[57] CLAIM

The ornamental design for a tire, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation view of the tire of FIG. 3 showing my new design;
FIG. 2 is a side elevation view of the tire of FIG. 3 showing my new design; and,
FIG. 3 is a perspective view of a tire showing my new design, it being understood that the tread pattern is repeated throughout the circumference of the tire, the opposite side being substantially the same as that illustrated.
