[57] **CLAIM**

The ornamental design for shoe panel, as shown and described.

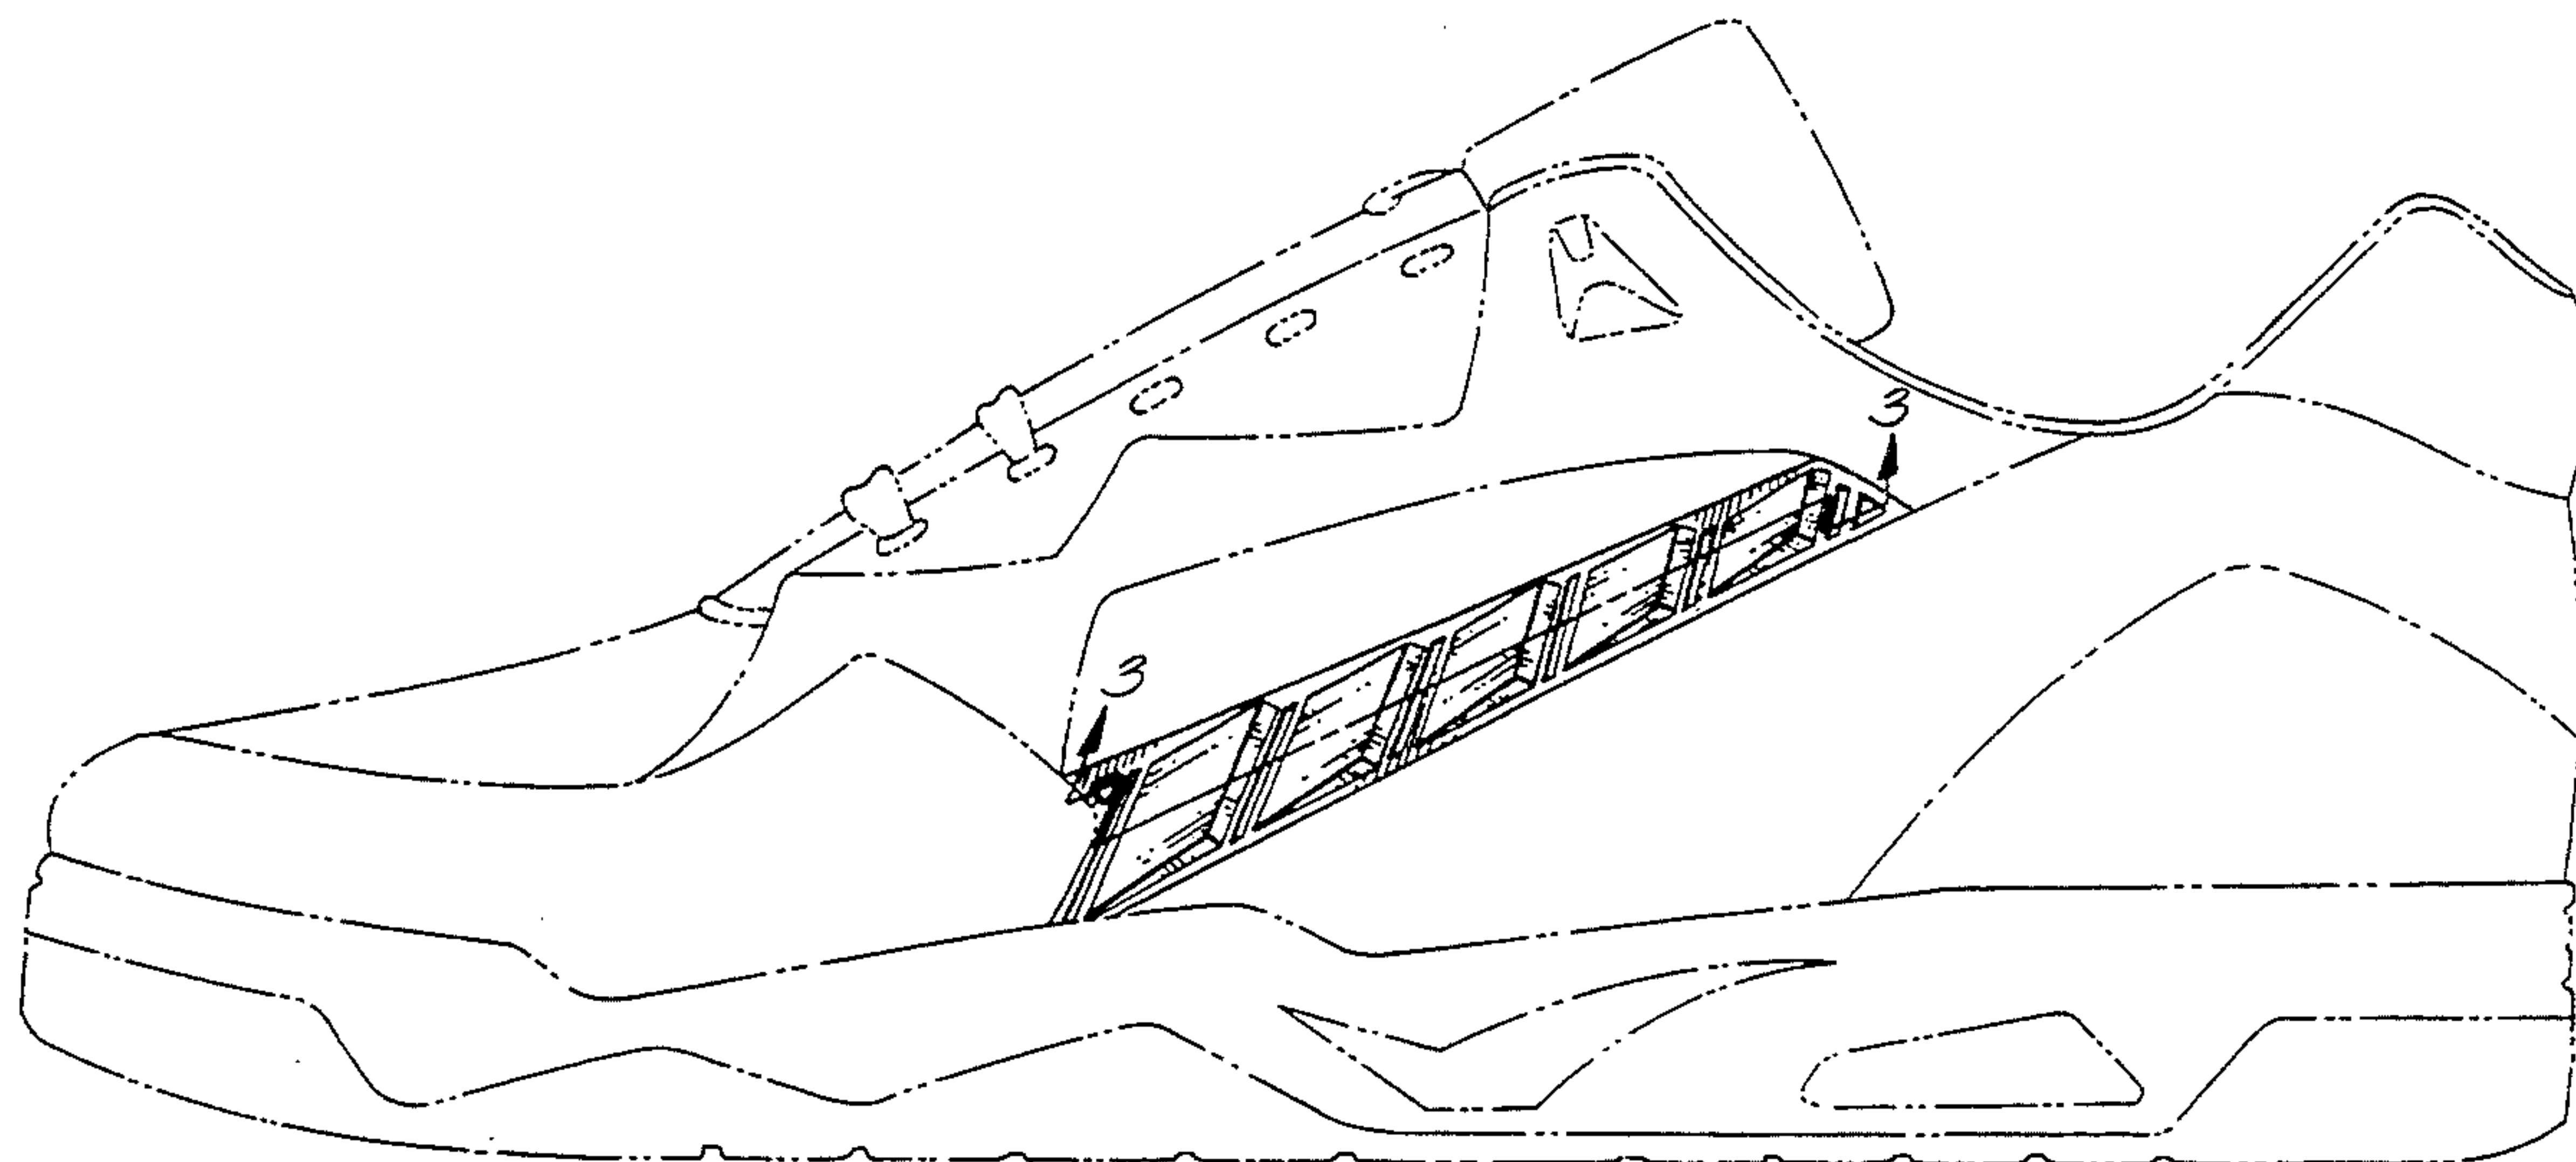

**DESCRIPTION**

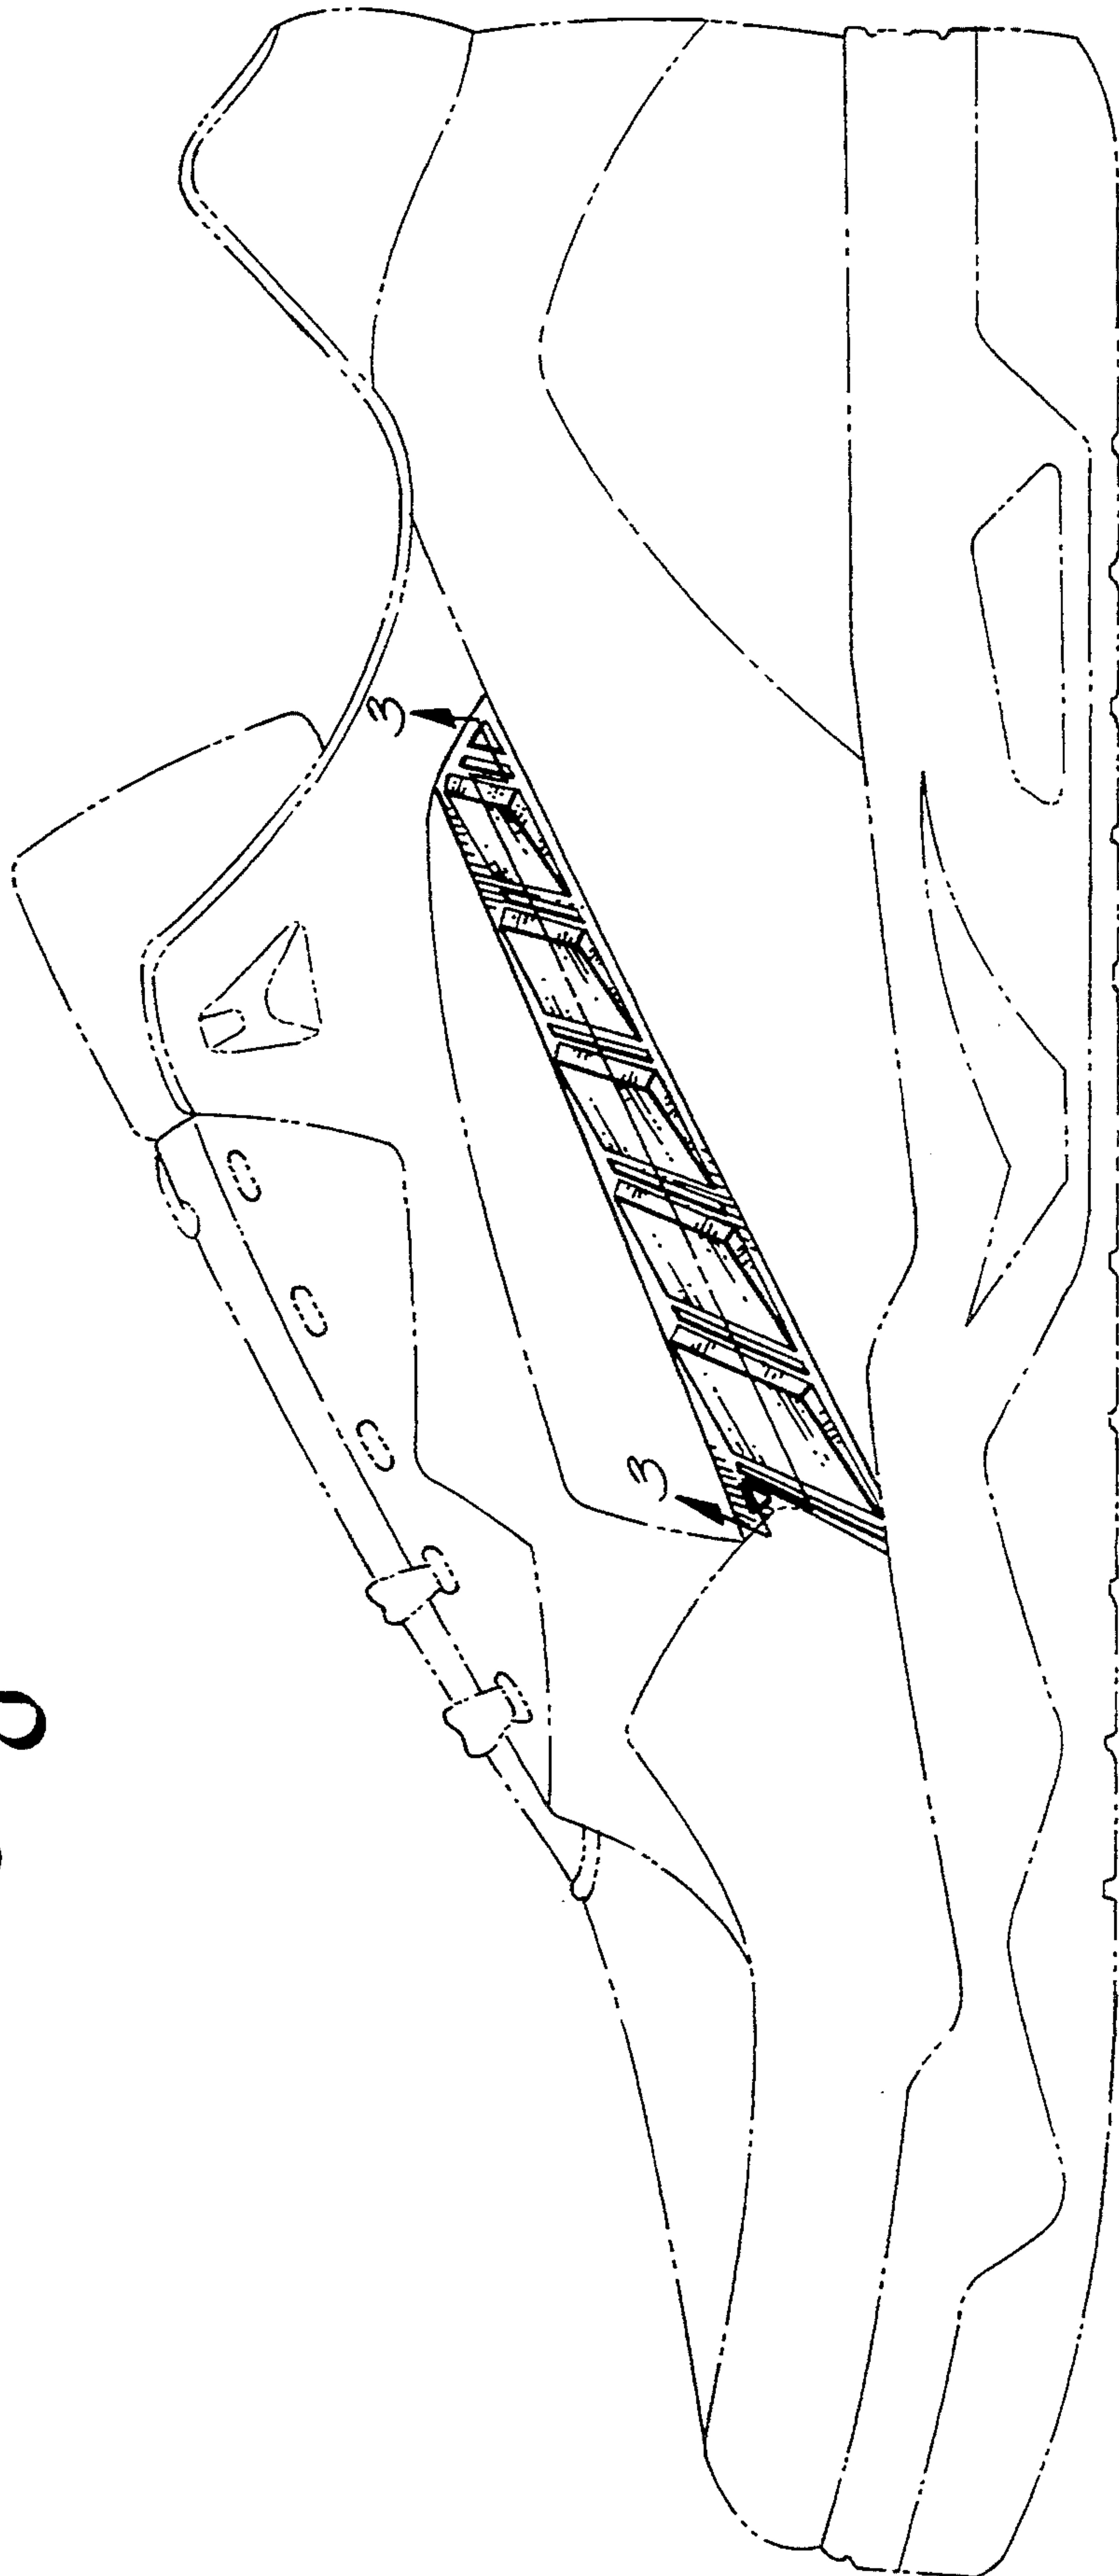

FIG. 1 is an elevation view showing my new design in

a left side shoe panel according to a first embodiment of my new design; the panel is shown as incorporated into a shoe which obscures and makes unobservable all other surfaces of the shoe panel which are unornamented; the broken line showing of a shoe is for illustrative purposes only and forms no part of the claimed design; the ornamental surface of a right side shoe panel according to the first embodiment of my design appears as a mirror image of FIG. 1;

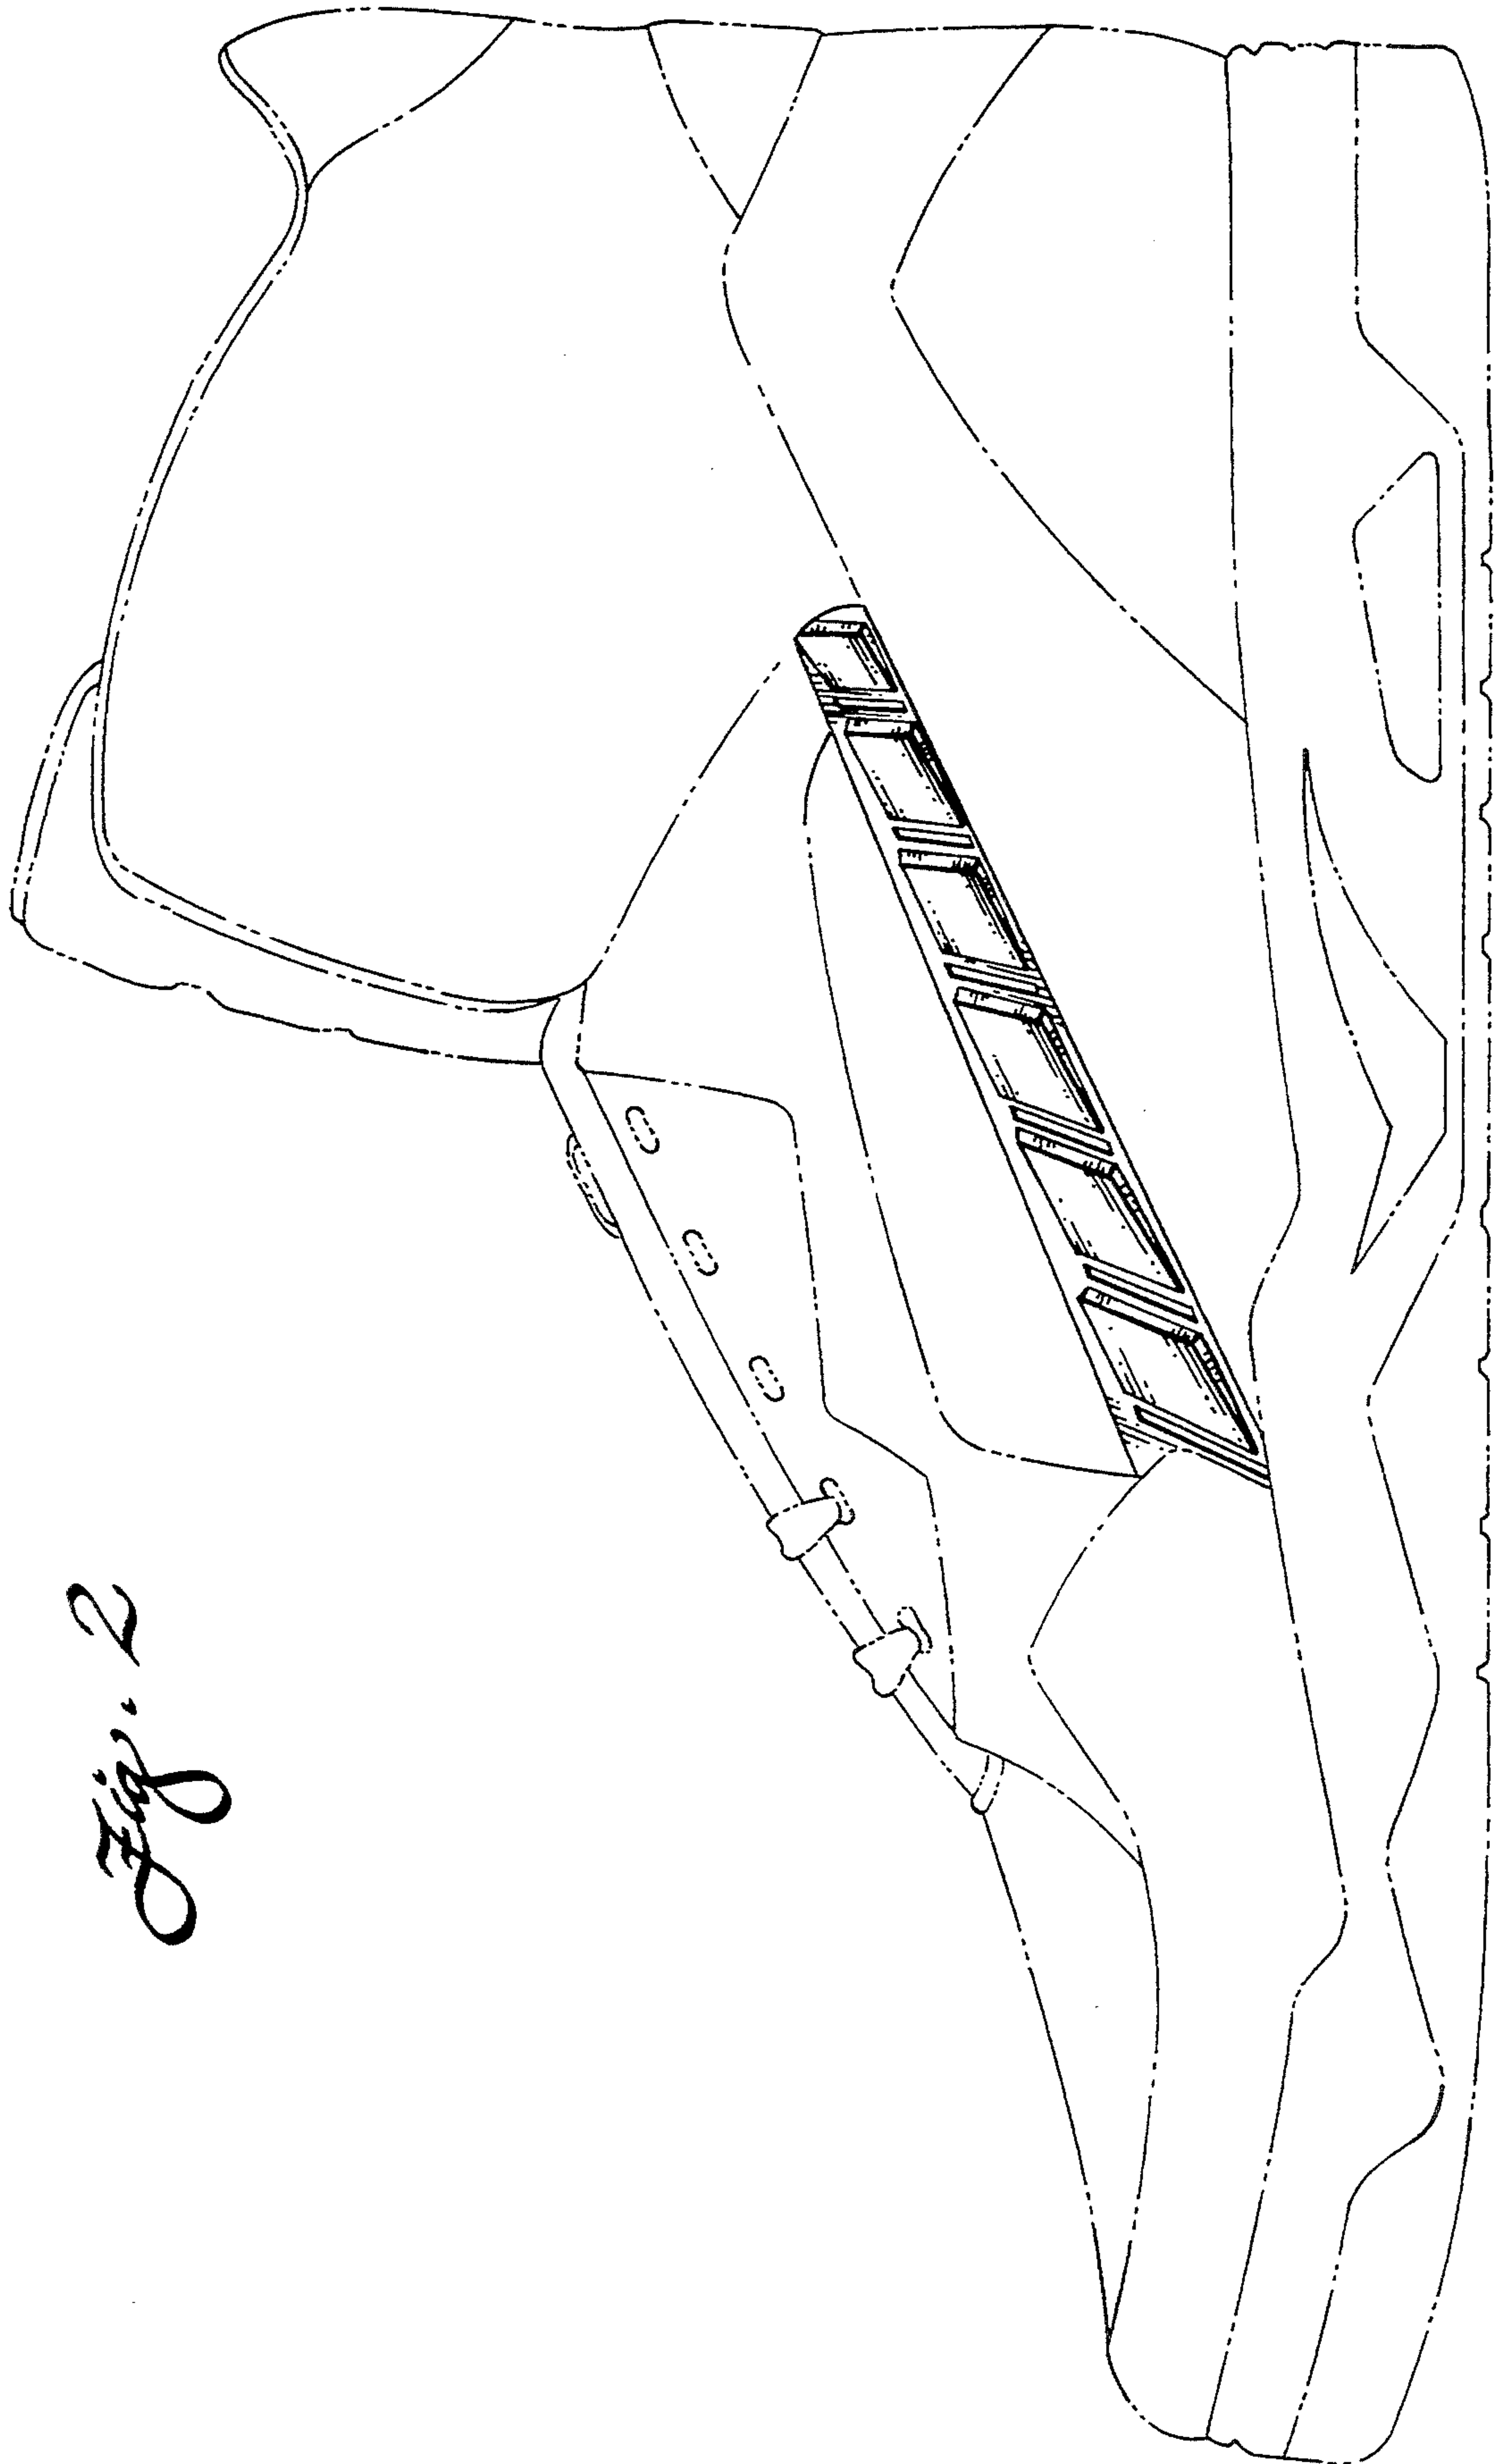

FIG. 2 is an elevation view showing a left side shoe panel according to a second embodiment of my new design; the panel is shown as incorporated into a shoe which obscures and makes unobservable all other surfaces of the shoe panel which are unornamented; the broken line showing of a shoe is for illustrative purposes only and forms no part of the claimed design; the ornamental surface of a right side shoe panel according to the second embodiment of my design appears as a mirror image of FIG. 2; and,

FIG. 3 is an enlarged fragmentary cross-section view taken along line 3—3 in FIG. 1 and shows the contour of the exterior surface of the shoe panel according to the first embodiment of my new design; a section view along a corresponding line in FIG. 2 is substantially the same as that of FIG. 3.
