[57] CLAIM

The ornamental design for a combined in line skate bag and fanny pack, as shown and described.

DESCRIPTION

FIG. 1 is a perspective drawing showing my new design of a combined in-line skate bag and fanny pack with the top-rear panel unzipped and folded back to expose the interior and a pair of in-line skates which are shown in phantom line and which comprise no part of the invention;

FIG. 2 is a perspective drawing showing a front plan view thereof and portions of the bottom, right and left sides;

FIG. 3 is a perspective drawing showing a rear elevation view thereof and portions of the bottom, right and left sides;

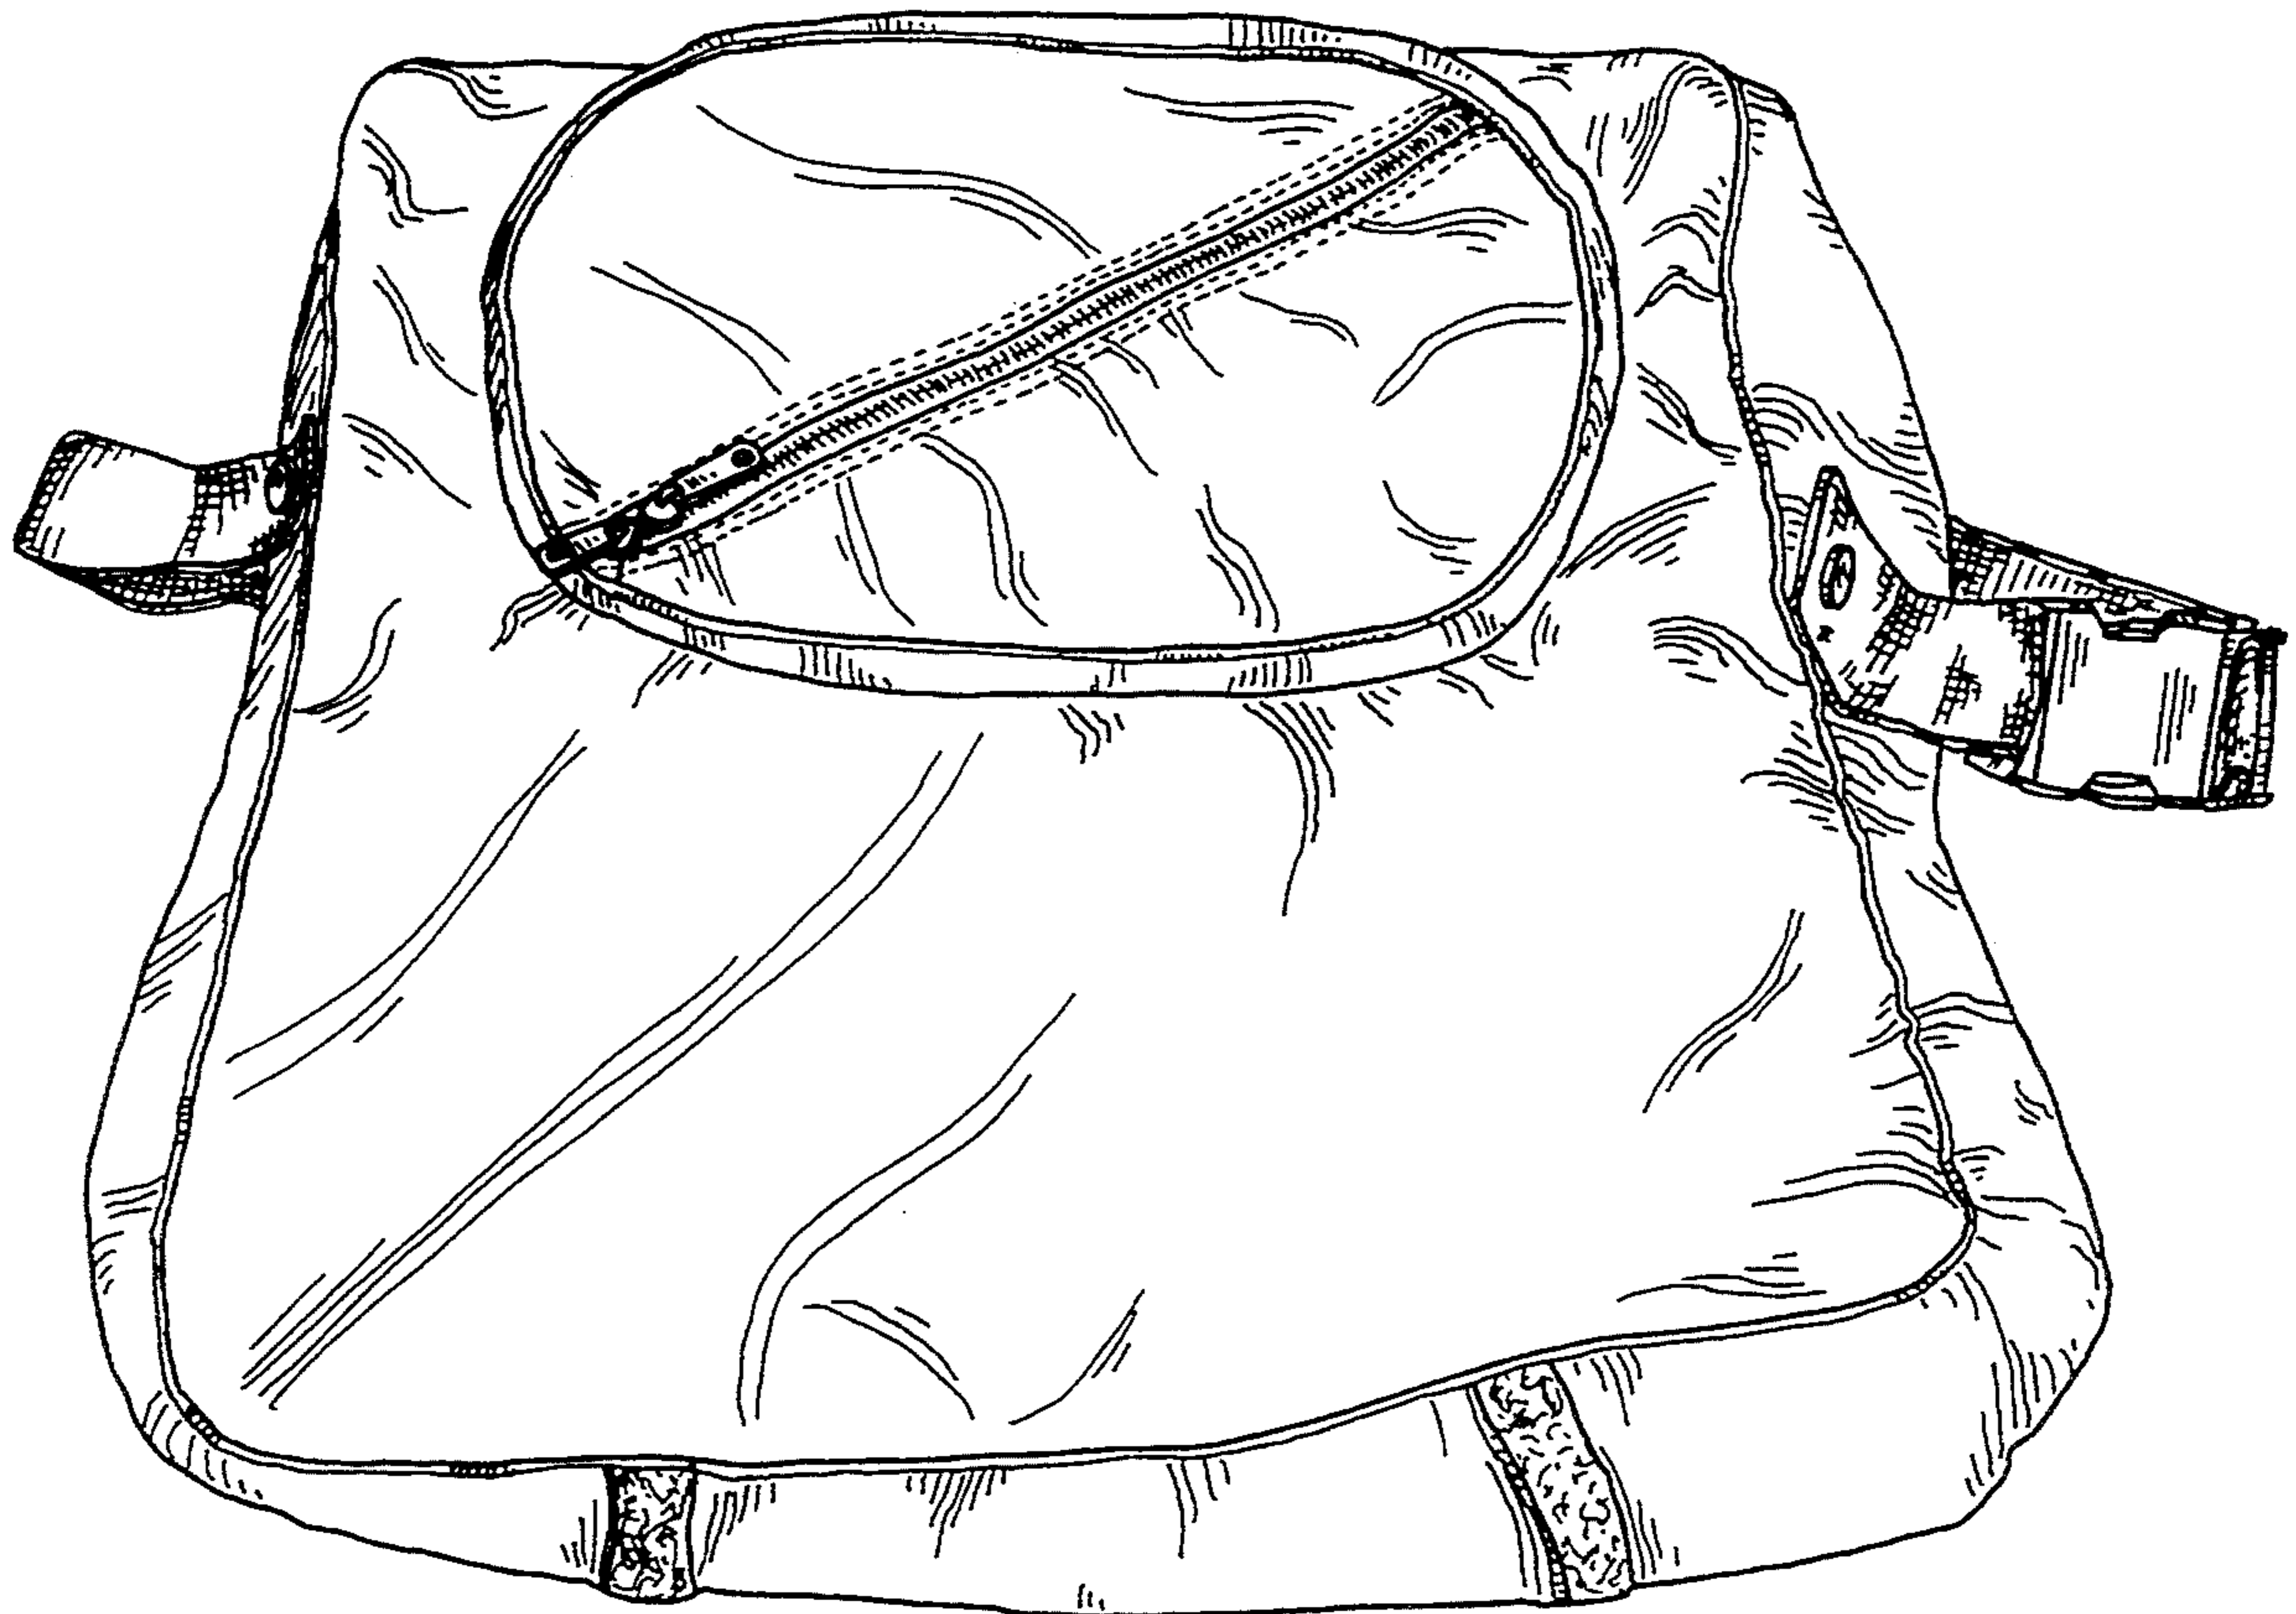

FIG. 4 is a drawing of a top plan view thereof;

FIG. 5 is a drawing of a bottom plan view thereof;

FIG. 6 is a drawing of a right side elevation view thereof with the strap fore-shortened, the left side elevation view being a mirror image;

FIG. 7 is a perspective drawing of my new design when folded upon itself and re-fastened to form a fanny pack; and,

FIG. 8 is a perspective drawing showing the top-rear panel unzipped and folded back to expose the interior.
