[57] **CLAIM**

The ornamental design for a diaper, as shown and described.

DESCRIPTION

FIG. 1 is an inside top perspective view of a diaper in an open position showing our new design;
 FIG. 2 is an outside front right perspective view of the diaper of FIG. 1 in a closed position;
 FIG. 3 is a rear elevation view thereof, showing the diaper in a folded position, but without its closures being engaged;
 FIG. 4 is a front elevational view thereof, similar to FIG. 3, showing the diaper in a folded position, without its closures being engaged;
 FIG. 5 is an inside elevational view thereof, showing the diaper in an open position;
 FIG. 6 is an outside elevational view thereof, showing the diaper in an open position, similar to FIG. 5;
 FIG. 7 is a right side elevational view thereof in an open position, the left side elevational view being a mirror image of FIG. 7.
