## [57] CLAIM

The ornamental design for a wall mounted holder for a vacuum and/or attachments, as shown and described.

## DESCRIPTION

FIG. 1 is a top, front, and left side perspective view of a wall mounted holder for a vacuum and/or attachments showing our new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a left side elevational view thereof, the right side being a mirror image of that shown;

FIG. 4 is a front elevational view thereof;

FIG. 5 is a bottom plan view thereof;

FIG. 6 is a bottom, front, and left side perspective view thereof;

FIG. 7 is a bottom, front, and left side perspective view thereof, with the attachment bracket portion shown installed in an alternate position;

FIG. 8 is a top, front, and left side perspective view of the vacuum bracket portion thereof, the broken-line disclosure of a portion of a wall being for illustrative purposes only and forming no part of the claimed design;

FIG. 9 is a top plan view of the vacuum bracket portion thereof;

FIG. 10 is a left side elevational view of the vacuum bracket portion thereof, the right side being a mirror image of that shown;

FIG. 11 is a front elevational view of the vacuum bracket portion thereof;

FIG. 12 is a bottom plan view of the vacuum bracket portion thereof;

FIG. 13 is a top, front, and left side perspective view of the attachment bracket portion thereof;

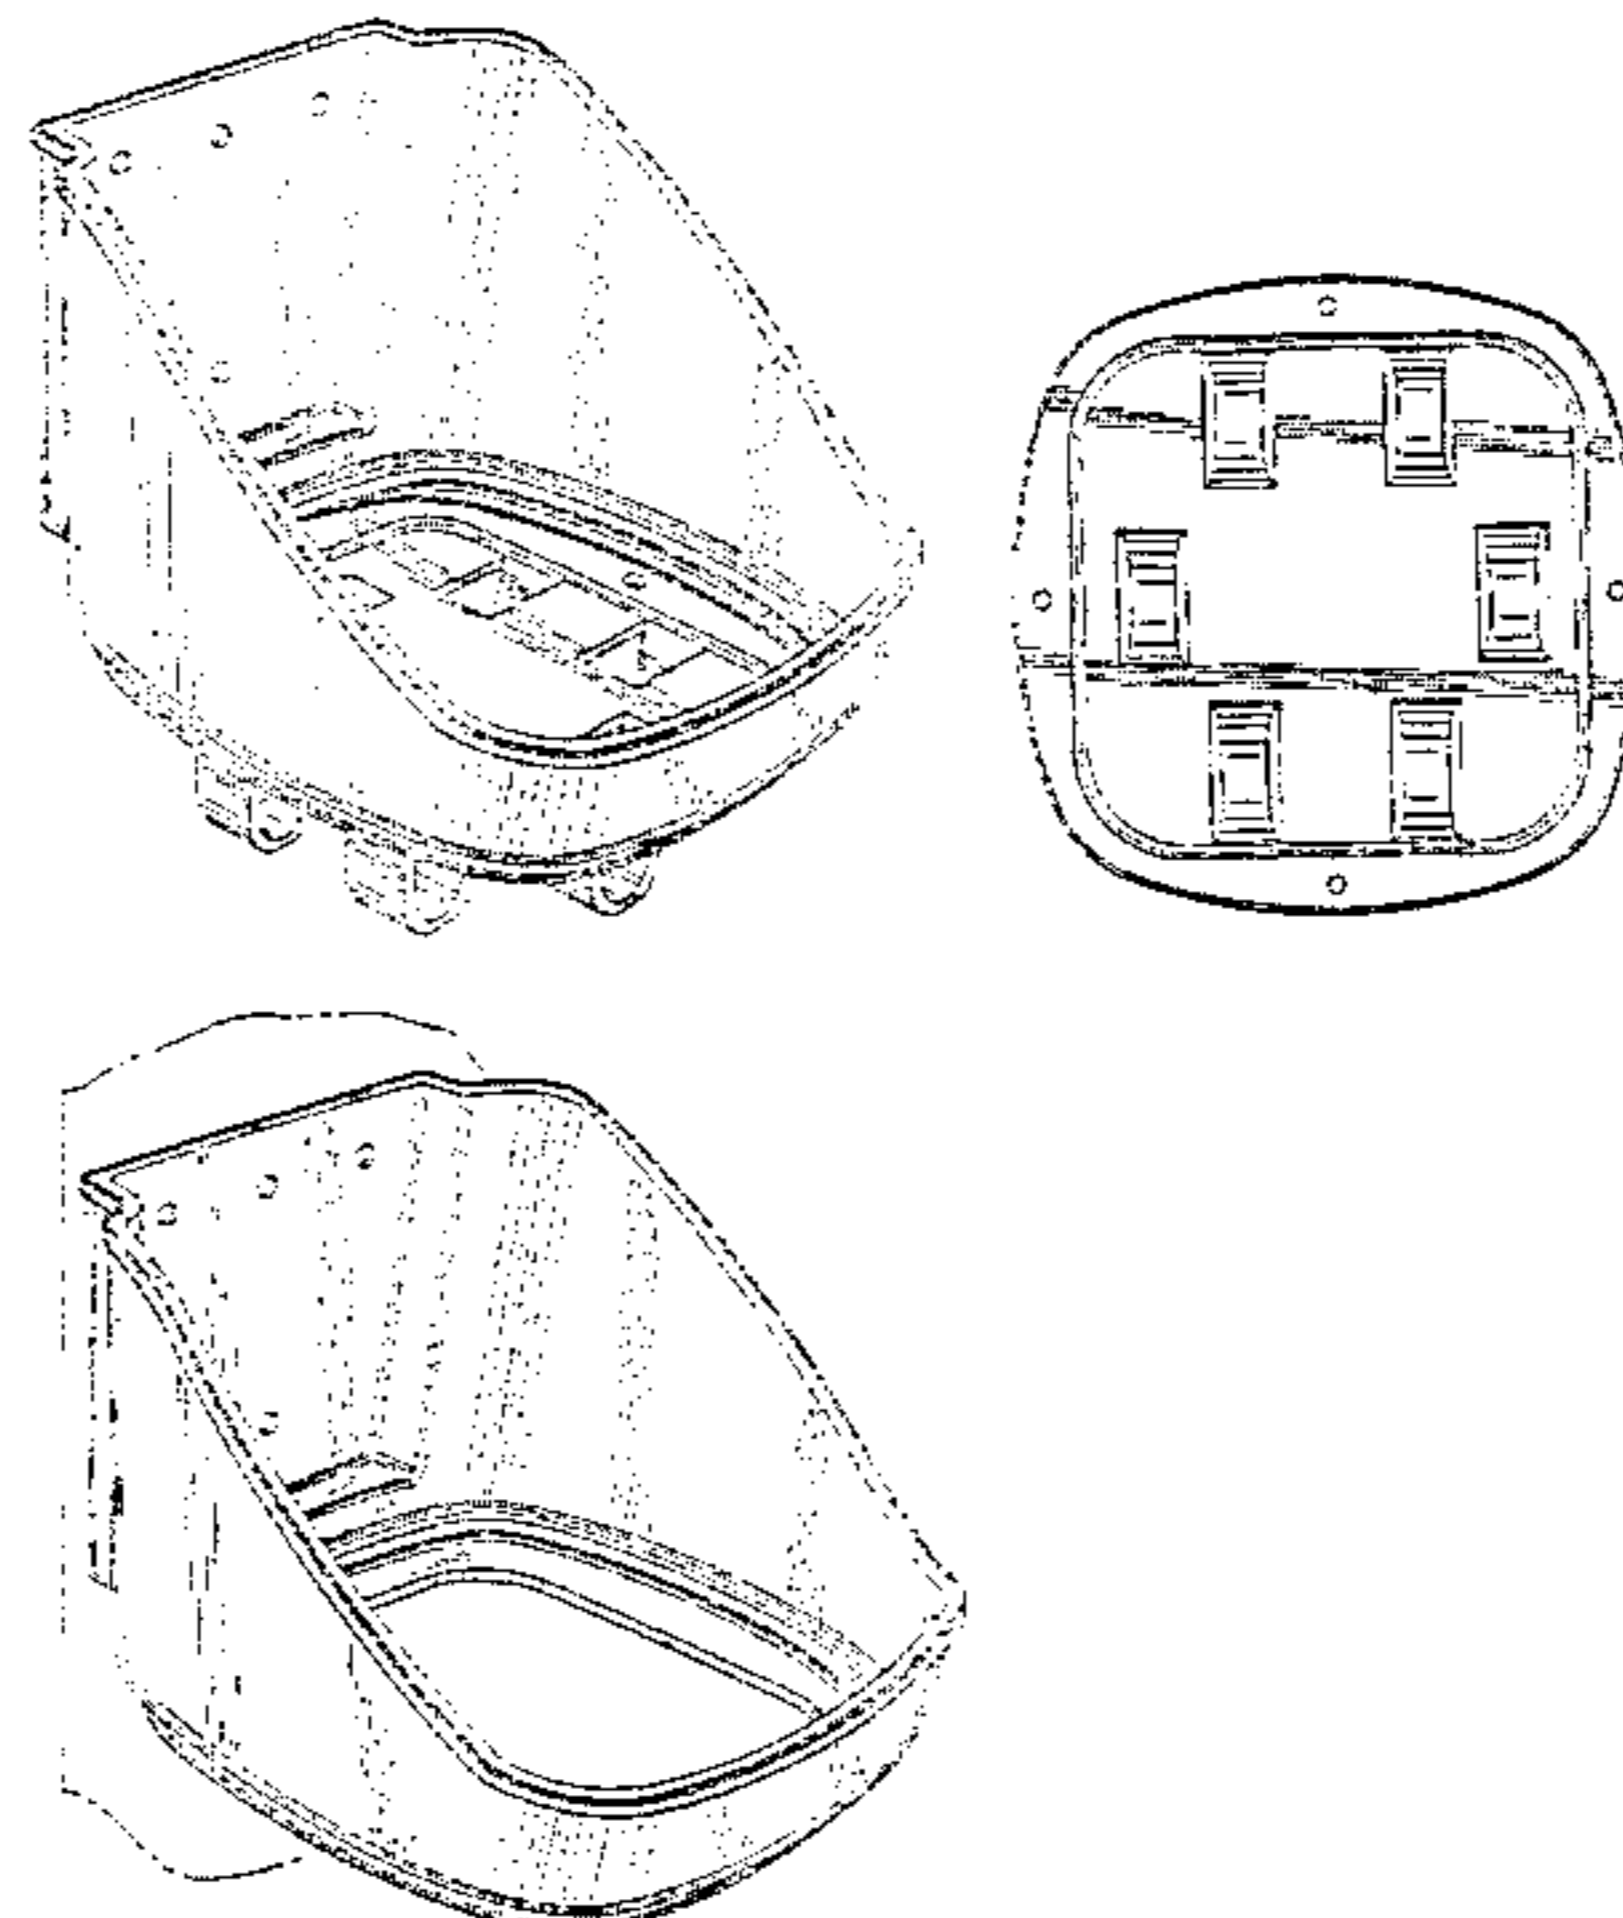

FIG. 14 is a top plan view of the attachment bracket portion thereof;

FIG. 15 is a right side elevational view of the attachment bracket portion thereof;

FIG. 16 is a front elevational view of the attachment bracket portion thereof, the rear being identical in appearance; and, FIG. 17 is a bottom plan view of the attachment bracket portion thereof.

In some views the attachment bracket portion and alternately, the vacuum bracket portion are omitted for clarity of illustration.
