[57] **CLAIM**

The ornamental design for a disk storage expansion unit for a data processing system, as shown and described.

DESCRIPTION

FIG. 1 is a top, front, right side isometric view of a disk storage expansion unit for a data processing system, showing our new design;
FIG. 2 is a front elevational view thereof;
FIG. 3 is a top plan view thereof;
FIG. 4 is a right side elevational view thereof, the left side being identical; and,
FIG. 5 is a rear elevational view thereof.

The bottom of the disk storage expansion unit for a data processing system is unornamented. The data processing system is shown in dotted lines for illustrative purposes in the figures.
