[57] CLAIM

The ornamental design for a tire tread, as shown and
described.

DESCRIPTION

FIG. 1 is a perspective view of a tire tread;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a side elevational view thereof; and,

FIG. 4 is an enlarged fragmentary front view thereof.

The tread pattern is understood to be repeated uniformly
throughout the circumference of the tire tread.

In the drawings, the broken line showing of the tire sidewall
and the solid line defining the peripheral boundary between
the tire tread and the sidewall are for illustrative purposes
only and form no part of the claimed design.
