[57] **CLAIM**

The ornamental design of a plastic mail box post, as shown and described in the drawings.

DESCRIPTION

FIG. 1 is a front view of a first embodiment of my plastic mail box post invention, the back view being identical thereto;

FIG. 2 is a right side elevational view, the left side elevational view being identical thereto;

FIG. 3 is a top plan view;

FIG. 4 is a bottom plan view;

FIG. 5 is a front elevational view of a second embodiment of my invention, the rear side elevational view being a mirror image thereof, the right and left side elevational views being identical to and illustrated in FIG. 2;

FIG. 6 is a bottom plan view of the second embodiment of the invention, the top plan view being identical to FIG. 3 described above;

FIG. 7 is a front side elevational view of a third embodiment of the invention, the backside elevational view being identical thereto;

FIG. 8 is a right side elevational view of the third embodiment of the invention, the left side elevational view being identical thereto;

FIG. 9 is a top plan view of the third embodiment of the invention;

FIG. 10 is a bottom plan view of the third embodiment of the invention;

FIG. 11 is a front side elevational view of a fourth embodiment of the invention, the rear view being identical thereto;

FIG. 12 is a right side elevational view of the fourth embodiment of the invention, the left side elevational view being identical thereto;

FIG. 13 is a top plan view of the fourth embodiment of the invention; and,

FIG. 14 is a bottom plan view of the fourth embodiment of my invention.
