[57] **CLAIM**

The ornamental design for a cycle sprocket, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a first embodiment of the cycle sprocket of my new design, the bottom plan view being the same as the top plan view;
FIG. 2 is a front elevational view thereof, the rear elevational view and the right and left side elevational views being the same as the front elevational view;
FIG. 3 is a top plan view of a second embodiment of the cycle sprocket, the bottom plan view being the same as the top plan view; and the front elevational view thereof, the rear elevational view and the right and left side elevational views being the same as FIG. 2;
FIG. 4 is a perspective view of the first embodiment shown in FIG. 1; and,
FIG. 5 is a perspective view of a second embodiment of FIG. 3.
