[57] **CLAIM**

The ornamental design for a mountain bicycle brake lever, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a mountain bicycle brake lever of the right side brake lever showing my new

design with the lever in the up position;
FIG. 2 is a front elevational view thereof with the lever in the down position;
FIG. 3 is a left side elevational view thereof, taken with the lever in the up position;
FIG. 4 is a right side elevational view thereof, taken with the lever in the up position;
FIG. 5 is a rear elevational view thereof with the lever in the up position;
FIG. 6 is a rear elevational view thereof, with the lever in the down position;
FIG. 7 is a top plan view of the right side brake lever of this design;
FIG. 8 is a bottom plan view thereof;
FIG. 9 is a front elevational view of a mountain bicycle brake lever showing a second embodiment of my new design of the left side brake lever with the lever in the up position;
FIG. 10 is a rear elevational view of FIG. 9 with the lever in the up position;
FIG. 11 is a right side elevational view of FIG. 9;
FIG. 12 is a left side elevational view of FIG. 9;
FIG. 13 is a top plan view of FIG. 9;
FIG. 14 is a bottom plan view of FIG. 9;
FIG. 15 is a front elevational view of the right side brake lever with the protective covering portion removed; and,
FIG. 16 is a rear elevational view of the right side brake lever with the protective covering portion removed.
The broken lines shown in the FIG. 1 and 2 drawing views are for illustrative purposes only and form no part of the claimed design.
