[57] **CLAIM**

The ornamental design for a chassis for housing electrical components of a radio frequency communication system, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a chassis for housing electrical components of a radio frequency communication system showing our new design;

FIG. 2 is a rear elevational view of our new design, the front elevational view is identical;

FIG. 3 is a left side elevational view thereof, the right side is identical; and,

FIG. 4 is a bottom plan view thereof, the top plan view is identical.
