[57] CLAIM

The ornamental design for a mobile communicator computer, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a design for a mobile

communicator computer in accordance with a first embodiment;

FIG. 2 is a top plan view thereof;

FIG. 3 is a bottom plan view thereof;

FIG. 4 is a right side elevational view thereof;

FIG. 5 is a left side elevational view thereof;

FIG. 6 is a front elevational view thereof;

FIG. 7 is a rear elevational view thereof;

FIG. 8 is a top plan view of a second embodiment of a design for a mobile communicator computer, the remaining views corresponding to that of the first embodiment wherein the keys shown in broken lines being depicted partially for ease of illustration but understood to continue across the indicated surface and do not form any part of the claimed design;

FIGS. 9-10 are respective bottom plan and rear elevational views of a third embodiment of a design for a mobile communicator computer, the remaining views corresponding to that of the first embodiment;

FIGS. 11-12 are respective bottom plan and rear elevational views of a fourth embodiment of a design for a mobile communicator computer, the remaining views corresponding to that of the first embodiment; and,

FIG. 13 is a top plan view of a fifth embodiment of a design for a mobile communicator computer, the remaining views corresponding to that of the first embodiment.
