[57] **CLAIM**

The ornamental design of a belt buckle, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of a belt buckle, showing my new design;  
 FIG. 2 is a top plan view, the opposite side view being a mirror image;  
 FIG. 3 is a left side elevational view;  
 FIG. 4 is a front elevational view with the lever in an open and upright position;  
 FIG. 5 is a right side elevational view of FIG. 4;  
 FIG. 6 is a top plan view of FIG. 4, the opposite side view being a mirror image;  
 FIG. 7 is a front elevational view of a belt buckle showing a second embodiment of my new design;  
 FIG. 8 is a top plan view of FIG. 7, the opposite side view being a mirror image;  
 FIG. 9 is a left side elevational view of FIG. 7;  
 FIG. 10 is a top plan view of FIG. 7, shown with the lever in an open and upright position;  
 FIG. 11 is a right side elevational view of FIG. 10;  
 FIG. 12 is a top plan view of FIG. 10, the opposite side view being a mirror image;  
 FIG. 13 is a bottom elevational view of the second embodiment, it being understood that the bottom elevational view of the first embodiment, FIGS. 1-7, is the same; and,  
 FIG. 14 is a right side elevational view of FIG. 8, it being understood that the right side elevational view of the first embodiment, FIGS. 1-7, is the same.  
 The broken line showing of a partial belt in FIGS. 1 and 2 is for illustrative purposes only and forms no part of the claimed design.
