[57] **CLAIM**

The ornamental design for a combined proximal end and shaft of a surgical suture slotted knot pusher, as shown and described.

DESCRIPTION

FIG. 1 is a bottom plan view of a combined proximal end and shaft of a surgical suture slotted knot pusher showing our new design;

FIG. 2 is a side elevational view thereof;

FIG. 3 is a top plan view thereof;

FIG. 4 is a side elevational view thereof, opposite that shown in FIG. 2;

FIG. 5 is a front elevational view thereof;

FIG. 6 is a cross-sectional view thereof, taken along the line 6-6 of FIG. 3; and,

FIG. 7 is a perspective view thereof.

The broken line showing of the shaft and handle in the FIGS. 1,2,3 and 4 is for illustrative purposes only and forms no part of the claimed design.
