### [57] CLAIM

The ornamental design for a fly line loop with line weight indicator, as shown and described.

### DESCRIPTION

FIG. 1 is a perspective view of a fly line loop with line weight indicator according to the present invention;

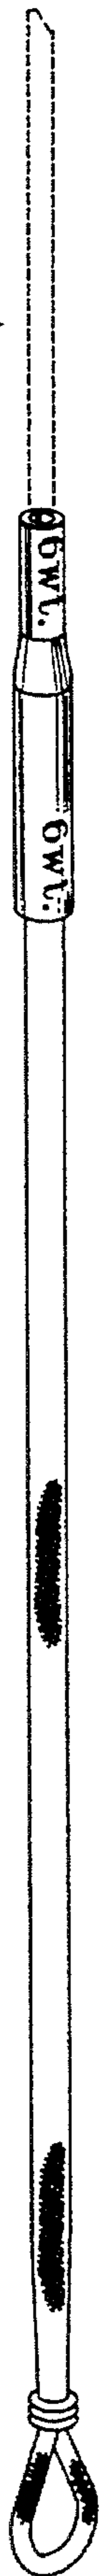

FIG. 2 is a front elevation view (the rear view is a mirror image) thereof; and,

FIG. 3 is a side elevation view (the opposite side is a mirror image) thereof.

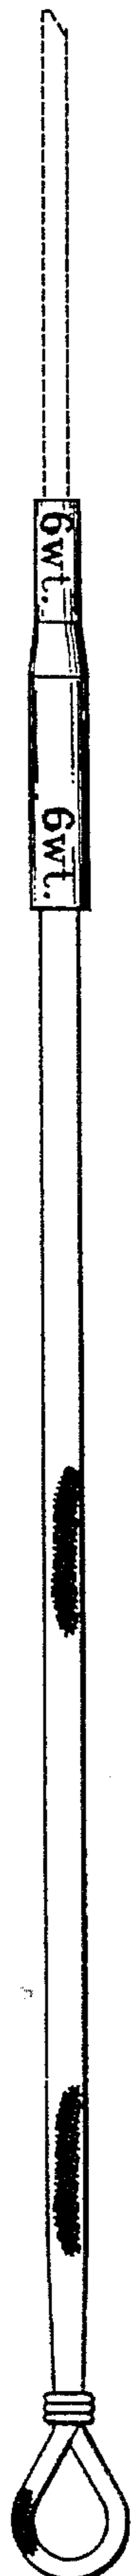

The broken line showing of environment in FIGS. 1-3 is for illustrative purposes only and forms no part of the claimed design other than for there being a claim of indicia thereon.
