[57] CLAIM

The ornamental design for an enlarged shoulder attachment for garment hanger, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an enlarged shoulder attachment for garment hanger, showing my new design; FIG. 2 is a front elevation, the rear elevation being a mirror image; FIG. 3 is a top plan; FIG. 4 is a bottom plan; FIG. 5 is an elevation of one end, the opposite end being a mirror image; FIG. 6 is a longitudinal median section taken on the line 6—6 in FIG. 3; and, FIG. 7 is a perspective of the article in inverted position and with the "Velcro" strips separated preparatory to inserting the garment hanger hook and enclosing the end portions of the garment hanger arms by joining the "Velcro" strips. The garment hanger shown in broken line in FIGS. 1 and 2 is included merely to illustrate the environment and forms no part of the claimed design.
