## [57] CLAIM

The ornamental design for a boot for an electrical plug and receptacle, as shown and described.

## DESCRIPTION

FIG. 1 is an upper right perspective view of the coupled

receptacle boot portion and plug boot portion showing my new design;

FIG. 2 is a left end elevational view of the coupled boots of FIG. 1;

FIG. 3 is a right end elevational view of the coupled boots of FIG. 1;

FIG. 4 is a side elevational view of the coupled boots of FIG. 1;

FIG. 5 is an upper right perspective view of the receptacle portion of the boot, the plug portion being omitted for clarity of illustration;

FIG. 6 is a left end elevational view showing the interior of the receptacle portion of the boot only, as shown in FIG. 5 with the plug portion of the boot omitted;

FIG. 7 is a side elevational view of the receptacle portion of the boot with the plug portion of the boot omitted as in FIG. 5;

FIG. 8 is a right end elevational view of the receptacle portion of the boot with the receptacle of the boot omitted;

FIG. 9 is an upper left perspective view of the plug portion of the boot, the receptacle portion being omitted for clarity of illustration;

FIG. 10 is a right end elevational view showing the portion of the plug portion of the boot only as shown in FIG. 9;

FIG. 11 is a left end elevational view of the plug portion of the boot; and,

FIG. 12 is a side elevational view of the plug portion of the boot with the receptacle portion of the boot omitted.

The broken line showing in the drawing figures is included for the purpose of illustrating environmental structure only and forms no part of the claimed design.
