[57] **CLAIM**

The ornamental design for a suspended lighting fixture, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of a suspended lighting fixture according to the present invention, the suspended lighting fixture being symmetrical in design;

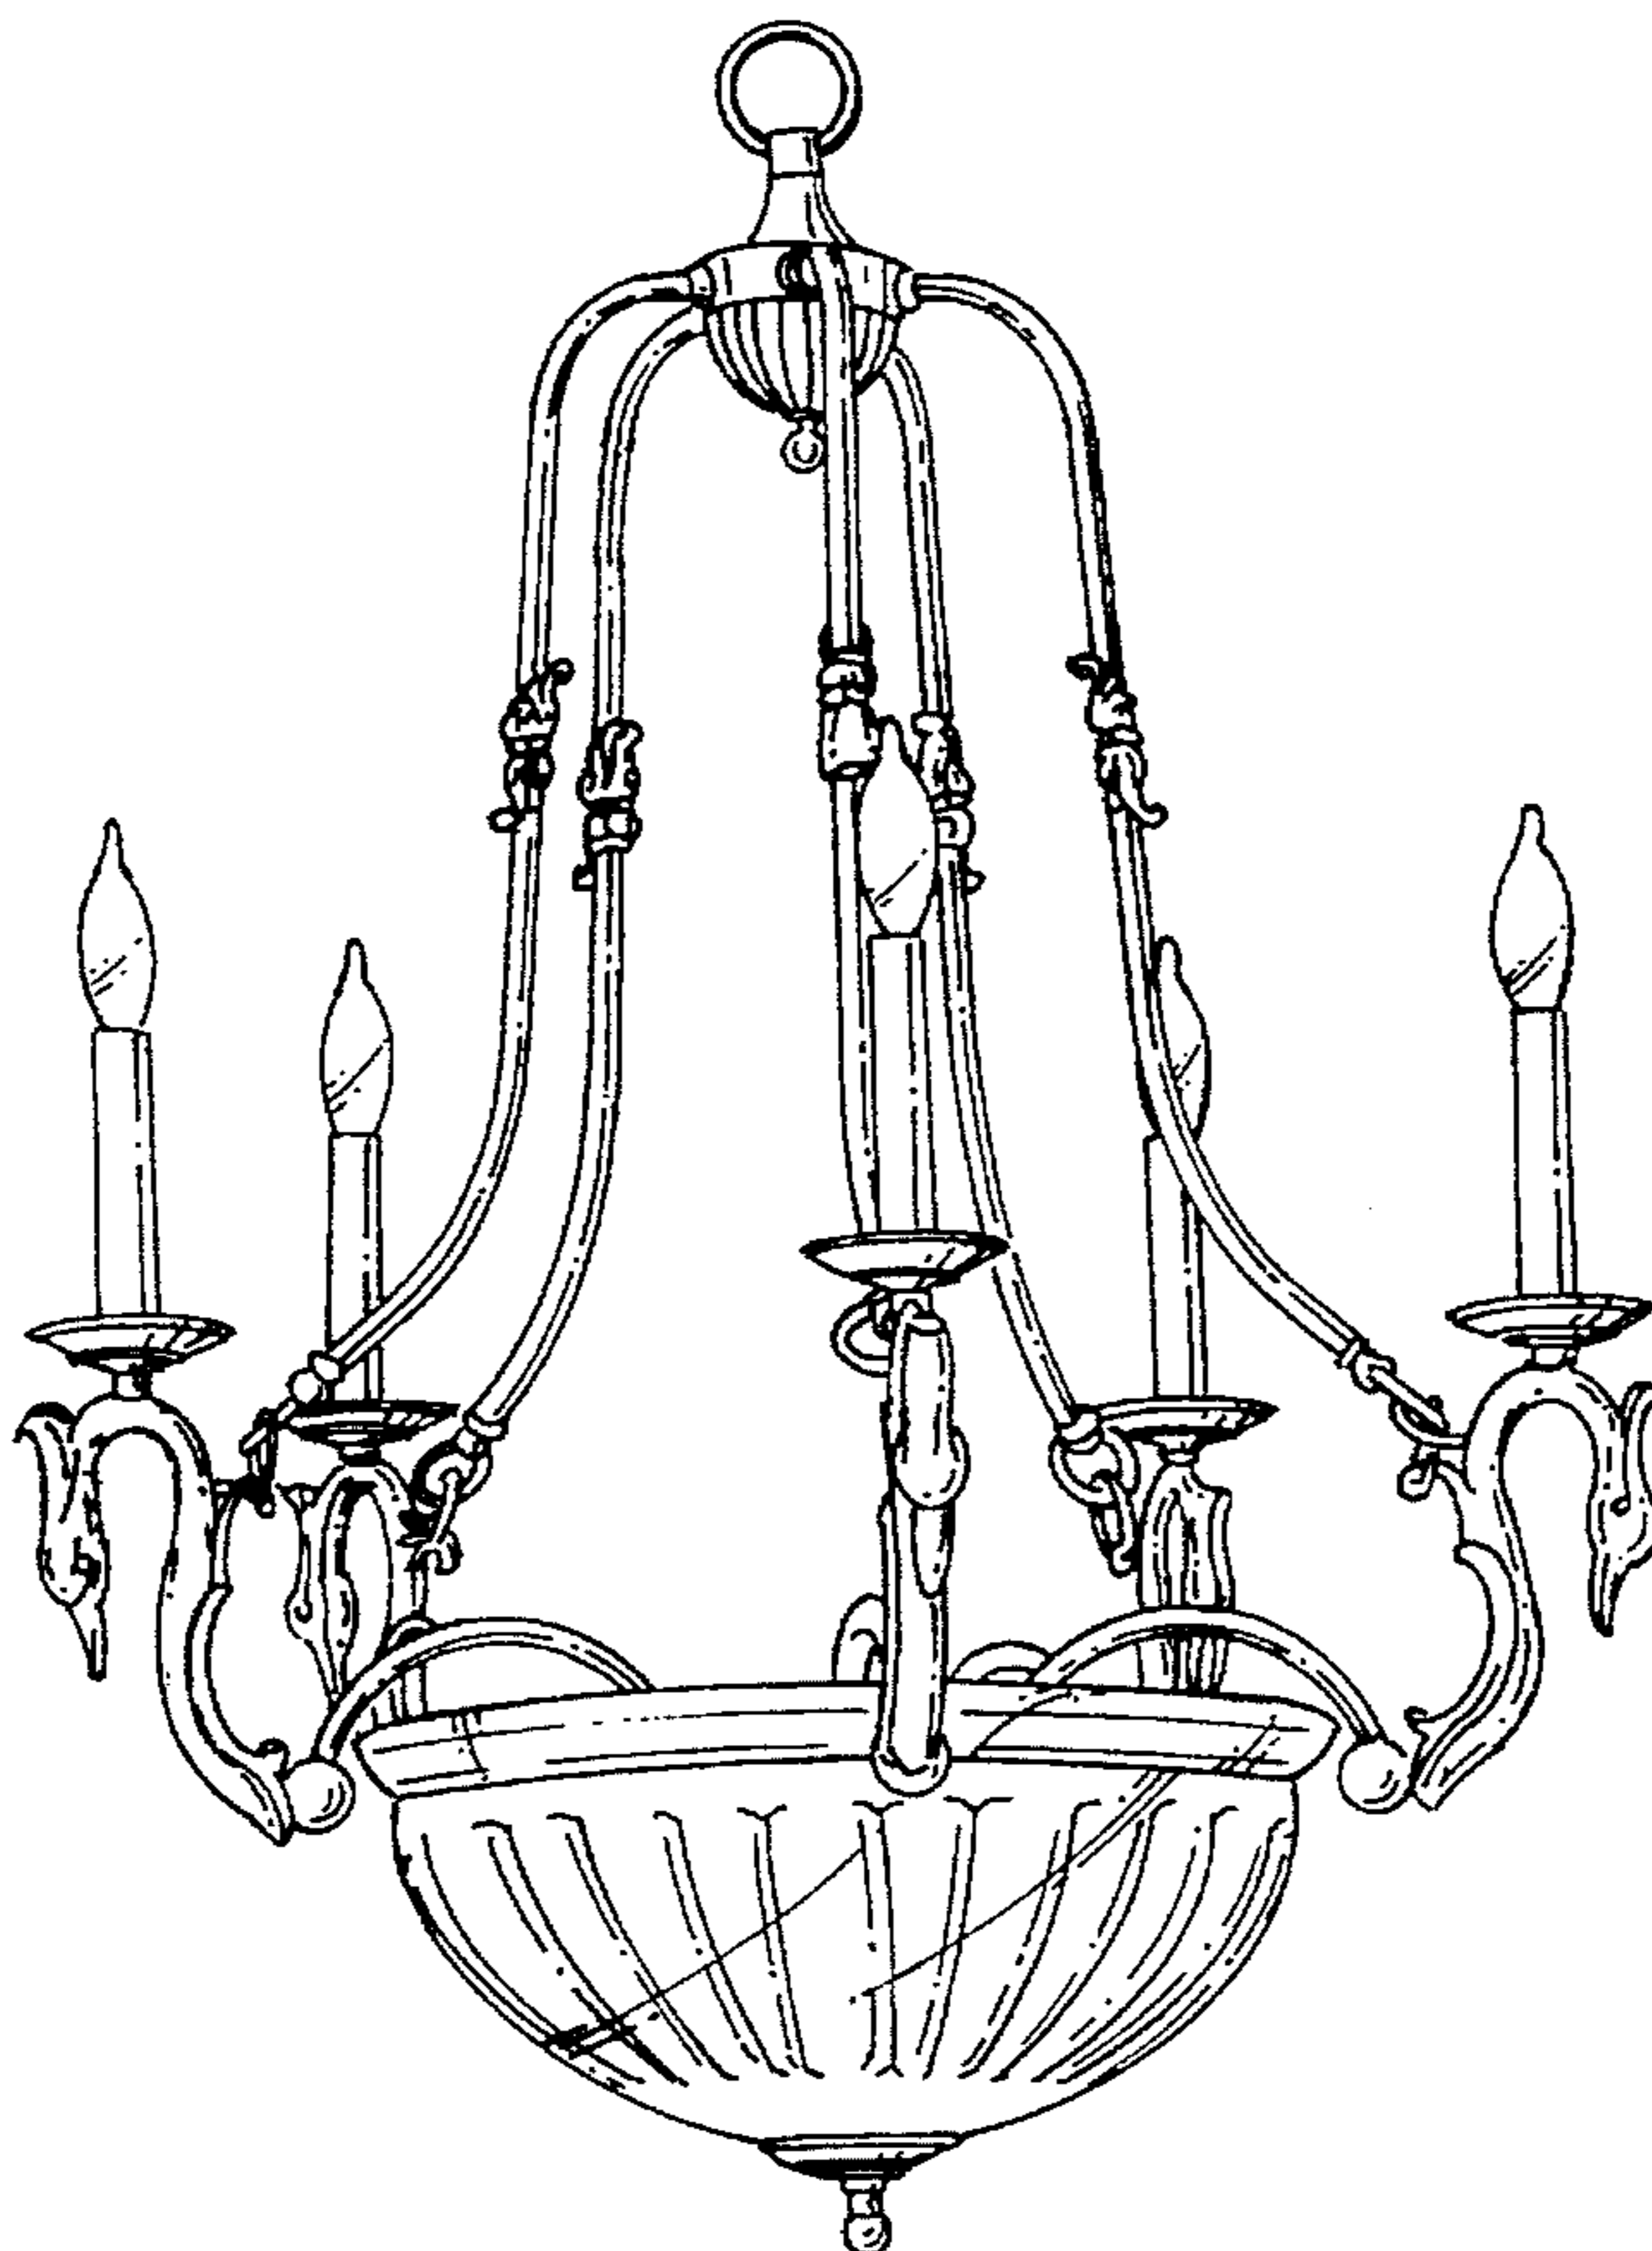

FIG. 2 is a top plan view of the suspended lighting fixture of FIG. 1;

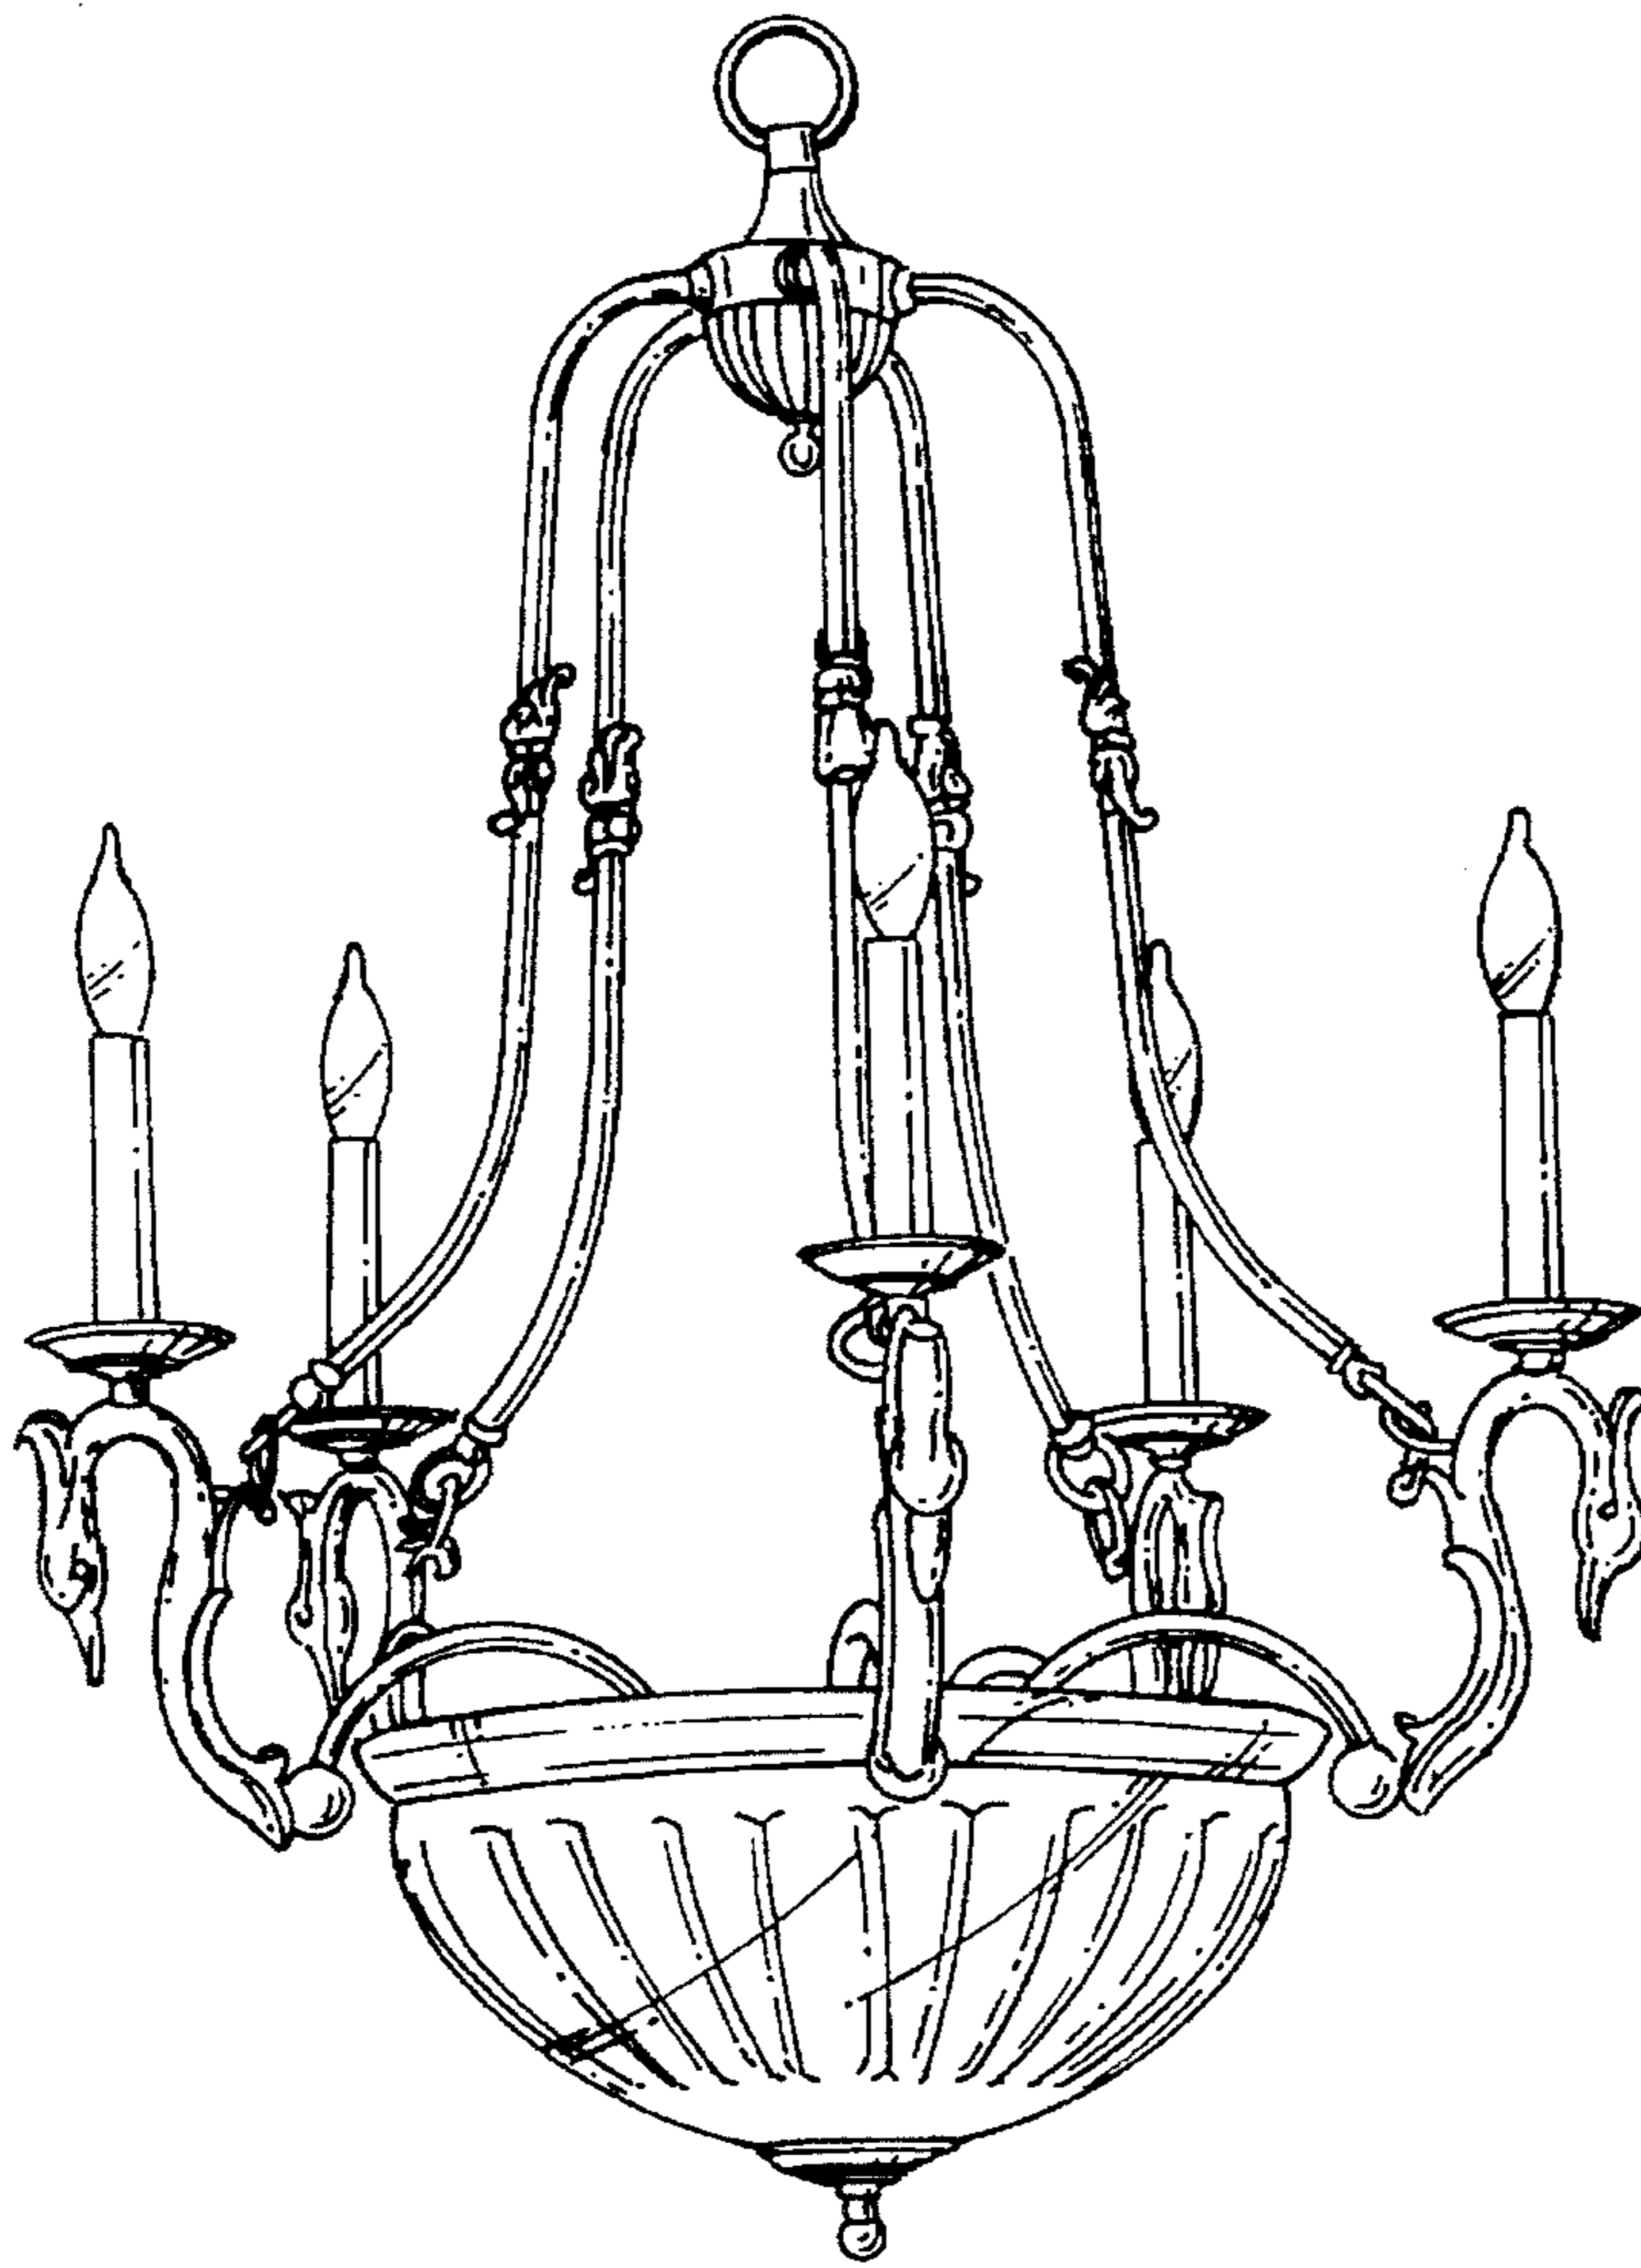

FIG. 3 is a bottom plan view of the suspended lighting fixture of FIG. 1;

FIG. 4 is an enlarged fragmentary front elevational view of one of the light bulbs and supports therefor, the fixture being fragmentarily shown for convenience of illustration; and,

FIG. 5 is an enlarged fragmentary front elevational view of one of the light bulbs and supports of a second embodiment of the suspended lighting fixture, the fixture being fragmentarily shown for convenience of illustration, it being understood that the second embodiment differs from the first embodiment only by the shape of the lamp cups and by the additional glass diffuser around the light bulbs.
