[57] **CLAIM**

The ornamental design for bed headboard, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a bed headboard showing my new design. The bottom and rear of all of the elements are plain and unadorned. the left sides of the nightstand elements are as shown on the left nightstand, with the right sides being mirror images of the left side. The front outline of the right nightstand is identical to the front outline of the left nightstand;

FIG. 2 is a second front perspective view of the headboard with the nightstand elements removed. The rear of this portion of the headboard is plain and unadorned;

FIG. 3 is a side elevational view of the headboard with the nightstand elements removed, the opposite elevational view being a mirror image thereof;

FIG. 4 is a front elevational view of the top element of the headboard; and,

FIG. 5 is a top view of the top element of the headboard, the rear and bottom views being plain and unadorned.

The broken lines shown in each of the FIGS. 1, 2, and 3 represent environmental structures only and are not part of the claimed invention.
