FIG. 1 is a perspective view of a hair accessory showing our new design in use;

FIG. 2 is a side elevational view of the design, the side opposite being identical thereto;

FIG. 3 is a top plan view thereof shown on an enlarged scale, the bottom plan being identical thereto;

FIG. 4 is a side elevational view shown in an alternate, partially retracted configuration;

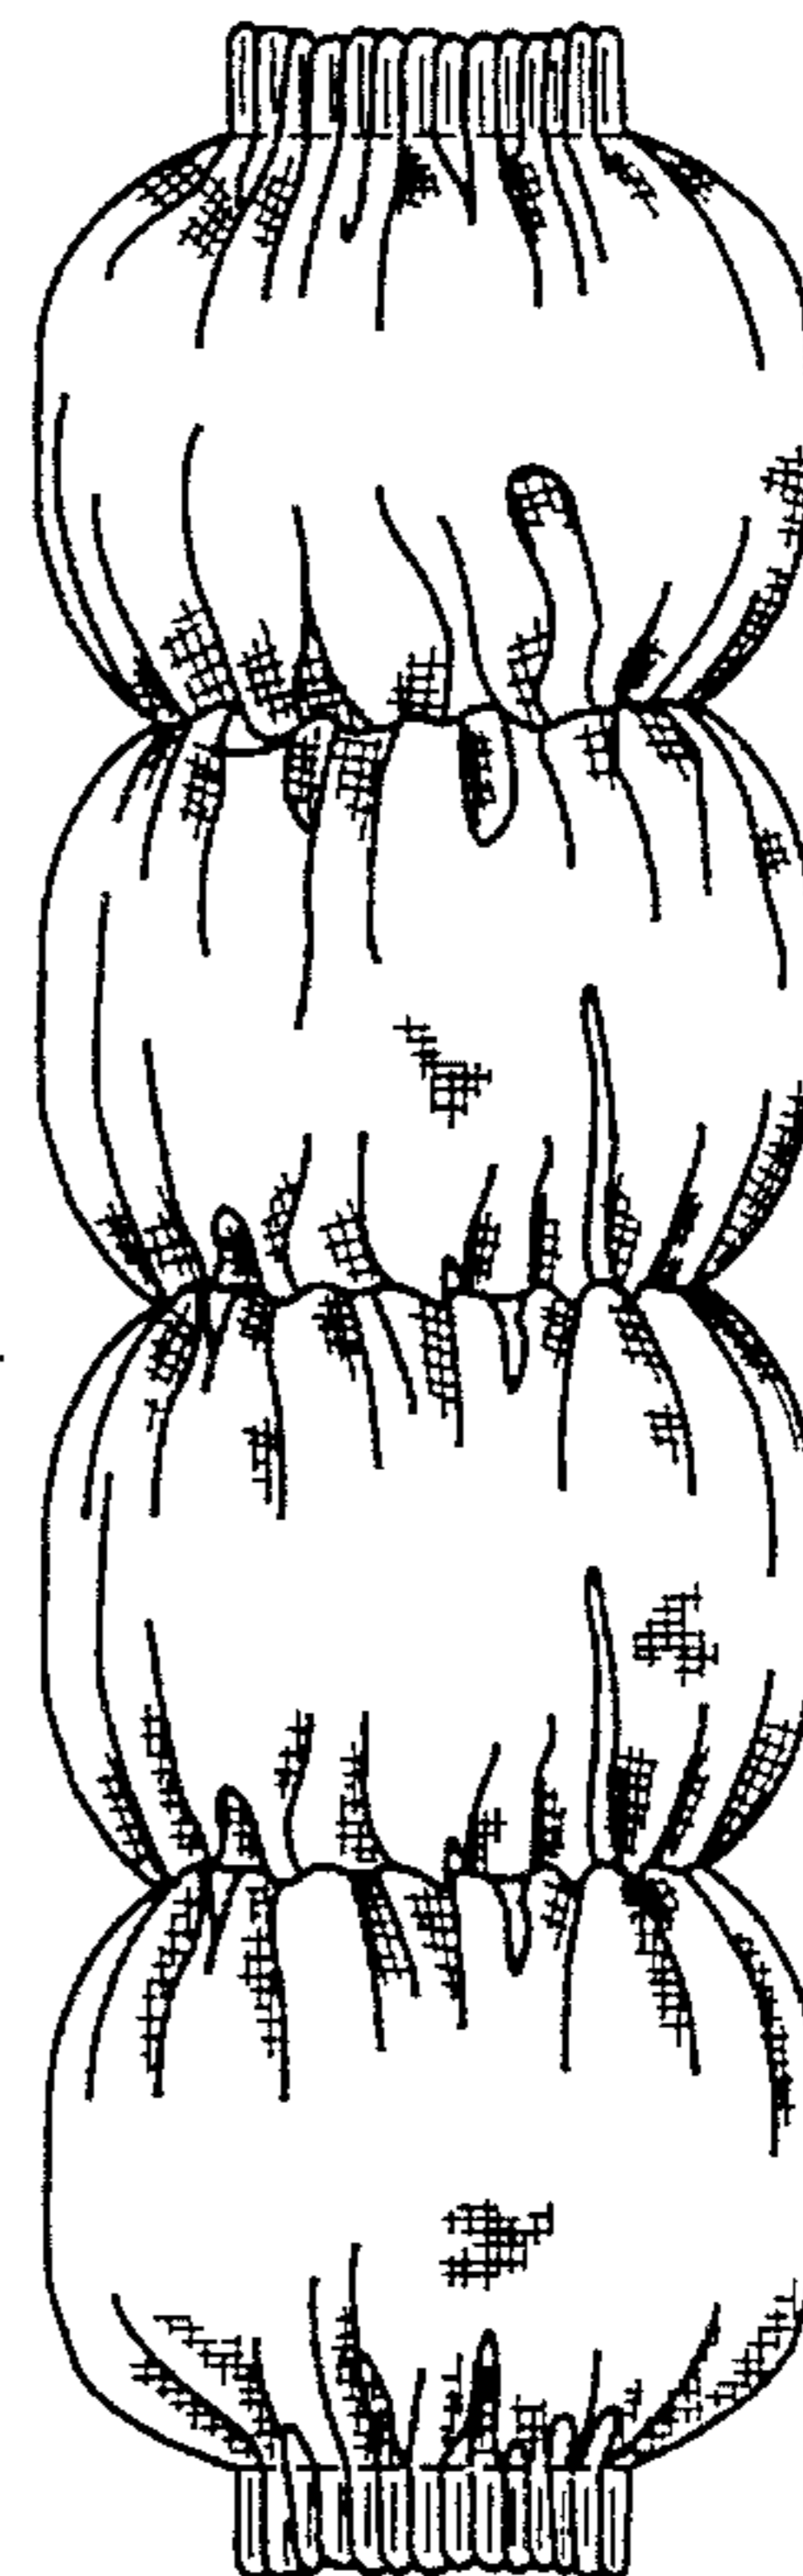

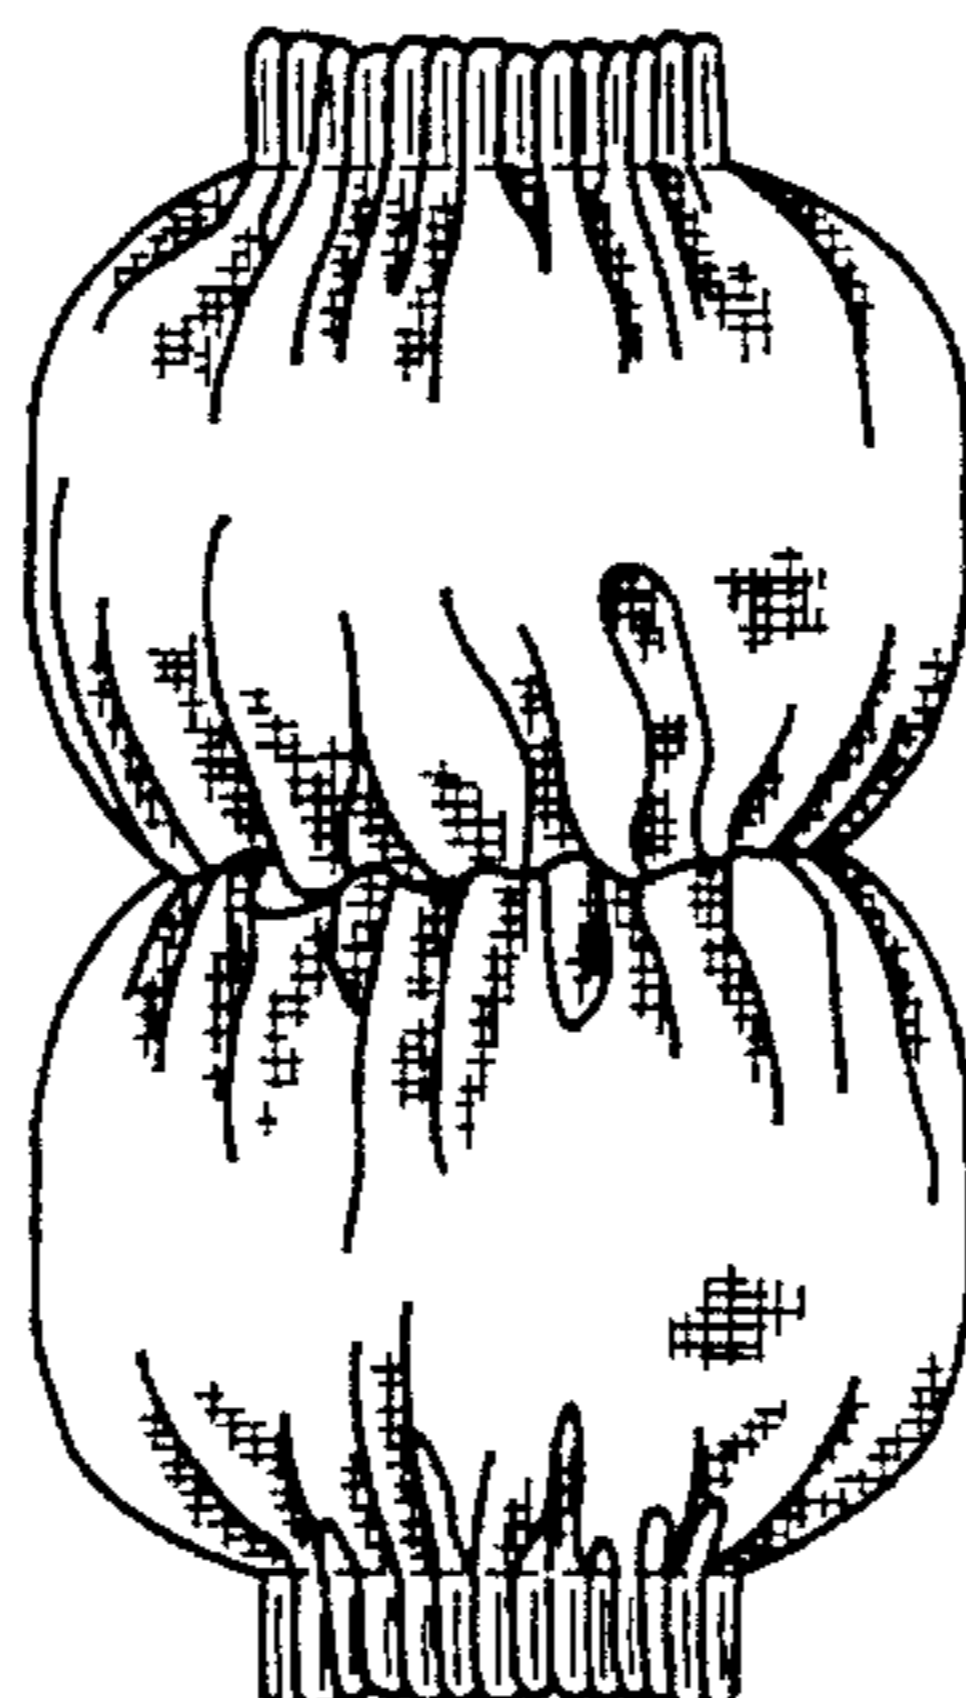

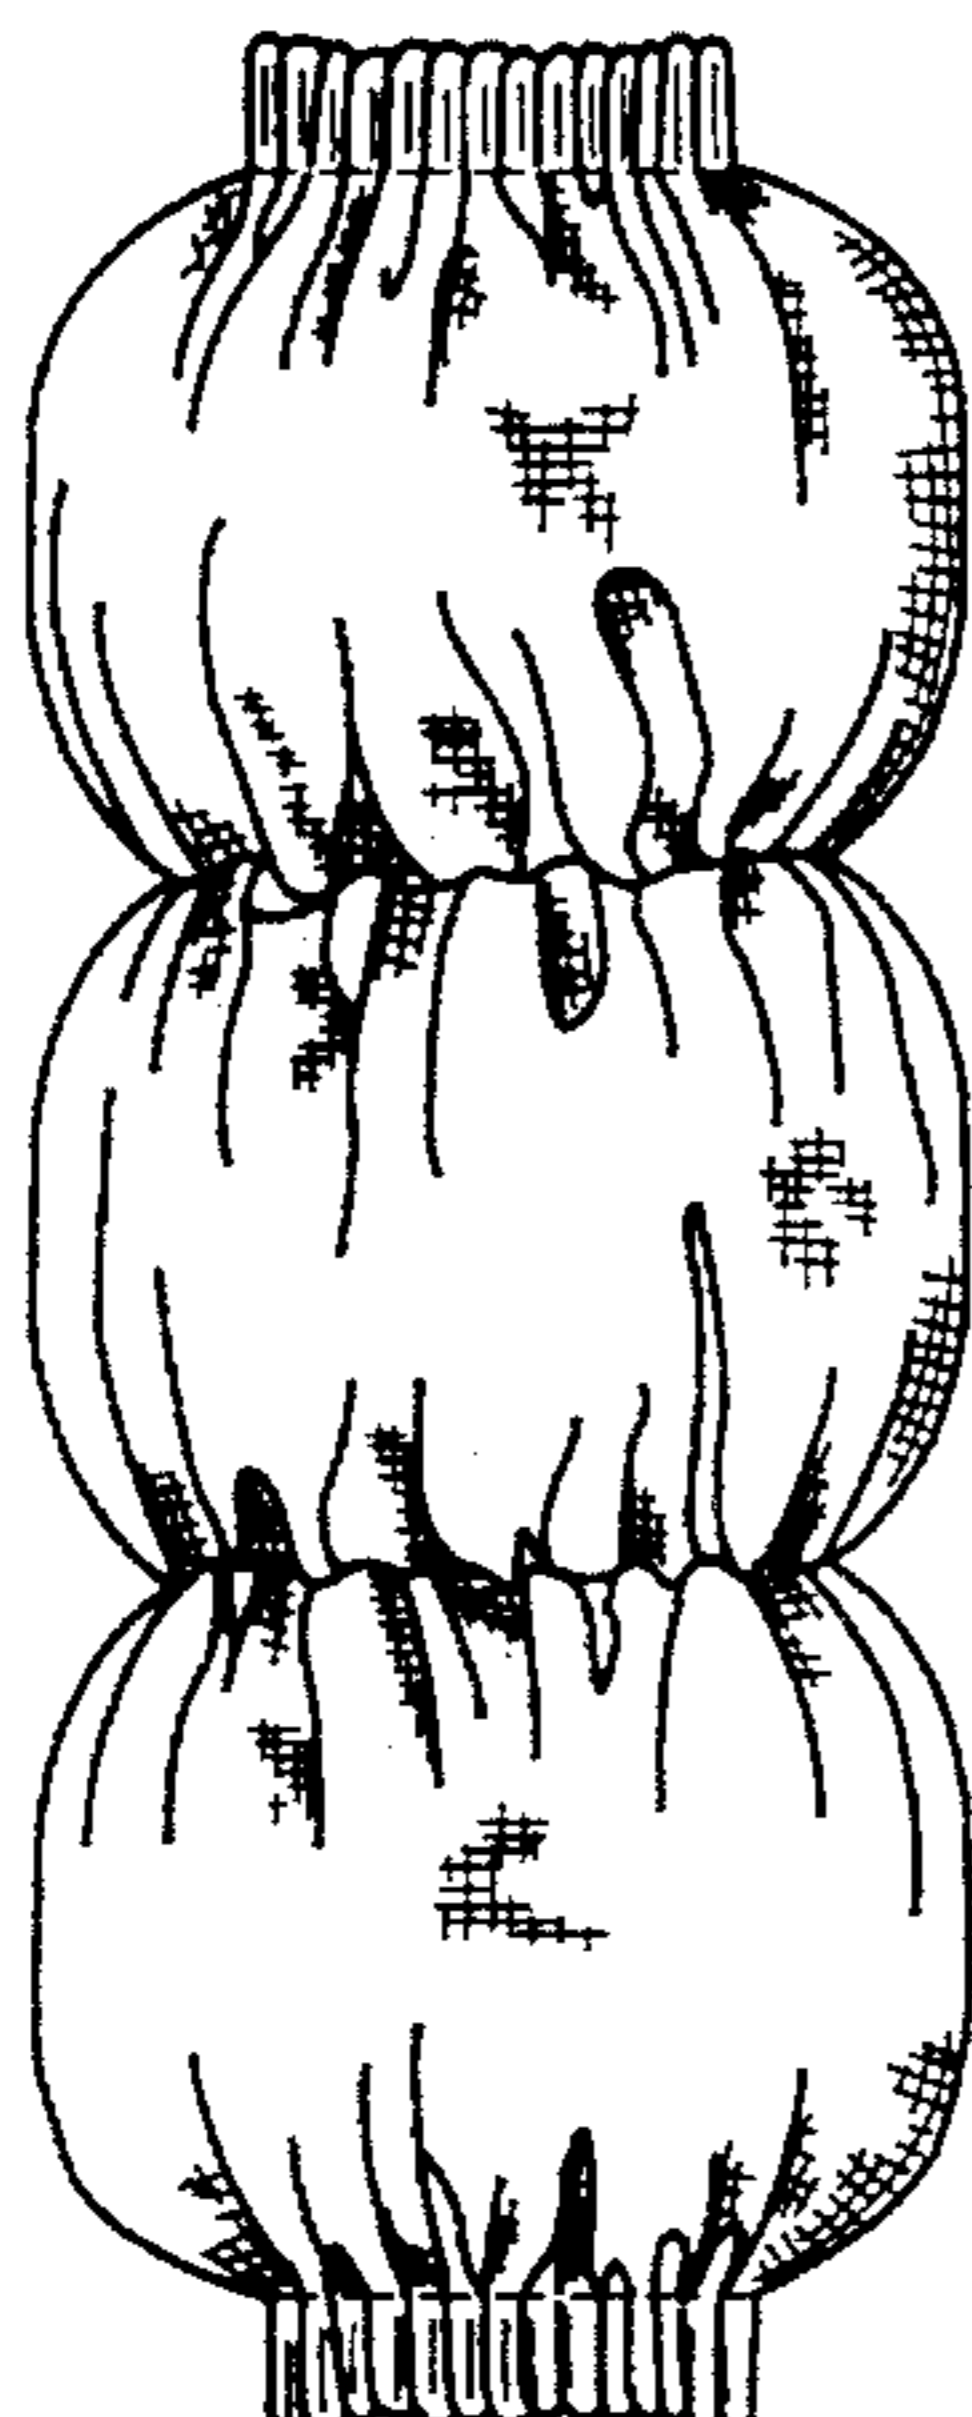

FIG. 5 is a side elevational view shown in another alternate configuration;

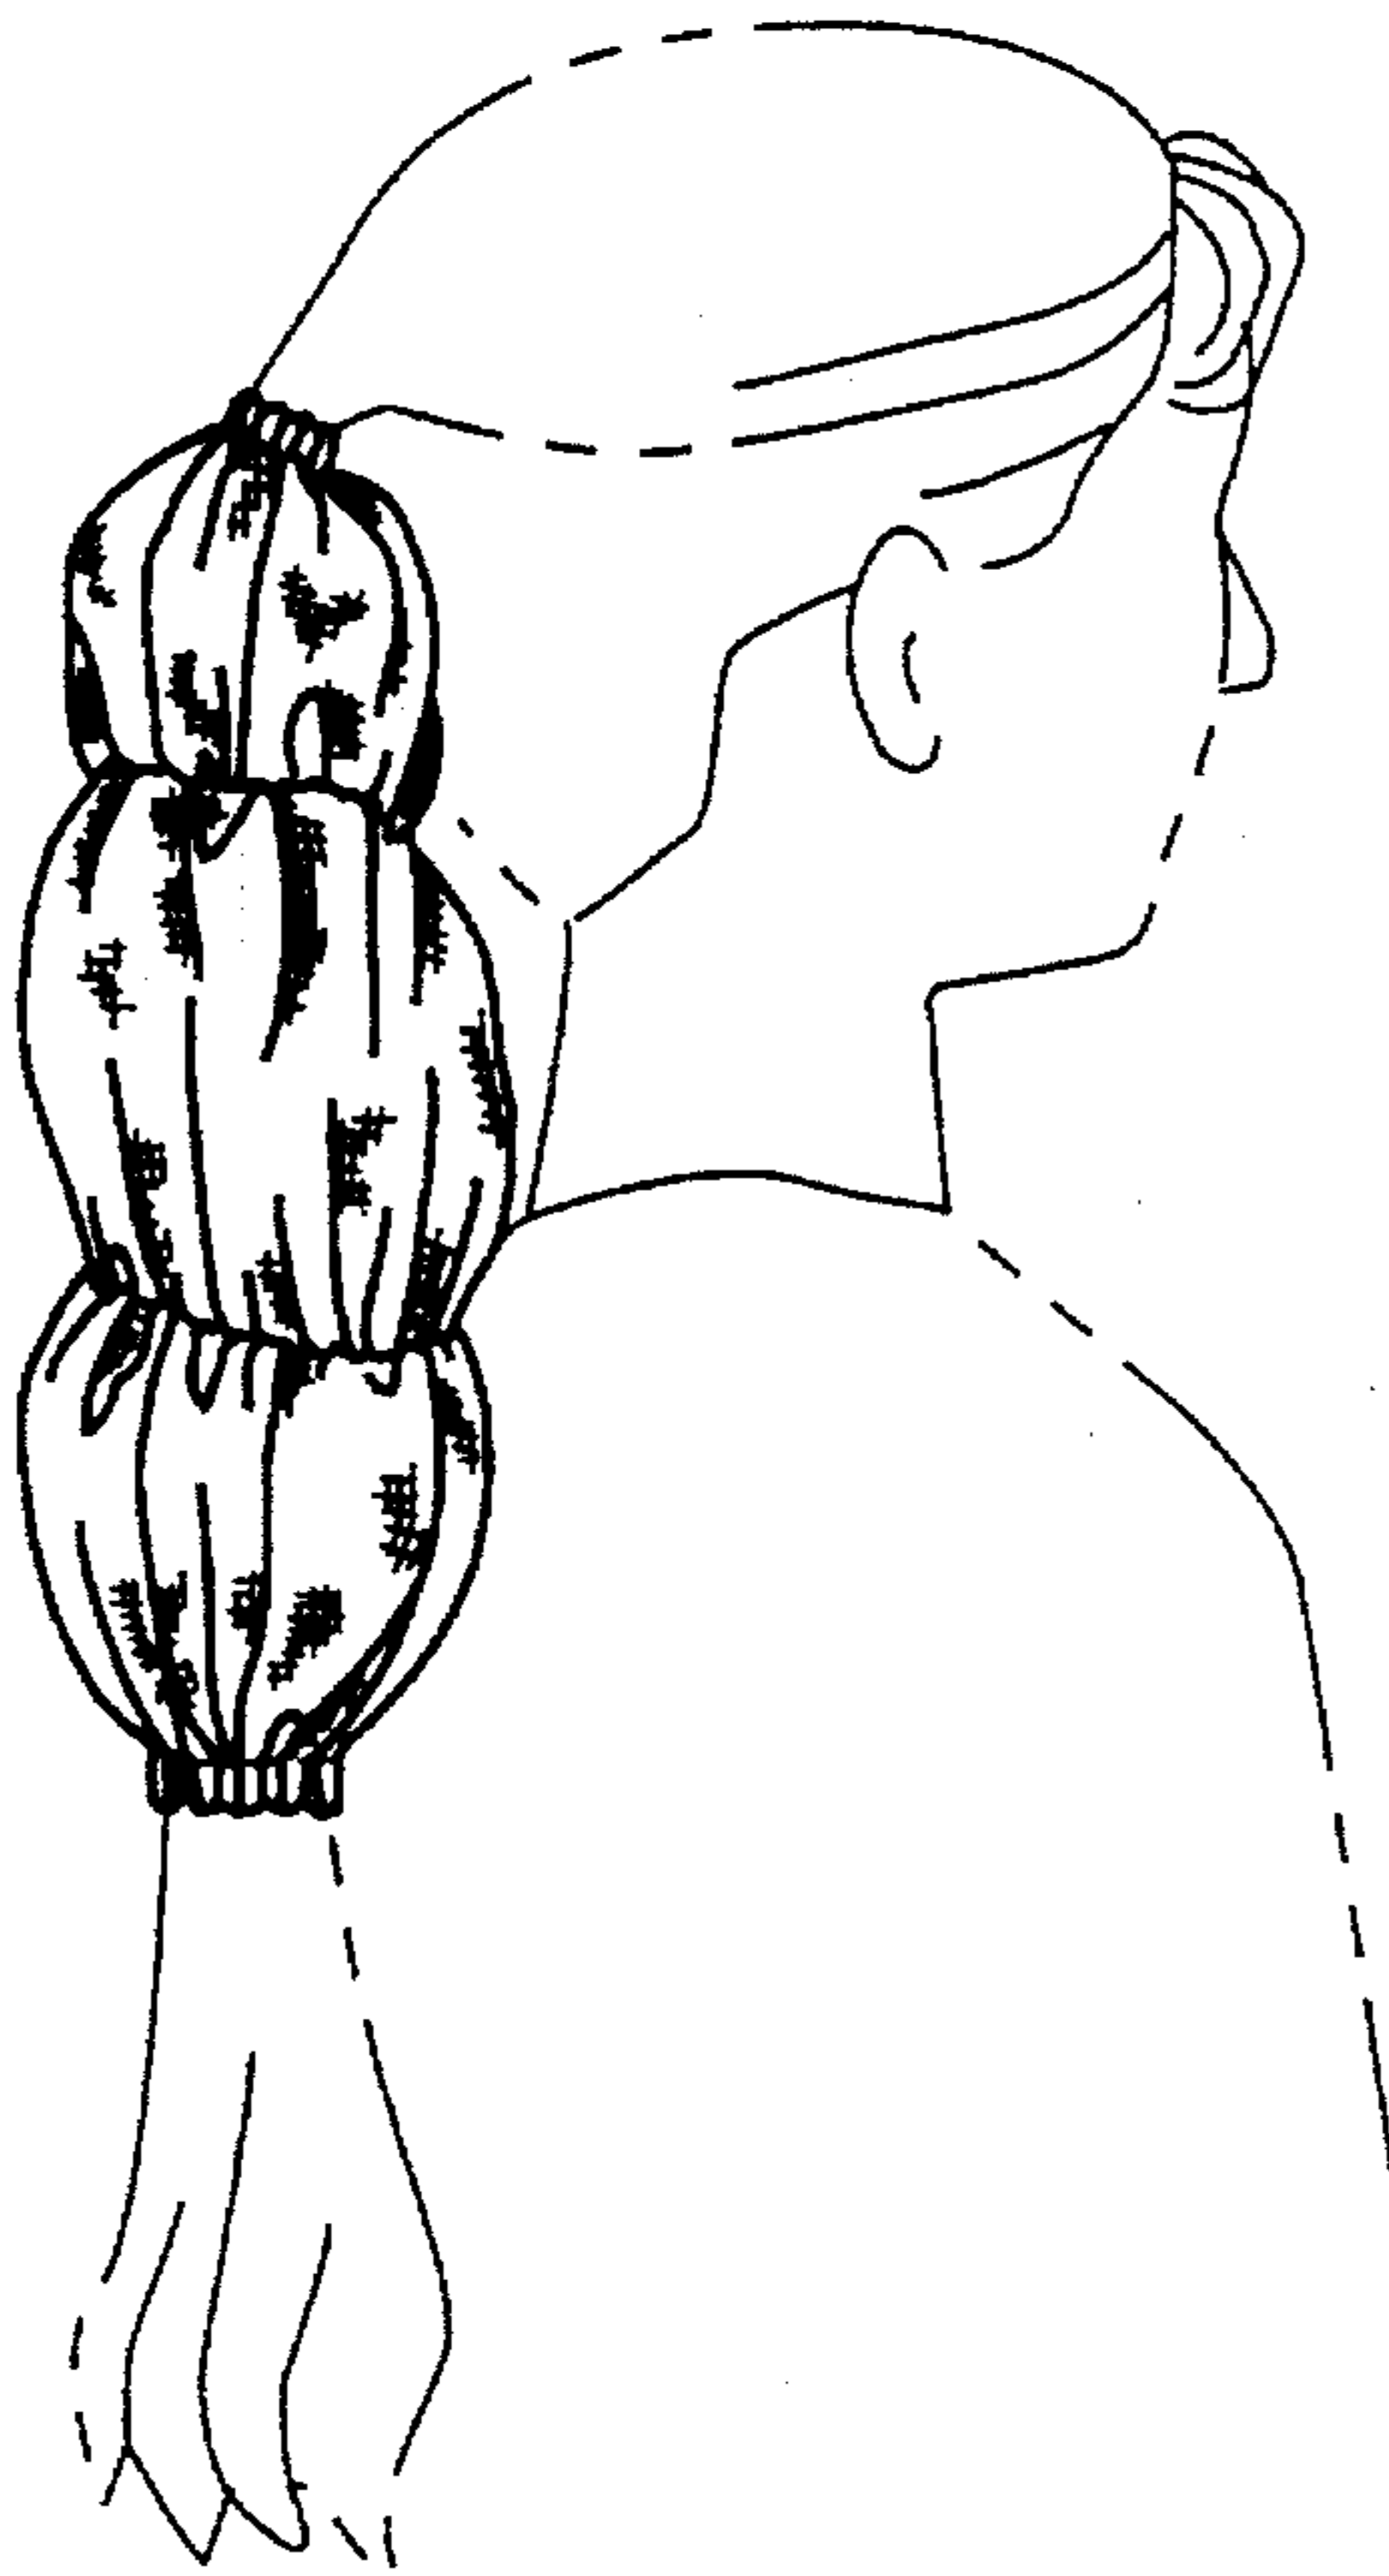

FIG. 6 is a side elevational view of a second embodiment wherein the modification resides in the number of gathered segments; and,

FIG. 7 is a side elevational view of a third modified embodiment wherein the modification resides in the number of gathered segments.

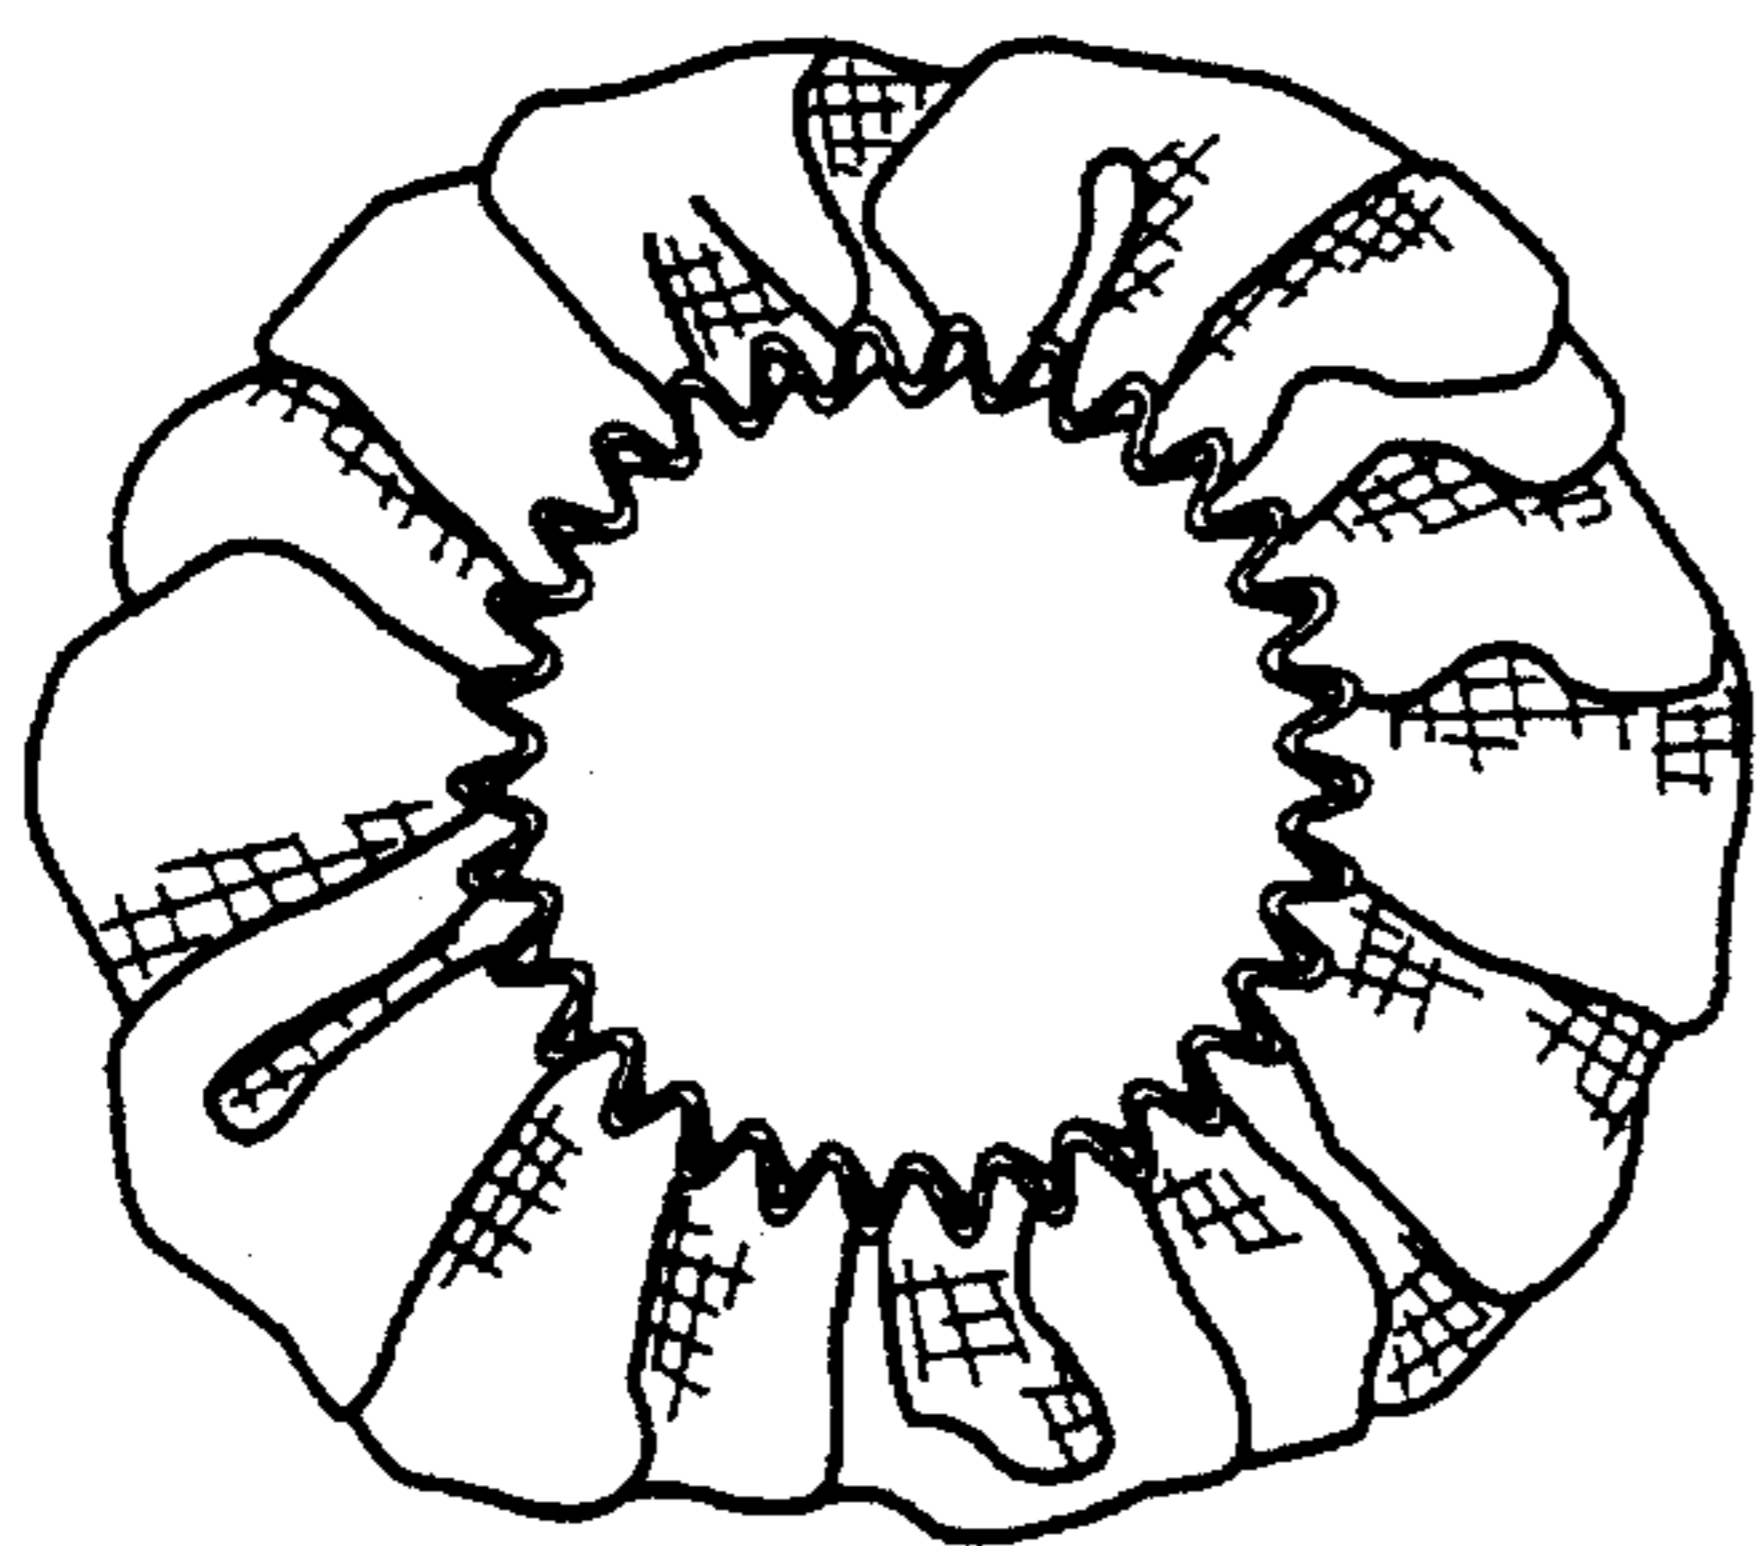

The broken line showing of the human form in FIG. 1 is for illustrative purposes only and forms no part of the claimed design.
