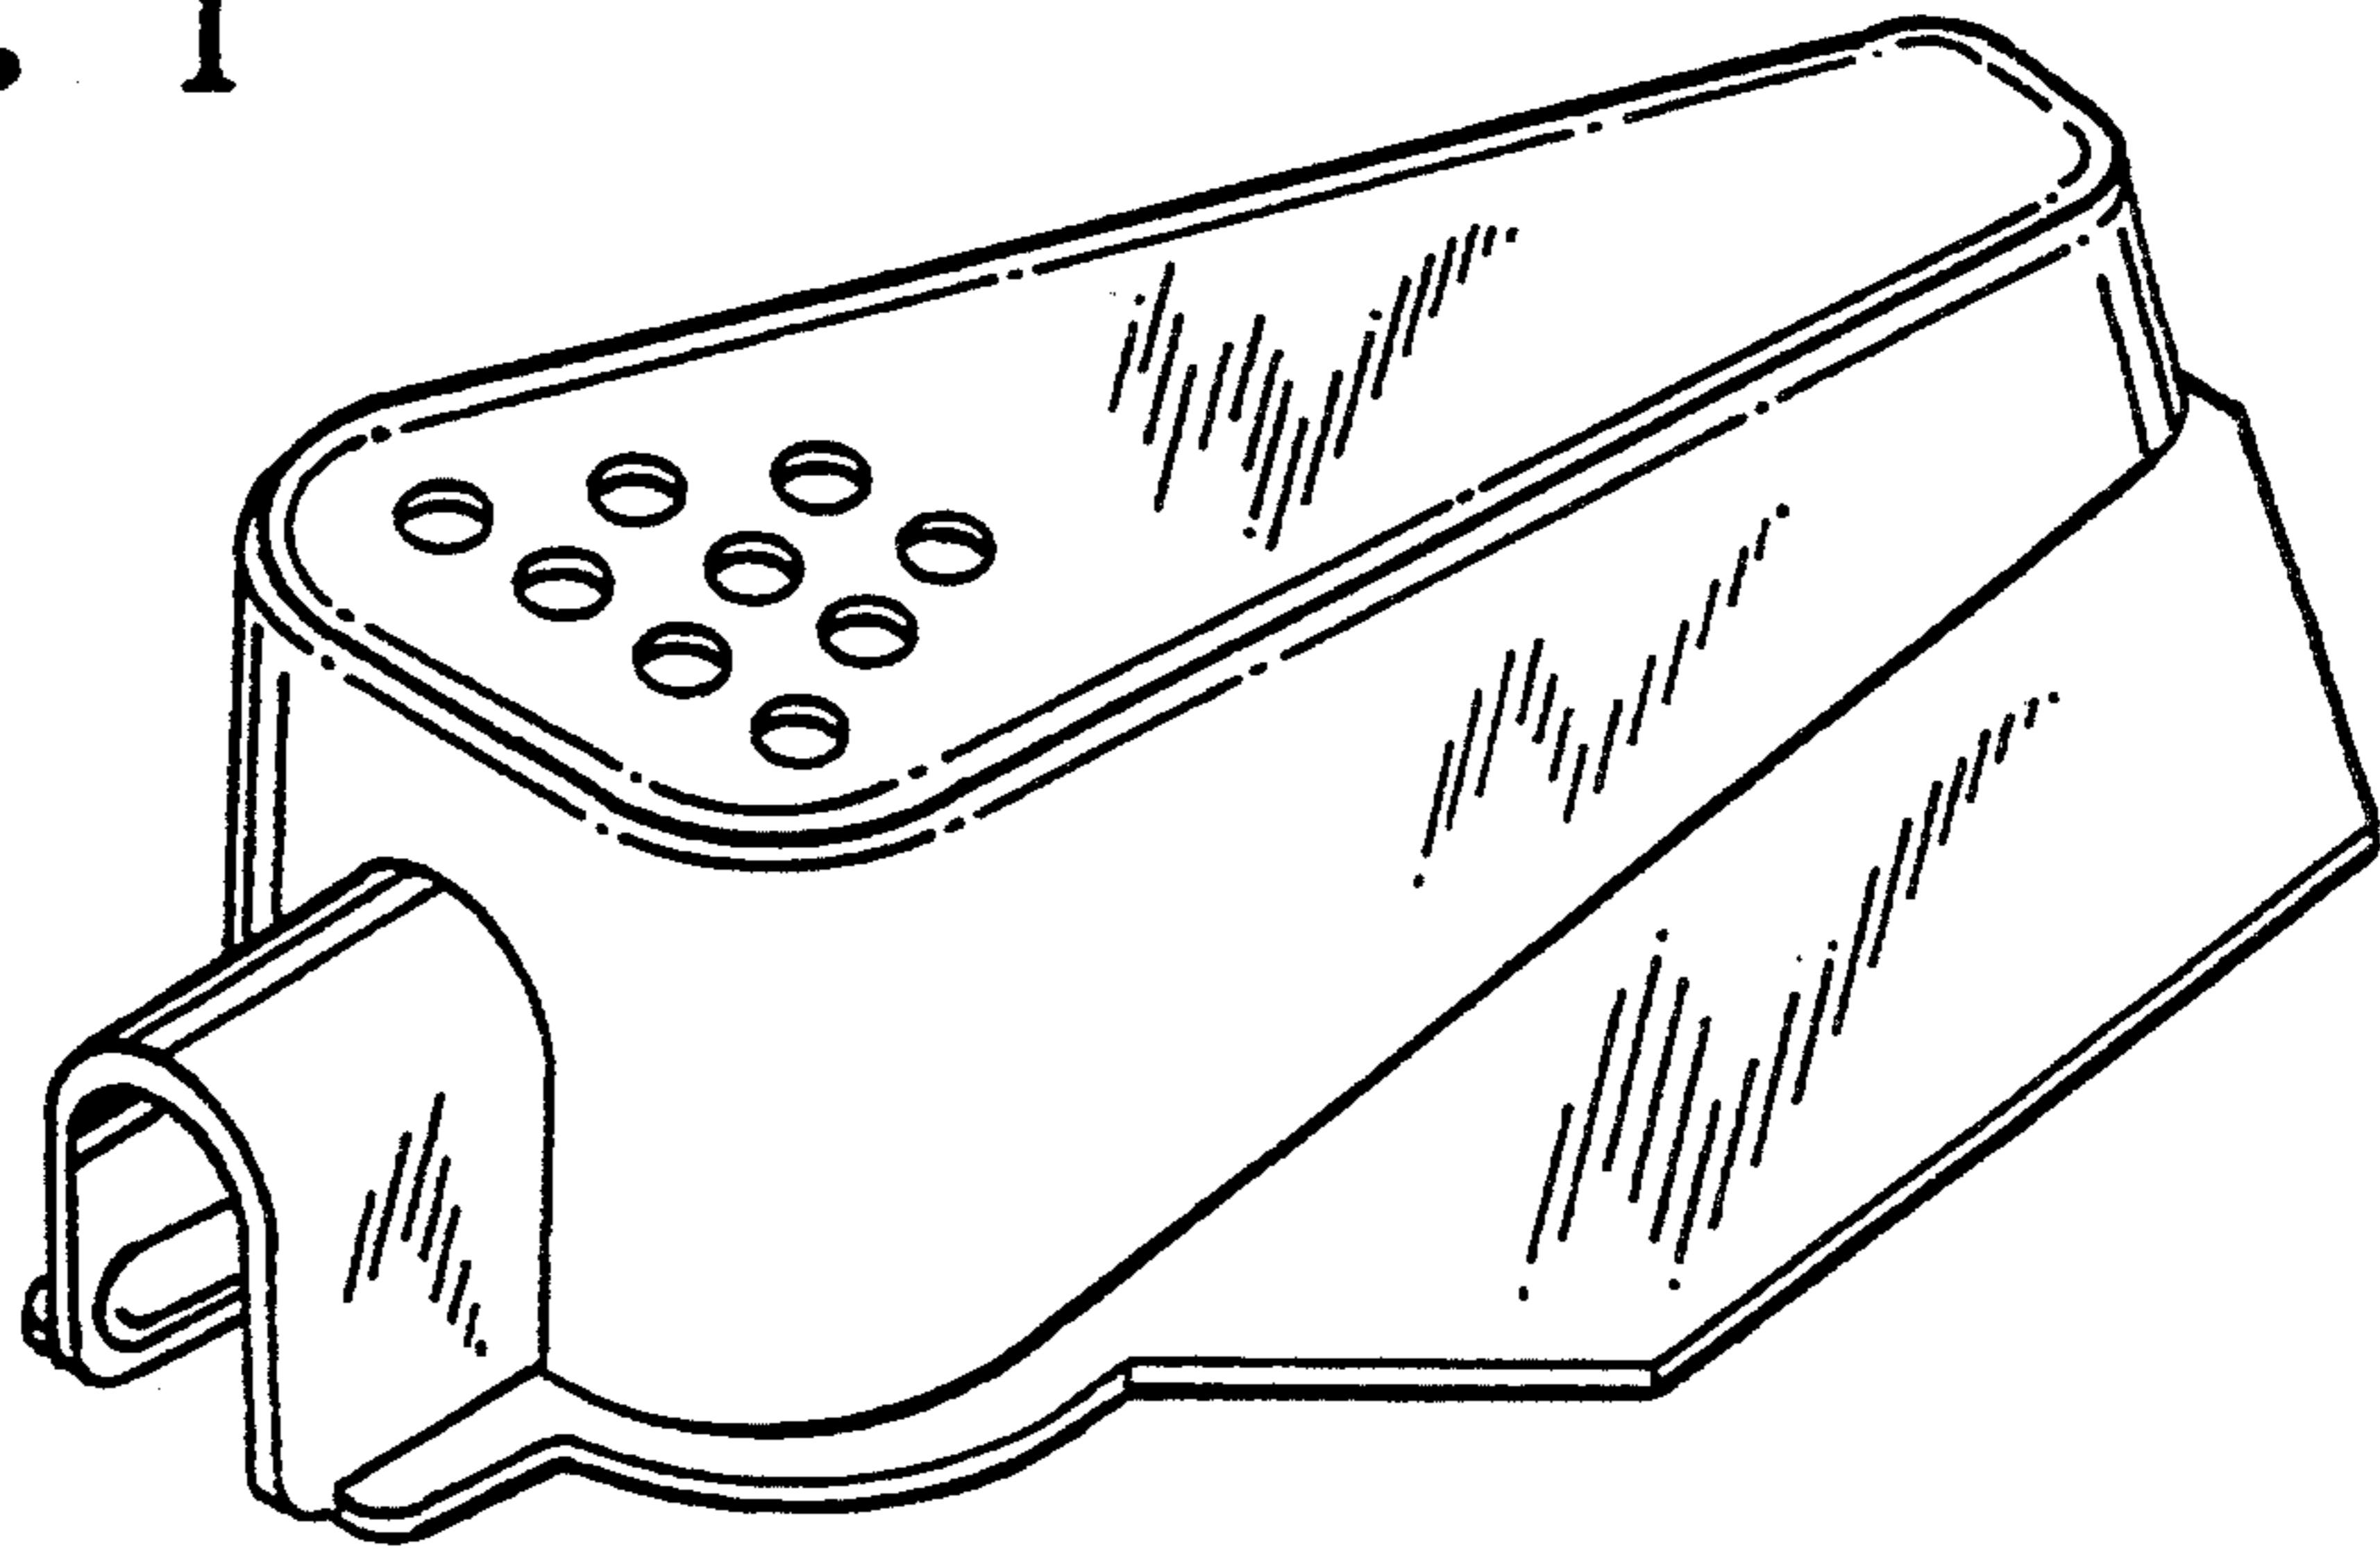

FIG. 2

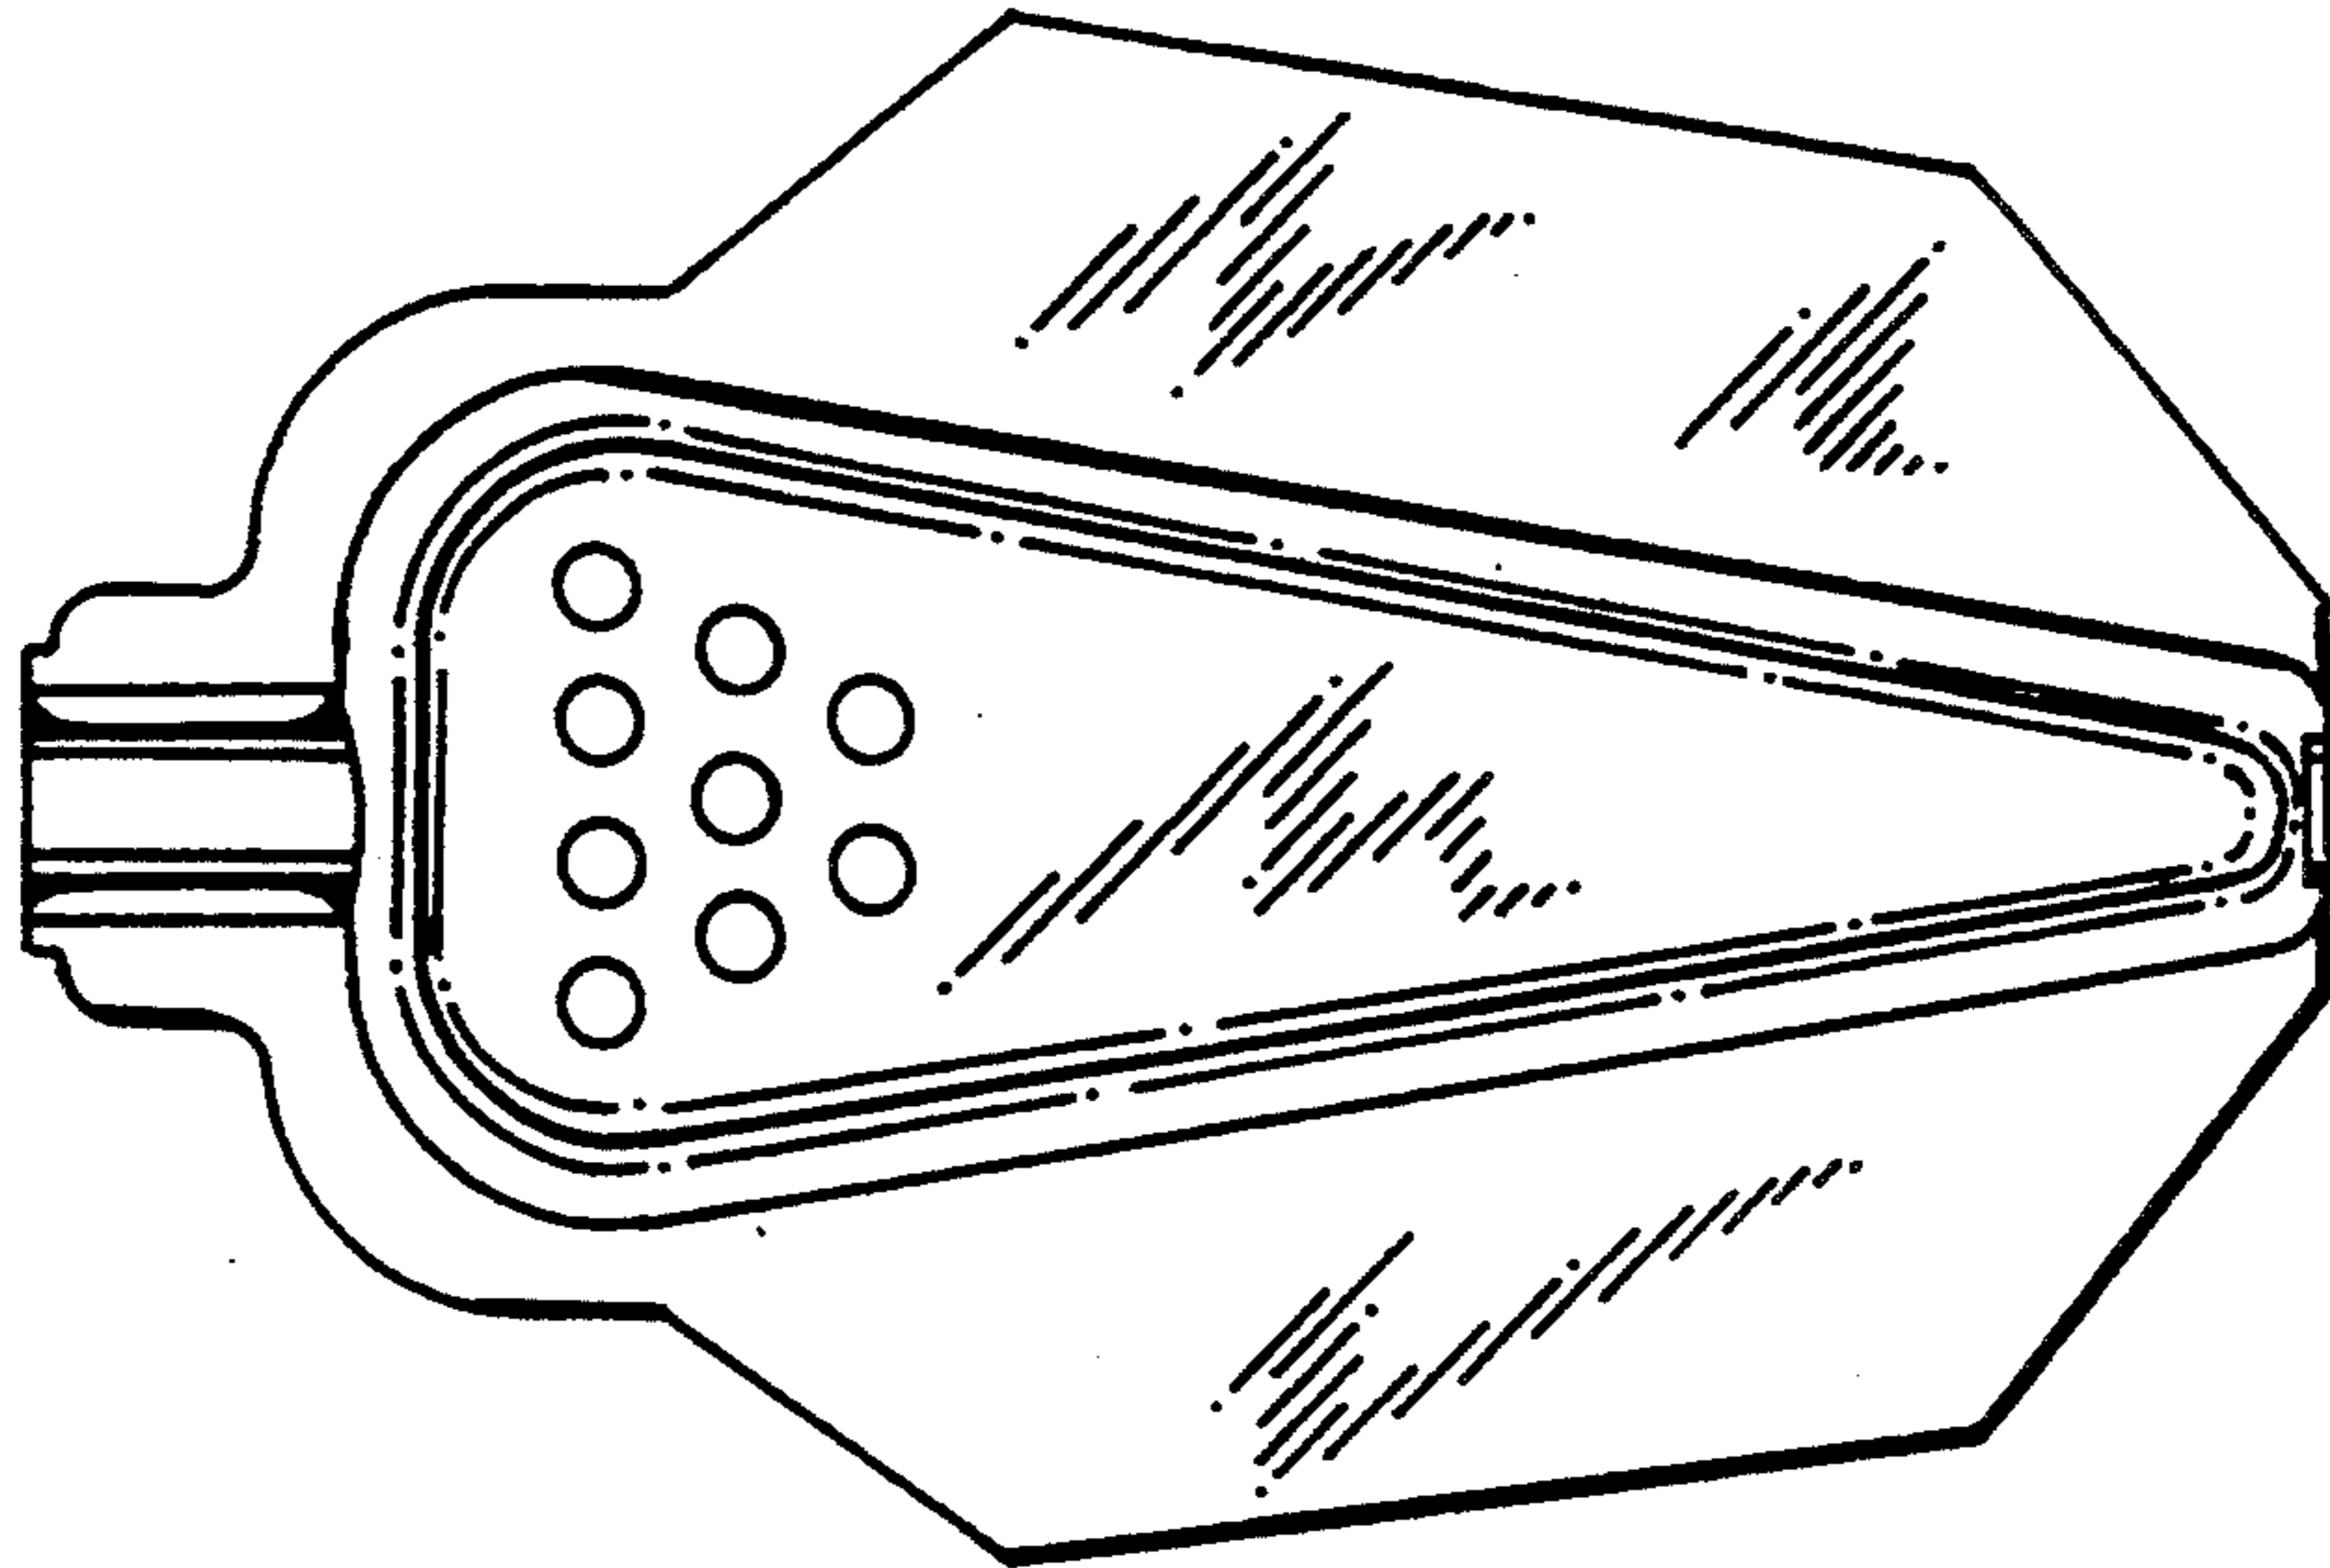

FIG. 3

FIG. 4

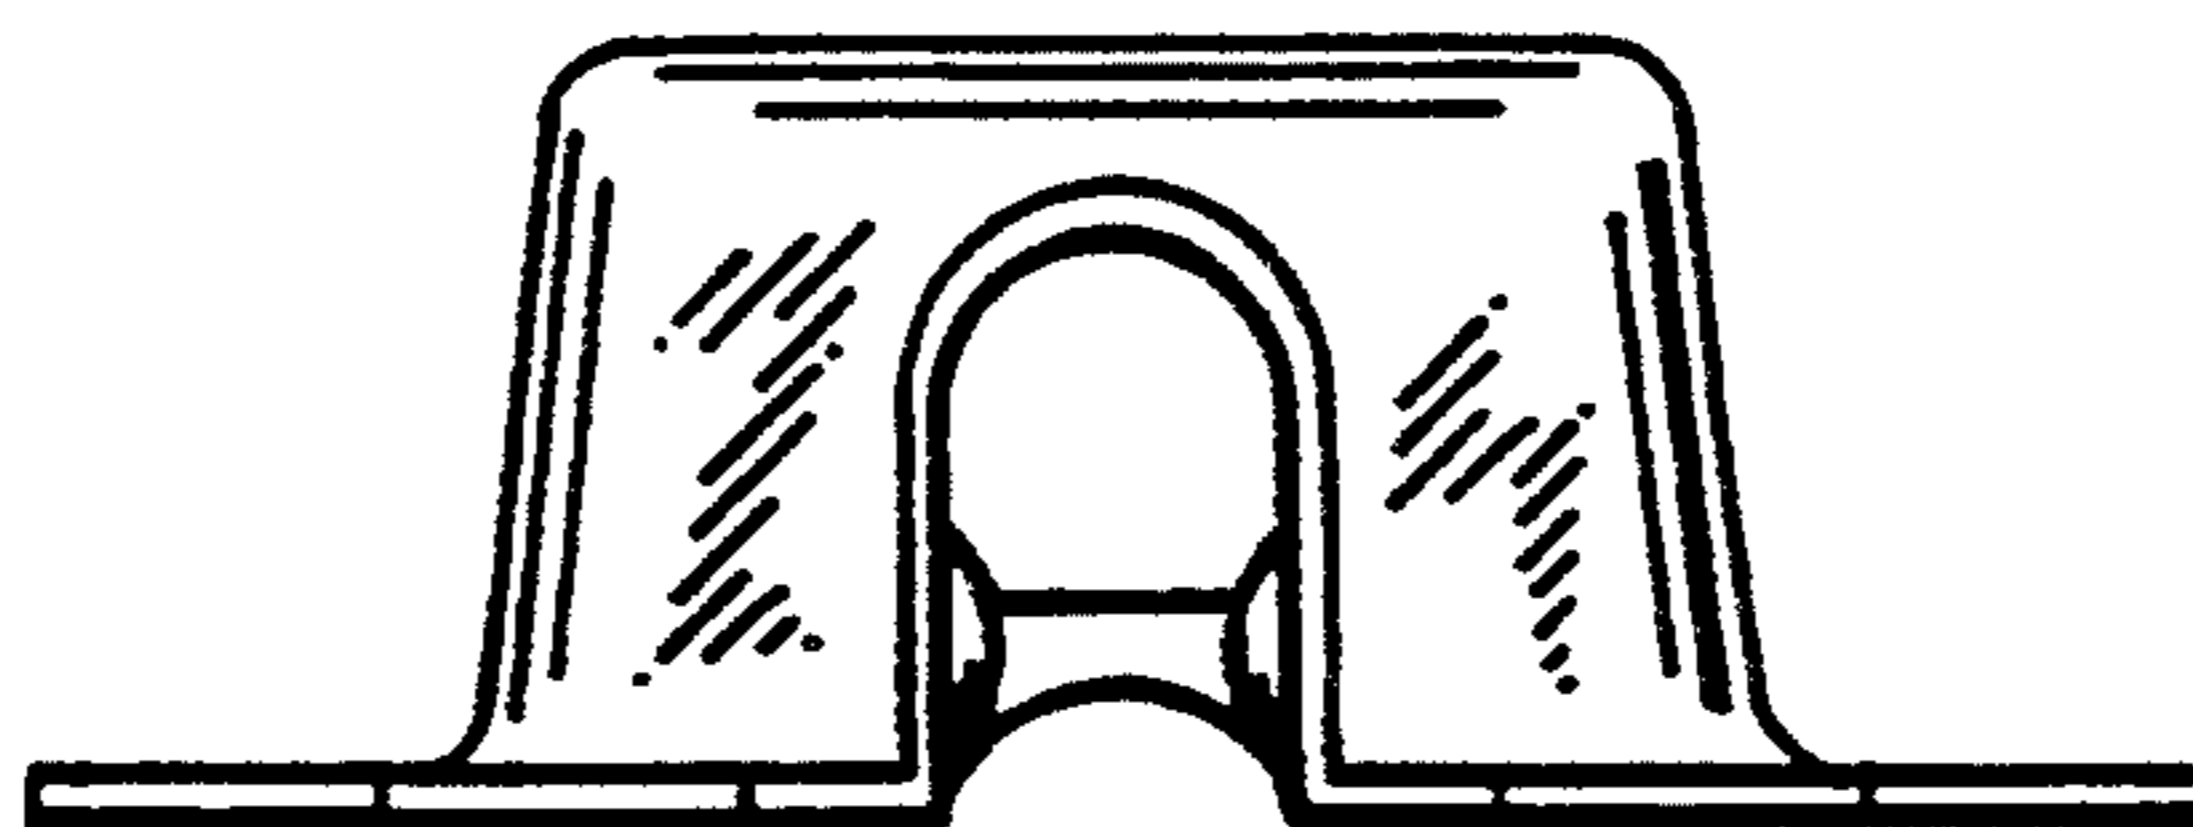

FIG. 5

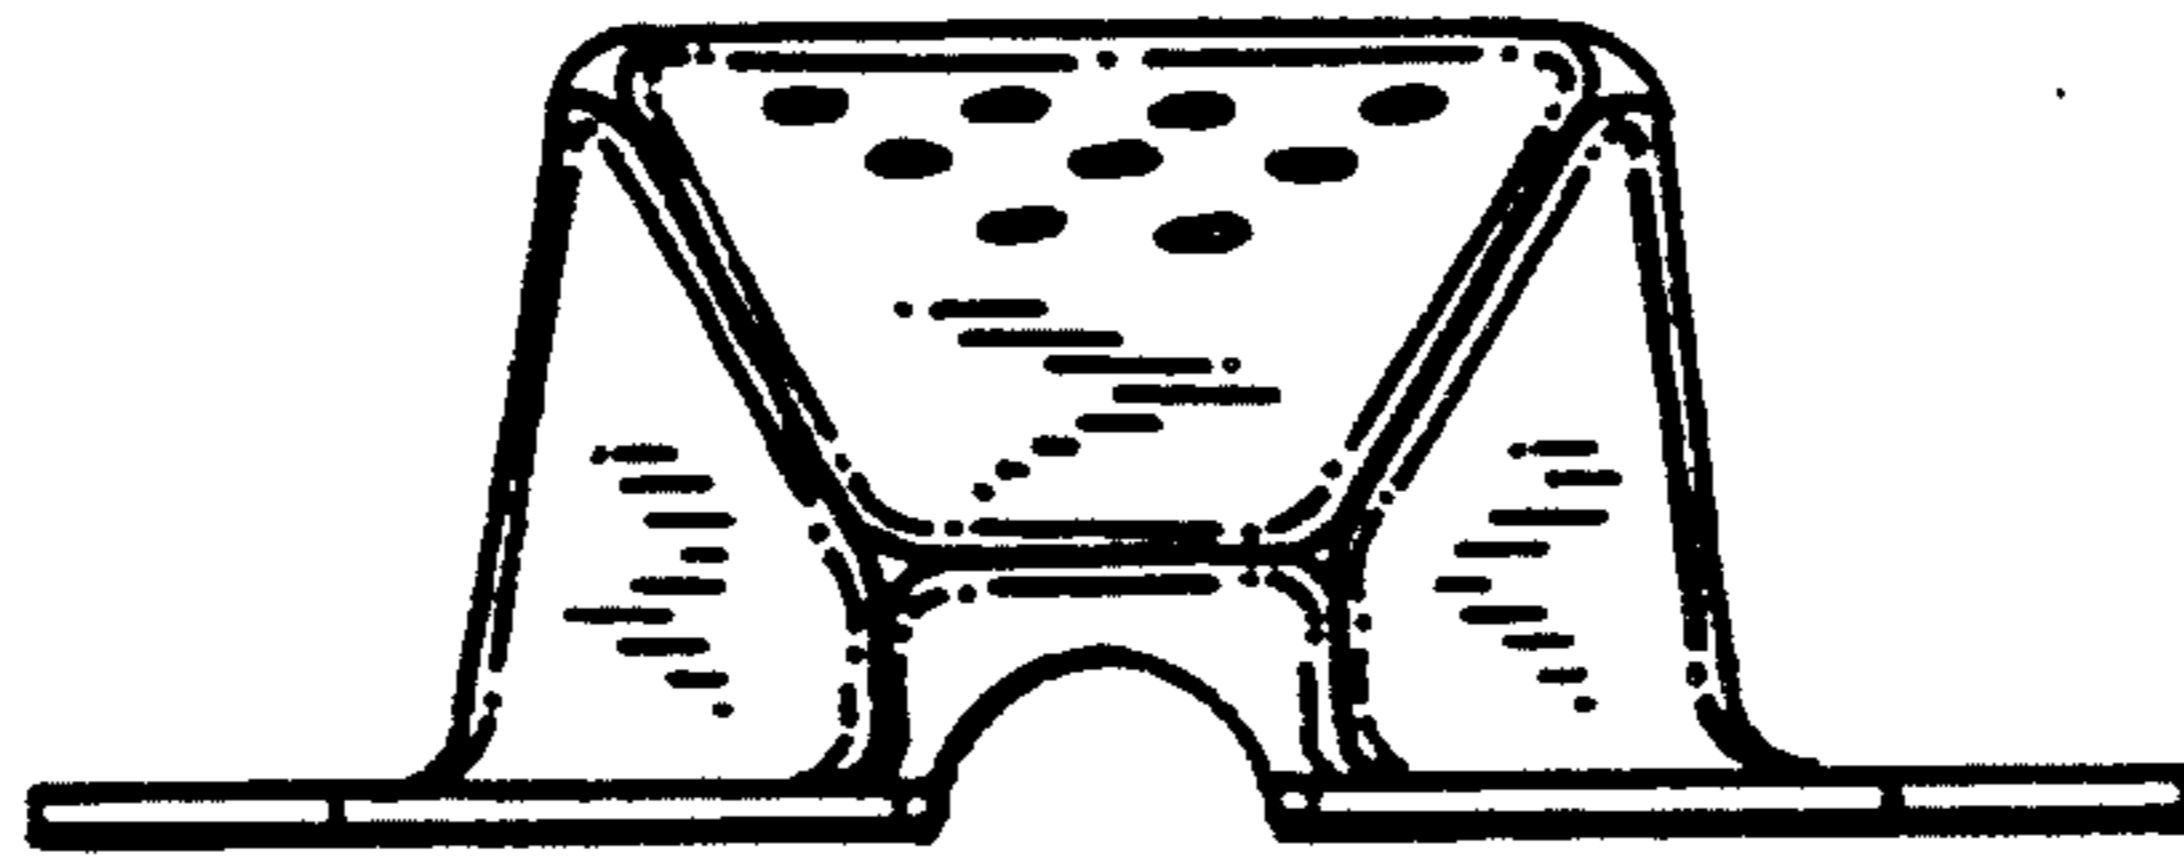

FIG. 6
