[57] CLAIM

The ornamental design for an emissions scrubber for wood burning units, as shown and described.

DESCRIPTION

FIG. 1 is a front, top and side perspective view of the emissions scrubber for wood burning units showing my new design, the duct connecting the scrubber unit to a chimney exhaust end connection element being broken away for ease of illustration;

FIG. 2 is a front elevational view thereof;

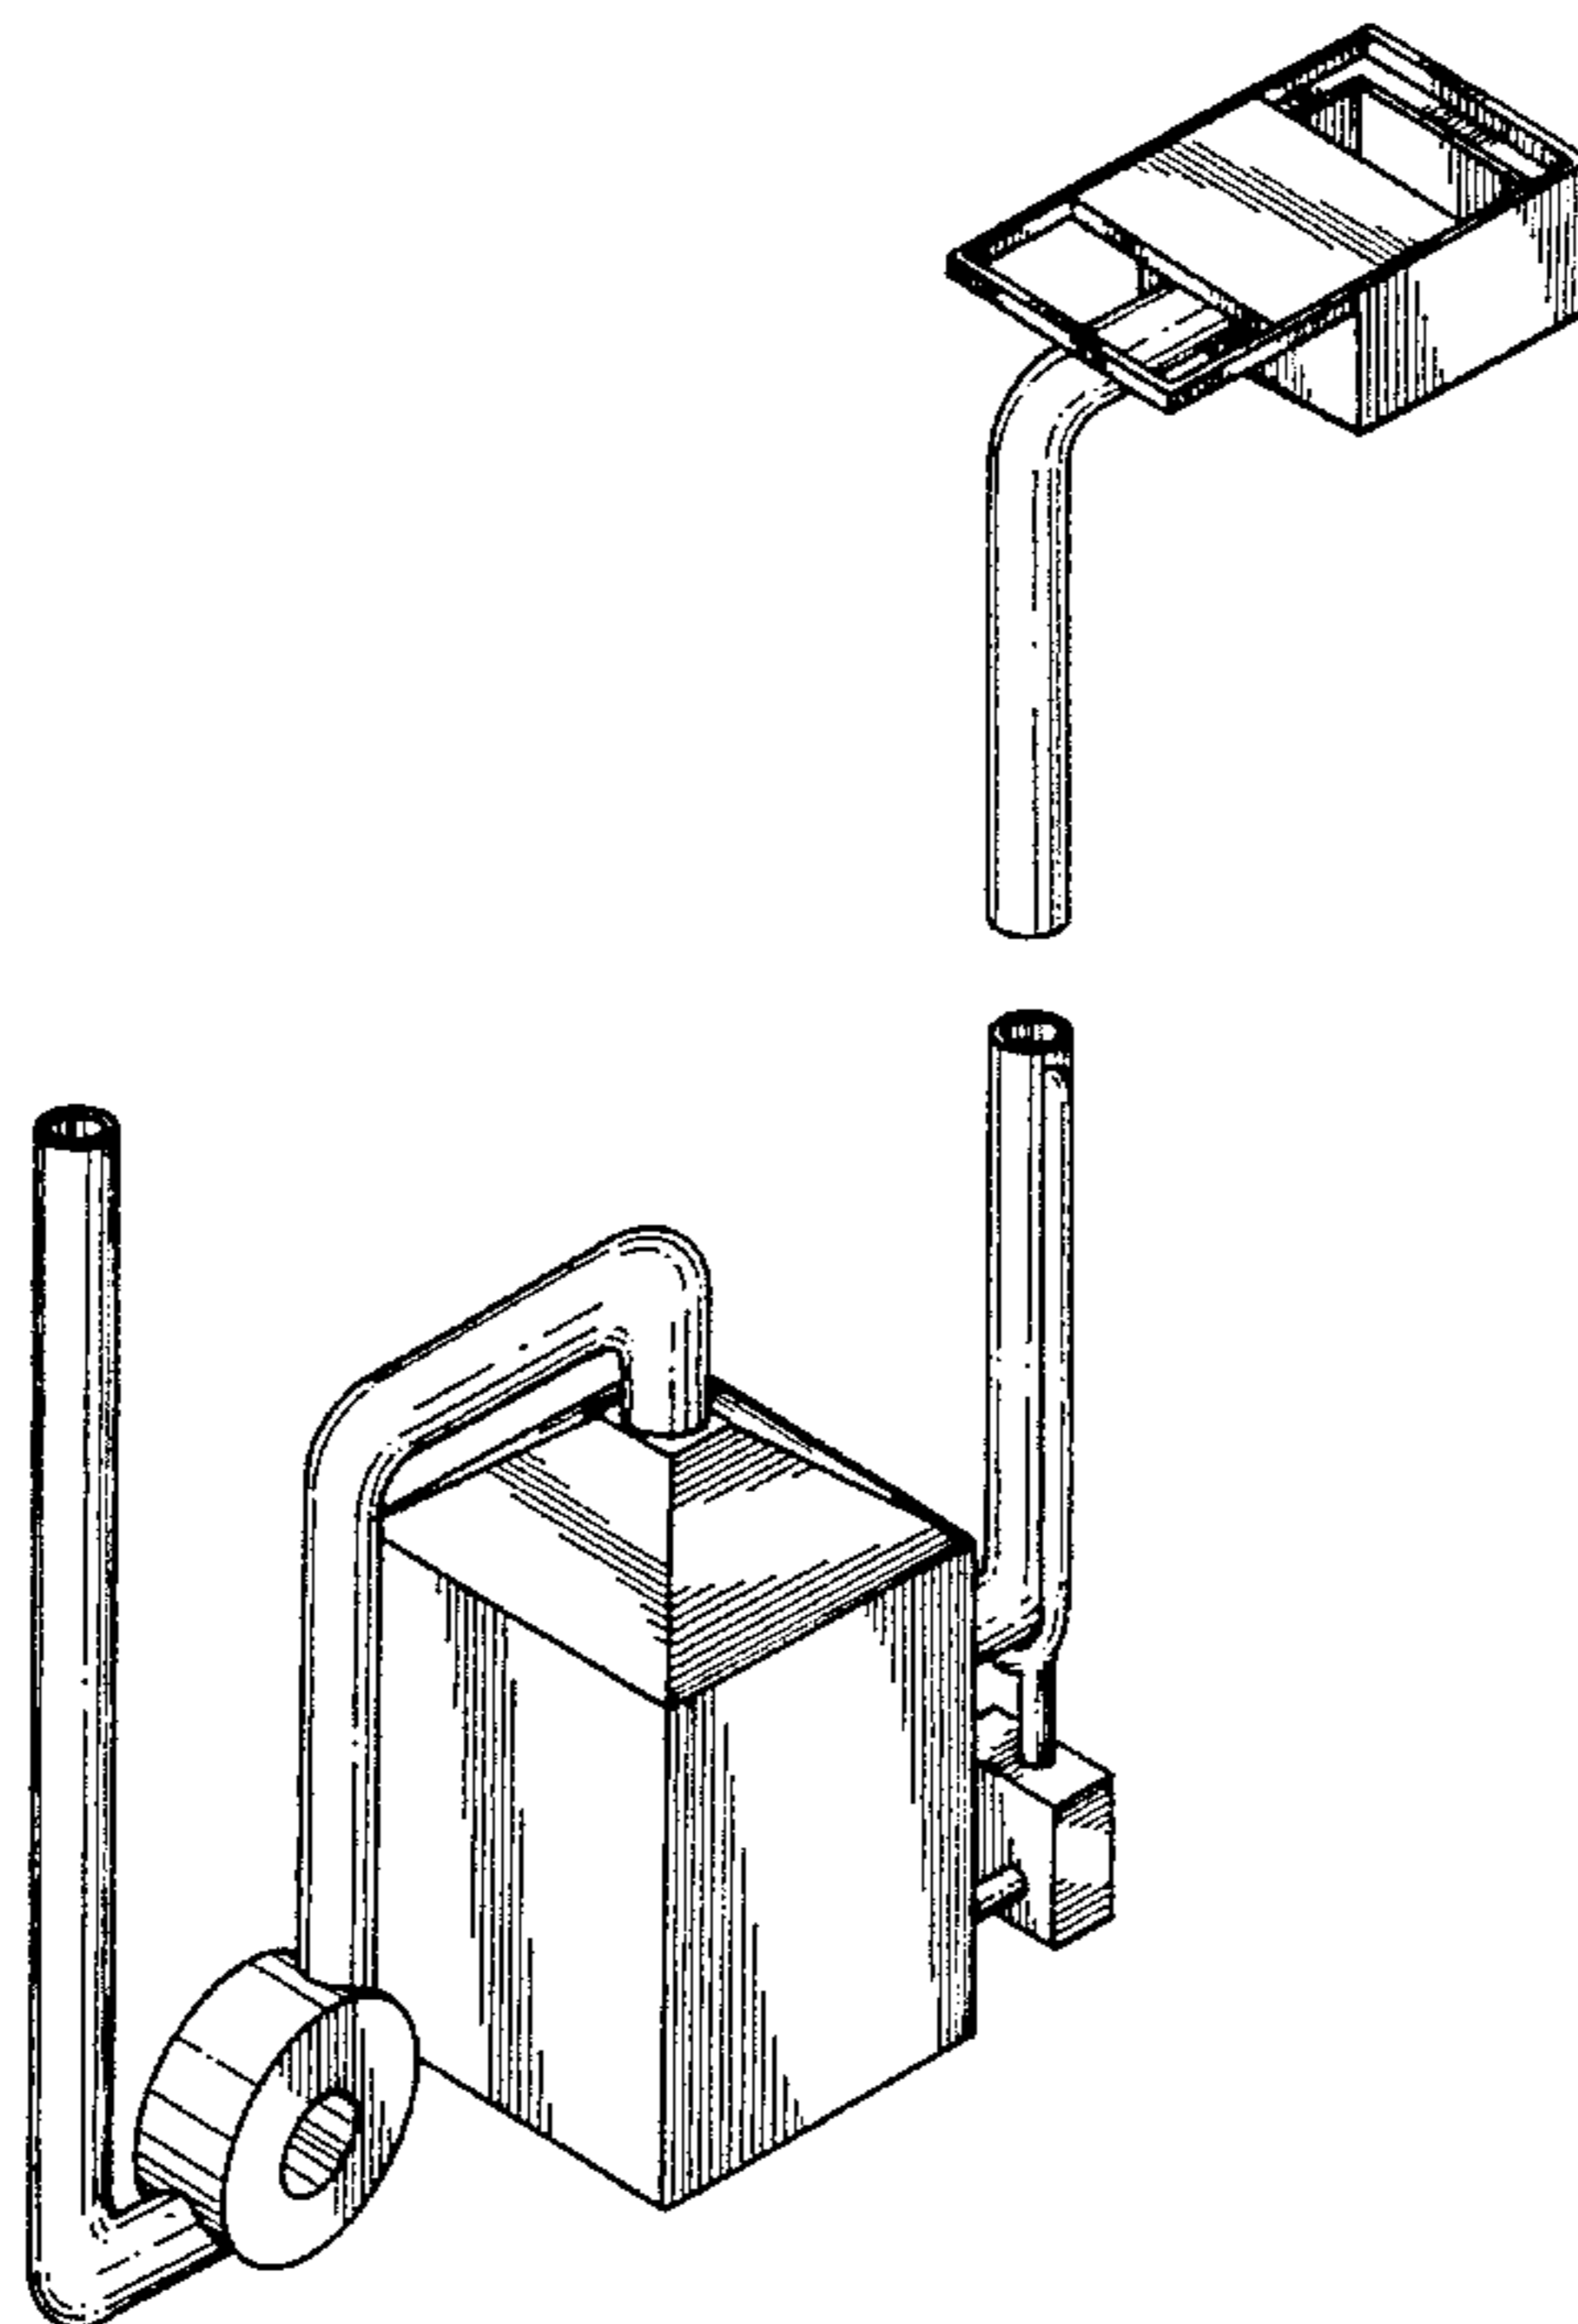

FIG. 3 is a rear elevational view thereof;

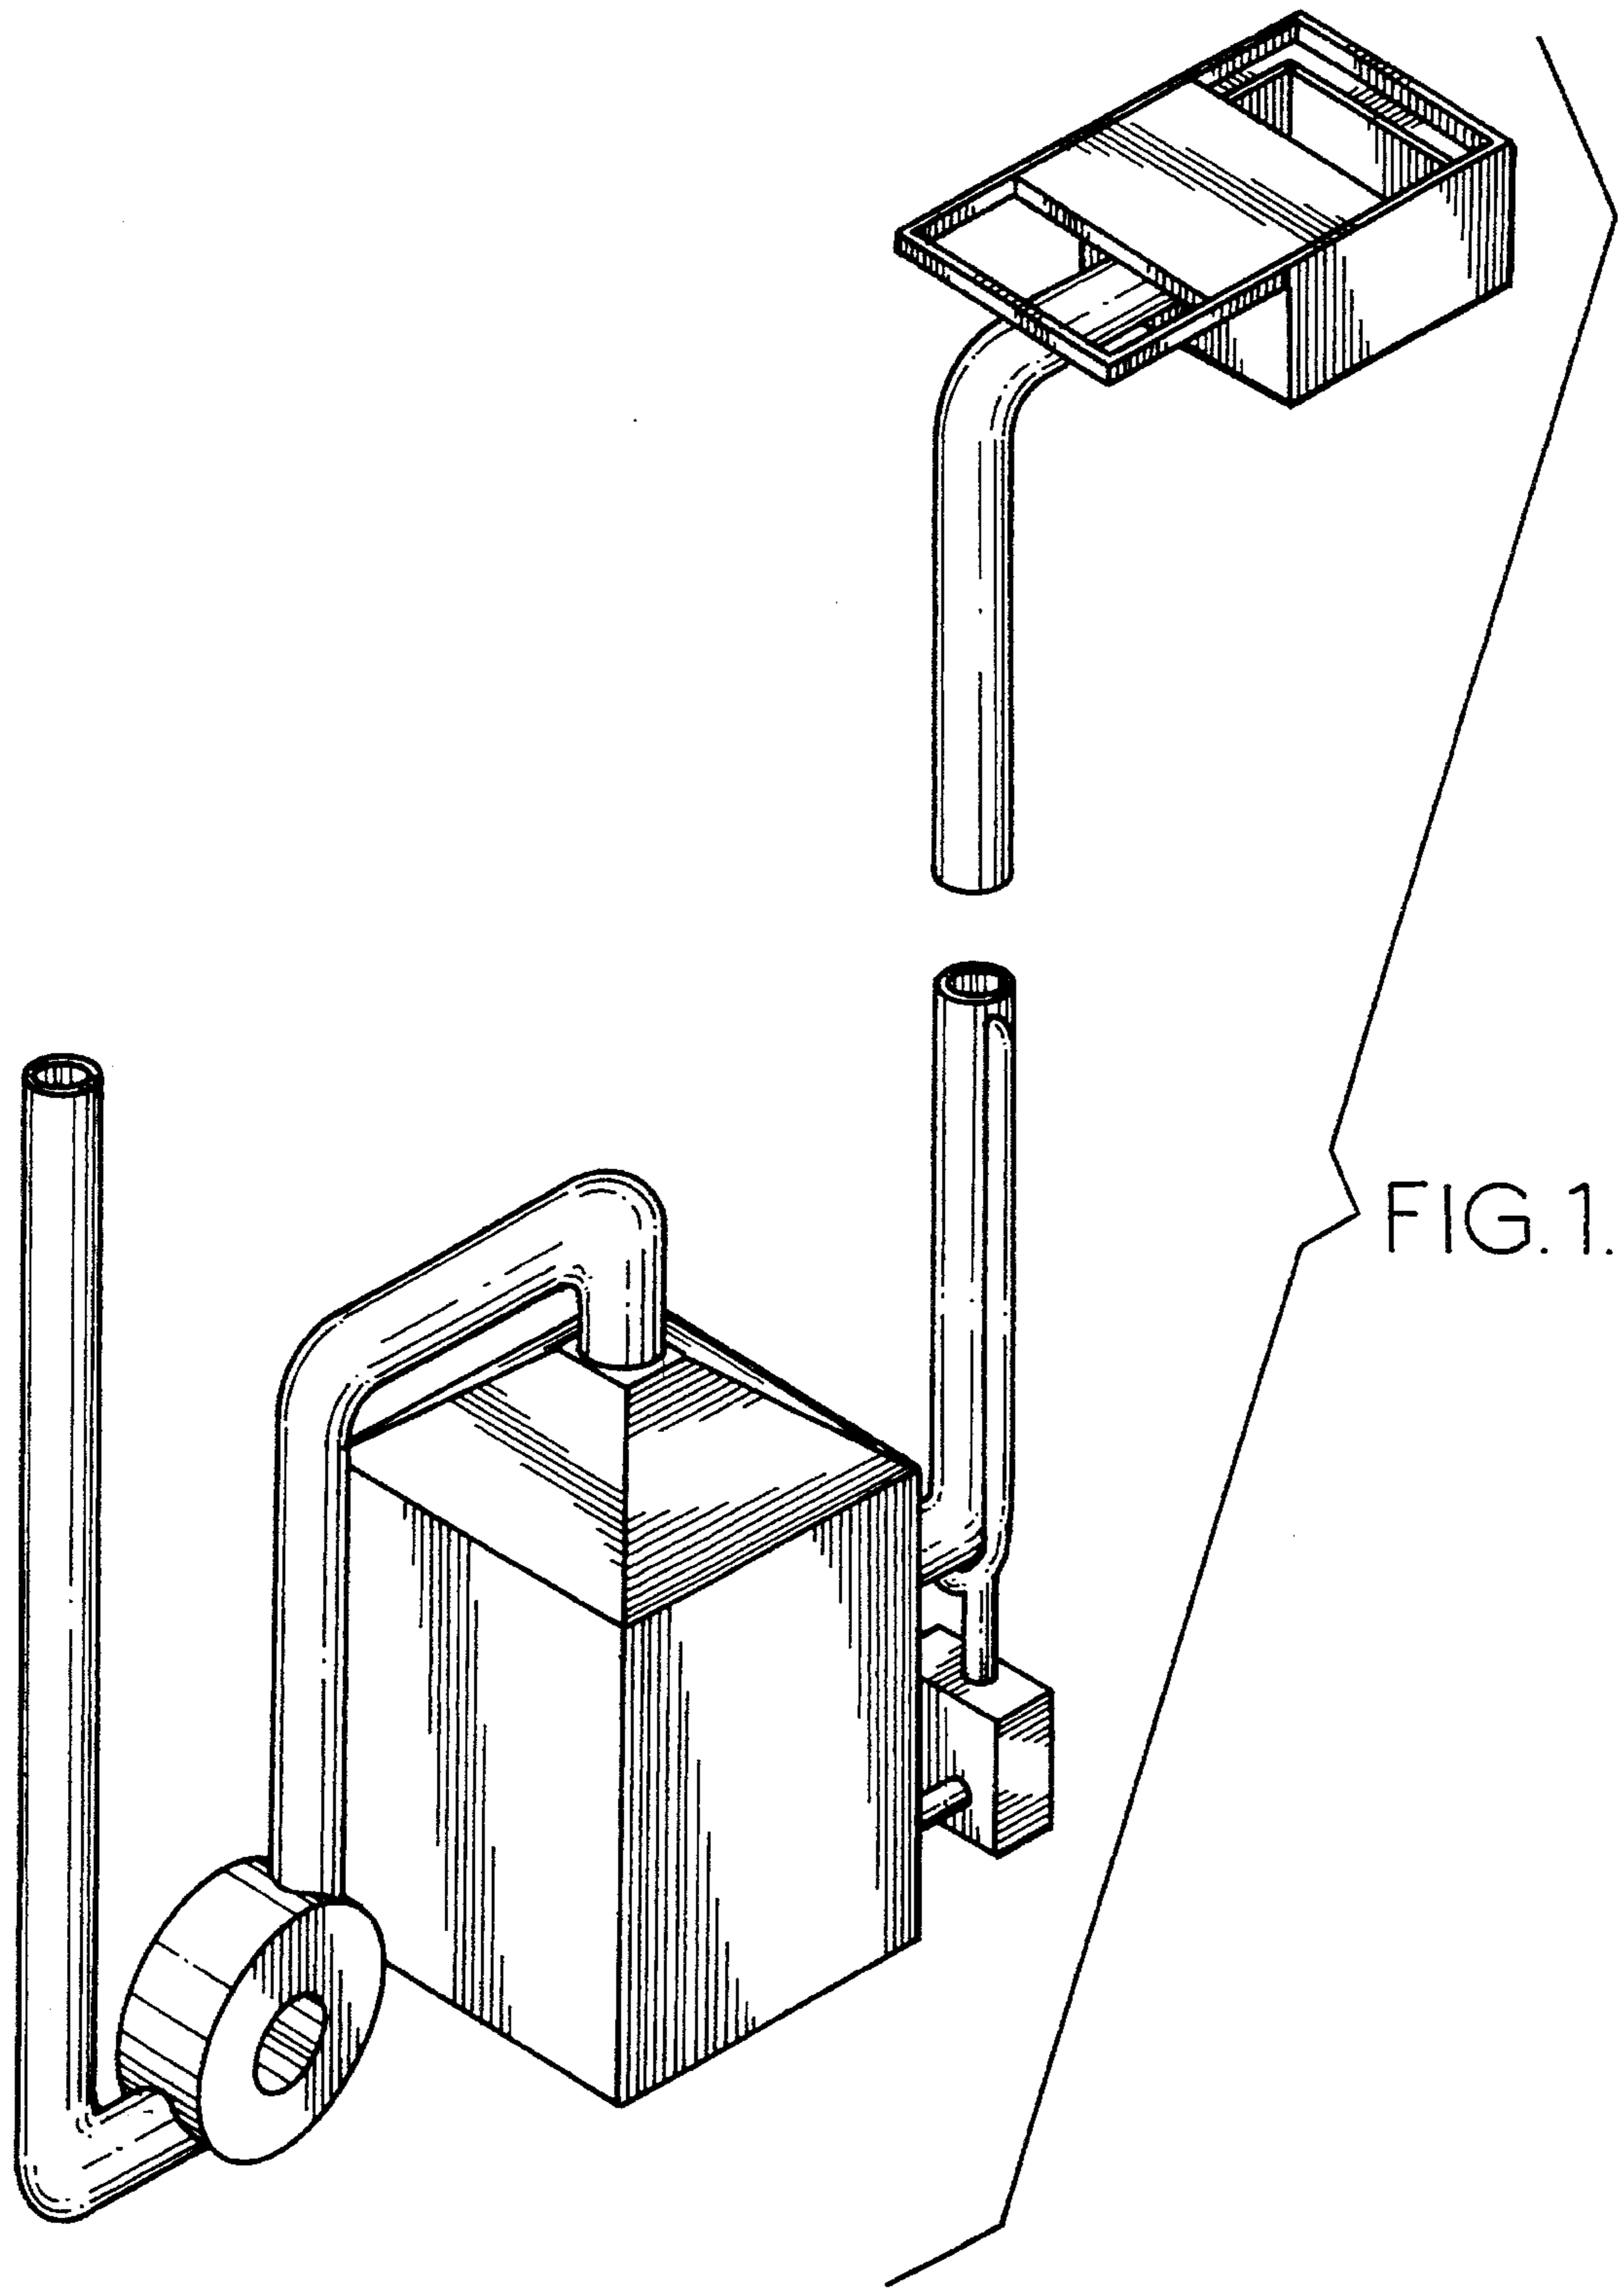

FIG. 4 is a side elevational view thereof, the side opposite being a mirror image of the side shown in FIG. 4;

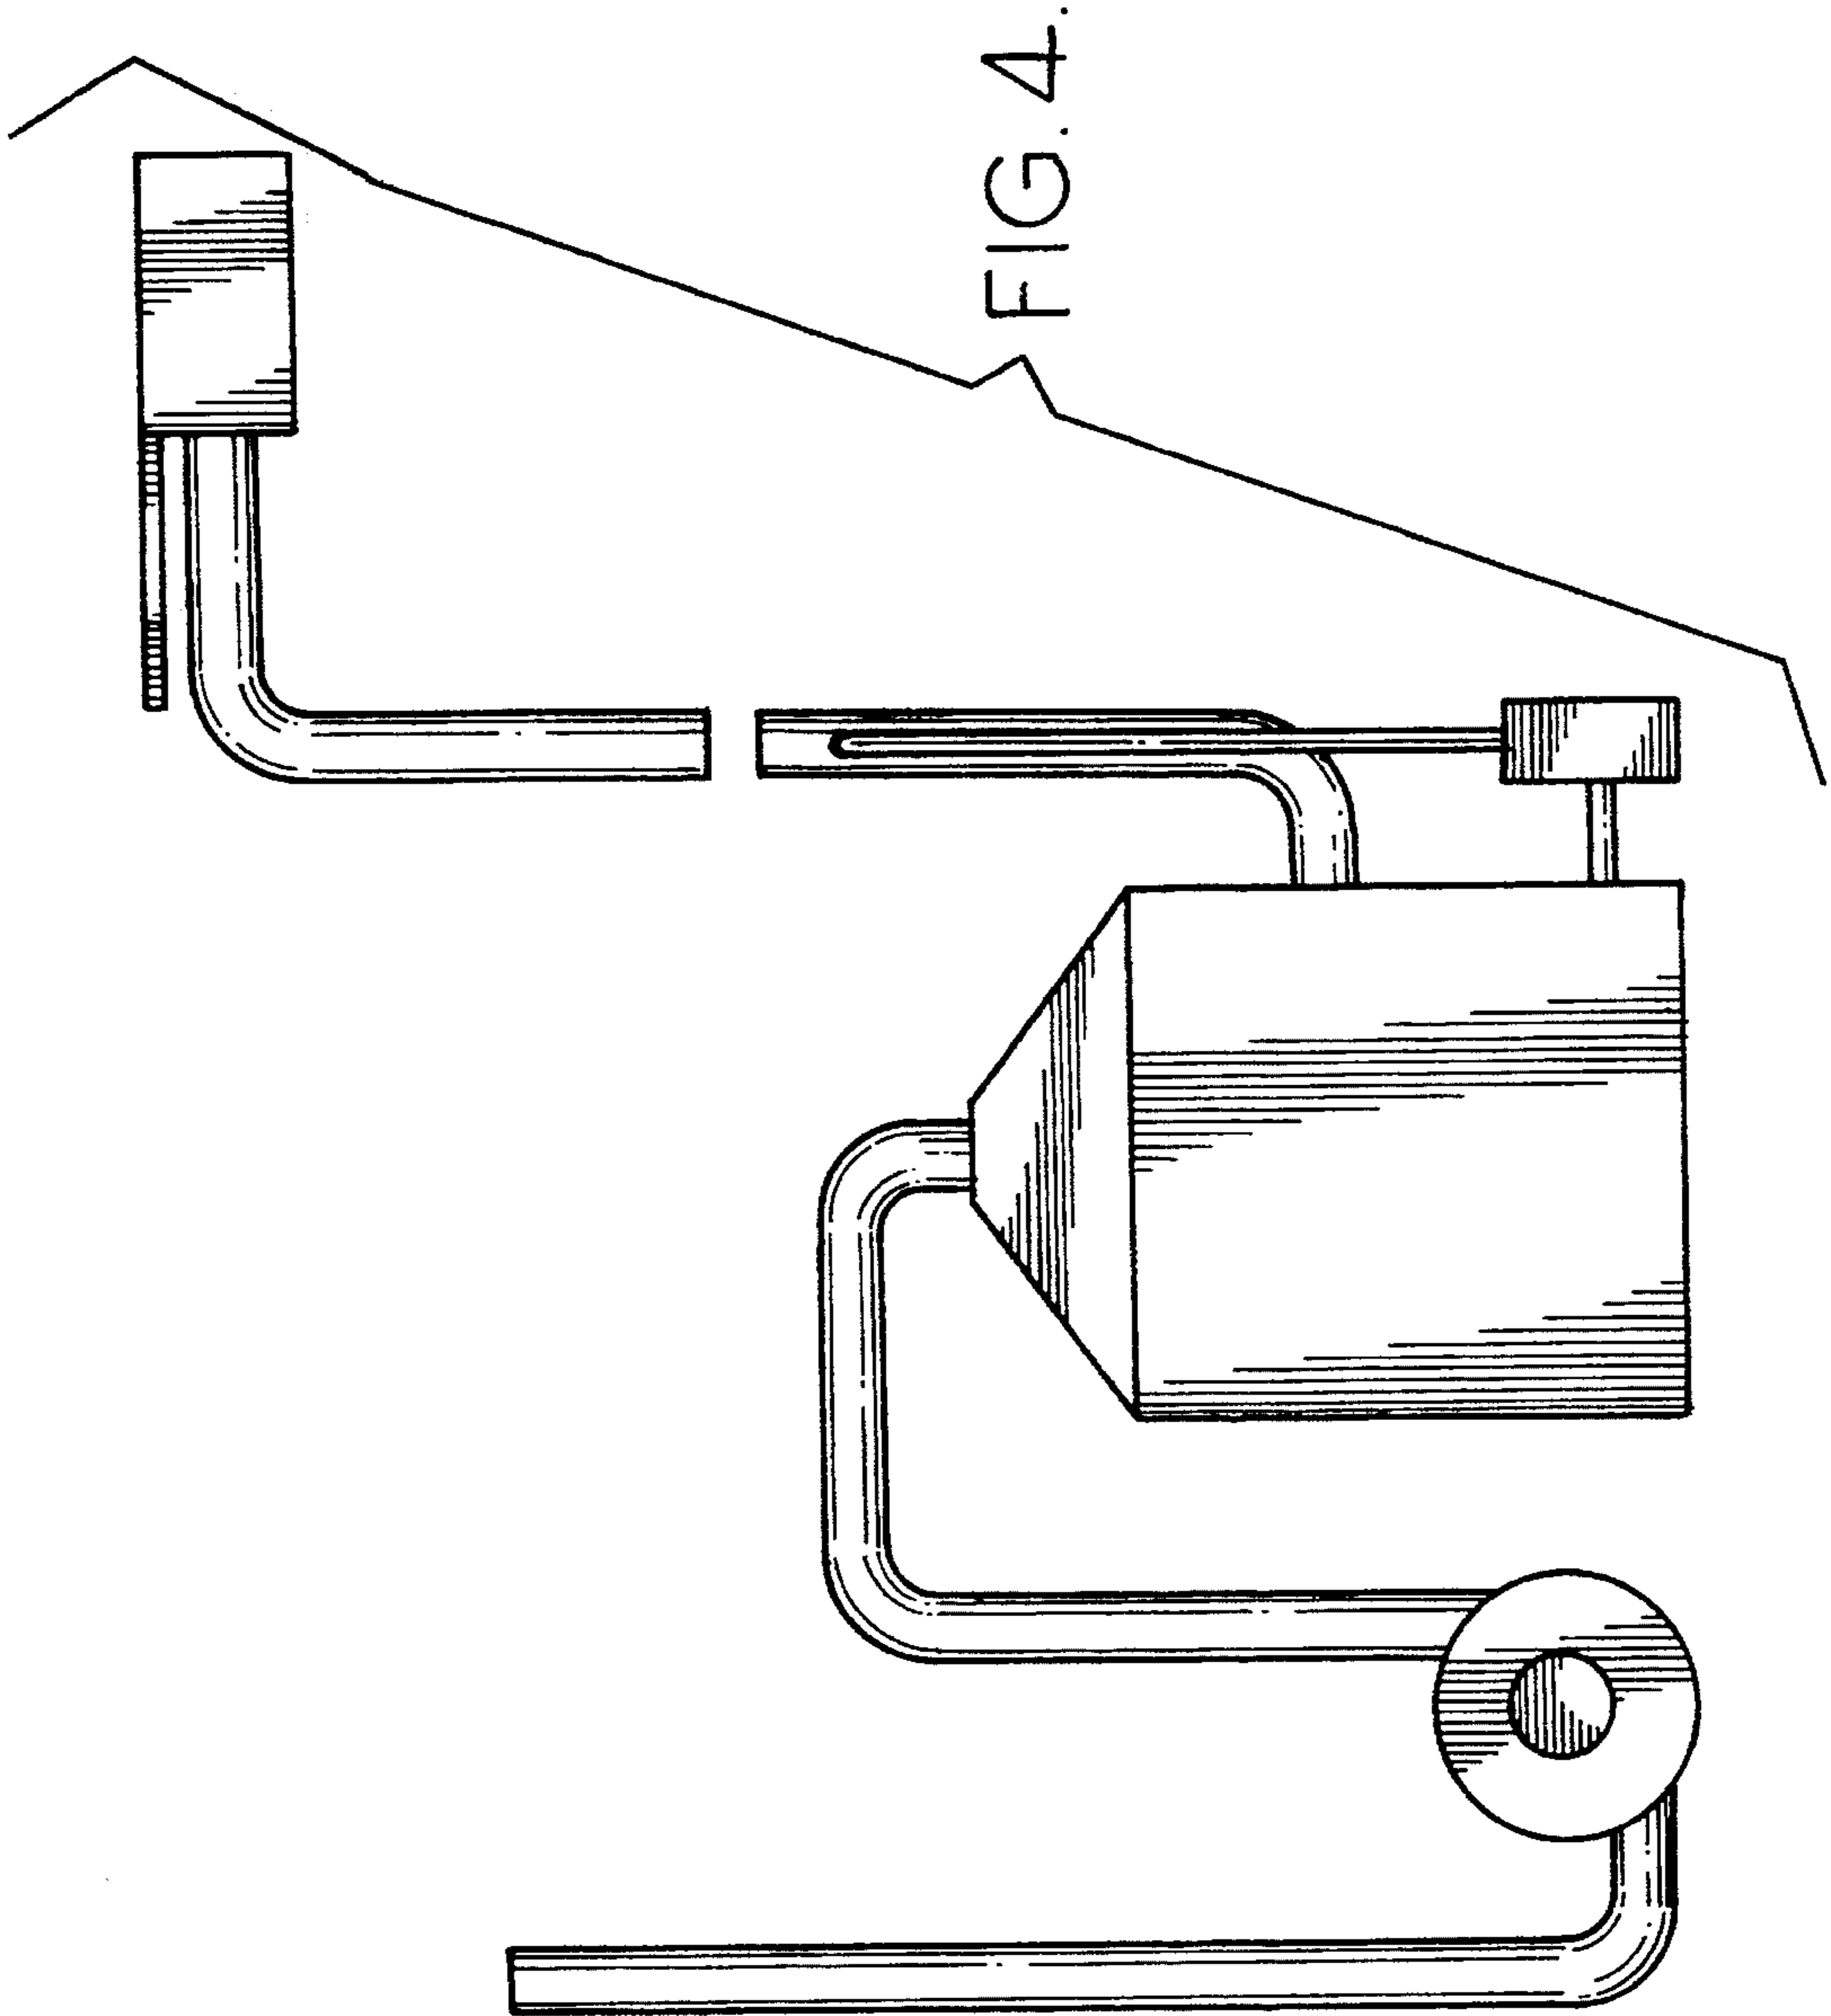

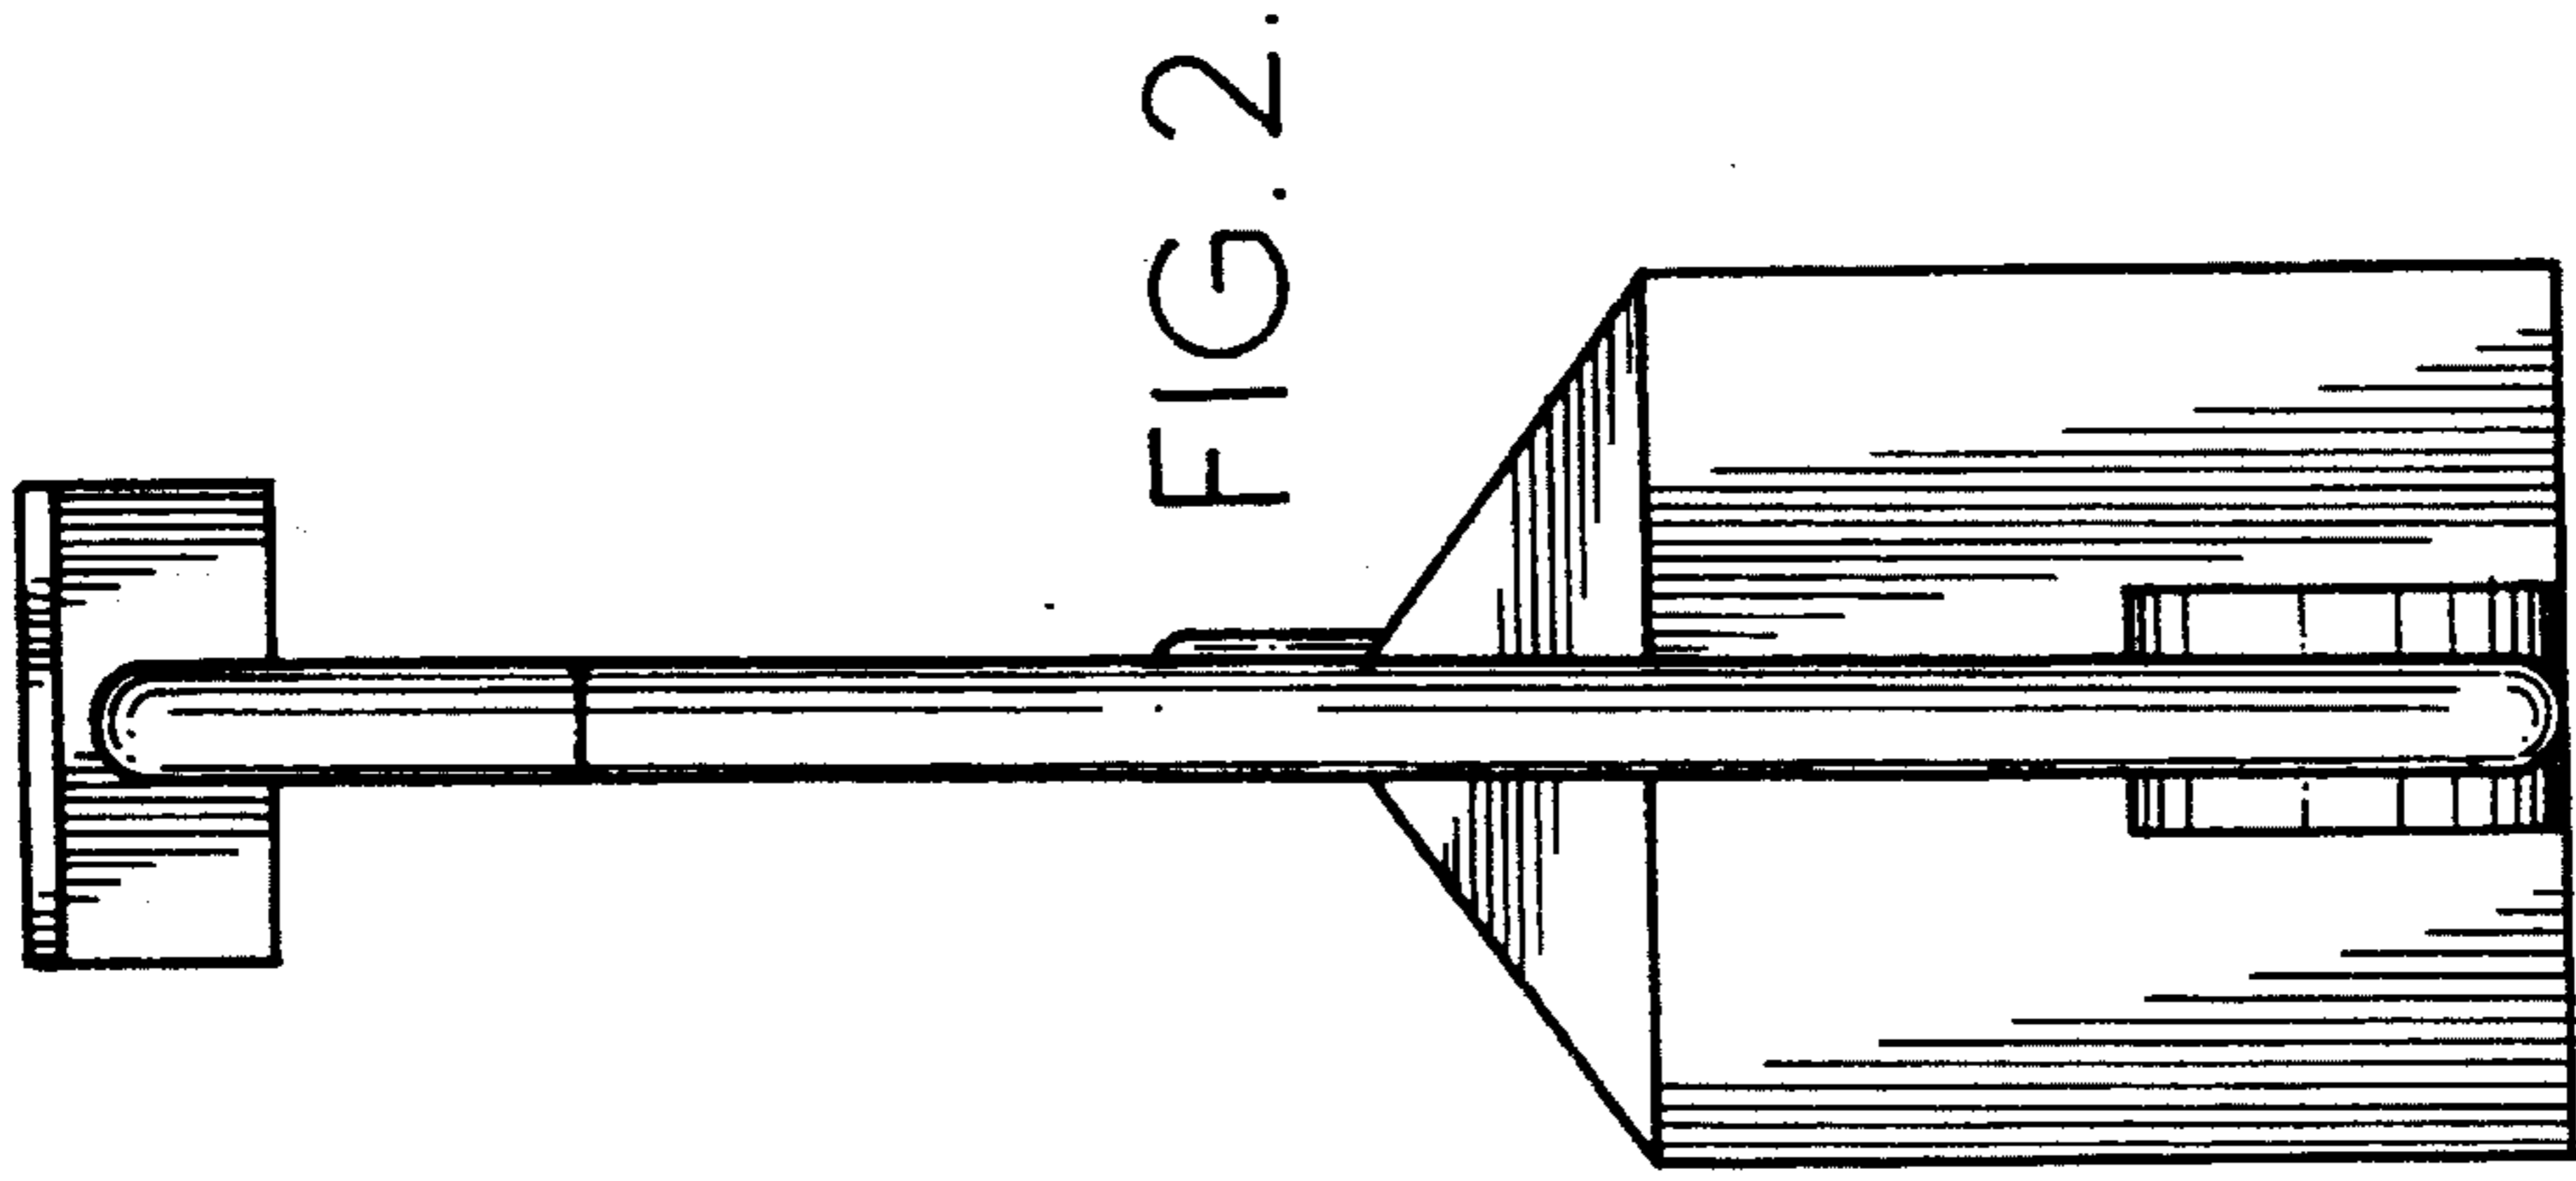

FIG. 5 is a top plan view thereof; and,

FIG. 6 is a bottom plan view thereof.

1 Claim, 4 Drawing Sheets

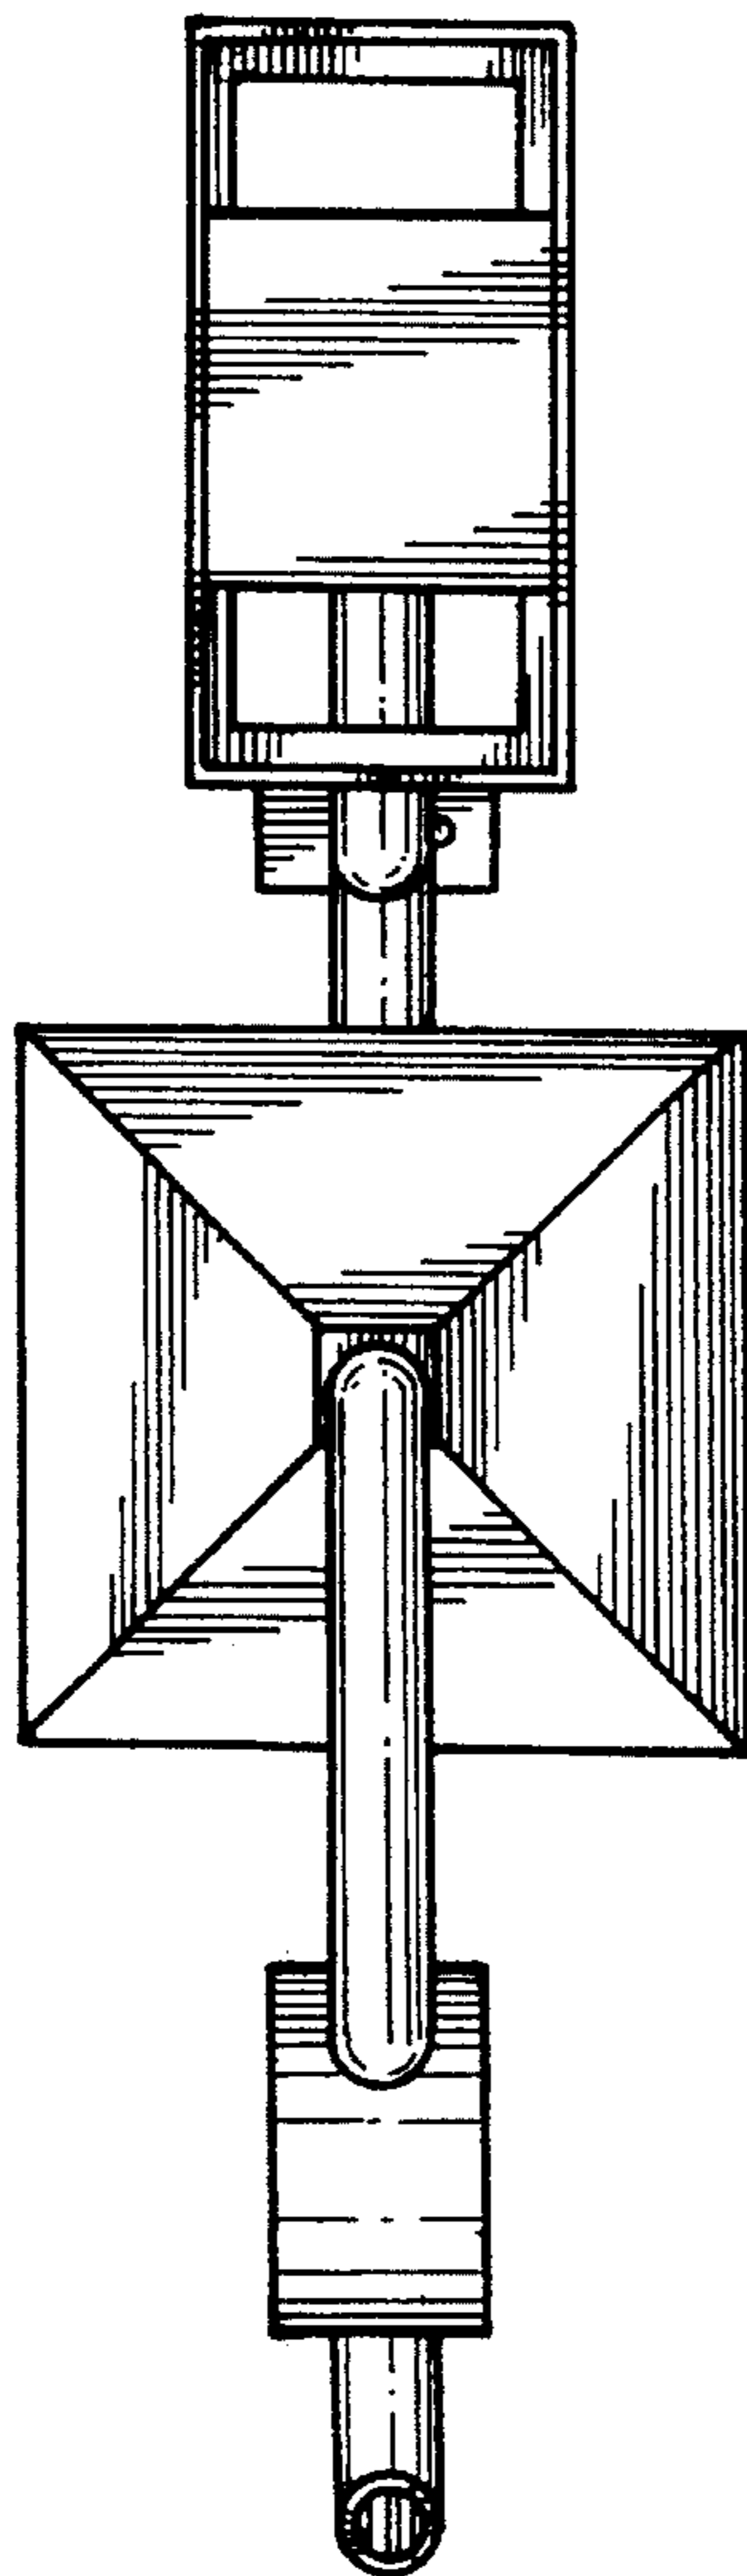

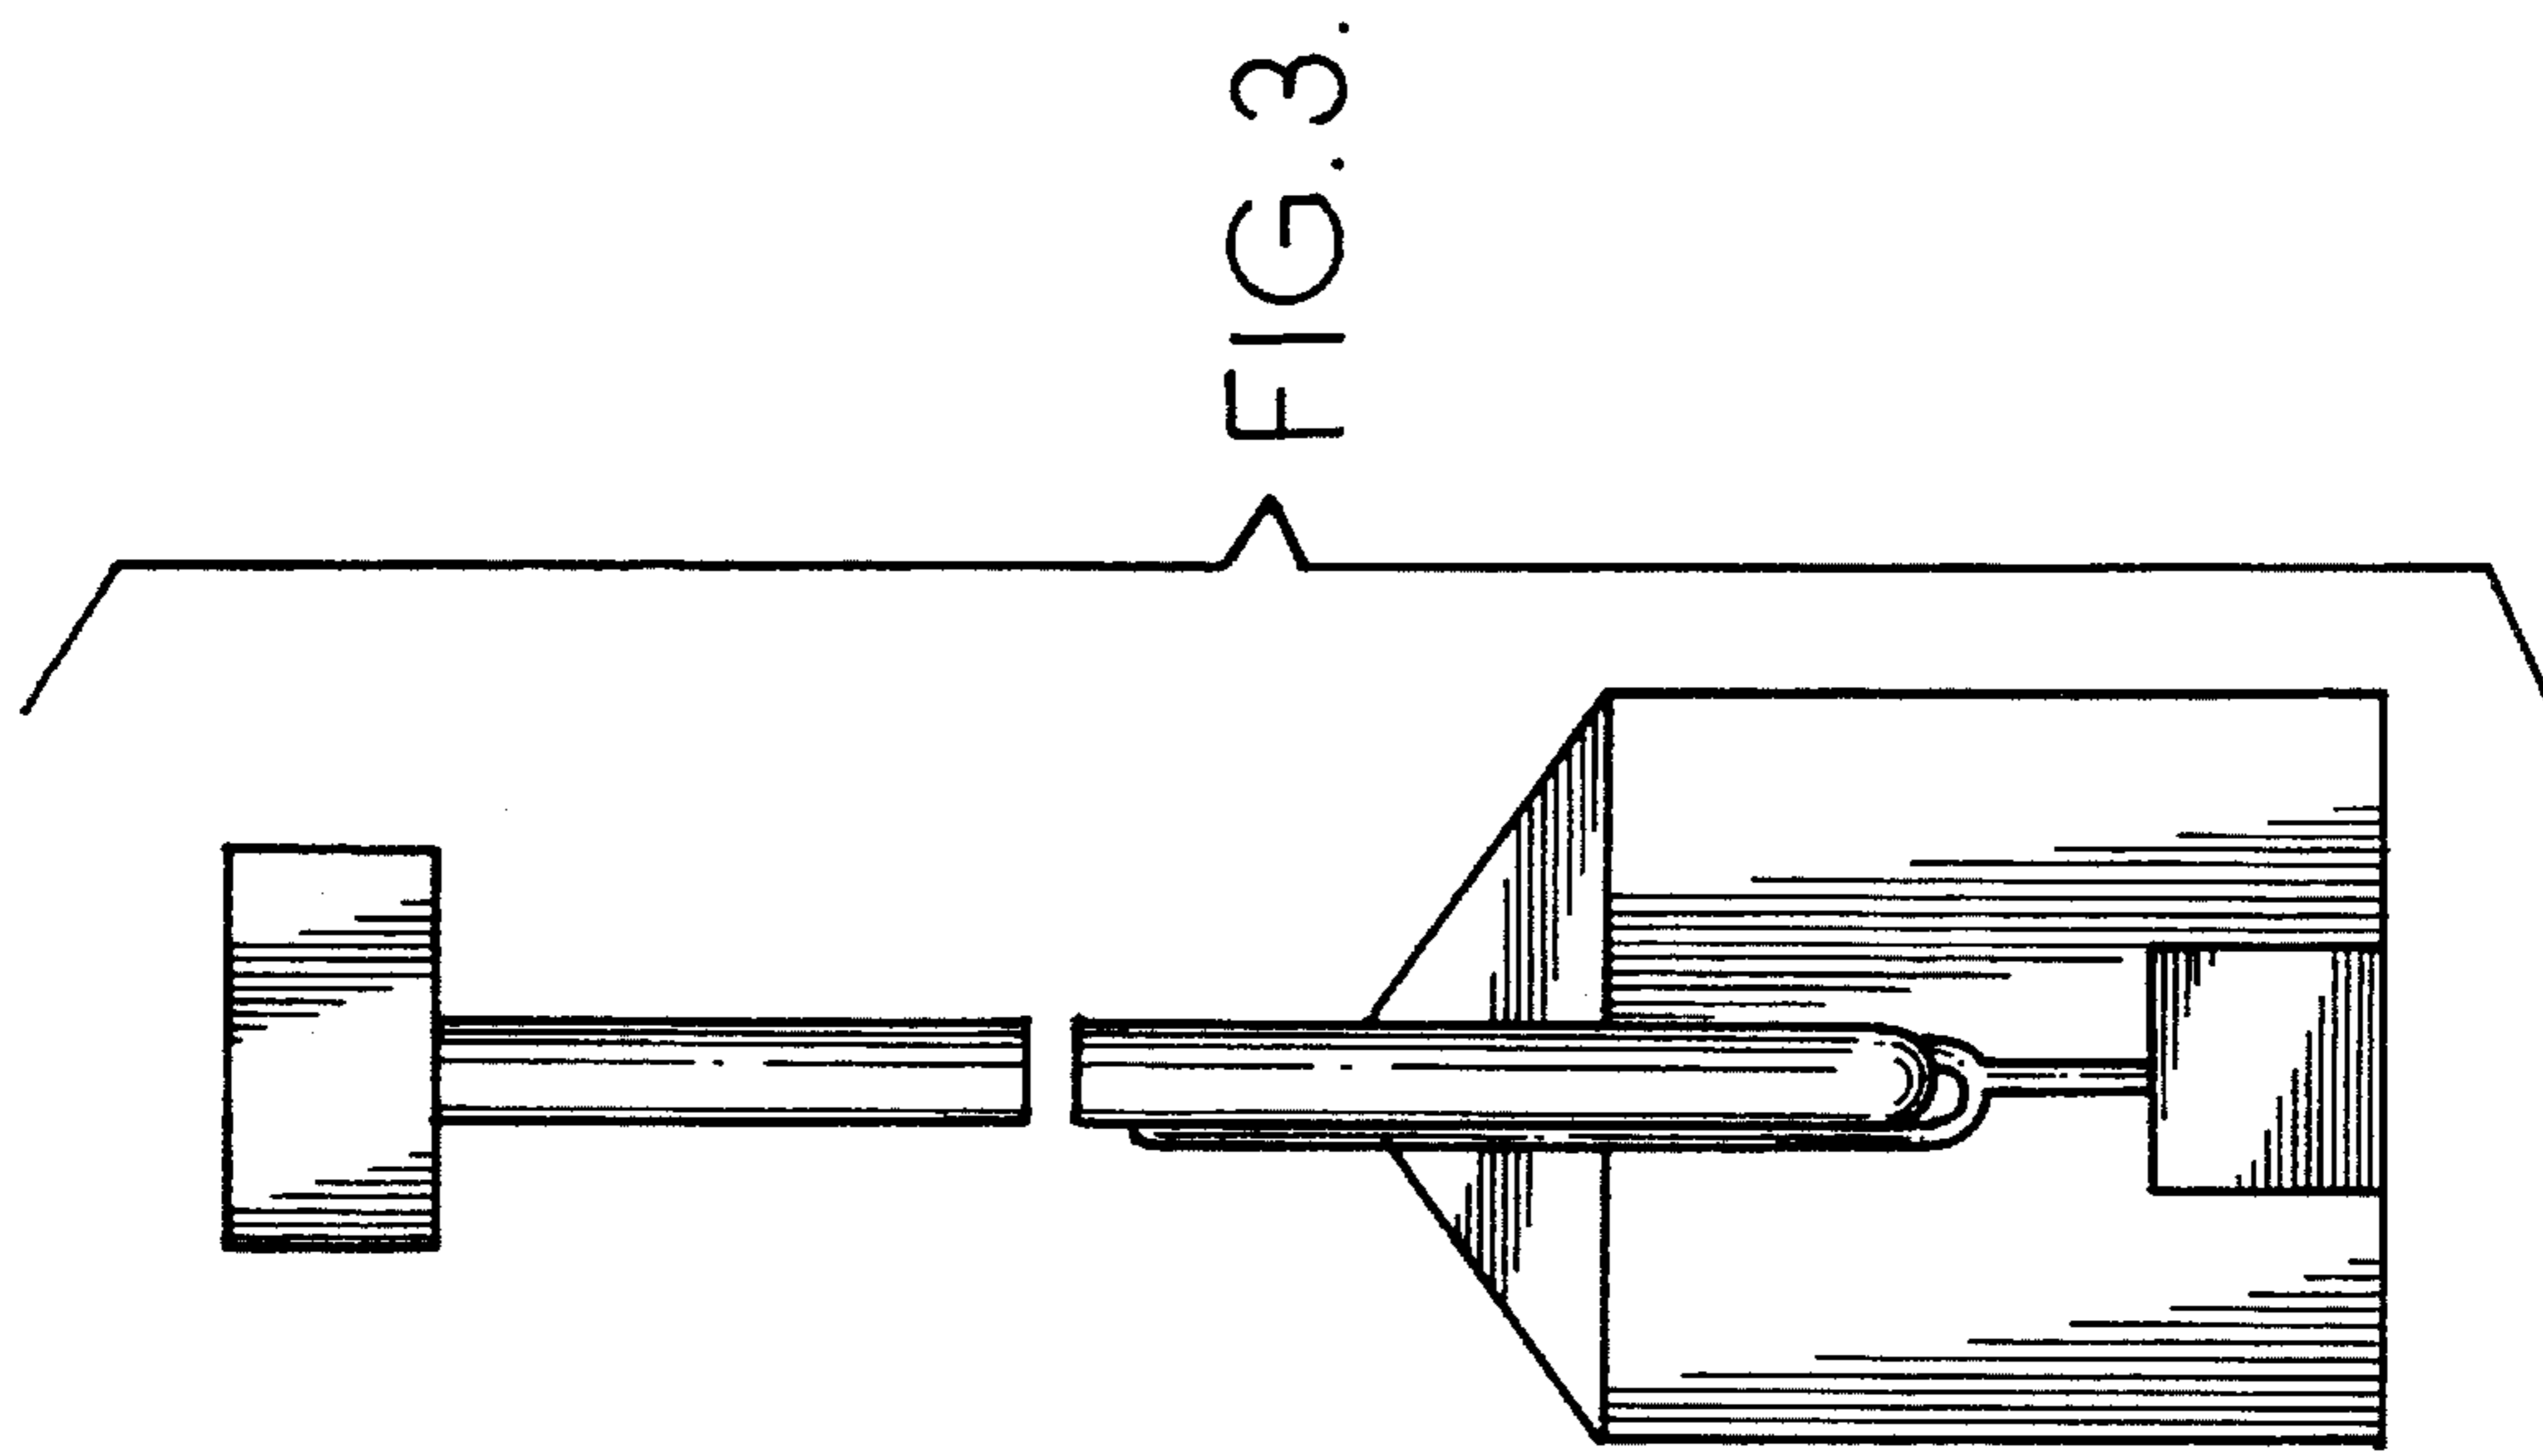

FIG. 6.
