[57] **CLAIM**

The ornamental design for combined fluorescent light adaptor and ring tube holder, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a combined fluorescent light adaptor and ring tube holder showing my new design;

FIG. 2 is a side elevational view thereof, with the opposite sides being a mirror image, and with the ring tube holder omitted for clarity of illustration only;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof;

FIG. 5 is a side elevational view thereof, with the opposite side being a mirror image, and with the fluorescent light adaptor omitted for clarity of illustration only;

FIG. 6 is a top plan view thereof;

FIG. 7 is a front elevational view view thereof, with the rear being a mirror image;

FIG. 8 is a bottom plan view thereof;

FIG. 9 is an exploded perspective view thereof.

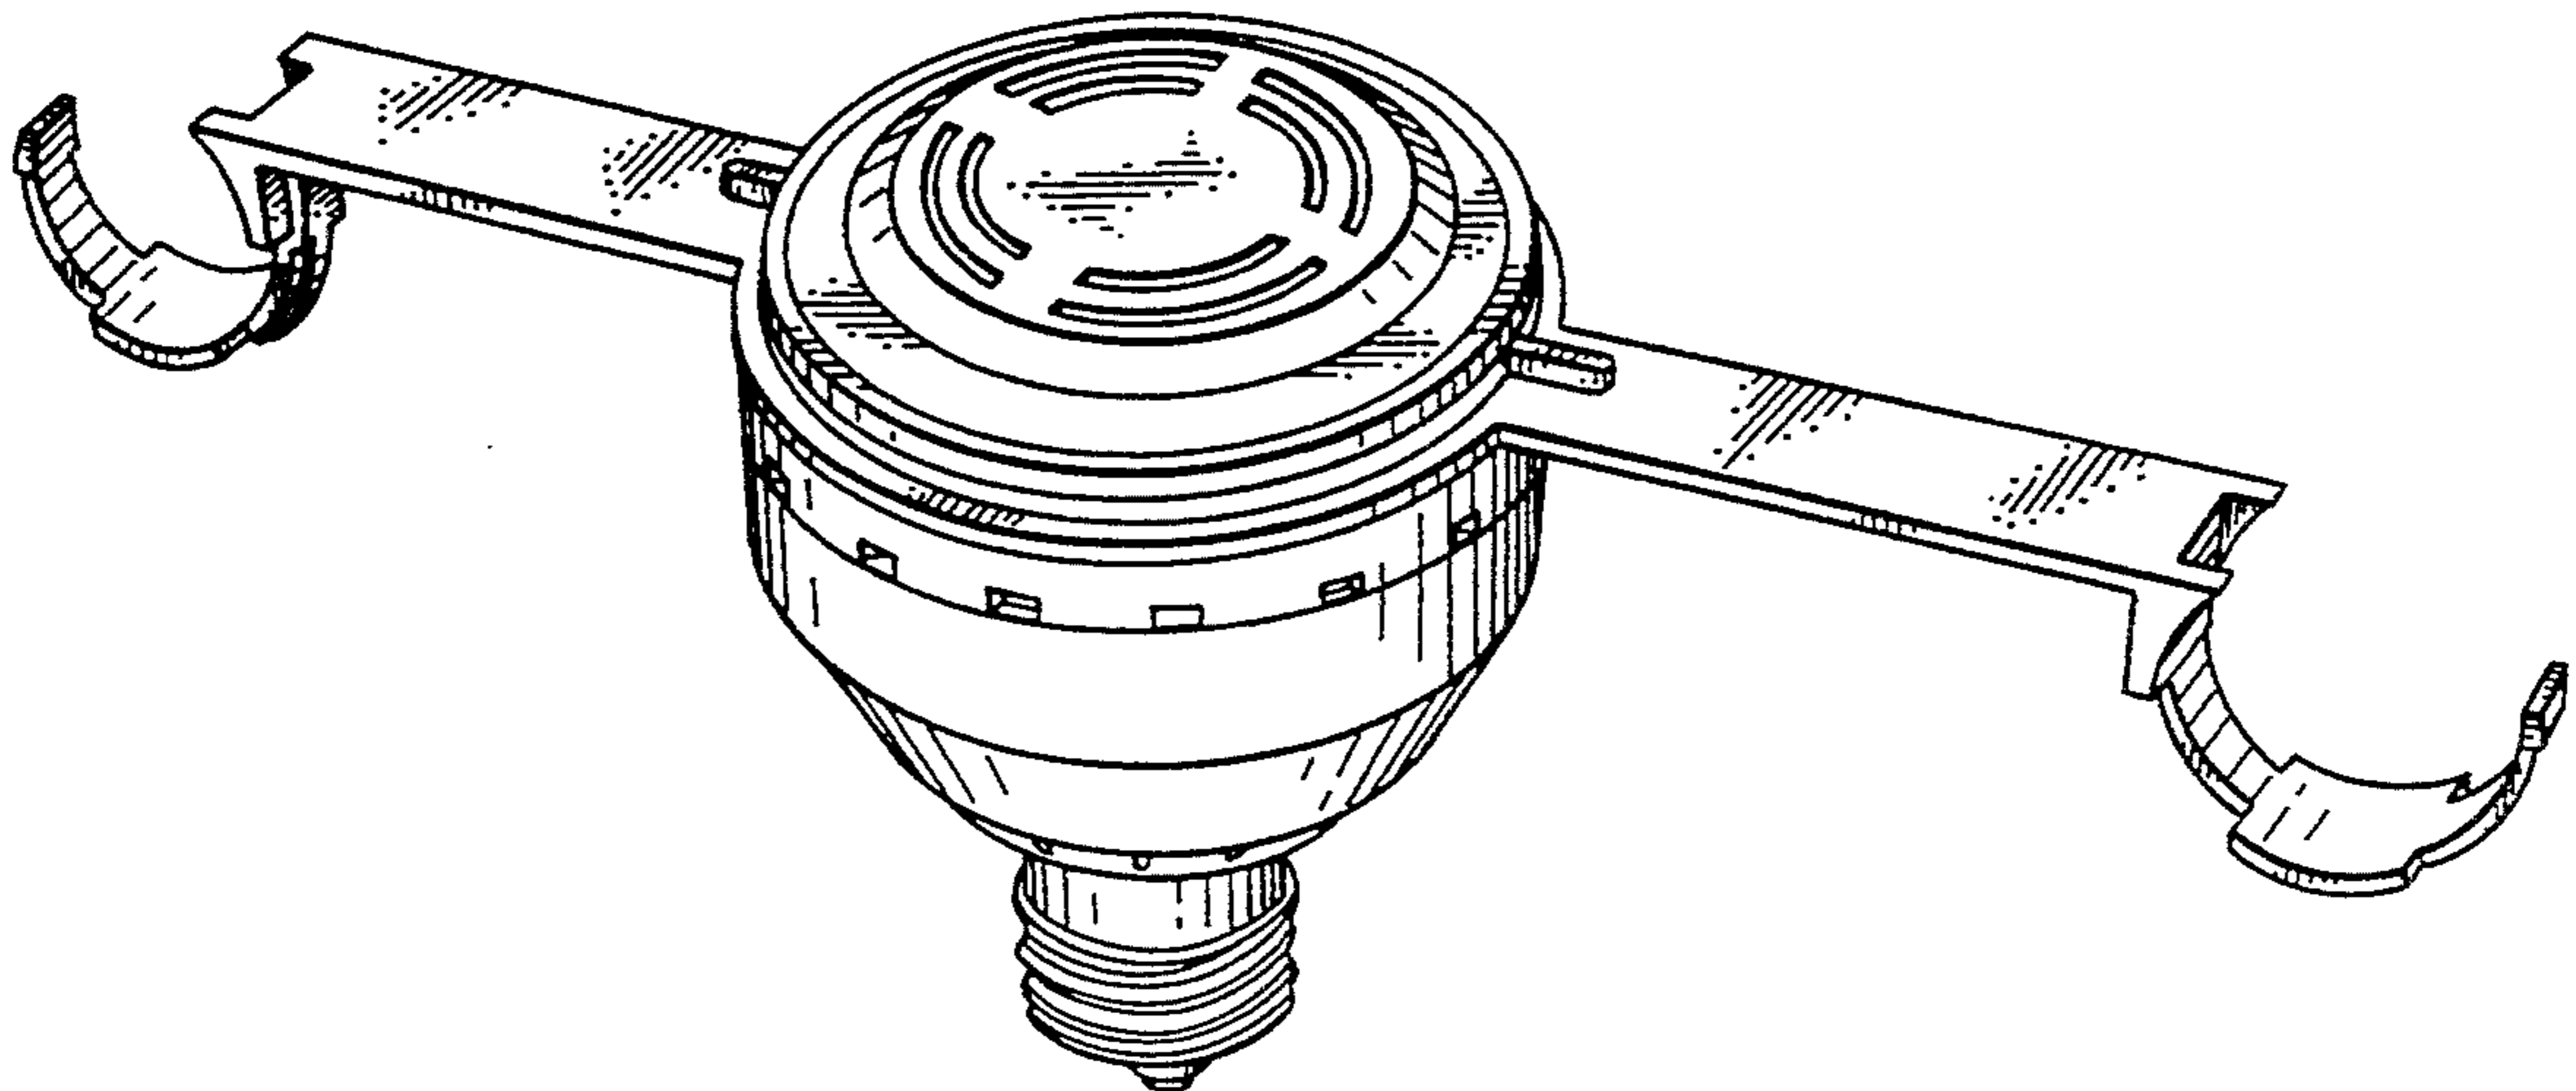

FIG. 1
