[57] **CLAIM**

The ornamental design for a multi-purpose rotational, vibrating, acoustical chair, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a multi-purpose, rotational, vibrating, acoustical chair showing my new design thereof;

FIG. 2 is a front elevational view;

FIG. 3 is a rear elevational view;

FIG. 4 is a right side elevational view;

FIG. 5 is a left side elevational view;

FIG. 6 is a top plan view;

FIG. 7 is a bottom plan view;

FIG. 8 is a right side elevational view showing the headrest member in extended position, the left side being a mirror image of the right side;

FIG. 9 is a partial front elevational view with the headrest in an extended position; and,

FIG. 10 is a partial rear elevational view with the headrest in an extended position.
