[57] **CLAIM**

The ornamental design for face segment of lens panel with distressed surface pattern, as shown and described.

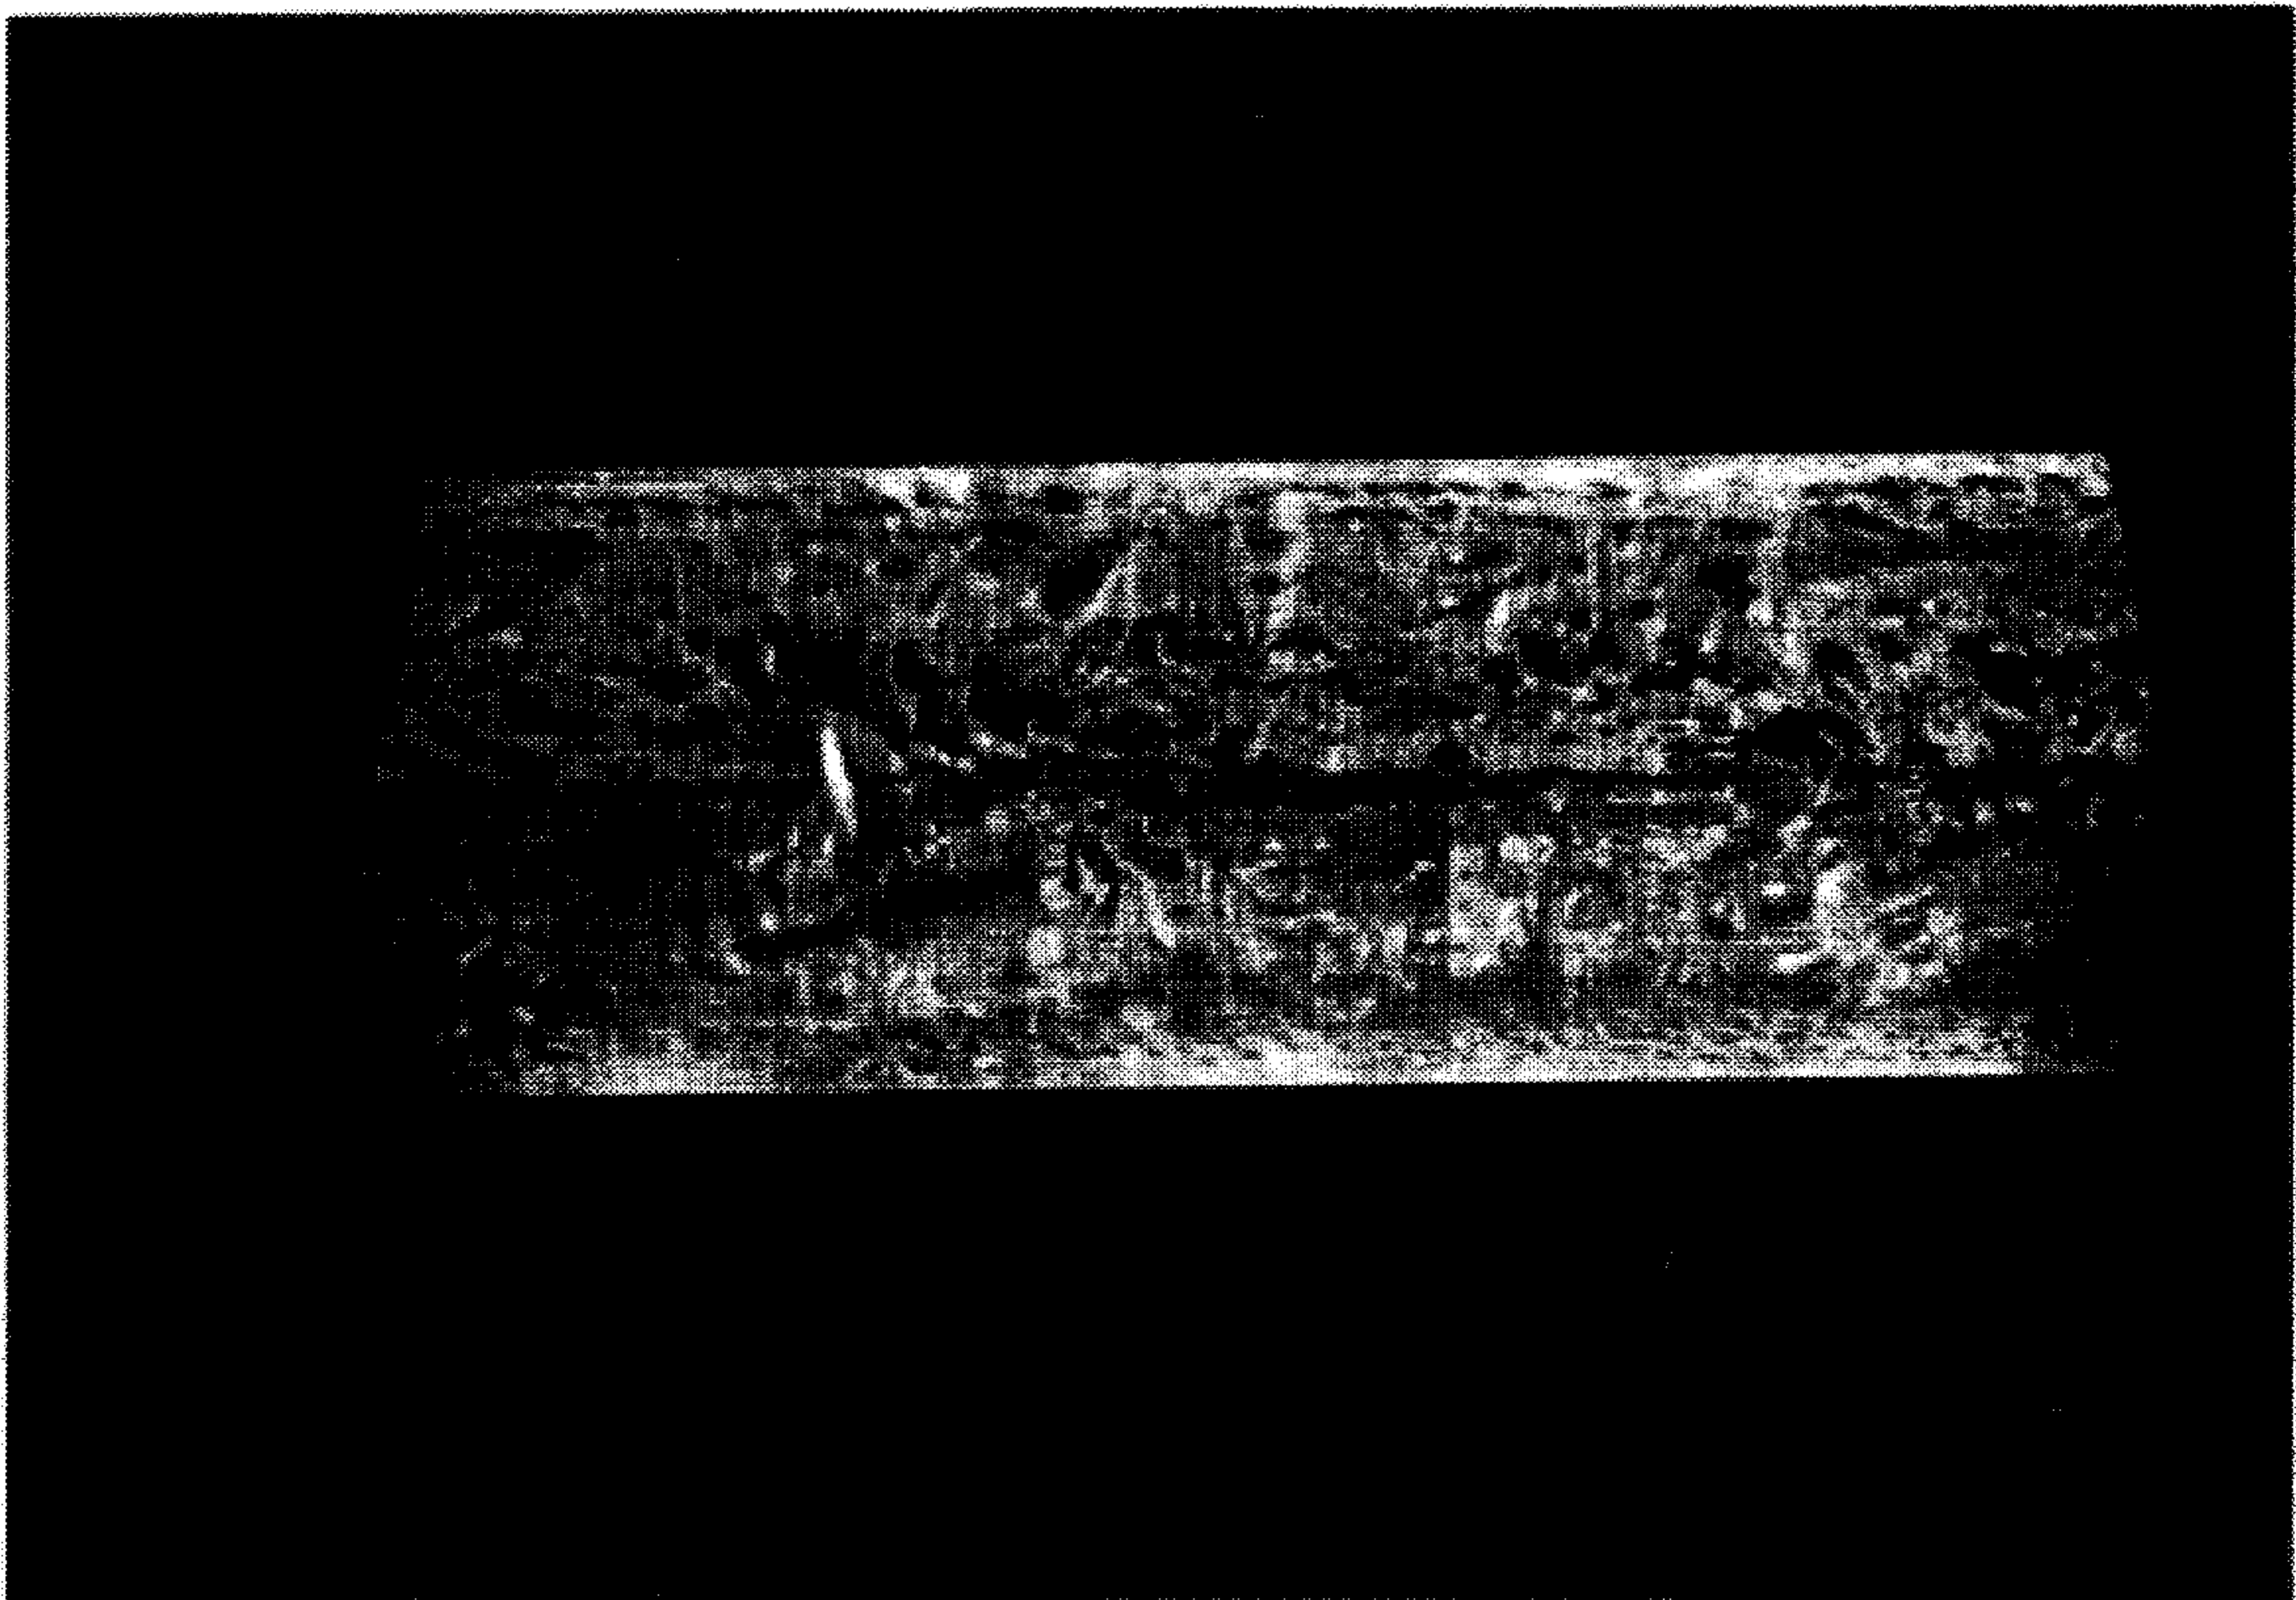

DESCRIPTION

FIG. 1 is a front view of a face segment of lens panel with distressed surface pattern lens panel for a lighting fixture showing my new design; and,

FIG. 2 is a front view of the same design shown in FIG. 1 except under different photographic conditions.

The ends of the segments shown in FIGS. 1 and 2 are covered by a cloth (which forms no part of the claimed design). The segments of FIGS. 1 and 2 are thus intended to connote indefinite segment lengths and ends.
