## CLAIM

The ornamental design for a laminated seat cushion, as shown and described.

## DESCRIPTION

FIG. 1 is a top elevational view of a laminated seat cushion or the like embodying the design of the present invention; FIG. 2 is a front elevational view thereof; FIG. 3 is a right end elevational view thereof, which is identical in appearance to the reverse of the left end elevational view thereof; FIG. 4 is a back elevational view thereof; FIG. 5 is a bottom elevational view thereof; FIG. 6 is a top elevational view of a laminated seat cushion showing a second embodiment of my new design; FIG. 7 is a front elevational view of the FIG. 6 embodiment, with the remaining features thereof being understood by comparison with the earlier figures; FIG. 8 is a top elevational view of a laminated seat cushion showing a third embodiment of my new design; and, FIG. 9 is a front elevational view of the FIG. 8 embodiment, with the remaining features thereof also being understood by comparison with the earlier figures. Surface stippling as seen on the entire front elevational view surfaces of FIGS. 2, 7, and 9 and on other appropriate surfaces illustrated in FIGS. 1, 3, 5, 6, and 8 is intended to represent a cloth surface, such as terry cloth.
