[57] CLAIM

The ornamental design for a display stand, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a display stand showing an embodiment of my new design;

FIG. 2 is a bottom plan view thereof;

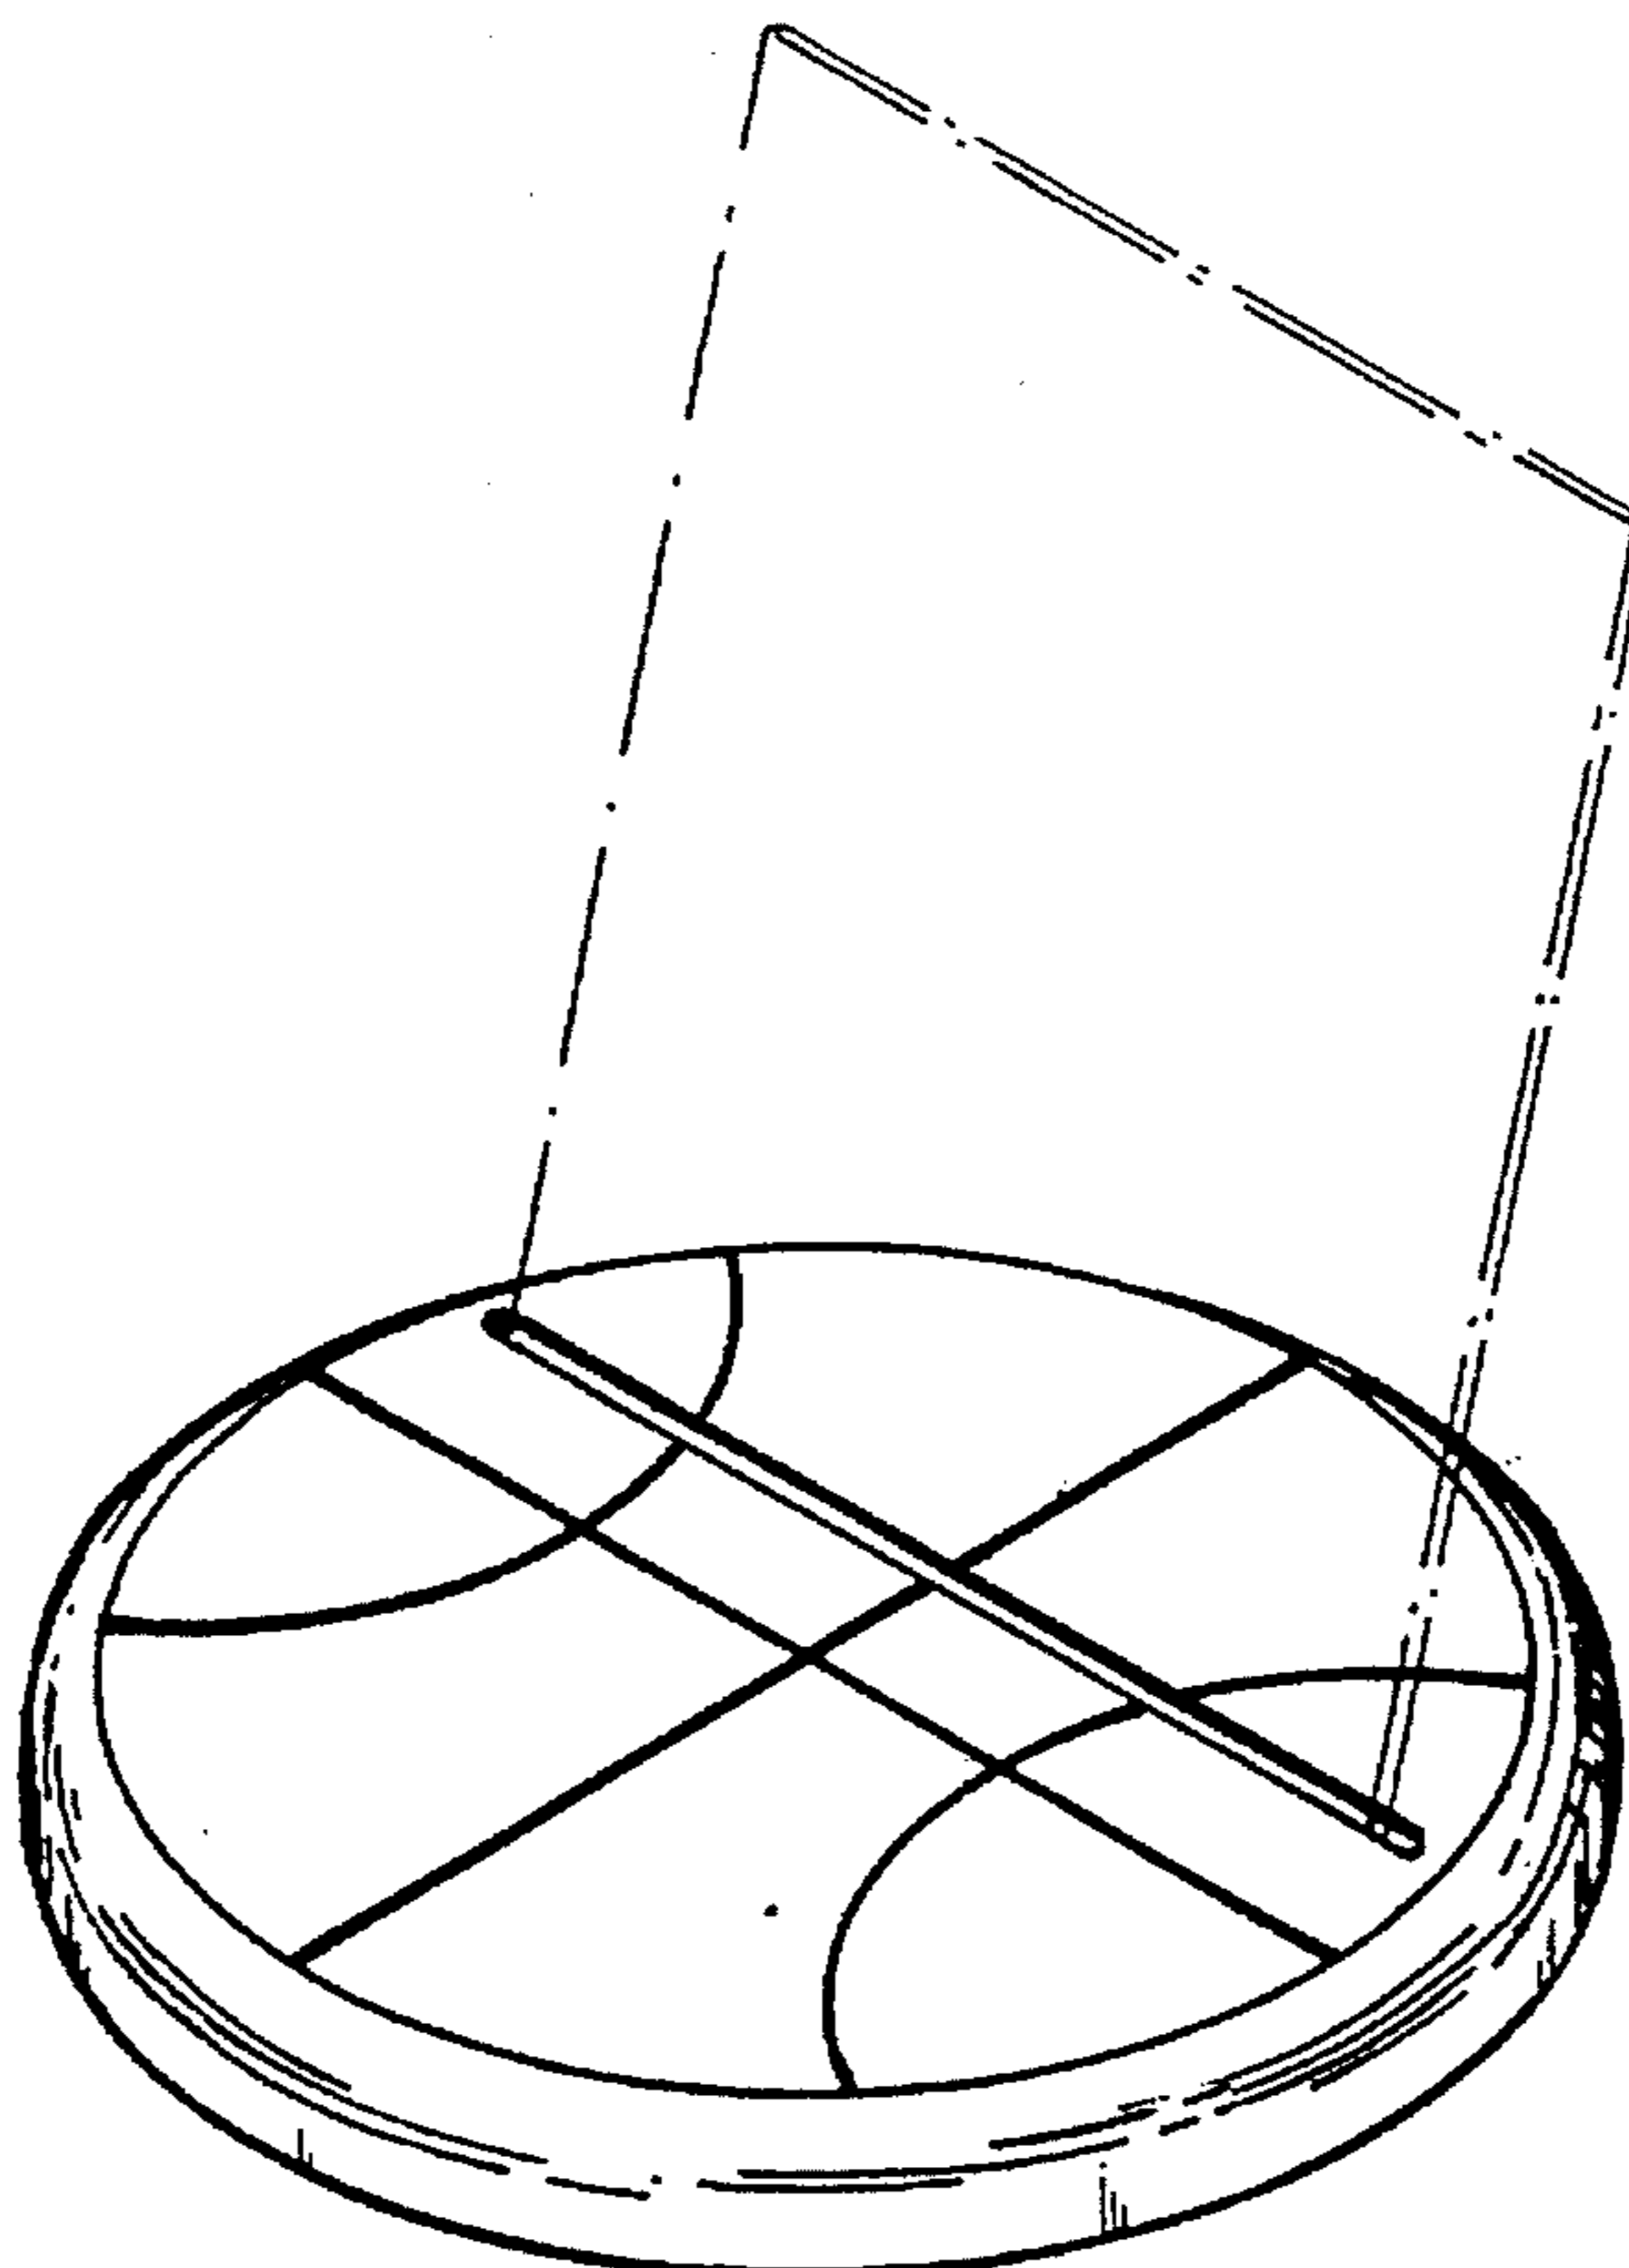

FIG. 3 is a front elevational view thereof, being a mirror image of the rear elevational view and the side elevational views not shown;

FIG. 4 is a perspective view thereof, the broken lines showing a thin rectangular object held in the stand for display is for illustrative purposes only and forms no part of the claimed design;

FIG. 5 is a top plan view of a display stand showing another embodiment of my new design, the bottom plan view of this embodiment being identical with the view of FIG. 2, and the front elevational view, rear elevational view, and side elevational views of this embodiment being identical with the view of FIG. 3; and,

FIG. 6 is a top plan view of a display stand showing another embodiment of my new design, the bottom plan view of this embodiment being identical with the view of FIG. 2, and the front elevational view, rear elevational view and side elevational views of this embodiment being identical with the view of FIG. 3.
