FIG. 1 is a front view of the combined electrostatic field generator and particulate collector of this invention;
FIG. 2 is a side view (both sides being substantially the same in appearance) of the combined electrostatic field generator and particulate collector of FIG. 1;
FIG. 3 is a rear view of the combined electrostatic field generator and particulate collector of FIG. 1;
FIG. 4 is a top view of the combined electrostatic field generator and particulate collector of FIG. 1; and;
FIG. 5 is a bottom view of the combined electrostatic field generator and particulate collector of FIG. 1.
